Amity Scholarships

Amity has always been driven by the vision of Dr. Ashok K. Chauhan to develop and groom the next generation of leadership in organisations, communities, and society at large. To achieve this vision, the Amity scholarships were instituted to help those who excel in academics and deserve world class education but do not have the means.

At Amity, we believe in rewarding the hard work and excellence achieved by meritorious students in their academic endeavors. Amity Scholarships have been introduced to encourage the talents of such students, thereby strengthening the foundation of our future generation, a small step towards the collective goal of making India the knowledge superpower of the world.

The Regulations on Scholarships, Awards, and Medals & Special awards have been issued under which the following diverse scholarships are offered to the students:

We have offered Scholarships of. **Rs. 1,28,95,525** to deserving students during the academic year 2024-2025.

It focuses on combining logistic regression and graph neural networks (GNNs) for accurate disease modeling and drug target predictions in pandemic scenarios.
55. *Abhijeet Ghosh* and team authored **“Critical Analysis and Exploration of Ecological Crisis and Degradation”** (pp. 45–53), analyzing the root causes and effects of ecological collapse. The chapter calls for interdisciplinary and urgent environmental reform.
56. *Sanjay Kumar* and co-authors contributed **“Chaos Analysis in Lowest Dimensional Fractional Order Satellite Systems and Its Control Techniques”** (pp. 63–71), offering novel mathematical modeling for satellite control systems using chaos theory and fractional calculus.
57. *Roli Mishra* and her team presented **“Harnessing Science for Power: An Analysis of MCU Characters and the Role of Technology in Shaping Power Distribution”** (pp. 73–80). This unique chapter draws parallels between science fiction and real-world technology, examining power narratives in the Marvel Cinematic Universe.
58. *Shweta Chandra* and *Lalita Kumari* authored **“Empowering Anaphora Resolution in Magahi Through Decision Trees”** (pp. 81–88), demonstrating the application of decision tree algorithms to improve natural language processing in Magahi, a regional Indian language.
59. *Roli Mishra* and team contributed **“Digital Amplification of Silent Struggles”** (pp. 99–105), highlighting how digital media platforms bring visibility to marginalized voices and personal battles in the post-digital age.
60. *Saurabh Sambhav* and co-authors presented **“Prediction of Air Quality Index Using Support Vector Machines”** (pp. 107–116). This chapter offers a machine learning-based solution to monitor and predict AQI, vital for environmental management.
61. *Lalita Kumari* and co-researchers wrote **“Fake News Detection Using Machine Learning Techniques”** (pp. 117–123), focusing on training ML models to differentiate between authentic and misleading content in online ecosystems.
62. *Preetish Ranjan* and his team explored cybersecurity in **“A Controlled Exploration of Vulnerability Assessment and Penetration Testing Through Burp Suite”** (pp. 125–133). The chapter offers a practical guide for ethical hacking and software vulnerability analysis using Burp Suite.
63. *Dr. Kamini* collaborated with other faculty to author the national-level book **“Human Values and Ethics”** (RK Publications, 2025). This work outlines philosophical and cultural foundations of ethics, intended for students and professional development.
64. *Ms. Anupam Sinha* and *Mr. Manish Kumar* co-authored the chapter **“Intellectual Property Rights and Artificial Intelligence: A Beginning of New War”** (pp. 74–85) in *Artificial Intelligence & Intellectual Property Rights: Unveiling the Future* (2025). This international chapter explores AI-generated inventions and the legal complexities surrounding IPR.

65. *Sweta Priya* and team contributed the chapter **“Real-time Fraud Detection Using AI and Signal Processing”** (pp. 121–136) in *Role of Internet of Everything (IoE), VLSI Architecture, and AI in Real-Time Systems* (IGI Global, 2025). This chapter details real-time fraud prevention systems using hybrid technologies.

66. *Dr. Deepak Kumar Singh* and a team of researchers authored the international book **“Advanced Engineering and Sustainable Solutions (Advanced Structured Materials)”** (Springer, 2025, 228 pages). The book compiles cutting-edge research in sustainable materials science and advanced engineering practices, addressing global sustainability goals.

67. *Umesh Kumar* and co-authors contributed the chapter **“Accurate Permeate Flux Prediction of the VMD Desalination Process Using GA-ANN Technique”** (pp. 1–8), which presents a hybrid Genetic Algorithm–Artificial Neural Network model for efficient prediction of water permeation in membrane desalination processes.

68. *Umesh Kumar, Rajesh Mahadeva,* and team explored interdisciplinary water-related studies in their chapter **“Exploring Diverse Research Fields in Water: Challenges and Opportunities”** (pp. 29–37), which discusses innovations and research gaps in water sustainability, treatment technologies, and policy frameworks.

69. *Umesh Kumar* and collaborators authored **“Efficient Removal of Methylene Blue Dye from Aqueous Solutions Through Adsorption Method onto Natural Banana Leaf Adsorbent”** (pp. 39–51), showcasing a green chemistry approach for dye removal using agricultural waste as a cost-effective and eco-friendly adsorbent.

70. *Dr. Deepak Kumar Singh* and team presented the chapter **“Analysis of a Plate with Variable Shaped Cut-Outs”** (pp. 65–69), which uses structural analysis and FEM to assess the mechanical behavior of plates with differently shaped voids, relevant for aerospace and civil applications.

71. *Preeti Agarwal, Deepak Kumar Singh,* and co-authors explored sustainable construction in **“Partial Replacement of Fine Aggregate with Plastic, Rubber, or Electronic Wastes for the Manufacturing of Concrete”** (pp. 71–80). This research promotes waste reuse in concrete production, enhancing sustainability in civil engineering.

72. *Dr. Kumar Anand* authored the chapter **“The Rise of AI in Higher Education”** (pp. 167–173) in the national book *Future of Learning: AI Integration & Human Expertise in Education* (2025). The chapter examines AI’s transformative role in education delivery, personalization, and administrative efficiency.

73. *Dr. Adarsh Kumar* and *Dr. Shiv Kumar* authored **“India's Digital Growth Landscape: Opportunities and Challenges in Digital Banking”** (pp. 36–43), which analyzes the fintech boom in India, digital inclusion, and policy challenges in modernizing financial services.

74. *Ms. Charu* and *Ankit Srivastava* contributed the chapter **“Financial Inclusion Through a Different Lens: Insights from Mental Health Perspectives”** (pp. 141–145), discussing the intersection of financial access and mental well-being, advocating for inclusive policy that considers psychological barriers.

75. *Dr. Rahul Ahuja* authored the international book **“Mastering Social Media for Brands & Businesses: Part One – The Foundation”** (2025), published in the UK. The book is a practical

guide on establishing a strong digital presence, focusing on foundational strategies for marketing and branding.

76. *Dr. Ashutosh Kumar Santosh* contributed the chapter **“Yoga Darshan and Therapy in Indian Context”** (pp. 209–231) to *Indian Knowledge System – II* (2025), discussing traditional Indian philosophical frameworks of yoga and their relevance in modern therapeutic contexts.

77. *Nishita* authored the chapter **“Personality Dynamics: Triguna of the Self”** (pp. 105–115) in *Indian Knowledge System – II*. The research explores the ancient Indian psychological model of Triguna—Sattva, Rajas, and Tamas—as a lens to understand human personality and behavior.

78. *Nikhil Sharma, Abhishek Anand, and Sanjay Kumar* co-authored the international book **“Real Time Onboard Project”** (Lambert Publishing, 2025, pp. 1–42), which compiles real-world embedded systems projects, offering insights into practical implementation of real-time systems in onboard applications.

79. *Dr. Anand Kumar Soni* supervised *Lavanya Sharan* and *Nikhil Pratap* in their book chapter titled **“Sustainable Packaging Solutions: Innovations and Best Practices”** (pp. 4–12) published in the national compilation *From Profit to Planet: The Evolution of Sustainable Business Practices* (2024). The chapter delves into eco-friendly packaging innovations, highlighting industry adoption of biodegradable and reusable materials to reduce environmental impact.

80. *Dr. Rashmi Singh* mentored *Alvia Nasreen* and *Khushi Singh* for their book chapter **“Sustainable Agriculture Practices: Promoting Food Security and Environmental Health”** (pp. 13–17), which emphasizes sustainable farming methods such as crop rotation, organic fertilization, and integrated pest management to secure food systems and safeguard ecosystems.

