Department of Science & Technology

Sponsored Training Program

**Traditional Medicine- Modern Approaches for  
Affordable and Accessible Healthcare**

Organized by

**Amity University Uttar Pradesh, Noida**

(21st to 25th February 2022)

**PROGRAM OVERVIEW**

Traditional systems of medicine always played important role in meeting global health care needs. India has the unique advantage of having six recognized systems of medicine viz. Ayurveda, Siddha, Unani, Yoga, Naturopathy and Homeopathy. There is an increasing interest today in integrating traditional medicine into national health care system. A successful integrated health care system would facilitate more efficient use of domestic medical resources. This training program aims to provide understanding of the benefits of traditional systems and how these can be integrated to achieve the national mission of Aarogya Bharat 2025.

**PROGRAM OBJECTIVE:** Enable participants to:

- Examine traditional Indian health systems and explore their methodologies and practice.
- Consider how policy and practice link together to support health systems and their sustainability
- Compare and contrast traditional and modern health care systems.
- Understand “medical pluralism” that integrates various health care programs and delivery systems.

**PROGRAM COVERAGE:**

- Traditional Medicine: Modern approach for holistic health
- Complementary & alternative medicine and health literacy
- Ayurveda & Yoga as a path for promoting Ashrama concept of holistic health
- AYUSH and e-literacy, the way forward: Case studies
- Panel Discussion: Role of AYUSH to combat the global COVID-19 pandemic: INDIA'S CONTRIBUTION TO GLOBAL HEALTH

*\*No fees/charges for training, Online mode*
