"STOP INNER CONTRADICTIONS AND CONFLICT"

DR. ATUL

CHAUHAN

CHANCELLOR,

MITY UNIVERSITY

Be clear about your thoughts and goals. Times are changing and requirements are plenty. Irrespective of insinuating role of rising competitive work life and transformed social life, the secret to a fulfilled achievement can be derived when state is 'mindful', and which leads to conscious deliberations. With rising expectations and surmounting challenges attaining clarity, purpose and outcome of every decision must be realized. Since 'management' is a purposive outcome and outward looking proactive and strategic process, it is important to that as sustainable organizations with a futuristic looking perspective, being mindful helps in maintaining psychological wellbeing for being healthy and contented.

FROM THE EDITORIAL DESK

Dear Readers, "FINANCE IS AN INTEGRAL PART OF OUR LIVES."

With an educative purpose, we are coming forth with our monthly financial newsletter "MUDRA" to help our readers regarding insights to specific news and facts about the financial world. 'MUDRA' serves as a gist of the news happening in the financial ecosphere. It indeed gives me pleasure to share that the newsletter is designed and compiled by the students. My special accolades go to all those who have worked behind this. I hope you enjoy going through the newsletter and we look forward to receiving your opinions and suggestions.

DR. ASHIMA AGARWAL FINANCE DEPARTMENT, AMITY BUSINESS SCHOOL

FINANCIAL FACTS

- Company profitability can be measured by how well you use your assets to generate income.
- Maintenance of your Property, Plant & Equipment (PP&E) will save your business valuable money long-term.
- To fully realise the value of an asset within your company, you need to track the entire life-cycle.
- An assets value or depreciation bears no relation to how that asset was purchased, either by cash, loan or other.
- You should be able to track purchase information, warranty details, item location and more with ease.
- Environmental, Social and Governance (ESG) issues are now front of mind for the asset management industry.

FINANCIAL TERMS

• Asset - An artifact that is retained after its initial purpose is fulfilled. Assets may be tangible or intangible. For example, a chair is a tangible asset that can be used by different people over time.

- Asset management The purposeful creation (or rescue), management, support, and governance of potentially reusable assets across your organization.
- Engineered reuse A formalized approach to reuse where an organization actively supports the creation/purchase and management of reusable assets.
- **Robust asset** An asset that is appropriately documented, generalized beyond the needs of a single team, thoroughly tested, is of high quality, and ideally has several examples to show how to work with it where appropriate.