81. *Prof. Mubashir Alam* guided *Divya Sinha* and *Aliba Askari* in their work **“Circular Economy Models: Reducing Waste and Maximizing Resource Efficiency”** (pp. 18–31). The chapter examines circular economic frameworks that focus on redesign, reuse, and recycling to transform linear production-consumption systems into sustainable loops.

82. *Dr. Vinita Verma* supervised *Subhrant Suman* and *Shubhangi* on their chapter **“Implementing Green Initiatives: Strategies for Sustainable Energy Usage in Businesses”** (pp. 32–46), which explores energy conservation technologies, renewable integration, and green certifications adopted by enterprises for reducing carbon footprints.

83. *Dr. Manisha Srivastava* worked with *Aishwarya Wardhan* and *Aadit Ashok* on **“Sustainable Tourism: Promoting Environmental Conservation and Community Development”** (pp. 47–55), which discusses responsible tourism models that protect cultural heritage and natural resources while boosting local economies.

84. *Prof. Kunal Shrivastav* mentored *Sabreen Ishteyaque* and *Akriti Garg* in the chapter **“Employee Engagement in Sustainability Initiatives: Fostering a Culture of Responsibility”** (pp. 63–69). This research emphasizes internal stakeholder engagement as a core strategy in building sustainable corporate cultures.

85. *Dr. Rekha Tiwary* and *Upanshu Mishra* served as editor and co-editor of the book **“From Profit to Planet: The Evolution of Sustainable Business Practices”** (2024, 111 pages), a

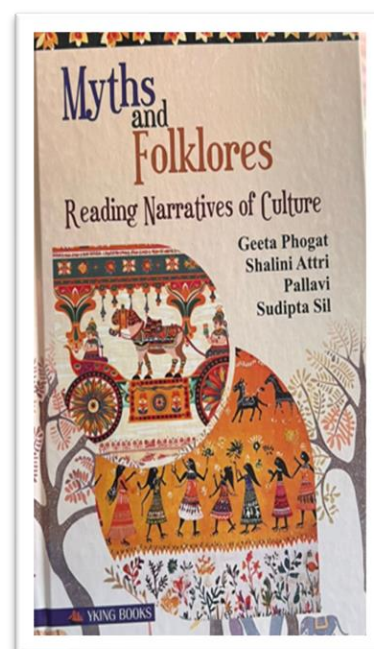

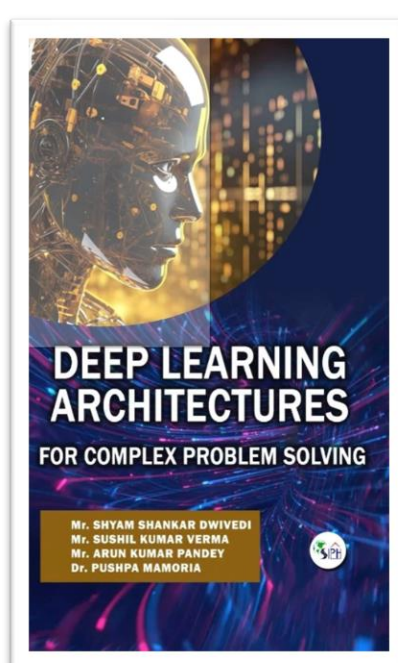

national-level compilation of sustainability-focused chapters across disciplines, aimed at highlighting transitions from profit-driven to planet-conscious corporate models.

