

# AMITY HUMAN VALUES ACTIVITIES 2015-16

NEWSLETTER

AMITY  
UNIVERSITY

## MESSAGE FROM FOUNDER PRESIDENT

Good human values ensure success, joy and bliss in life. Having good human values, one can achieve everything in life, one would aspire for.

Caring nature, empathy, compassion, good ethos and morals, truthfulness, honesty, humility etc. are some of the human values, which determine the behaviour of a person.

Behaviour is determined by values and traits a person possesses. The behaviour is like **a missile launched by the launch vehicle from the platform of the values.**

Human values have no meaning, if it is not reflected and practised through behaviour. In principal, good values drive a person to go to the right path in professional as well as personal life.

I feel greatly proud that our distinguished students, alumni, faculty members, Ph.D fellows and all others from Amity University campus demonstrate the above good values and traits throughout the year and this comes more specifically to light during the **Amity Human Values Quarter (AHVQ)**, which is observed every year to reinforce these important attributes among each and every student at Amity. Demonstrating such traits on their part, only confirms their possessing great human values. The activities of AHVQ brings wide spread awareness not only among each other and every person at the campus but also it travels beyond the boundaries of the campus.

I am confident that being equipped with excellent education, and demonstrating good behaviour based on good human values, each and every Amitian will be highly successful and would have satisfaction and joy in personal life. The behaviour of Amitians also provides awareness to all others in the society and this, in result contributes in forming a good society, an important base for the nation's growth and development.

I compliment and appreciate the organizing committee members and all the others involved in making the AHVQ highly successful, result oriented and rigorously outcome based.

A handwritten signature in black ink, which appears to read "Ashok K. Chauhan". The signature is written in a cursive style.

**Dr. Ashok K. Chauhan**

Founder President  
Ritnand Balved Education Foundation (RBEF)  
(The Foundation of Amity Institutions and the  
sponsoring body of Amity Universities)  
Chairman, AKC Group of Companies

Values happen to be the very way of life. It is the responsibility of human beings to metamorphose the term and idea of 'Human Values' through hard core implementation in every small or big way possible to be able to contribute to Nation Building.

**Dr. (Mrs.) Amita Chauhan**

Chairperson, Amity Humanity Foundation & Amity Group of Schools

Human values are important for a meaningful life.

Each Amitian must imbibe virtues that create bonds of humanity, values of selflessness, passion and sensitivity, thereby contributing effectively towards a better society.

**Dr. Atul Chauhan**

Chancellor, Amity University  
President, Ritnand Balved Education Foundation  
CEO, AKC Group of Companies

Amity has a high belief in importance of "Ethics and Values" in a student's life and has been working towards imparting quality education while inculcating 'sanskars' (Human Values) in students.

Inculcating Human Values helps in holistic development of individuals and society at large. It is heartening to note that Amitians are involved in activities related to human values thus contributing to a meaningful life.

**Dr. Aseem Chauhan**

Chancellor, Amity University Rajasthan  
Chancellor, Amity University Haryana  
Additional President, Ritnand Balved Education Foundation

## MESSAGE FROM VICE CHANCELLOR

In order to lead a meaningful life and to become a useful member of society, we need to cherish others, help others, imbibe human values in youth with passion and empathy and follow a values based life in modern world.

This is philosophy of the University to imbibe the Sanskars and Values in Amitians to have knowledge and understanding of basic Human Values. It has been made an integral part of curriculum also.

We congratulate our students for their overwhelmed response towards Human Values and Community Outreach courses during the academic semesters and participating in various activities organized during Human Values Quarter. This has tremendously helped them to understand social issues and develop an attitude of helping the society.

**Prof. (Dr.) Balvinder Shukla**

Vice Chancellor, Amity University Uttar Pradesh

Amity University has always inculcated cherished values amongst its students at every level. In these turbulent times when people react aggressively on the drop of a hat unmindful of consequences, the continued focus of Amity University on values is a laudable achievement.

