Theme of the Special Session

Security has always been an indispensable means of secure communication even in today's technologically progressed era. It is demanded to assure confidentiality, integrity, authenticity and availability of user's secret information. A modern day security system should be able to mitigate the security and other types of possible threats. The main aim of this special session is to bring together the researchers, academicians, scientists, and students applying multidisciplinary concepts for the design of effective and advanced solutions to cope with the recent challenges in the areas of information security.

Topics of Interest: We invite original (un-published) research contributions based on the above mentioned theme including following topics but not limited to:

- Web Data Analysis
- Big Data Management
- Data Mining and Warehousing
- Wireless Sensor Network
- Artificial and Expert Intelligence
- Cloud and Mobile Computing
- Security Solution in Cloud Computing
- Software Engineering
- Security and Privacy
- Distributed Transaction Processing
- Machine Learning
- Soft Computing
- Smart Grid
- Cryptography and Analysis

Important Dates

Receiving full paper	August 20, 2017
Email notification of paper acceptance	September 15, 2017
Last date for receiving camera-ready paper	September 25, 2017
Last date of registration (Early Bird)	October 15, 2017
Last date of registration (With Late Fee)	November 10, 2017

Program Committee

- Dr. Souvik Pal, Elite College of Engineering
- Dr. D.G. Harkut, Prof. R.M. College of Engineering, Amravati
- Manju Khari, AIACR
- Aruna Devi, Chartered Engineer,
- Prof. Surbhi Softwares, Maysuru
- Dr. Ratish Agrawal, UIT, Bhopal

Extended papers from this special session will be coming in special issue titled *Privacy and Security Issues in Big Data Search and Mining of "International Journal of Grid and High Performance Computing (IJGHPC)"*

IJGHPC Journal Special Issue Abstract/ Indexing:

ACM Digital Library, Bacon's Media Directory, Cabell's Directories, Compendex (Elsevier Engineering Index), DBLP, GetCited, Google Scholar, INSPEC, JournalTOCs, MediaFinder, SCOPUS, The Standard Periodical Directory, Ulrich's Periodicals Directory, Web of Science Emerging Sources Citation Index (ESCI).
