

AMITY INSTITUTE OF AEROSPACE ENGINEERING

08th February 2017

Two days workshop from 20th -21st January 2017 on Aeromodelling at AIAE.

Two days workshop was organized at AIAE where following activities were performed:-

1. On first day students were given basic knowledge on aerodynamics, Electronic, Propulsion and aircraft Structure. Students were given guidance to fabricate aircraft models of various designs like F-T trainer, FT- Raptor, FT- Flyer etc.
2. The workshop continued on 2nd day and the subsequent activities include.
 - i) Models were completed in all respect including fitment of electronic parts. Servos etc.
 - ii) The models were test flown using RC in the HCL ground. It was good learning experience for students. Total of 33 students of AIAE participated in the workshop.