Amity Human Values Day is celebrated on 27th April in recognition of the contribution of our revered Chairperson, Dr. Amita Chauhan, who has worked for the upliftment of the girl child through NGO's Amitasha & Atulasha. The University under the guidance of Dr. Ashok K. Chauhan, Founder President this year has initiated a wide range of activities to sensitize the students on the occasion of the Amity Human Values Day, including visits to Old Age and Juvenile Homes to understand the plight of the underprivileged. Further steps will be taken in the shape of recalling the contribution of nation builders through street plays, pictorial competitions, essay writing, poems, donations and other contributions.

I also extend my best wishes to Dr. Nirupama Prakash, who under the distinguished leadership of Dr. (Mrs.) Balvinder Shukla, Vice Chancellor, has been successfully steering the programme.

**Prof R.R. Grover**

Advisor, ASIBAS

I believe life is fulfilling when we work towards the cause of humanity with compassion and instill amongst students the desire to embrace human values in day to day life-an endeavour manifested at Amity University with inspiration from Dr. (Mrs.) Amita Chauhan, Chairperson, Amity Humanity Foundation and the blessings of Dr. Askok K. Chauhan, Founder President, Amity Education Group. Encouragement from Dr. Atul Chauhan, Chancellor, Amity University, for Amitians to internalize human values and initiation of course on Human Values & Community Outreach by Prof. (Dr.) Balvinder Shukla, Vice Chancellor, AUUP has been a catalyst in this direction.

**Prof. (Dr.) Nirupama Prakash**

Chairperson,  
Amity Human Values Quarter, 2016

We are truly blessed to be working in a value laden environment provided at Amity University Uttar Pradesh. It is our privilege to have role models who are the epitome of Human Values, dedicated professionals who have carved a niche for the students and themselves in maintaining ethical standards of the highest nature.

The multifarious activities organized in the university provide ample opportunities for students to practice values in their thoughts, words and activities.

**Dr. Alka Muddgal**

Co-Chairperson

With the blessings of our Founder President Dr. Ashok K. Chauhan, Amity University is proud to celebrate Human Values Year 2015-16. Students learnt and imbibed human values through the course on Human Values and Community Outreach (UG) and Community Outreach (PG). 1511 students during Odd Semester-2015 and 661 students during the Even Semester 2015-16 were enrolled for the HVCO/CO course. During Odd Semester 2015-16, out of 1511 students, there were 42 Human Values Angels (A+ grade), 98 Human Values Champions (A grade), 125 Human Values Star (A grade) and in PG level Community Outreach there were 16 Human Values Angels, 16 Human Values Champions and 55 Human Values Stars.

Students are working towards social causes to fulfil the vision of our beloved Founder President Sir, who believes that education, qualification and knowledge all put together cannot lead a person to success, if he/she lacks human values.

Various activities related to human values are being conducted by students of Amity University Noida Campus at an institutional level as well as by undertaking outreach activities under the course Human Values & Community Outreach.

2172 students opted for the Human Values & Community Outreach (UG) and Community Outreach (PG) courses in the Academic session 2015-16.

## COURSE ON HUMAN VALUES & COMMUNITY OUT REACH

- As an initiative of our Honorable Vice Chancellor, AUUP, Human Values & Community Outreach (UG level) and Community Outreach (PG level) courses have been offered by Amity Institute of Social Sciences to students across Institutions at AUUP since 2014-15.

These two courses are part of the course curriculum and are offered as an open elective in the category of Outdoor Activity Based Course (OABC). The objective is to generate awareness about human values, social caring and to prepare the students for engaging in social service activities that enhance the quality of life for themselves and others. The students earn a credit for this course.

## INSTITUTIONAL LEVEL ACTIVITIES

- The vibrant activities conducted by the students at respective Institutions are geared towards inculcating human values that are important for a meaningful life. This helps students to imbibe virtues that create bonds of humanity, values of selflessness, passion and sensitivity thereby contributing effectively towards a better society.
- As on April 23rd 2016, 275 activities have been conducted by 3116 students across the University.
- HVCO/CO participation-2172.
- 5288 students participated in the Human Value Activities - at Amity University Noida Campus.

