Scholarships

Amity has always been driven by the vision of Dr. Ashok K. Chauhan to develop and groom the next generation of leadership in organisations, communities and society at large. To achieve the vision, the Amity scholarships were instituted to help those who excel in academics and deserve world class education but don't have the means.

At Amity, we believe in rewarding the hard work and excellence achieved by meritorious students in their academic endeavors. Amity Scholarships have been introduced to encourage the talents of such students, thereby strengthening the foundation of our future generation, a small step towards the collective goal of making India the knowledge superpower of the world.

The Regulations on Scholarships, Awards, and Medals & Special awards have been issued under which the following diverse scholarships are offered to the students:

COURSE PREPAREDNESS OF FACULTY

University's Quest for Excellence, desire to bring global trends in the curricula and extensive use of IT enabled teaching and learning practices, has resulted in preparing students with well-honed skills compatible with the Global Market.

At Amity, Quality Teaching is fostered with the use of innovative pedagogical techniques to produce learning outcomes for students. It involves several dimensions, like the effective design of curriculum and course content, a variety of learning contexts (including guided

independent study, project-based learning, collaborative learning, experimentation, etc.), soliciting and using feedback, and effective assessment of learning outcomes. It also involves well-adapted learning environments and student support services.

Fostering quality teaching is a multi-level endeavor at Amity. Support for quality teaching is practiced and monitored at three interdependent levels:

- **Individual level:** including initiatives that help teachers achieve their mission, encouraging them to innovate and to support improvements in student learning and adopt a learner-oriented focus.
- **Program level:** comprising actions to measure and enhance the design, content and delivery of the programs within a department or a school.

Amity prepares students for entry to an environment that is characterised by greater uncertainty, speed, risk, complexity and interdisciplinary working and equip them with appropriate skills, knowledge, values and attributes to thrive in it. There is a strong drive to build and create knowledge together with an understanding of working life and reformulate the concept of knowledge in learning situations. Strong connections with working life through different academic projects provide authentic opportunities to learn both generic and professional competencies as well as to build networks and pathways for employment after graduation.

The salient points of the pedagogy are:

1. Detailed Course Delivery Plan

- a. Course objectives.
- b. Continuous assessment scheme, i.e. components, schedule and feedback.
- c. Common thread through the course objectives, syllabus, pedagogy and the assessment scheme.
- d. Listing topic wise allocation of sessions.
- e. List of text and references (numbers and quality).

2. Power Point Presentations for all the sessions (1 credit course requires 10-12 hours of teaching).

3. Other Teaching Material

- a. Teaching notes and material in addition to the prescribed text.
- b. Guidelines on short projects.
- c. Relevant articles and papers.
- d. Tutorial sheets, as defined in the program structure.
- e. Model Question Papers
- f. Experiments to be carried out in labs, their objectives and methodology.
- g. Use of videos/ films, including the objective to be achieved.

4. Making the Course Practice Oriented

- a. Field/industry visits, their planning, objectives and summary report leading to evaluation.
- b. Projects.
- c. Case studies and other exercises.
- d. Guest lectures/panel discussions.

5. General guidelines for students regarding attendance, punctuality, meeting the deadlines, chamber consultation hours, prior self-study to be undertaken etc.

SYSTEM OF EDUCATION

Semester System

Amity University follows a semester system, which is in conformity with the global practices and standards. The Course curriculum of one year is taught in two semesters, i.e. 15 weeks each. The Semester system promotes greater interaction between faculty members and students and permits more meaningful term paper and assignments.

100% Attendance

Every student in Amity University is required to achieve 100% attendance in all the Lectures, Tutorials and Practicals and Seminars arranged for the respective course during the semester. However, a relaxation up to a maximum of 25% is granted in case of contingencies. A minimum of 75% attendance is required to appear in the examinations. 100% attendance criteria ensure academic excellence, disciplinary approach and growth of the student.

INTERNAL EVALUATION SYSTEM

The scheme of examinations & evaluation is one of the most important components of judging the academic performance and development of the students. Therefore, in Amity, the students are assessed at regular intervals.