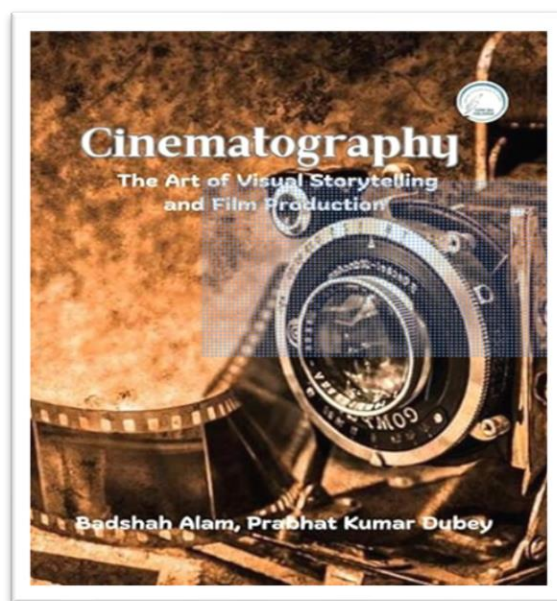

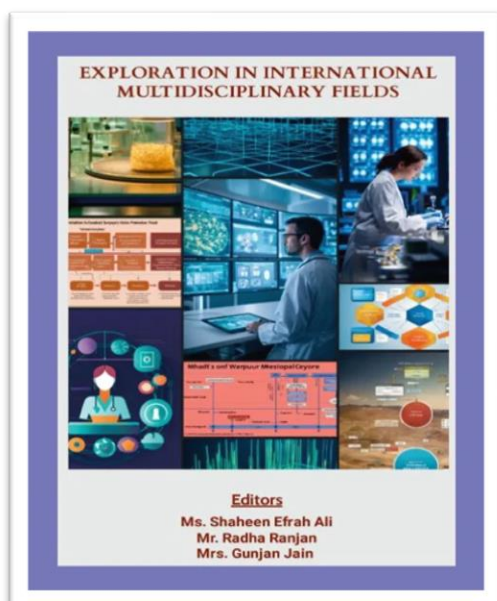

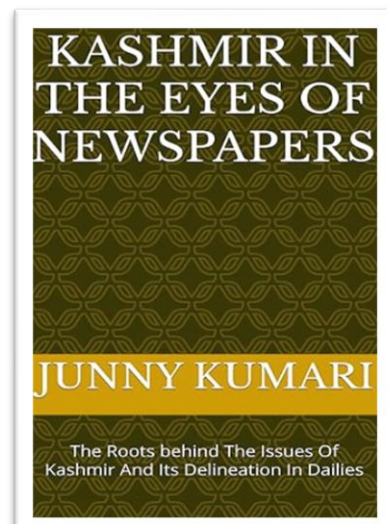

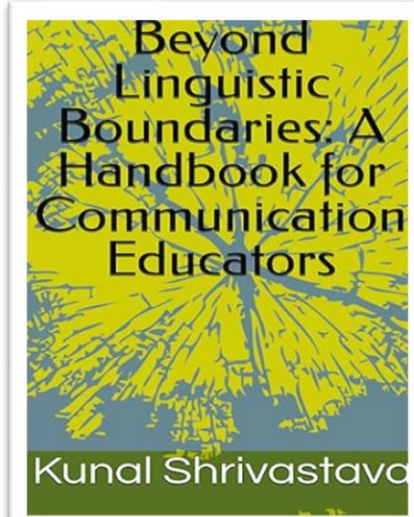

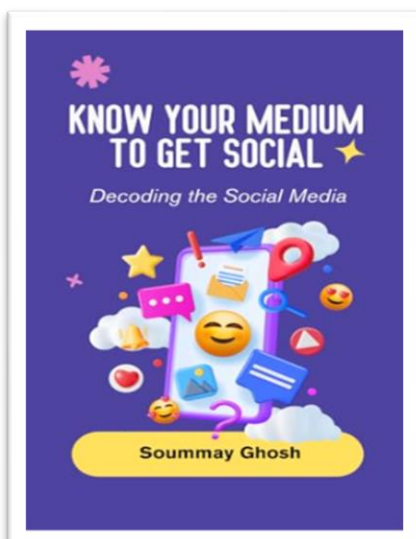

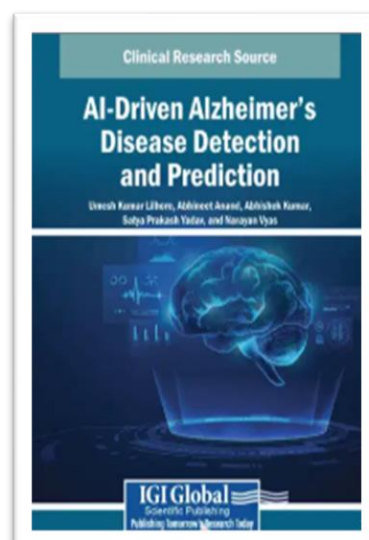

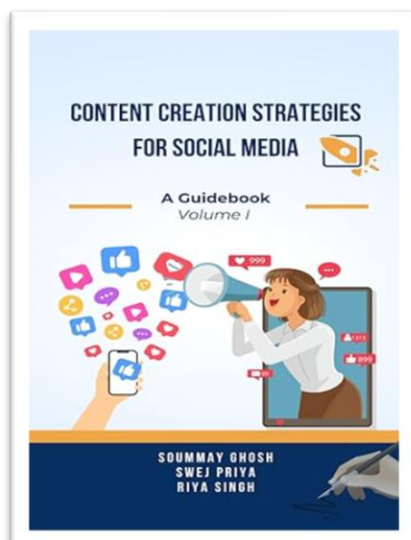

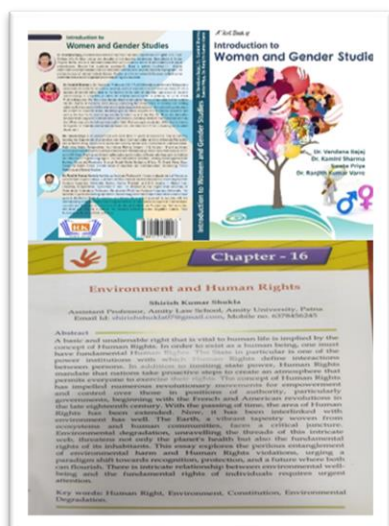

86. Radha Ranjan and Manvendra Kumar Tripathi authored a chapter titled **“The Role of Technology in Enhancing the Efficiency of the Bhartiya Nagarik Suraksha Sanhita 2023”** (pp. 148–154) in the book *Crime and Consequences: A Comprehensive Guide to Criminal Laws in India* (2024). The study evaluates how digital tools can streamline legal enforcement and protect citizens under India’s reformed criminal law system.

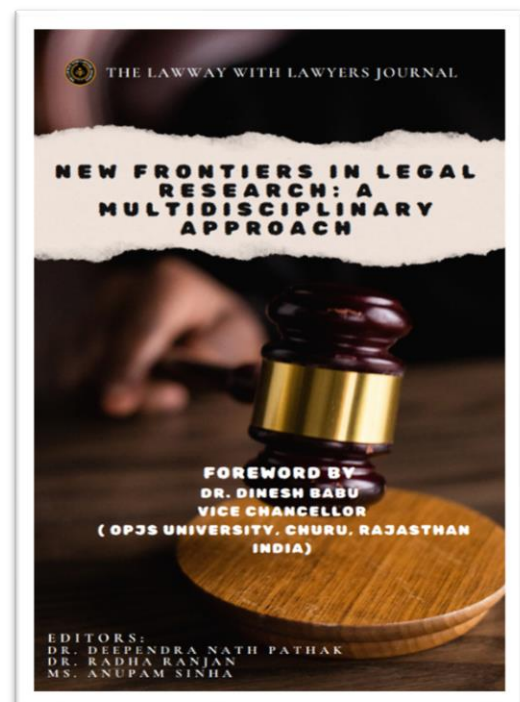

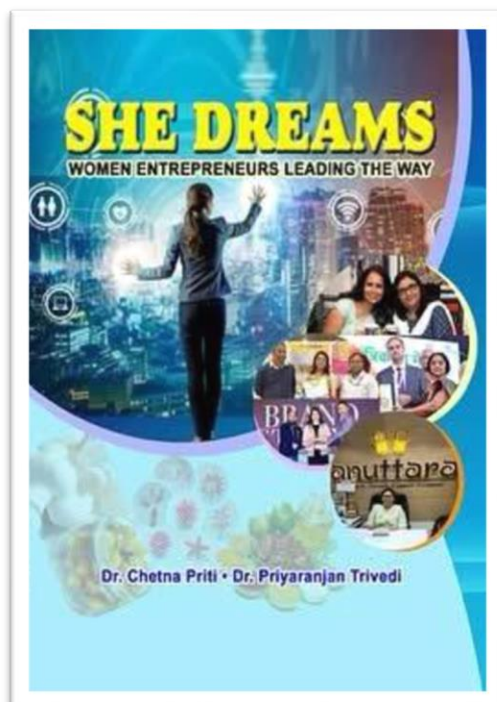

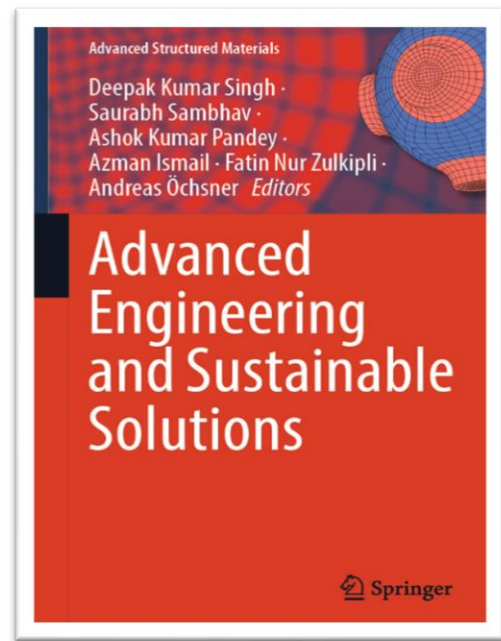

87. Dr. Shweta Chandra and Dr. Diwakar Kumar Jha contributed a chapter **“Gender Equality and Women Rights”** (pp. 56–74) in *Empowering Marginalized Voices: Women's Participation in India's Panchayat Raj System* (2024), discussing legislative, societal, and grassroots mechanisms to empower women leaders in rural governance structures.

88. Mr. Shyam Shankar Dwivedi, along with **Mr. Sushil Kumar Verma, Arun Kumar Pandey, and Dr. Pushpa Mamoria**, authored the international book **“Deep Learning Architectures for Complex Problem Solving”** (2025, 152 pages). The book provides theoretical and application-based insights into deep learning models used for real-world issues such as medical imaging, natural language processing, and predictive analytics.

4.3. Papers In National/International Conference-Proceedings Published by Faculty

1. **Dr. Kishore Bhattacharjee**, as a co-author, contributed to a study titled “*Application of Machine Learning Algorithms in Personalized Marketing*” presented at the 5th International Conference on Recent Trends in Computer Science and Technology (ICRTCST). This research explores how machine learning can tailor marketing efforts to individual consumer preferences, thereby enhancing customer engagement and conversion rates.
2. **Dr. Lalita Kumari**, serving as first author, presented “*Deep Learning Based Model for Predicting Flooding Pattern and Climate Shifts*” at the ICIPTM 2024 conference. The paper outlines a deep learning framework that integrates environmental data to forecast flood risks and long-term climate variations, offering early-warning capabilities for disaster management.
3. **Dr. Vivekanand Pandey** co-authored “*AI-Enhanced Drug Screening: Accelerating Drug Development*” at ICRTCST. The research presents a machine learning approach to expedite the drug discovery process by predicting molecular interactions and pharmacological properties more efficiently than traditional methods.
4. **Dr. Shashi Bhushan**, as co-author, contributed to “*Pre-Examination of Breast Cancer Dataset Using Exploratory Data Analysis (EDA) Approach*” at ICCICA 2024. This study uses EDA techniques to identify significant patterns and potential indicators in breast cancer datasets, aiming to improve early detection strategies.
5. **Dr. Lalita Kumari**, as first author, presented “*Deep Learning-Based Summarized Notes Generation from Document*” at ICRIC 2023. This research proposes an automated summarization tool using deep learning, which condenses academic or technical documents into concise notes to assist learners and professionals.
6. **Dr. Vivekanand Pandey** co-authored a paper on “*The Importance of Early Detection and Risk Assessment for Chronic Disease Based on IF-ORBF-DA Approach*” at ICECCC 2024. The study develops a hybrid detection framework integrating intelligent filtering and deep algorithms to identify risk factors for chronic diseases early.
7. **Dr. Vivekanand Pandey**, as a co-author, presented “*An Innovative Method for Short Term Electrical Load Forecasting Based on Adaptive CNN - MRMR Model*” at ICECCC 2024. The paper introduces an adaptive model for predicting short-term electricity demand using machine learning for smart grid optimization.
8. **Dr. Sushant Kumar Dubey** authored “*Academic Writing and its Manifestation in Today’s Time*”, a solo work featured in *Ink & Insight*. This reflective study examines the role and evolution of academic writing in contemporary education and scholarly communication.

