For More Details, Please visit: http://www.confluence2014.co.in

Call for Posters:

Confluence 2014 –"The Next Generation Information Technology Summit" is the 5th International Conference focusing on Cloud Security and Big Data. The event is dedicated to technical symposia, tutorial and workshop sessions by reputed industries like EMC and D-Link. Technical symposia include oral and poster presentation of research papers grouped into parallel tracks. Confluence 2014 is organizing a poster session aimed at showcasing work in progress. The poster papers are an independent part of the conference, and are not selected from the main submission of the full length papers. The poster track of confluence 2014 will provide an enthralling oppurtunity for presenting late breaking results, ongoing research projects and spectacular and innovative working progress. The topics of poster presentation should be latest emerging technologies in the field of Information Technologies.

The posters aim at providing the authors and participants the golden oppurtunity to connect with each other and include themselves in professional discussions regarding the work.

Benefits of Submitting Poster:

- Provides a great oppurtunity to share your work and network with other presenters, attendees and press.
- Promotion of your poster in an International conference "confluence 2014".
- Gives you a valuable feedback from learned and knowledgable personalities.
- If you present poster in Conflunce 2014, you will also be eligible to attend 3 days (22nd September-24th September 2014) workshop free of cost by reputed industries like EMC, D-Link on edge cutting IT technologies.

Authors are invited to submit original poster papers on any topic relevant to the theme of the conference.

Design and layout specifications:

- The poster size must be 24" x 30". The poster does not necessarily have to fill the entire working area.
- **Maximum three persons can particiate in one poster.**
- Limit the text to about one-fourth of the poster space, and use "visuals" (graphs, diagrams, schematics, maps, etc.) to explain the concept.
- Posters can be oriented either horizontally or vertically.
- Poster title should be positioned at the top-center of the poster.
- Author name, department, and Institution should be positioned at Right-bottom of the poster.
- Please submit the poster abstract that explains the main contribution of your work at the time of submission. The poster abstracts: (i) must not exceed a single page, (ii) must be written with 12 point font, (iii) must contain up to two figure, (iv) can refer up to 7 references, (v) must not use section names, (vi) must not contain detailed derivations, and (vii) must limit the use of equations to a necessary minimum.

- Make it obvious to the viewer how to progressively view the poster.
- Poster should be presented within allotted time of 3 minutes.
- Use color to enhance comprehension, not for decoration.

Instructions for Posters:

- Poster must be colour printed.
- Poster title must be 40 pt in Times New Roman.
- Normal text size should be at least 20 pt in Times New Roman.
- Author name, department etc. must be in 14 pt in Times New Roman.
- Each visual should have a caption.

What are we Looking for:

We are looking for submission of research posters from academia and industry describing the concepts of cloud security and big data and expansion of information about these topics among the people related to this field. We look forward to encourage new research projects and enforcing preliminary results.

Submission Details:

Submit full length poster in PDF format that describes your work.

Best Poster Award:

Posters will be reviewed by members of poster committee based on originality, significance, quality and clarity. The Best poster award will be of INR 10000.
