## VICE CHANCELLOR MESSAGE

**Prof. (Dr.) Balvinder Shukla**Vice Chancellor
Amity University Uttar Pradesh

MITY Business School, Noida has been the frontrunner Institution of Amity University Uttar Pradesh since its inception in 1995. It has excelled in all fields of imparting management education and nurturing business leaders for the future. In its pursuit of excellence, it has added many laurels by way of coveted rankings and accreditations. Amity Business School has been striving to develop knowledge, skills and values, that support responsible commitment to human rights and sustainable development. The School has been introducing path breaking innovations such as choice based credit system, experiential leaning based pedagogy, active industry-academia collaboration and international exposure to its students. The quality and caliber of its industry ready students have been attracting reputed companies across diverse sectors and functions for campus placements. A vast network of well-placed alumni of the School is a testimony to the quality of education and grooming provided by Amity Business School.

# HEAD OF THE INSTITUTION MESSAGE

**Dr. Sanjeev Bansal, Ph.D, D.Litt**Professor of Decision Sciences
Dean - Faculty of Management Studies
Director - Amity Business School
Amity University Uttar Pradesh

AMITY Business School, Noida founded in 1995, is the first institution of higher education of the Amity Education Group. In its glorious journey of 28 years, ABS has set many quality benchmarks and is proud to have several of its illustrious alumni heading reputed global companies.

ABS is driven by its vision of nation building through providing integrated transcultural quality education and emerge as a global front runner in management education by nurturing talent.

ABS has been striving to impart quality education in all domains of business management to meet the growing demand for competent managers equipped with modern outlook and technology yet well-grounded in Indian ethos and culture. At ABS, students are encouraged to develop a balanced outlook and personality through integration of academics research and extracurricular activities of their choice.

Course curricula and the teaching pedagogy are regularly reviewed and revised to incorporate latest developments and innovations for attaining the desired outcome.

The Class of 2024 has gathered many accolades and has done a variety of wonderful projects and internships in spite of numerous challenges due to the pandemic. We are sure the legacy and reputation established by our Alumni will be carried forward by these students.

ABS would like to invite your esteemed Organization for Campus Recruitments of MBA Class of 2024. A brief profile of the batch is there for your kind perusal.

## HEAD- CORPORATE RESOURCE CENTRE MESSAGE

T gives me immense pleasure to take this opportunity to invite you for the campus placement process at Amity Business School for MBA Class of 2024. This is the time of the year, where you may witness and interact with the blend of talents we have, who are industry ready. I am confident that our students are capable to deliver on your expectations.

The gamut of our corporate collaborations has traversed Amity Business School to be ranked as one of the top B.Schools in the country. Based on research, feedback and expectations of the industry, we fine-tune our programme not only in terms of the structure and curriculum, but also in terms of pedagogy. The curriculum helps the budding managers in drawing the synergy from such defined programmes to equip themselves with core management and soft skills. We are looking forward to build a strong bond of association with you to navigate through unidentified areas of excellence. We welcome you to the ABS Family!

## 8<sup>TH</sup> GLOBAL LEADERSHIP RESEARCH CONFERENCE 2023

DATE : 13th-15th March, 2023

VENUE : Amity Business School, Amity University Campus

Amity University Uttar Pradesh, Noida

#### THEME: ARCHITECTING NEW TENETS FOR FUTURE OF BUSINESS

With the pandemic behind us, commerce and industries are returning to business as quickly as they fell. They are trying to adapt to pivot swiftly refocusing on giving much attention to solving difficult challenges in the coming years. Talent shortfalls, digital innovations, and proof of remote work's efficacy have exposed a discomfiting reality: businesses, by and large, are relying on obsolete models and outdated ways of working.

The pandemic has accelerated the change that was already reshaping the workplace, including digitization, remote working, distributed workforces, asynchronous and virtual collaboration, and reskilling and upskilling. In this environment, companies are fighting multiple battles: to attract and retain talent, keep up with the ever-accelerating pace of change, and meet customers' needs.

Companies must keep the momentum going - there is an opportunity now to boldly design a future of work that's based on what the work requires and what talent needs. A June 2021 study from Future Forum, assessed more than 10,000 knowledge workers in six countries and found that 93% want a flexible schedule, 76% want flexibility in where they work from, and 56% are open to a job change.

'Yesterday's models cannot handle today's challenges. Businesses won't survive without a bold new approach for tomorrow.'

The conference was attended by academicians, business leaders, policymakers, consultants, and researchers from across the globe. One of the key goals of the event was to provide a forum for academia-research-industry interaction to identify ways for developing and benefitting by establishing mutually beneficial institutional collaborations and institutional partnerships.

There were different areas and sub areas which were part of tracks, Forum deliberation and research-based workshops. There were discussions starting with proud experience of G20 representation with speakers from G20 and Y-20. The youth chapter of G20 spoke about agenda and way ahead matched with environmental initiatives and awareness under UNSDG 3. Further initiatives for environmental conservation and right disposal of waste, developments in Aviation, Medical, entrepreneurship, financial developments, contemporaries in the functional area of marketing, emerging facets in Human resource developments, different strategies, and initiatives for building operational excellence, varied IT developments in all functional areas of business was also talked by experts and industry practitioners.

Another important uniqueness which the conference was deliberation by top women leaders as benchmark and representation from medical practitioners on the importance of Mental Health. Thus, every aspect that shapes the present and future of business was emphasized.