CURRICULA & SYLLABI

The detailed course curriculum of all the programs in Amity University is reviewed at regular intervals as per the industry requirements. For this, many points are considered such as feedback reports on the placements, employability of the passed-out students, latest developments in the technology, statutory compliances of various bodies, etc. The course syllabus is first examined and evaluated by the Programme Review Committee which is then reviewed for recommendations to the Academic Council for approval.

The Program Structure is prepared for each Program that includes a semester-wise course (core and electives) to be taught, any internship to be undergone, project/dissertation as per requirement of the program curricula. Each course contains details of the course code, classroom hours, practical/lab classes, tutorials, self-study hours and credit units.

The credit units attached to each course are defined in terms of contact hours, i.e. Lectures (L), Tutorials (T) and Practicals (P). Towards earning credits in terms of contact hours, 1 lecture and 1 tutorial per week are rated as 1 credit each and 2 practical hours per week are rated as 1 credit.

CHOICE BASED CREDIT SYSTEM (CBCS)

In accordance with the guidelines of the University Grants Commission, Amity University has implemented the Choice Based Credit System (CBCS) Programme in which the students have a choice to choose from the prescribed courses, across the courses being offered by the University, which are referred as core, elective or minor and they can learn at their own pace

and the entire assessment is graded-based on a credit system.

The basic idea is to look into the needs of the students with the aim to keep themselves up to date with development of higher education in India and abroad. CBCS aims to redefine the curriculum keeping pace with the liberalisation and globalisation in education. CBCS allows students an easy mode of mobility to various educational institutions spread across the world along with the facility of transfer of credits earned by students.

MONTHLY STRUCTURED MEETINGS

With an aim to build a sense of community and engage all stakeholders in decision making, as well as to improve the governance of various facts of academics & administration, structured meetings are being organized every month with stakeholders as below:

- I. Meeting with Teaching HOIs- Every first Thursday of Month- To discuss/resolve the issues and strengthening of the Academics Matters.
- II. Meeting with non-teaching HODs- Every second Thursday of Month- To discuss/resolve the issues related to general administration and other non-academics issues.
- III. Meeting with Students Representatives- Every third Thursday of Month- To discuss/resolve the issues of students related to academics and infrastructure facilities including mess, sports, extra curriculum activities etc.

7. PLACEMENTS & INTERNSHIPS

Amity has always enjoyed special preference of Indian as well as foreign recruiters on account of its students' excellent performance sustained over a long period of time and its strong brand image. To remain competitive in today's world, being adept in one area will not suffice.

One has to be familiar with other domains too. Amity's has a multi-faceted association with over 100 TOP Companies/organisations and is constantly involved in bringing reforms in regular course curriculum updating to meet the requirements of the environment. Notwithstanding these steps, industry participation has been made an integral part of the Board of Studies. Inviting Guest Lectures to polish their soft skills, organise summer internships and projects makes us different and unique from others.

At present there is a great demand for knowledgeable, talented and devoted people in the market. The Corporate Resource Centre (CRC) at AUP is in place with the aim of guiding and helping the students to get deserving placements in the required field. CRC provides placement assistance to the students of technical programs of all Amity Institutions. The Corporate Resource Center is a unique concept and one of its kind in India in bringing the Industry and Academia close to each other and provides need-based education and organization support. It has the task to organize in-campus interviews for student placement and training.

CRC organizes corporate guests lectures and industry interaction. The CRC's goal is to make every student of Amity a success story by helping them become ethical leaders who can manage and lead change across diverse organizations. It works with the students to make them Industry fit and Industry relevant. The CRC is manned by professionals from the corporate world who bring with them rich Industry experience. This helps them understand Industry requirements in terms of skill sets and attributes.

The ability of Amity students to think out of the box solutions for uncommon problems makes them ideal for such industries. Over the years, the market for the Institute's students has remained bullish, as freshly placed recruits continue to deliver on their promises and satisfy their employers.

Amity University, Patna has a very strong Corporate Resource Centre, which works round the year for:

AMITIANS' SUCCESS STORIES

AMAN KUMAR
B. Tech - CSE | Placement in JP Morgan | CTC: 18 LPA

The 4 years of my undergraduate degree at Amity School of Engineering & Technology, Patna, helped me gain the finesse and confidence to excel in my academic journey. The practical skills that I acquired during my course enabled me to apply those skills thoughtfully, through a quantitative approach. These are the same set of skills that helped me excel in the corporate world.