9. **Sweta Priya**, as co-author, presented *“An Efficient Method for Image Forgery Detection Based on MEHO-SAE Model”* at WCONF 2024. The research integrates multiple feature extraction and deep learning techniques to detect tampered images with high precision.
10. **Dr. Vivekanand Pandey**, as co-author, contributed to *“Predictive Analysis of Academic Performance Among Students Using A-CNN-BiLSTM Approach”* at WCONF 2024. This study leverages advanced neural networks to forecast student performance trends based on behavioral and academic data.
11. **Dr. Vivekanand Pandey** also co-authored *“An Efficient Parking Management System for Smart Cities Using GA-RBF Model to Optimize Fuel, Time, and Cost”* at IACIS 2024. The system utilizes genetic algorithms and radial basis functions for efficient parking allocation in urban areas.
12. **Dr. Lalita Kumari**, as first author, presented *“Machine Learning Models in Customer Behaviour Prediction: A Comparative Analysis”* at IC3I. The study compares multiple ML models to predict consumer purchasing patterns, aiming to refine marketing strategies.
13. **Sweta Priya**, as co-author, presented *“Impact of Social Media Marketing on Online Consumer Behavior using Self-Organizing Maps”* at SSITCON. The research evaluates how unsupervised machine learning models can identify emerging consumer behavior trends influenced by digital marketing.
14. **Dr. Sweta Priya**, co-author of *“Influencing Consumer Behaviour on E-Commerce Platforms Through Social Media Marketing Using BiLSTM-KNN Models”*, presented at InCoWoCo. This hybrid model combines neural networks and K-nearest neighbors to analyze social media’s influence on purchase decisions.
15. **Rakesh Kumar Yadav**, as co-author, presented *“Edge Intelligence Hybrid Framework for Real-Time IoT Applications Using Multi-Stage Adaptive Processing Methods”* at ICMCSI. This study proposes an edge computing model that optimizes IoT data processing in latency-sensitive environments.
16. **Abhishek Anand**, as first author, contributed *“Role of Small Opcodes in Identifying Android Malware”* at C3IT. The paper investigates how specific instruction patterns (opcodes) can be analyzed to detect and classify Android malware efficiently.
17. **Dr. Vivekanand Pandey**, as co-author, presented *“Advanced Customer Emotion Detection in Online Shopping: ACNN and BiLSTM-Based Approach”* at GCCIT. This research combines convolutional and recurrent neural networks to interpret customer emotions from reviews and interactions.
18. **Rakesh Kumar Yadav**, co-author of *“A Robust Protocol Design to Perform Data Communication over Wireless Sensor Networks with Enhanced Privacy Preserving Principles”*, presented this work at ICSADL 2025. The paper discusses secure and efficient data exchange frameworks in sensor networks.

19. **Shashi Shekhar**, co-author, presented “*Explainable Test Case Prioritization in Continuous Integration through Incremental Learning Approach*” at CCIS 2024. This research proposes an explainable AI model to prioritize test cases dynamically during CI/CD development cycles.
20. **Dr. Sweta Priya**, as co-author, contributed “*Machine Learning-Based Detection of Stress Levels in Students with Social Media Addiction*” at ICICACS 2025. The study uses behavioral data and ML models to identify stress indicators among social media-addicted students.
21. **Dr. Deependra Nath Pathak**, as first author, presented “*Improving E-Commerce Fraud Detection: A GAN and Reinforcement Learning Approach Integrated with Personality Analysis*” at ICVADV 2025. The research introduces a novel fraud detection model that combines deep learning with behavioral profiling.
22. **Dr. Radha Ranjan**, as first author, contributed “*Improving EFL Students' Reading Skills Using Graph Attention Networks and Intelligence-Based Tasks*” at ICICACS 2025. This study utilizes graph neural networks to enhance reading comprehension among English-as-foreign-language learners.
23. **Dr. Ashutosh Kumar Santosh**, as first and corresponding author, presented “*Reasons of Non-Accessibility of Rehabilitation Services by the Parents of Children with Autism in the State of Bihar: A Qualitative Study*” at the National Conference on Health and Well-Being (2024). The study identifies barriers such as awareness, cost, and infrastructure.
24. **Ankit Kumar**, as first and corresponding author, contributed “*Relationship Between Academic Stress and Cognitive Distortion Among Students in Professional Training Institutions*” at the same conference. The paper highlights how academic pressures influence cognitive biases in professional students, suggesting mental health interventions.

4.4. Conferences Organized at AUP

1. The **International Conference on “Challenges and Recent Insights on Social Sciences and Information Technology (CRISSIT 2024)”**, organized by ACCF, was held on **8th–9th August 2024**. Convened by **Dr. Ajit Kumar** and **Dr. Adarsh Kumar**, this conference focused on the intersection of social sciences and IT, aiming to bridge gaps between technological advancement and societal understanding through interdisciplinary discussions.
2. The **International Conference “Digital India: The Road Ahead (ICBSRI 2024)”**, hosted by ASCO, took place on **22nd–23rd August 2024**. Led by **Prof. Sweta Priya** and **Prof. Rahul Ahuja**, with contributions from **Prof. Junny Kumari** and **Prof. Badshah Alam**,

the event addressed India's digital transformation roadmap, covering themes such as e-governance, cybersecurity, and digital inclusion.

3. The **International Conference on Gender Studies and Intersectionality**, organized by AIESR, was held on **26th–27th September 2024**. Spearheaded by **Dr. Abhijeet Ghosh**, and supported by experts like **Prof. Roli Mishra, Dr. Ria Basu, Dr. Jayini Bhawmik**, and **Prof. Sneha Biswas**, the event explored multidimensional gender issues through academic and policy-oriented lenses, promoting inclusivity and equity.
4. The **National CRE Conference titled “Bridging the Gaps: Advancing Psychological Interventions and Rehabilitation Strategies for Autism Spectrum Disorders”**, organized by AICP, was held over **two days, 20th–21st March 2025**. Coordinated by **Mr. Vikas Kumar** and **Ms. Aparna Verma**, this national event focused on mental health, intervention frameworks, and inclusive practices for children with autism, encouraging evidence-based rehabilitation strategies.

4.5. Faculty Development Program at AUP

1. A Skill Development Program (SDP) titled "Communication: A Roadmap to Success" was organized jointly by ASCS and ASET from 15th to 19th July 2024. Led by **Dr. Shweta Chandra** and **Dr. Shashi Shekhar**, the program aimed to enhance professional communication skills, focusing on academic and organizational contexts for effective collaboration and career progression.
2. An FDP conducted by AIIT from 15th to 19th July 2024 focused on "AI/ML Algorithms and Their Application to ChatGPT". The session was coordinated by **Dr. Rashmi Shekhar** and **Prof. Prasanna Kumar**, offering in-depth exposure to contemporary machine learning tools and their integration with generative AI like ChatGPT for educational and research advancements.
3. ASET hosted an FDP titled "Connecting Theory and Emerging Research with Applied Technologies" from 22nd to 26th July 2024. Spearheaded by **Dr. Preetish Ranjan** and **Dr. Sanjay Kumar**, along with contributors **Dr. Santosh Dixit**, **Dr. Lalita Kumari**, **Dr. Vishal Shrivastava**, and **Dr. Anamika Kumari**, the program fostered interdisciplinary research engagement and promoted practical application of theoretical knowledge in STEM fields.

4. An FDP on **"Research Methodology for Qualitative Study"** was organized by ABS between **27th to 31st August 2024**. The academic leads, **Dr. Chetna Priti, Dr. Kamini, and Dr. Sachin Kumar**, along with **Dr. Rohit Kumar and Dr. Ritesh Ravi**, guided participants through the nuances of qualitative research techniques, data interpretation, and methodological rigor in social science research.
5. A **Workshop** titled **"Gender and Performance"** was conducted by AIESR from **26th to 30th August 2024**, led by **Dr. Ria Basu and Dr. Jayini Bhaumik**, both Assistant Professors at AIESR, AUP. This interactive workshop focused on gender dynamics and performance studies, blending theoretical frameworks with performance-based analysis to challenge social norms and promote inclusivity.
6. An FDP by ASCO titled **"Innovative Research Methods for Modern Academia"** is scheduled from **4th to 10th February 2025**. Organized by **Dr. Sweta Priya and Ms. Junny Kumari**, with key speakers **Mr. Badshah Alam and Ms. Shatabdi Chakraborty**, the program intends to equip researchers with advanced, interdisciplinary research tools and methodologies suited to contemporary academic landscapes.