## CAMPUS PLACEMENT PROCESS

## **CORPORATE** SPEAK

We have been running a campus placement program for Management Trainees and Graduate Interns from Amity and have had a long association with the institute. It has always been an enriching experience hiring students from Amity. The students have always shown positive attitude, eagerness and diligence to learn and grow. Even after placement, their enthusiasm keeps growing and we find them always interactive and engaged. Their continuous proactiveness to grasp every possible opportunity to learn new things is very commendable. The in-depth learning and professionalism these students have will definitely help them grow leaps and bounds in their respective careers. In the years of being associated with Amity, Prospecta has seen many a young mind chart their corporate success story with us. Wishing the new Batch of 2023 a bright career ahead.

**Mr. Romit Mukerji** Managing Director – India Prospecta Software Pty Ltd.

Dear students of MBA Class of 2024,

Congratulations on embarking on this exciting journey at Amity Business School (ABS). As you step into the realm of business management, remember that success comes not only from knowledge but also from adaptability, collaboration, and a thirst for continuous learning. Having been associated with ABS in the past, I can attest to the institution's commitment to nurturing well-rounded and future-ready leaders. The foundation you receive here, coupled with your dedication, will undoubtedly propel you toward remarkable achievements. Embrace challenges, seize opportunities, and always strive for excellence. May your time at ABS pave the way for a dynamic and fulfilling career ahead. My best wishes are with you as you navigate the corporate landscape and make a lasting impact. Remember, the path to greatness is forged through determination and a passion for innovation. Wishing you all the very best for a bright and successful future.

Mr. Shirish Nigam MD, EW Nutrition SA

Amity s initiative of bringing leaders from corporate world shows the approach that has made Amity an institution. Amity practices what it preaches in the B. School and that's called leading by example. It was a pleasure speaking at the event in front of a talented and enthusiastic audience. The questions put forward to me were researched and apt and that made me optimistic about the future of India Inc.

**Mr. Anurag Batra** Chairman & Editor in Chief, Business World

We have hired Graduate Engineer Trainees (GETs) and Summer Trainees from Amity University, Noida and we have observed that Amity University has a unique style of developing their students which makes them Corporate fit. They also develop the students holistically by focussing on Behavioural aspects as well. We wish the students all the best in their future endeavours to make Amity proud by contributing to the Growth of the Nation. We look forward to working with Amity University in future.

**Kamal Verma** CEO, Water Business Group Triveni Engineering & Industries Ltd.

## ALUMNI TALK

ABS has been a wonderful budding ground for great talents. Equipped with the kind of experience you have gained in ABS, you are all set to enter & conquer the corporate world again. One of the things that I have learnt while in ABS is that our learning does not end when we pass out of your college; it is a continuous journey. As the classroom learning comes to an end, we start with learning through your experience while in the job. This requires us to be flexible, open to new ideas and most importantly, being honest to ourselves. You will encounter a lot of situations which you may not be experienced in your life. Your education through till now including the rich experience at ABS will provide you with a path towards managing each of these complex situations.

I wish you all the very best for your corporate roles. Make everyday count for yourself.

#### **Biswapriya Bhattacharjee** Director – B2B & Technology Insights Division, Kantar PGDM 2000

As the journey in Corporate World starts, it is as good as landing with a boat and an oar in a water body; some of you will be following a stream, some might face the turbulence of rapids, some will row across in calm waters of a big river and some of you will land up in an ocean. So it is time to tighten up your life jackets that include your knowledge gained and life experiences and embark on this wonderful journey ahead of you! Wishing the very best to all of you.

**Nishant Solanki** Vice President SGN Software Private Limited (Amity Business School; PGDM Class of 2003-2005)

## ALUMNI TALK

My two years at ABS were extremely fruitful in terms of the learning experience, knowledge I gained here and the friends I made. I am fortunate to have received extensive support from my professors and friends, who were not only instrumental in helping me succeed in my academic endeavours, but also helped me learn life lessons and evolve as an individual. Two words, sincerity and perseverance, sum up my advice to my friends, colleagues, and peers. It is through honest and persistent devotion to work, that one can aim to excel not just here but even long after in the greater play of life. In this journey of self-discovery, both challenges and opportunities help shape one's trajectory. We can sustain as a good leader only if we Learn, Un-learn and Re-learn.

I would like to wish you all a very successful professional life ahead.

**Pushpendra Singh Indolia** General Manager- Tata Motors Limited MBA 2009

Talent is cheaper than table salt. What separates the talented individual from the successful one is a lot of Hard work. You all deserve better, One take home point, DO BE A DOER in your Personal and professional upfront. It's not from where you start, It's about where you finish.

Some reach the destination pretty soon, While some journey forever". Keep patience and faith.

Anshul Garg Group M.D. Mohan Electro-Casting (P) Ltd. MBA 2006

## FEW OF OUR RECRUITERS

# CORPORATE RESOURCE CENTRE

The Corporate Resource Centre (CRC), established in 1995, works with the objective of bringing the industry and academia close to each other to facilitate holistic student development. It encourages students to actively participate in various events wherein they can indulge themselves with formulating strategies, provides them with industry interactions and facilitates their summer internship and final placements. CRC also organises counselling sessions for students and helps them choose an appropriate career depending on their aptitude and interest. Some of the sessions are- CEO Forums, Alumni Forums, Live Projects, Industry Visits, & Pre placement Talks among others. The students work closely with the CRC team in securing placements for their batch. The placement activity is managed by the students under the guidance of the CRC team.