## SHARING OF EXPERIENCES BY STUDENTS

### CHILD ISSUES

#### SHAGUN KACHWAHA, B.TECH (EEE) VI SEM

The task assigned to me was to teach the children of slums at Laxmi Nagar, Delhi. The biggest problem was to understand the language and pronunciation of the children. The difficulties that I came across were mainly teaching them Science and all the subjects in Hindi because they have even studied Mathematics in Hindi so it took time to help them and understand them.

But today after devoting so much of time with them I have built a strong bond with those children. People can call it a "Student-Teacher Relationship" but according to them we are their BHAIYA AND DIDI. They eagerly wait for their respective BHAIYA or DIDI who will come to teach them. So it's all about spreading smiles and awareness and I am enjoying this work.

#### ASHMITA BHARGAVA

On 23rd March, 2016 I joined an NGO named MUSKAAN.org. I went there for 2 days i.e. 23rd March and 25th March, 2016. I taught students tables, English grammar, poems; shared some of my experiences of school and university. I liked that place and it gave me inner joy. I don't know how I can be thankful to my faculty and university for providing me with this opportunity.

#### RUCHI KHANNA, BA LLB (H)

I volunteered at an NGO called Manav Mandir Gurukul situated in New Delhi. I mostly helped orphans and underprivileged with their Maths and English homework. My objective was to make them realize why they need to be literate to survive in the real world. Most of them found this encouraging and showed interest.

Just spending a few hours with these children and talking to them, hearing them talk about the things they love to do and helping them with their doubts itself gave so much satisfaction!

Choosing to work at an NGO was a fruitful decision. Besides being able to teach and guide others, it gave me an opportunity to grow and learn things myself. It taught me leadership and allowed me to be innovative in my teaching techniques.

Each day was a new day, with new targets, new tasks and different challenges. My personal advice to each and every friend of mine is to experience the joy of giving. I make it a point to visit these wonderful kids frequently and try to make a difference!

**HEALTH & DISABILITY**

**RYAAN VERMA; SONAKSHI THUSOO; HERA SAEED; AKSHAY GUPTA; ANKITA GUPTA (B. Tech (E&T))**

We approached various hospitals for seeking their permission to survey patients in the hospital. Hospitals approved our request under following conditions-that the student would have to complete the survey without intervening in the medication of patients and complete their visit under Hospital rules. We successfully completed our survey and gave a moral support to all the patients on behalf of Yoddhas.

**STUDENTS SPEAK THEIR HEART OUT:**

**CHILD ISSUES**

**SWAYAMBHUBA JENA**

"I was really happy and content that I could bring smiles to the childrens' faces. Values are eternal and being with small children lifted my spirits to contribute more in the society".

**HEALTH & DISABILITY**

**AISHWARYA GOEL**

"I learnt that spreading awareness and motivating the Cancer Patients was a true Social work. I lived larger than my life by doing this".

**ANIMAL CARE**

**NAINA GUPTA**

"My love for animals multiplied when I visited animal homes. They too have emotions. I am glad that during my studies at Amity University, I came across a Course that helps me contribute my share to the Society, especially to the Voiceless".

**EDUCATION**

**SUDEB SARKAR**

"The children were very enthusiastic about learning, they had the desire to learn and made the best out of the opportunity that they were given. Darshika Foundation and HVCO course enabled me to contribute my bit to educate poor young children. I am happy to contribute my bit to the society".

**ENVIRONMENTAL ISSUES**

**AISHWARYA TALVAR & SIDDHANT NANDA**

"We were determined to clean our locality and contribute to Swacchh Bharat Abhiyaan."

**SOCIAL ISSUES**

**AKANKSHA GUPTA**

"I tried my best to teach the girls many things out of the box. By being a part of HVCO course, I could do what I always felt like doing-to work for the upliftment of the deprived children".

