

**NATIONAL SEMINAR ON**  
*TEACHER IN THE DIGITAL AGE*  
*ISSUES AND CHALLENGES*  
*24-25<sup>TH</sup> JANUARY 2013*

**ABOUT THE SEMINAR**

New Information and Communications Technologies (ICT) are changing the world we live in, and the way we learn to live. ICT changes teaching and learning through its potential as a source of knowledge, a medium to transmit content, a means of interaction and dialogue. For teachers, ICT provides a different challenge, that of becoming facilitators of learning--organizing teamwork, enduring inclusion, and managing classroom activity. This seminar will provide an opportunity to discuss the changing role of teacher in the digital age. It will highlight various issues and challenges faced by teachers and suggest suitable strategies to meet them.

**Sub Themes:**

**Objectives of the Seminar**

- To identify the competencies of a digital age teacher.
- To evaluate the institutional, state, and national policy structures that supports the creation of the teachers in the digital age.
- To identify the issues that arise in the education of digital age.
- To identify challenges to this transformation and seize opportunities resulting from these challenges

**Sub Themes:**

- Competencies and characteristics of a teacher in digital age.
- Shape of digital age classrooms & changing pedagogy.
- Perspective and policies for education in digital era.
- Issues and challenges in education of digital age.
- Possibilities and opportunities in education through digital shift.
