EXHIBITION

A two-day science exhibition titled 'Vasudha' was inaugurated at Amity International School, Gomti Nagar, on Friday. The exhibition was organised for the students of Nursery to Class IV was on dif-

ferent topics as per the level of students. The students prepared their research work and models based upon the subjects and displayed them at the exhibition. The tiny-tots prepared models and charts on topics of health and hygiene, oral

hygiene, hand hygiene, body hygiene, balanced diet and staying healthy. Students of classes I-III prepared their projects on 'save water' and 'Reduce, reuse and recycle'. The students left the judges impressed with their models

and explanation. The students of class IV prepared projects on conservation of natural resources, pollution, waste segregation, and deforestation.