4.6. Consultancy Projects and Promotional Support Activities

1. In 2024, **Mr. Satyjit Nath**, Assistant Professor at ASET, undertook a consultancy project titled "Geo-Referencing Pictures of Open Drains in the City (Patna)." This project was approved by the Foundation for Innovation and Technology Transfer, IIT Delhi, with a funding amount of ₹4,36,600. The project officially commenced on 8th August 2024.
2. **Dr. Narendra Kumar Tiwary** from ASET initiated a consultancy project involving the Mahaveer Cancer Sansthan & Research Centre, Patna, Bihar. The engagement involves visiting ongoing and upcoming construction sites under the institution and providing expert engineering advice. The consultancy is valued at ₹1,35,000 per month for a period of three years, starting from 2nd September 2024.
3. In 2025, **Sweta Priya** from ASCO began a consultancy assignment focused on promotional support for Kaushik Dular Sports. This engagement was valued at ₹50,000 and was carried out on 19th March 2025.

4. On 20th March 2025, **Sweta Priya** undertook another consultancy assignment under ASCO, providing promotional support services for Gold Dozo Gym and Gold Dozo Cafe. This assignment was valued at ₹40,000.
5. **Sweta Priya** from ASCO also provided promotional support for BOB Salon & Academy on 10th April 2025. This consultancy project was valued at ₹40,000.

4.7. Awards/ Fellowship received

1. **Dr. Dependra Nath Pathak** from AUP received the **Best Faculty Award** at the **International award ceremony on Republic Day Education Awards (RDEA-2025)** organized by **Knowledge Research Academy, Tamil Nadu** on **26th January 2025**.
2. **Anupum Sinha & Radha Ranjan**, both faculty members at AUP, received the **Best Paper Presentation Award** at the **Innovators Summit 2025**, organized by **Akedemia** on **18th January 2025**.
3. **Anupum Sinha** from AUP was honored with the **Young Researcher Award** by the **Bhargava Foundation for Research and Education** at the **Teaching and Research Excellence Awards 2025** held on **25th January 2025**.
4. **Radha Ranjan**, also from AUP, received the **Young Researcher Award** from the **Bhargava Foundation for Research and Education** at the same **Teaching and Research Excellence Awards 2025** on **25th January 2025**.
5. **Hariom Sharnam**, a student from AIIT, won **1st Prize** for the **Innovation of HEED (an application designed to assist individuals with hearing impairments)** at the **Innovation Festival 2025** organized by the **Shrikrishna Science Centre** on **20th March 2025**.
6. **Akshat Kumar**, another student from AIIT, also secured the **1st Prize** for the same innovation, **HEED**, at the **Innovation Festival 2025** conducted by the **Shrikrishna Science Centre** on **20th March 2025**.
7. **Shreyas B. and Harsh Kumar** from ASET received the **Outstanding Innovation Award** from the **National Research Council of Thailand** for their creative invention titled “**Me Box: Smart Power Distribution Device**” during the period **2nd to 6th February 2025**.
8. **Dr. Radha Ranjan** from ALS was honored with the **Social Sciences Academic Awards** at **The Academic Excellence in Social Sciences: Virtual Recognition Awards 2025**, hosted by **Ashadi Wisdom Campus, Sri Lanka**, on **18th May 2025**.
9. **Amity University Patna (AUP)** received the **Award for Excellence in Community Engagement and Research** from **Gyan Vigyan Samiti Bihar** on **23rd May 2025** for their contributions to **Community Engagement and Research**.

4.8. Patent

1. Dr. Deependra Nath Pathak and Dr. Radha Ranjan from the Amity Law School, in collaboration with several co-inventors including Mohankumar S, Hepsi Ajibah A S, and Dr. Amit Chauhan, filed a patent titled *"AI-Driven Encryption Techniques in Biometric Payment Systems for E-Commerce Security"*. This innovation addresses the integration of artificial intelligence with biometric encryption to enhance e-commerce transaction safety. The patent application number is **202431089427 A**, filed on **19-11-2024** and published on **22-11-2024**.
2. Another patent led by Dr. Deependra Nath Pathak and Dr. Radha Ranjan, with a large interdisciplinary team, is titled *"The Impact of AI in Human Resource Management on Faculty Recruitment, Academic Performance, and Improvement in Higher Education"*. This research focuses on optimizing HR processes in academia using AI. The patent number is **202431089434 A**, filed on **19-11-2024** and published on **22-11-2024**.
3. Dr. Radha Ranjan, along with contributors including Shafqat Alauddin, Dr. Amit Chauhan, and M. Krishnaraj, filed a patent titled *"Cybercrime Detection and Prevention Using Automated Machine Learning in IoT Forensics"*. This invention proposes an AI-driven forensic framework for detecting and preventing cybercrimes in IoT systems. The application number is **202411094352 A**, filed on **01-12-2024** and published on **20-12-2024**.
4. In another innovative contribution, Dr. Radha Ranjan, with co-inventors such as Dr. Ram Ashish Shrivastava and Julius Irudayasamy, proposed a patent titled *"Enhancing Language Proficiency in Higher Education through Machine Learning-Based Assessments and Feedback Systems to Improve Academic Performance"*. The system utilizes AI to personalize academic evaluations and improve language outcomes. The patent number is **202421093308 A**, filed on **28-11-2024** and published on **03-01-2025**.
5. Dr. Radha Ranjan co-authored another patent titled *"Advancing Artificial Intelligence Education: Strategies for Curriculum and Pedagogical Innovation in Higher Education"*, with a team of educators including Dr. Mohd. Asif Gandhi and Dr. Bhawna Sharma. This patent emphasizes AI integration into educational strategies. The application number is **202421096996 A**, filed on **09-12-2024** and published on **17-01-2025**.
6. A further patent from Dr. Radha Ranjan, in partnership with professionals like Dr. Yusuf Perwej and Soumya Mishra, is titled *"AI-Enhanced Tools for Managing Technostress and Promoting Techno-Eustress among Teachers in Higher Education Institutions"*. This invention introduces AI-based solutions to address stress-related issues faced by educators due to technological demands. The application number is **202511005421 A**, filed on **23-01-2025** and published on **07-02-2025**.
7. Dr. Rashmi Shekhar from the AIIT department, in collaboration with Dr. Shikha Jalota and Dr. Ruchi Gupta, filed a patent titled *"Data Driven Marketing Campaign Optimization System"*

Using Behavioral Analytics". This system aims to revolutionize marketing campaigns by leveraging AI-powered behavioral insights. The patent application number is **202511037109**, filed on **17-04-2025** and published on **02-05-2025**.

4.9 Industrial Design

- 1. Dr. Radha Ranjan and Dr. Vivekanand Pandey** from Amity University Patna (ALS) collaborated with researchers including **Dr. Anbalagan Sasi Kumar, Dr. Garaga Srilakshmi, Nidhi Tripathi, Dr. Shyam Kumar Anand, Dr. Manasi Vyankatesh Ghamande, Velicharla Mosherani, Kanimozhi Sivaraman, and Anvesh Perada** to develop an **AI-based device for Evaluating Academic Performance**. The design has been **registered** under **Industrial Design**, with registration number **6405107 (UK)** on **15-Nov-2024**.
- 2. Dr. Radha Ranjan and Dr. Sweta Priya** from Amity University Patna (ALS, ASCO) developed an **AI-Driven Student Outcome Tracking Device** in collaboration with **Dr. Anbalagan Sasi Kumar, Vijay Kumar Yalla, Nidhi Tripathi, Dr. Shyam Kumar Anand, Dr. Manasi Vyankatesh Ghamande, Velicharla Mosherani, Dr. Lavanya Selvaraj, and Anvesh Perada**. The design is **registered** under **Industrial Design**, with registration number **6405106 (UK)** on **15-Nov-2024**.
- 3. Dr. Deependra Nath Pathak and Dr. Radha Ranjan** from Amity University Patna (ALS) worked with **Prof. (Dr.) Brijendra Singh Yadav, Dr. Ausaf Ahmad Malik, Amaresh Patel, Aarti Patel** to create a **Forensic Data Analyzer**. The design has been **published** under **Industrial Design** with publication number **425319-001** on **20-Sep-2024**.
- 4. Dr. Sweta Priya** from Amity University Patna (ASCO) led the development of a **Data Processing Device to Monitor Students' Attention During Class**, alongside **Dr. Mamta Sharma, Nooka Madhusudhana Reddy, Dr. Habeeb Syed, Vivek Ravishankar Dubey, Dr. Sonal Bhanudas Shinde, Dr. Devadutta Indoria, Gayathri Balajee, Jalari Somasekar, and Billa Vamsi Krishna**. The device is **registered** under **Industrial Design**, with registration number **6415636 (UK)** on **04-Jan-2025**.
- 5. Dr. Rashmi Shekhar** from Amity University Patna (AIIT) worked on the project titled **"TEAM TRACKER: Novel Device Design for Collaborative Management"** with **Dr. Veena Grover, Ms. Mahima Dogra, Dr. Gurpreet Kaur, Anusha Pachori, Prashant Sharma, Dr. Arun Kumar, and Tiny Narayan**. The design is **registered** under **Industrial Design**, with registration number **430651-001** on **16-Sep-2024**.

