## OBJECTIVES

- The programme will equip the students with all the necessary skills and attributes required to be successful in today's international business environment
- The studies will involve considerable use of real-life business cases and examples, industry guest speakers, company visits and business networking opportunities
- The programme includes a range of fundamental disciplines to give students a strong foundation in the key areas of business

Through a suitable blending of business and general education, it seeks to improve a student's intellectual capacity, executive personality, and managerial abilities

## PROGRAMME STRUCTURE
