ABSTRACT

An abstract is a self-contained, short, and powerful statement that describes a larger work. Components vary according to discipline. An abstract of a social science or scientific work may contain the scope, purpose, results, and contents of the work. An abstract of a humanities work may contain the thesis, background, and conclusion of the larger work. While it contains key words found in the larger work, the abstract is an original document rather than an excerpted passage.

Keywords— Abstract, Background and Original work.

Instruction to Author for Abstract

The abstract should be prepared in the given template and not more than 2 pages.

1. Formatting your paper

All printed material, including text, illustrations, and charts, must be kept within a print area of 7-1/4 inches (18.4 cm) wide by 10 inches (25.4 cm) high. Do not write or print anything outside the print area. Text must be fully justified. Both pages should begin 0.75 inch from the top edge and bottom margin should be 1 inch. The left and margin should be 0.50 inches.

Mention the Category in the top right corner, in which you have applied for.

2. Main title

The main title (on the first page) should begin 1-1/8 inches (2.97 cm) from the top edge of the page, 14 points, Times New Roman, centered, and boldface type. Capitalize the first letter of nouns, pronouns, verbs, adjectives, and adverbs; do not capitalize articles, coordinate conjunctions, or prepositions (unless the title begins with such a word). Leave two blank lines after the title.

3. Author name(s) and affiliation(s)

Author (s) name and affiliation (s) are to be centered beneath the title and printed in 11 points, Times New Roman, non-boldface type and also underlying the presenting authors. Affiliations are centered, italicized, not bold. Include e-mail addresses of corresponding author. Follow the author information by two blank lines before main text.

4. Abstract and index terms

Use the word “Abstract” as the title, in 12-point Times New Roman, boldface type, centered relative to the column, initially capitalized. The abstract is to be in 12-point, single-spaced type. Leave one blank lines after the abstract, then begin index terms with same format. Abstract can be supported with appropriate graphs and figures.

Figure and table captions should be 11-point Times New Roman and non-boldface. Callouts should be 10-point Times New Roman, non-boldface. Initially capitalize only the first word of each figure caption and table title. Figures and tables must be numbered separately. Figure captions are to be justified and *below* the figures. Table titles are to be justified and *above* the tables. Leave one blank line between paragraph-figure and figure-figure captions. Follow the figure caption by one blank line before next paragraph.
