March 22 – 24, 2011

Organized by
Amity Institute of Microbial Technology, Amity University Uttar Pradesh
Together with
Deutsche Forschungsgemeinschaft (DFG), Germany

Overview
Amity Institute of Microbial Technology (India) together with Deutsche Forschungsgemeinschaft (Germany) is organizing bilateral Indian - German Workshop in the frame of the program "Initiation and Intensification of Bilateral Cooperation" from March 22 – 24, 2011.

During the three days workshop the scientists from India and Germany shall discuss the three prime themes emerged as topics of current interest leading to long term joint Indian-German projects:
Topic I – Beneficial interactions between microbes and plants
Topic II – Energy from renewable natural resources
Topic III – Novel developments in applied microbiology-food

These topics and the participating scientists were selected after intensive high-level talks and profitable discussions between scientists of the two countries in the spring of 2010. The planned workshop has the goal to discuss and finally concretize selected themes for joint projects supported by DFG (Germany) and DST (India).
