**WORLD PHARMACIST DAY**

**About the Event:**  
This day, which marks the importance of pharmacists and their significant contribution to global healthcare, is celebrated worldwide on 25th September every year. Currently, in its 12th year, this momentous day was established in 2009 by the International Pharmaceutical Federation (FIP). It was adopted by the World Congress of Pharmacy and Pharmaceutical Sciences, in the same year. Pharmacists are encouraged to use this day to organize activities that promote and advocate for the role of the pharmacist in improving health in every corner of the world.

This day holds a special place in the heart of every pharmacist and being an organization of budding pharmacists, the entire team of the Indian Pharmacy Graduates' Association Student Forum (IPGA SF) comes together in solidarity to celebrate this day with great zeal and enthusiasm. Following the massive success of the events held in the past years on the occasion of World Pharmacists Day, this year too IPGA-SF has planned a plethora of activities to be conducted. It will encourage and appreciate the students and professionals of pharmacy.

**About IPGA-STUDENT FORUM:**  
IPGA-SF (Indian Pharmacy Graduates' Association-Student Forum) is a national advocacy organization aimed towards the upliftment of the pharmacy profession in India, empower young students and strengthen public healthcare. It inculcates professionalism and provides the required skill set in youth which helps them in growing their personality.

### ABOUT AMITY UNIVERSITY

Amity University, a leading research & innovation driven university, has been ranked among the top 3% universities by QS and Times Higher Education, UK (the world's leading university rankings organisations).

The university is also Asia's only not-for-profit university to be awarded US Regional Accreditation by WASC, USA and QAA, UK - setting a new standard of academic excellence in India. Amity has been ranked among the top universities globally for producing the most employable graduates in a survey conducted among 9,000 employers worldwide by Times Higher Education, UK. Amity University is the flagship institution of Amity Education Group, established over 2 decades ago. Today, Amity has over 175,000 brilliant students across Pre-nursery to Ph.D. levels, pursuing more than 400 Programs in 90 diverse disciplines, ranging from Management to Psychology, besides future focused areas like Renewable Energy, Nuclear Science and Nanotechnology.

The Group is driven by its vision of building a Global Knowledge Network, providing globally benchmarked education. Today, the Group comprises 11 Universities, 28 schools and 16 international campuses across London, Singapore, Dubai, New York, San Francisco, Amsterdam, Mauritius, Abu Dhabi, Sharjah, Tashkent, South Africa, besides India.

Amity's relentless pursuit of excellence is reflected in its steadfast commitment and contribution towards cutting-edge research and innovation. For instance, Amity in the last four years has filed over 1,600 patents. It is also engaged in conducting over 300 hi-end Government- funded as well as international research projects including those funded by Bill & Melinda Gates Foundation, USAID, and Leverhulme Trust, UK.

In the field of management, the University has developed over 3500 case studies in the past years that have been bought across 110 countries by 2300+ leading institutions and organizations like Harvard, Stanford, Oxford, McKinsey, and KPMG. Amity has instituted an extensive scholarship programme, benefiting over 25,000 students so far. These brilliant students have filed 100 patents and published 1100+ scopus-indexed research papers.

Today, the Amity community of outstanding students has exceeded over 120,000 alumni worldwide, who are successfully pursuing their career in top organizations or pursuing further studies at leading institutions in top global universities like Stanford, Oxford, Harvard and Columbia.

### Amity Institute of Pharmacy

AIP has more than 500 Scopus/WoS listed research publications and 25 patents to its credit in the last 05 years in diverse research areas like NDDS, Medicinal Chemistry, Neuropharmacology, Phytopharmaceuticals, Drug Regulatory requirements and Pharmaceutical analysis etc. The thrust areas of research include novel drug delivery systems for skin disorders and burns, drug discovery and development for cancer, diabetes, autoimmune diseases, neurodegenerative diseases like Alzheimer's, Parkinson's and Global regulatory framework for drugs, medical devices etc.

For any education and research Institute, Library is an essential and integral part for effective dissemination of latest knowledge and conduct of research in frontier areas. Amity Institute of Pharmacy has its own library and a spacious reading room. The library is equipped with 1500 books and 250 no. of titles covering different aspects of Pharmacy, National and International Journals and about 50 online journals.

LCD, OHP and internet facilities are used by faculties for class room teaching. We have an excellent interface between student and faculty in the form of Mentor Mentee system and Grievance cell in the institute. Student problems both academic & personal are addressed by an efficient workforce of Programme Coordinators.

### OBJECTIVE OF PTPPBT 2023

Conference Idea: PTPPBT-2023, International Conference has been planned to focus on recent developments and current trends in pharmaceutical research like novel drug development approaches, innovations in phytopharmaceuticals and paradigm shift of therapeutics to biologicals. A rapid progress in molecular and systems biology has led to a paradigm shift in drug development opening new avenues for targeted therapies for treating diseases using phytopharmaceuticals, antibodies, siRNAs, and small molecules. This conference aims to bring together the researchers, scientists and scholars from industry and academics at a common platform to come together and discuss the idea of these novel developments. PTPPBT-2023 has been conceptualized to develop an interactive platform of eminent speakers and expert resource persons to deliver the knowledgeable sessions and lectures on the present and future prospects of pharmaceutical research.