As on April 23rd, 2016, 275 activities have been conducted by 3116 students across the University.  
**HVCO/CO participation-2172**

Total Students participation in the Human Value Activity is 5288 Students at Amity University, Noida

Activity	Theme	Objectives	Student Learning Outcomes	Assessment Tool	Institute
Helping Hand To The Needy	Bonding with our housekeeping staff	To help needy people.	Students understood that the one of the better ways to help the poor and needy people is to give them a hand up rather than a hand out. Giving them moral support, showing heartfelt humility and respect makes them aware that someone really does care about them and is trying to improve their condition.	Value & ethics	ABS
Donation Week	Spreading joy among the needy	Work for the underprivileged people, preserve dignity, remove health risk due to lack of proper clothing.	Students understood the deficiency of resources for the poor people, and they came to know after this activity that even their old clothes can bring smiles to millions of needy people.	Satisfaction, happiness	ABS
Coloring Competition	Spending time with Atulasha kids	To understand the behavior of under privilege children, to understand the initiatives of Amity Humanity Foundation.	Work for the clean and sanitized India programme that is initiated by Central Government	Confidence to trained students. Value based learning	ABS
Pledge For Clean India	Youth participation in Clean India event	To take pledge for the Clean India Programme	Understood the objective of Prime Minister Shri Narendra Modi for making India clean.	On the basis of students participation	ABS
Truth Day	Ethics	To understand the importance of truth	At least 70 % of Amity Business School students spoke the truth on 3rd March 2016	Confidence level of students, happiness of students	ABS
A Day Out At Palna	Palna at Janakpuri, New Delhi	Spend one day with small kids who are living without their parents.	After the one day activity mostly students are going on regular visits to the orphanages and NGOs.	Happiness for doing something for these kids.	ABS
Let's Play Holi!	At Cheshire Homes, Okhla	Celebrated festival with different shades of colour	Understood the behaviour of differently-abled people.	Happiness of students, their determination for the development for the society	ABS

10. Understand the importance skill based learning
11. To understand the importance of Truth

## SYMPOSIUM ON "ENHANCEMENT OF HAPPINESS, PEACE & PROSPERITY"

The objective of the symposium was to focus on the fragile value system to sustain and revive the need for tolerance, compassion, sympathy, peace, empathy, happiness etc. in our society.

Sharing his story, Mr. Rahul Yadav, Founder Yoddhas has said that he was a regular 28 year old man with a decent job and aspiring dreams to make it big. He just fell sick one fine day and what initially started of as a minor cough and cold, eventually, was diagnosed as Cancer. He said that human beings face lot of difficulties but one should be determined to tide over all difficulties and emerge strong and determined from every difficult situation. Mr. Yadav pointed that people are always bothered about reaching the destination and usually forget about the journey and emphasized that learning throughout the journey is very important not just reaching the goal.

Speaking on 'Values for Life', Ms. Harsaran Pandey, Consultant Risk Communication, WHO said that it is necessary for a person to ponder what makes human beings different from other creations of God and the answer to the same defines the purpose of human beings' lives. She mentioned that humans have a gift of intelligence and ability to discern which makes them different. We always preach about various values like love thy neighbors, conserve nature, be yourself but on the other hand, we contradict our selves by promoting competition, being on top etc. She highlighted that at some point, there is a clash of individual and societal values so we must be vigilant in protecting our interests since values are the edge of a surface.

Ms. Pandey pointed out that history has always tried to control people through beliefs which are evident since people in power are subjective to use values to suit their own interests. She stressed that values are not static and they change as societies mature. She advised the participants to understand the life journey by keeping the values intact and strive to be the best.

Sharing her views on Ethical Practices in Disability Rehabilitation, Ms. Merry Barua, Founder Director, Action for Autism, National Centre for Autism India said that ethics in disability rehabilitation is lacking in our society since there is no proper system for conduct. She averred that most people believe that a person with disability is less human than a normal person. She emphasized that it is important to respect the person with disability, his integrity and his sense of learning. She opined that the society will change their outlook towards disabled people once they realised that it is not at problem but a condition and looking down upon disability is unethical.

Addressing the gathering, Ms. Pooja Chauhan, Vice Chairperson, Amity Humanity Foundation said that Amity Human Values Quarter is observed to instill the prime virtues of human values amongst the youth in tandem with academic excellence. She further added that the vision of Amity is to provide holistic education along with imbibing good values and ethics for an individual to grow as enhanced, principled and complete human being who will contribute towards the development of society and the nation at large.
