

AMITY INSTITUTE OF AEROSPACE ENGINEERING

Report on Lecture / Interactive session

Topics: Current advancement in propulsion system and opportunities

Date: 06th Feb 2020

Place: L-1 block, Room no. 401

Time: 10:15-11:10 AM

Speaker: Mr. Vamsi Krishna

About the Speaker: Alumni of 2016 batch, doing master ^{from} Moscow Aviation Institute, Russia.

Major points covered during the talk: Various types of propulsion system like Air Breathing propulsion, Rocket Propulsion, Electric & Nuclear Propulsion system.

Students of following batch attended the lecture:

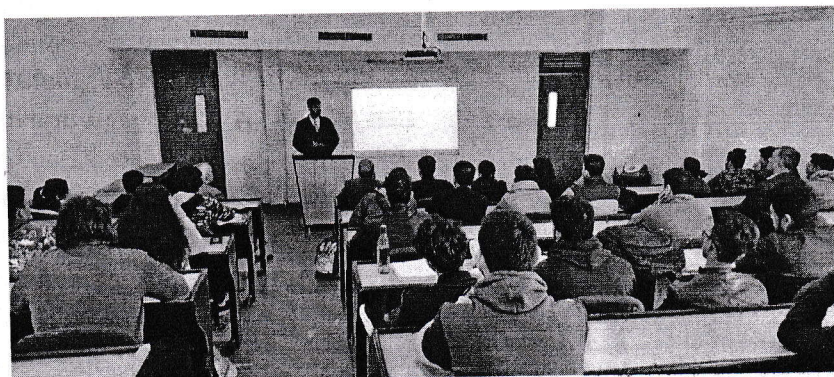

- 35 students, B.Tech (AE), Batch 2017-21
- 02 students, M.Tech (AE), Batch 2019-21

Following faculty member also attended the lecture:

1. Prof RK Chauhan
2. Mr. JK Jain

Event Objectives: To motivate students to take up project in the field of propulsion and doing higher studies in Aircraft and Rocket propulsion.

Expected Outcomes: Created awareness in students to take up career in Aircraft and Rocket propulsion.
