

## WORKSHOP ON POSITIVE PARENTING

Each day of our lives we make deposits in the memory banks of our children

An Informative Workshop on Positive Parenting was organized at Amity Vrindavan Campus. The principal SG Mishra initiated the workshop along with our school counselor Akansha Bhadoria. The aim of the workshop was to motivate the parents to create a positive family atmosphere, believe in the concept of listening to their wards and to effectively meet up to any parenting challenge in today's modern world. She discussed about various parenting issues and how to overcome the communication gap among the parents and children. The beneficial parenting tips given by her were really praiseworthy. She talked about giving a balanced view of the world to the child and stressed upon the point that the SELF ESTEEM is the biggest gift given by parents and the teachers to the child. It was a very informative and interactive workshop for the parents.

Stress was given on the fact that the children are unique and their mindsets are different. So, they need to be handled differently. She also warned the Parents about negative effects of student's exposure towards today's cyber world. From an intellectual perspective, students today are exposed to the world at a very early stage. They've consumed information on everything from cyberspace to Social media techniques before they graduate from middle school. The workshop left a great impact on the minds of parents who began planning to re-structure their home environments to benefit their children with a complete focus on positive parenting.

An informative workshop on Positive Parenting was organised at AIS VYC Lucknow in an effort to motivate the parents to create a positive family atmosphere. School Principal SG Mishra initiated the workshop along with the school counselor Akansha Bhadoria.
