Farewell Special

An 'Amity' with excellence

CBSE Results Stand Proof!

"We are what we repeatedly do. Excellence is, therefore, not an act but habit."

-Aristotle

Amity has forged an eternal bond with excellence, the CBSE Board Examination Results for Class X and XII bear testimony to this. From securing AIR 2 in Class X to emerging as city toppers, Amity has outshone yet again. This year too saw Amity's ace

competitive exams, whilst competing with top scholars of the country. Yet again the students clinched '100' in various subjects. And Amity did what it is best at – setting new milestones and records. Surpassing all hurdles and exceeding all expectations, the legacy of achievements has now become a regular occurrence, as the young guns of Amity have surely made a lifelong friendship, or in better words, a special 'Amity' with excellence!

CLASS X RESULTS

Two is better than one

When Two Proud And Smart Amityans Secure AIR 2, Its Got To Be Twice As Nice!

Alisha Taneja, GT Network

Amity is twice as proud this time as two students from AIS Noida share All India Rank 2 with a staggering 99.6% in Class X! GT had a tête-à-tête with Anchit Jain and Anshika Gupta, the two stars of the moment, as they share their life, and it was twice the fun!

Twice the joy

Anshika: Being rewarded for your hard work sure brings happiness. But when you're rewarded with AIR 2, the happiness is twice as much.

Anchit: I'm overjoyed. I expected above 95% but not being AIR 2. It was a cherry on the icing, making me doubly happy.

Twice the competition

Anshika: Any exam brings with itself a certain competitive spirit. And when it is Class X, the competition is twice as much. But, I always believed in healthy competition and my aim was not to defeat anyone.

Anchit: I do believe I am competitive. I was aiming to be in top 10 of my school, but sharing AIR 2 with Anshika was unexpected.

Twice the diligence

Anshika: I was always regular with my studies. I made it a point to be twice as consistent in Class X. Be it any holiday or festival, I would study 2 to 3 hours, touching all topics that were taught the same day. I divided my time according to the syllabus, but Math and languages needed regular practice.

Anchit: My strategy was limited to preparing a schedule and following it. I just ensured completing the syllabus twice before each board. It was only possible because I put double the hard work.

Twice the inspiration

Anshika: I was inspired by all my teachers. They put in twice the amount of effort with us to help understand difficult topics and were very supportive.

Anchit: The tales of all the toppers I heard were my inspiration. My parents also helped me at every step and ensured that I had no problems while studying. They were twice as nervous as I was!

Twice the gratitude

Anshika: My teachers were my pillars; always motivating me. I couldn't be more grateful to Chairperson ma'am for giving me such a great school that has shaped my success.

Anchit: My teachers and the school were major contributors to my success. This twin support was crucial to succeeding in the boards.

Twice the ambition

Anshika: My plan is to become a CA and take over my father's firm. I have opted for commerce instead of science which most of the toppers opt for. My ultimate goal is to give twice of what is expected from me and be successful.

Anchit: I have currently opted for the science stream. I don't have any major plans as of now; I'll just continue

working hard. The ultimate goal is satisfaction.

Twice the advice

Anshika: Regularity, hard work, and belief in oneself is the mantra. Study smart and be completely focused on whatever you study.

Anchit: Consistency and time management is key. Practice brings perfection; in exams like these, double your practice and give your best!
