

I am a practicing advocate, an arbitrator and a computer forensic expert. I am advocate-on-record in Supreme Court & Special Public Prosecutor with National Investigation Agency and also on the panel of Controller of Certifying Authorities, Ministry of Information Technologies, Govt. of India.

I am, also being a technocrat, have developed strong dominion over Cyber, Law & Finance domains and have unique ability to integrate Bit & Byte, Debit & Credit with Law. My exposure as Defence Lawyer, Special Public Prosecutor, Law Enforcement Officer and Arbitrator give me an edge to appraise any case from all the perspectives.

I am law graduate from Delhi University, a Fellow Member of ICAI and Certified Fraud Examiner from ACFE (USA). I have done PG Diploma in ADR, Cyber Law and Drafting of Legislation, Treaties, International Agreement & Contracts from Indian Law Institute, New Delhi. In technology domain, I have done PGD (Cyber Law), CEH, CHFI, CISA, CISSP, CCSK & MBA (IT) apart from various other certifications on emerging technologies. I am also Certified Forensic Computer Expert (CFCE) from IACIS, a certification duly approved by Forensic Specialties Board (USA). I am also International Coach on computer forensic with International Association of Computer Investigative Specialist (IACIS), U.S.

I am also an Arbitrator & Member of Appellate Arbitral Tribunals at National & International Level. I have successfully handled more than 600 matters in mediation & given 300 awards as an Arbitrator & Member of Appellate Arbitral Tribunal and presided as Presiding Arbitrator in more than 50 cases. I am the arbitrator on the Panel of Delhi High Court Arbitration Center, NSE, MCX, Metropolitan Exchange, NCDEX, ICA, ICADR, CIAC etc. and also International Arbitrator with WIPO (Geneva), ADNDRC, (Hong Kong), LCIA (UK), KLRCA etc.

I am the Managing Partner of his Techno Legal Firm, **Hazen Legal Associates** which specialized into Criminal Law, Cyber Law, Digital Evidence, Privacy and other compliances under Information Technology Act, 2000. My specialised area is to handle techno-legal issue in Courts primarily relating to Computer Forensics, Audio-video Evidences, Block-chain, Artificial Intelligence, Machine Learning, Privacy, Robotics, Big-data, Drones, Data Protection, etc. I am specialised into handling techno-legal issues in criminal trial involving voice, video, computer particularly with art of cross-examination to bring truth before the court. I am also professional speaker on these techno-legal issues at National & International conferences.

I am a visiting faculty on these techno-legal issues with Indian Law Institute, National Judicial Academy, National Law University, National Police Academy, Judicial Academies, NICFS, CBI, ISACA, ISC² and various other institutes of repute.

I am the President of Cyber Research & Innovation Society which has been promoted by me to promote the research & innovation on these techno-legal domains by bringing technocrat, legal professionals, researchers & users on one platform to develop the methodologies & remedies for safer use of these technologies by common man, stake-holders, industry & society at large.
