#### 1. How to start with Cloud Computing?

On 29 July, 2021 ASET Cloud Security Club organized an event on the topic "Introduction to Cloud Security". The event was delivered by Rhythm Jain (President) and Ekta Goel (Secretary).

So, we shed some light on the topics like:

- What is cloud computing?
- How it's more efficient than traditional model
- Role of security in Cloud Infrastructure
- Scope of Cloud Security
- How to get started with Cloud security
- How Cloud Security Club will help and guide cloud enthusiasts to move forward and achieve more

Thus, it was an insightful event which encouraged students to learn more and made them aware about this emerging technology- cloud, which nowadays various industries are adopting.

## 2. **Getting Started with AWS Hacking**

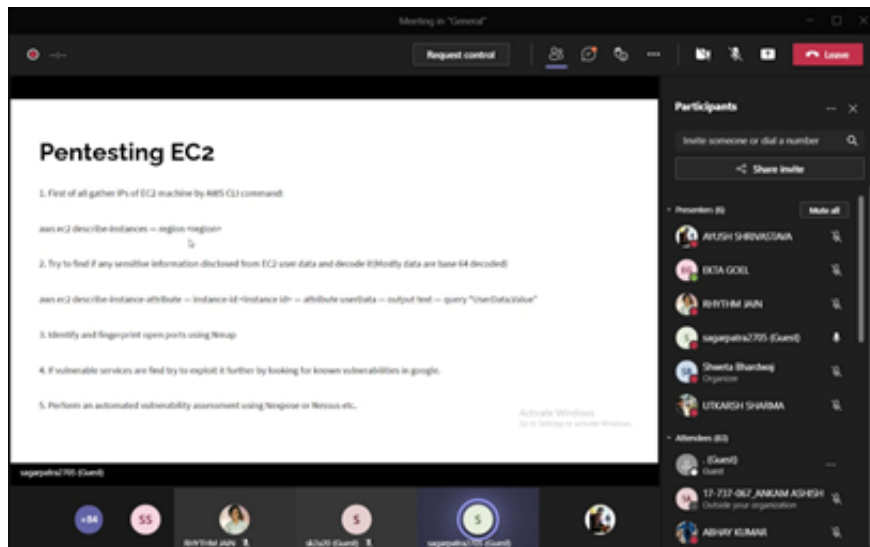

On 26 August, 2021 at 2:15pm ASET Cloud Security Club organized an event on the topic Getting Started with AWS Hacking

No. Of Participants: 95+

The Speaker of the event: Mr. Sagar Patra (Security Analyst at TCS, AWS Security Expert, Bug Bounty Hunter, Microsoft Azure 2x certified Security Engineer)

Topics covered:

- What is AWS?
- Difference between Cyber security and Cloud security
- Need and Scope of Cloud Security
- How to get started with Cloud security
- Role of Pentesting
- Role of Certifications
- How Cloud Security Club will help and guide cloud enthusiasts to move forward and achieve more

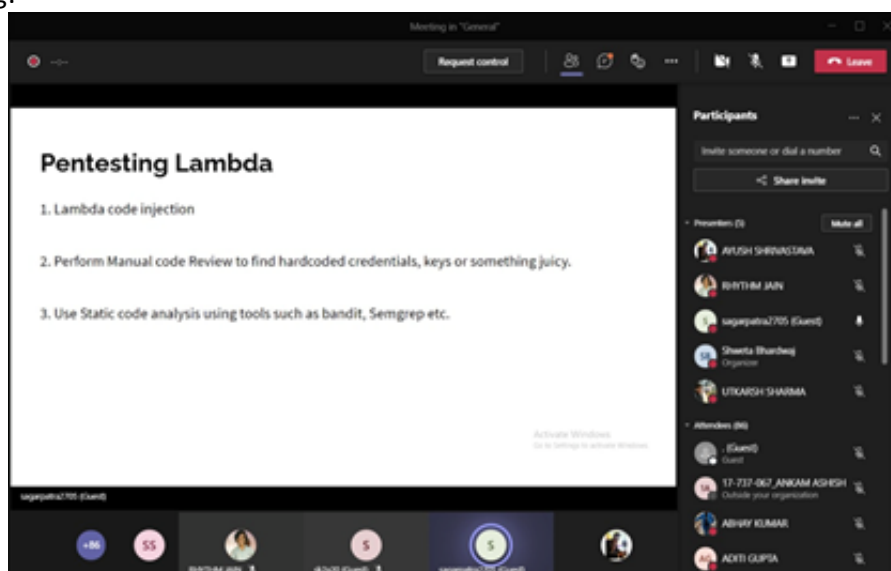

### 3. Quiz on AWS Hacking

At the end of session, we also conducted a short quiz based on the topics covered and the winner was awarded with AWS credits worth 300 USD (22,000 INR)

Winner: Aditya Aryan, 2nd year undergrad, AIIT, section-A

Enrollment No: A1004920048

Thus, it was an insightful event which encouraged students to learn more and made them aware about this emerging technology- cloud, which nowadays various industries are adopting.

### 4. Innovation with AWS

On 30 September, 2021 at 2:15pm ASET Cloud Security Club organized an event on the topic Innovation with AWS

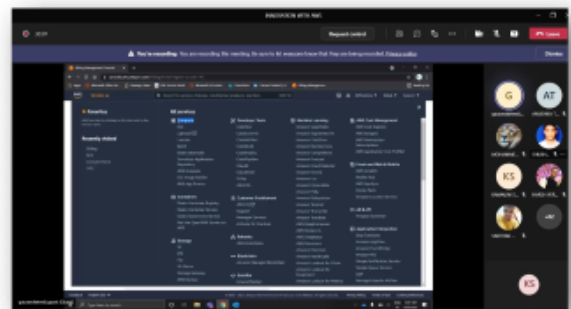

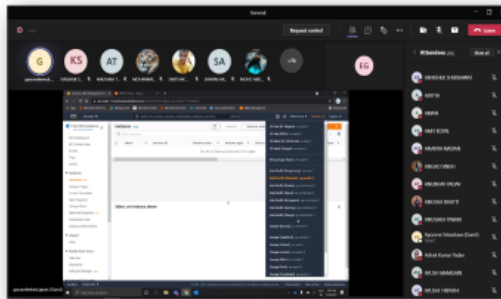

The Speaker of the event: Mr. Gaurav Dwivedi (Network/Cloud Engineer at Talent Software Services, System Administrator, CCNA Certified, AWS Solutions Architect Certified)

Topics covered:

- What is AWS?
- Scope of Cloud Computing
- How to begin with cloud journey

- Need and Scope of Cloud Security
- How to get started with Cloud security
- Role of Certifications
- Live Demonstration on creating and securing EC2 instances using AWS

Hence, it was a wonderful and informative event which awoke and encouraged students to learn more and made them aware about this emerging technology cloud- a new digital revolution.

## 5. How Artificial Intelligence is transforming different industries

Artificial intelligence offers tremendous potential for the industry. It has already improved the efficiency, flexibility, and consistency of manufacturing. The digital enterprise is now a reality as the industry becomes more digitalized. Data is created, processed, and evaluated continually.

The speaker for the event- Mr. Dhruv Govil, Sr. Data Scientist at Puma Ltd

Speaker Profile: He has worked in top corporate houses in India like TATA Motors Ltd., ONGC Vadodara, TATA Steel (BSL), Global Logic (with Google), Insignia Group and many more. Mr. Dhruv is a hardworking and dedicated professional with an analytical bent of mind with good academic credentials, having more than 11 years of experience in the field of Machine Learning as a developer.