4.10 Copyright

6.2 COURSE PREPAREDNESS OF FACULTY

University’s Quest for Excellence, desire to bring global trends in the curricula and extensive use of IT enabled teaching and learning practices, has resulted in preparing students with well-honed skills compatible with the Global Market.

At Amity, Quality Teaching is fostered with innovative pedagogical techniques to produce learning outcomes for students. It involves several dimensions, like the effective design of curriculum and course content, a variety of learning contexts (including guided independent study, project-based learning, collaborative learning, experimentation, etc.), soliciting and using feedback, and effective assessment of learning outcomes. It also involves well-adapted learning environments and student support services.

Fostering quality teaching is a multi-level endeavor at Amity. Support for quality teaching is practiced and monitored at three interdependent levels:

- **Individual level:** Including initiatives that help teachers achieve their mission, encouraging them to innovate and to support improvements in student learning and adopt a learner-oriented focus.
- **Program level:** Comprising actions to measure and enhance the design, content, and delivery of the programs within a department or a school.

Amity prepares students for entry into an environment that is characterized by greater uncertainty, speed, risk, complexity, and interdisciplinary working and equips them with appropriate skills, knowledge, values, and attributes to thrive in it. There is a strong drive to build and create knowledge together with an understanding of working life and reformulate the concept of knowledge in learning situations. Strong connections with working life through academic projects provide authentic opportunities to learn generic and professional competencies and to build networks and pathways for employment after graduation.

The salient points of the pedagogy are:

1. **Detailed Course Delivery Plan**
 - a. Course objectives.
 - b. Continuous assessment scheme, i.e., components, schedule, and feedback.
 - c. Common thread through the course objectives, syllabus, pedagogy, and the assessment scheme.
 - d. Listing topic wise allocation of sessions.
 - e. List of text and references (numbers and quality).
2. **Power Point Presentations** for all the sessions (1 credit course requires 10-12 hours of teaching).
3. **Other Teaching Material**
 - a. Teaching notes and material in addition to the prescribed text.
 - b. Guidelines on short projects.
 - c. Relevant articles and papers.
 - d. Tutorial sheets, as defined in the program structure.
 - e. Model Question Papers
 - f. Experiments to be carried out in labs, their objectives and methodology.
 - g. Use of videos/ films, including the objective to be achieved.
4. **Making the Course Practice Oriented**
 - a. Field/industry visits, their planning, objectives and summary report leading to evaluation.
 - b. Projects.

- c. Case studies and other exercises.
- d. Guest lectures/panel discussions.
- 5. General guidelines for students regarding attendance, punctuality, meeting the deadlines, chamber consultation hours, prior self-study to be undertaken etc.

6.3 SYSTEM OF EDUCATION

Semester System

Amity University follows a semester system, which is in conformity with the global practices and standards. The Course curriculum of one year is taught in two semesters, i.e., 15 weeks (about 3 and a half months) each. The Semester system promotes greater interaction between faculty members and students and permits more meaningful term papers and assignments.

100% Attendance

Every student in Amity University is required to achieve 100% attendance in all the Lectures, Tutorials and Practical's and Seminars arranged for the respective course during the semester. However, a relaxation up to a maximum of 25% is granted in case of contingencies. A minimum of 75% attendance is required to appear in the examinations. 100% attendance criteria ensure academic excellence, disciplinary approach, and growth of the student.

INTERNAL EVALUATION SYSTEM

The scheme of examinations & evaluation is one of the most important components of judging the academic performance and development of the students. Therefore, in Amity, students are assessed regularly.

CURRICULA & SYLLABI

The detailed course curriculum of all the programs in Amity University is reviewed at regular intervals as per the industry requirements. For this, many points are considered such as feedback reports on the placements, employability of the passed-out students, latest developments in the technology, statutory compliances of various bodies, etc. The course syllabus is first examined and evaluated by the Programme Review Committee which is then reviewed for recommendations to the Academic Council for approval.

The Program Structure is prepared for each Program that includes a semester-wise course (core and electives) to be taught, any internship to be undergone, project/dissertation as per requirement of the program curricula. Each course contains details of the course code, classroom hours, practical/lab classes, tutorials, self-study hours and credit units.

The credit units attached to each course are defined in terms of contact hours, i.e., Lectures (L), Tutorials (T) and Practical's (P). Towards earning credits in terms of contact hours, 1 lecture and 1 tutorial per week are rated as 1 credit each and 2 practical hours per week are rated as 1 credit.

CHOICE BASED CREDIT SYSTEM (CBCS)

In accordance with the guidelines of the University Grants Commission, Amity University has implemented the Choice Based Credit System (CBCS) Programme in which the students have a choice to choose from the prescribed courses, across the courses being offered by the University, which are referred as core, elective or minor and they can learn at their own pace and the entire assessment is graded-based on a credit system.

The basic idea is to investigate the needs of the students with the aim to keep themselves up to date with development of higher education in India and abroad. CBCS aims to redefine the curriculum keeping pace with the liberalisation and globalisation in education. CBCS allows students an easy mode of mobility to various educational institutions spread across the world along with the facility of transfer of credits earned by students.

MONTHLY STRUCTURED MEETINGS

With an aim to build a sense of community and engage all stakeholders in decision making, as well as to improve the governance of various facts of academics & administration, structured meetings are being organized every month with stakeholders as below:

- I. Meeting with Teaching HOIs- Every first Thursday of Month- To discuss/resolve the issues and strengthening of the Academics Matters.
- II. Meeting with non-teaching HODs- Every second Thursday of Month- To discuss/resolve the issues related to general administration and other non-academics issues.
- III. Meeting with Students Representatives- Every third Thursday of Month- To discuss/resolve the issues of students related to academics and infrastructure facilities including mess, sports, extra curriculum activities etc.

UNIQUE INITIATIVES

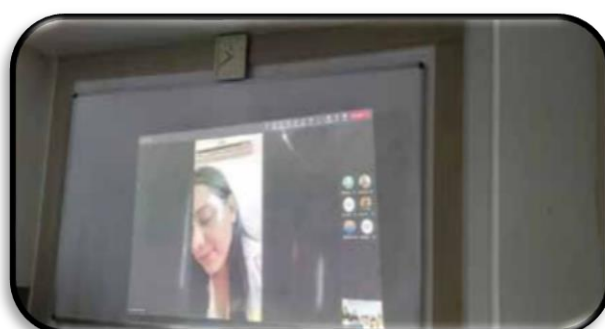

- Mentor-Mentee Programme
- Each One Teach one (Student Coaching)
- Fully equipped English language lab.
- One foreign language paper compulsory in all courses.

Amity Institute of English Studies & Research (AIESR) organised a guest lecture on Memory Studies, delivered by Dr. Avishek Parui, Associate Professor, IIT Madras, a distinguished scholar in the field. The session aimed to provide students and faculty with insights into the interdisciplinary study of memory, its cultural and psychological aspects, and its relevance in contemporary research. The Session was moderated by Dr. Ria Basu, and Dr. Parui provided an overview of memory studies as a discipline, highlighting its intersections with literature, psychology, history, and cultural studies.

He explained the significance of memory in shaping identities, historical narratives, and social consciousness. He emphasised the difference between individual memory and cultural memory and their roles in shaping societies. Dr. Parui illustrated how memory studies are applied in literature, cinema, and digital media. He analysed literary works that explore memory, trauma and nostalgia, showcasing examples from modern and postmodern texts.

