

<b>Guidelines for Competition</b>		
1.	Name of Competition	EcoCraft: Best out of Waste competition
2.	Host Institute	Amity Institute of Environmental Sciences & Amity School of Natural Resources and Sustainable Development
3.	Brief Description of Competition	There is no single solution to address the environmental problem humans have created. To lead a sustainable living, there are different approaches & product options like use of recycled material, minimize plastic use, reduce waste, and reuse waste. The competition is focused on designing models with special consideration for the environmental impacts of the material used during its whole lifecycle. EcoCraft is an approach for bringing an understanding among the children about preserving the environment by using ecofriendly and green material. Fantabulous ideas can be demonstrated using unconventional used or unused green materials.
4.	Topics (if any)	<ul style="list-style-type: none"> <li>• Crafting without Plastics</li> <li>• Green Energy Demonstrations</li> <li>• Sustainable Planters and Décor</li> <li>• Practical Everyday Items</li> <li>• Clothing from Reclaimed Textiles</li> <li>• Upcycled Electronics</li> <li>• Sustainable Desk Accessories</li> <li>• Sustainable Product Wrapping</li> </ul>
