# Remembering the Father of Artificial Intelligence

Event Date: September 4, 2019

Venue: I-3 Seminar Hall

Prof. John McCarthy was the pioneer in introducing the concept of Artificial Intelligence. To remember on his 92nd birthday, a small program was conducted wherein his contributions in the field of AI was discussed.

4TH SEPTEMBER IS MARKED AS JOHN MCCARTHY'S BIRTHDAY. CELEBRATING HIS 92ND BIRTHDAY.

THE FATHER OF ARTIFICIAL INTELLIGENCE

Our ultimate objective is to make programs that learn from their experience as effectively as humans do.