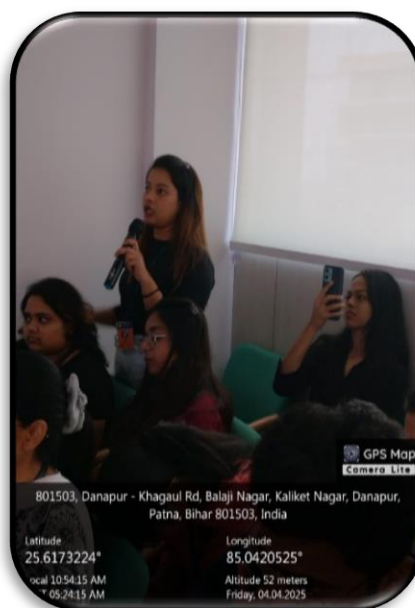

Amity Business School, Amity University Patna, successfully organized an insightful expert session focused on "How to Crack Group Discussions (GD) and Personal Interviews (PI)" as part of its placement readiness initiatives.

The session was graced by Mr. Kumar Devesh, Regional Sales Manager, Pantaloons (Bihar & Jharkhand), who served as the Chief Guest and speaker for the day.

Key Highlights of the Session

Mr. Devesh shared valuable tips and techniques for excelling in placement rounds, emphasizing the importance of body language, confidence, and effective communication. He advised students to speak with clarity, maintain a composed posture, and ensure balanced participation during GDs. He stressed the need to respect others' opinions, avoid dominating conversations, and focus on building collaborative discussions rather than competitive ones.

Following his talk, an interactive Q&A session was held where students posed various queries related to GD and PI challenges. Mr. Devesh answered each question with real-life industry examples, helping students understand expectations from recruiters and how to align their preparation accordingly.

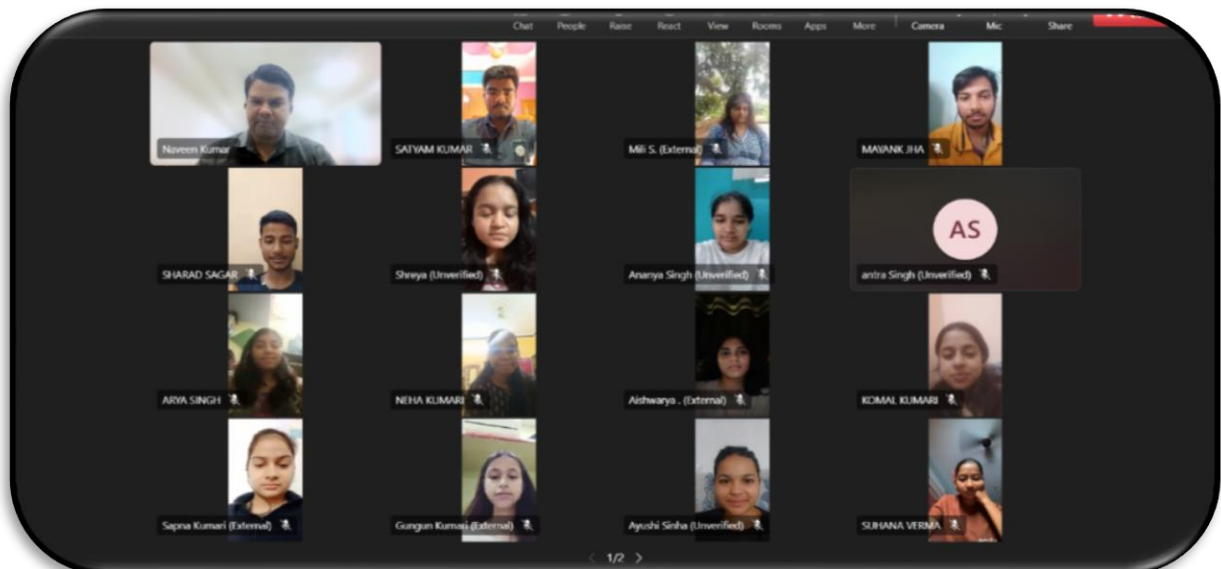

Amity School of Civil Services, Amity University Patna, organized a Guest Lecture on the Preamble of the Indian Constitution along with an engaging Poster Making Competition on 30th April 2025 at the Seminar Hall, Amity University Patna.

The event was graced by the Chief Guest, Shri Vyas Ji, IAS (Retd.), a distinguished figure in public administration. He delivered an enlightening lecture on the Preamble of the Indian Constitution, highlighting its core values and the role it plays in shaping the democratic framework of India. His address inspired students to uphold constitutional ideals in their personal and professional lives.

This development program focused on key areas like media production, visual storytelling, and content creation. Students gained hands-on experience with industry-standard tools and software, while experts shared valuable insights into the evolving media landscape. The program was designed to bridge the gap between academic learning and professional application, empowering students with real-world knowledge to excel in the dynamic fields of journalism, advertising, and digital media.

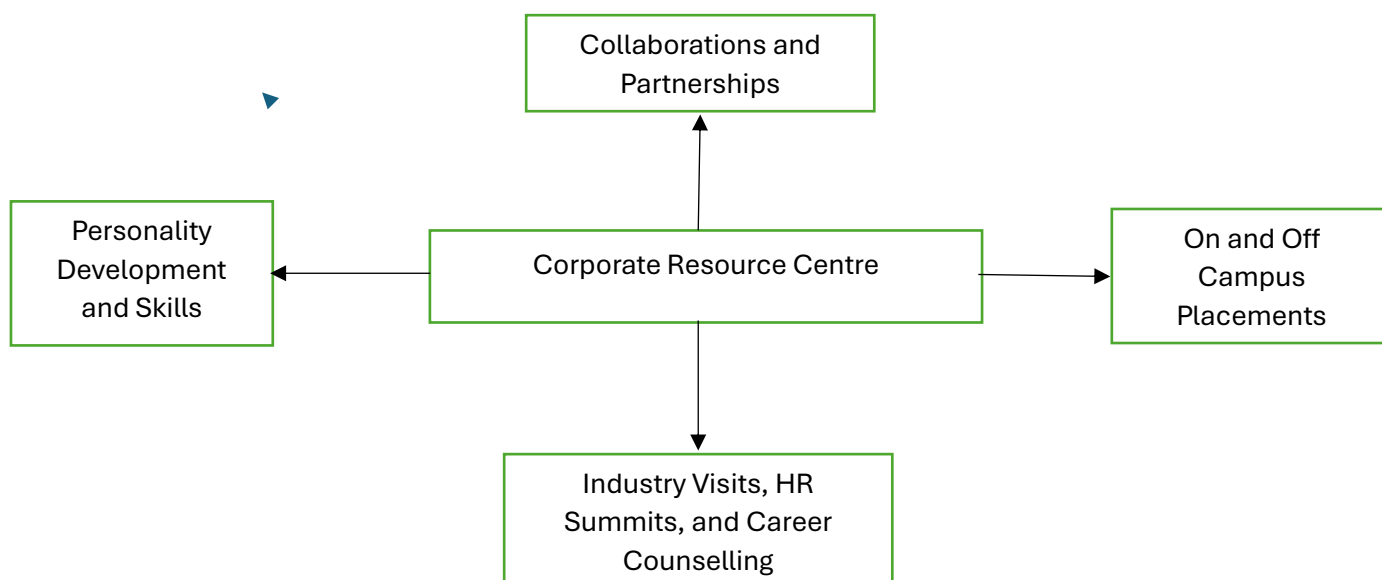

7. PLACEMENTS & INTERNSHIPS

Amity University, Patna has established a robust Corporate Resource Centre (CRC) that operates year-round, aiming to seamlessly connect students with industry opportunities. The unique CRC model serves as a bridge between academia and the corporate world, providing tailored education and organizational support. This initiative plays a crucial role in organizing on-campus interviews and facilitating training programs, ensuring that students are well-prepared to meet industry demands.

In a rapidly evolving job market, possessing expertise in a single domain is no longer sufficient. Today's professionals must have a well-rounded knowledge of various fields to truly thrive. Amity's commitment to remaining competitive is evident in its collaborations with over 200 leading companies, continuously updating its curriculum to stay aligned with industry needs. Additionally, the integration of industry participation into the Board of Studies, coupled with guest lectures and summer internships, equips students with essential soft skills that distinguish them from their peers.

The CRC's mission is not just about securing placements; it is about cultivating ethical leaders who can adapt and drive change in diverse environments. Staffed by seasoned professionals from the corporate sector, the CRC possesses a deep understanding of the competencies that industries seek. This insight enables them to effectively prepare students, ensuring they are both industry-relevant and market-ready.

The CRC at Amity University Patna works round the clock to ensure students land their dream jobs by following this rigorous process:

7.3 On-Campus Placement Drives of Renowned Companies

Amity University Patna hosted on-campus placement drives of top companies in India like **Bharti Airtel, Kotak Life Insurance, Reliance Retail, Quislex, and Vi (Vodafone Idea) Limited, and TCS.**

As per of Amity Patna's ongoing efforts to provide students the best of opportunities and an advancing career, these on-campus placement drives proved to be a great success.

Our students came out with flying colours in these on-campus placement drives and secured good positions in these renowned organisations.

7.4 Awareness Programme Aiming at Insights into the Financial Markets

SEBI (Securities and Exchange Board of India) and MCX (Multi Commodity Exchange) jointly conducted a comprehensive session titled ‘Awareness Program in Commodities’ at Amity University Patna. This session, tailored specifically for our B. Com and MBA students, offered profound insights into the financial markets, with a particular focus on the commodities and derivatives sector.

MCX, India’s pioneering listed commodity derivatives exchange, holds a dominant position in the market with approximately 95.64% share in commodity futures contracts. It plays a crucial role in price discovery and risk management across 691 cities and towns throughout India. Operating under SEBI’s regulatory oversight, which has been central to the evolution and regulation of the Indian capital markets since its inception in 1988, MCX exemplifies a robust framework for financial governance.

The session featured esteemed speakers Mr. Vikas, General Manager at SEBI, and Mr. Gaurav Kaushik, AVP of Business Development at MCX. Their presentations covered essential aspects of financial literacy, including spot markets, derivatives, commodities trading, hedging strategies, and price risk management. Their expert guidance equipped our students with practical knowledge critical for making informed financial decisions and preparing for various professional roles within the finance sector.

On 21st August 2024, KPIT conducted a workshop at Amity University Patna Campus for MBA, B. Tech CSE, and MCA students. The session was led by Mr. Rajesh Kumar Singh, Senior Vice President of Human Resources at KPIT, who provided valuable insights on “Building a Successful Career Path.” Mr. Singh engaged with the students, offering guidance on career development strategies and the skills necessary for professional success.

The workshop was highly interactive, allowing students to gain practical advice and ask questions about navigating their career trajectories in technology. This initiative underscores our commitment to equipping students with the knowledge and skills to excel in their careers.

On 6th September 2024, Dr. Smriti Singh, Associate Professor, IIT Patna visited Amity University, Patna for a guest lecture on the theme “Gender Studies & Intersectionality” for B.A. and M.A. English students.

Engaging the students with real-world examples and case studies, Dr. Singh encouraged participants to think critically about issues such as gender-based violence, representation in media, and the impact of policy on different groups. The lecture incorporated interactive elements, allowing students to share their insights and pose questions, which led to a dynamic dialogue about the relevance of these themes in both academic and everyday contexts.

On 14th November 2024, Mr. Rebati Raman, East Zone Head, Amul with his team of four members visited Amity University, Patna campus for an on-campus placement drive.

Among the numerous talented candidates, Sitanshu Bhardwaj, an MBA student from the 2023-2025 batch, stood out with his impressive academic record, strong leadership skills, and a passion for marketing. After a rigorous selection process, which included group discussions and personal interviews, Sitanshu was thrilled to receive an offer from Amul. This achievement was a testament to his hard work and dedication throughout his MBA journey.

On 22nd January 2025, Amity Business School at Amity University Patna, successfully hosted a LinkedIn Optimization session for MBA students, aimed at equipping them with essential skills for success in the competitive corporate world. The session was led by Mr. Shivam Kumar, Marketing Manager at CloudPrism Solutions, and was part of our ongoing effort to empower students with the tools they need to excel professionally.

The focus of the session was to enhance students' understanding of LinkedIn, particularly in creating impactful, professional profiles that stand out. Mr. Kumar emphasized the significance of personal branding in the digital age, offering valuable insights on crafting attention-grabbing headlines, effectively showcasing skills, and using LinkedIn as a powerful networking platform.

This initiative reflects our commitment to providing MBA students with practical, real-world skills that will help them succeed in their professional careers.

8. Social, Environmental Responsibility & Community Connect

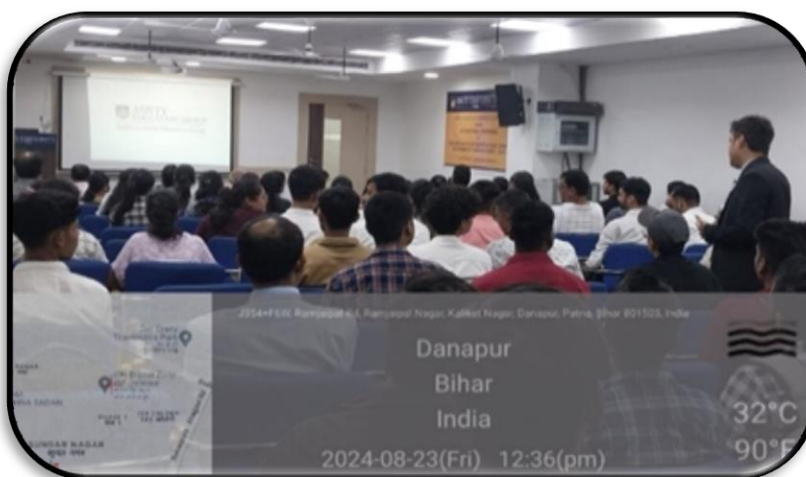

Amity University Patna has left no stones unturned to fulfil its role and responsibility for the environment, society, and community. The university has organized numerous outreach programs aimed at educating and empowering local communities. These programs span areas such as sustainability, health awareness, skill development, and educational support for underprivileged students. Our initiatives have been time and again recognised by prestigious organisations including various institutions of Government of Bihar.

On 31st July 2024, Amity School of Civil Services organised an Environment Awareness Program to raise awareness and educate students to protect the nature and the planet from the anthropogenic activities. The purpose of the activity was to raise awareness about the impact of human activity on the environment by educating the students (Notre Dame Academy) about the issues facing our planet. It will inspire individuals to take action to reduce their environmental footprint.

Amity College of Commerce and Finance organised a Financial Awareness Program held on August 23, 2024, at Ramjaipal Nagar aimed to educate participants on essential financial concepts and equip them with the skills to make informed financial decisions.

The program attracted a diverse group of attendees, including young professionals, students, and retirees, all eager to enhance their financial literacy. A significant focus of the program was on **preventing financial fraud**, highlighting the importance of recognizing common scams and implementing best practices to safeguard personal and financial information.

Rakshabandhan with Desh ke Rakshak

The students of Amity School of Communication, Amity University Patna recently had the honour of joining a meaningful rally led by our Hon'ble Vice Chancellor Dr. Vivekanand Pandey. This event was organized by Dainik Jagran and served as a heartfelt tribute to the brave soldiers who protect our nation along its borders.

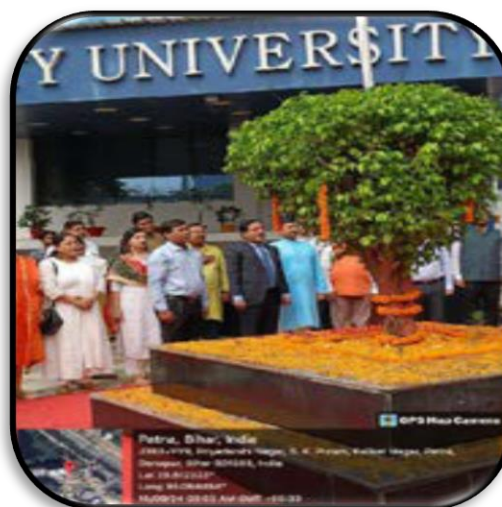

The celebration of Raksha Bandhan, a festival symbolizing the bond of protection, saw our university take part in this special occasion by sending rakhis to these valiant soldiers. This gesture was a powerful expression of our profound respect and gratitude for their steadfast commitment and sacrifice.

The rally not only commemorated the soldiers' bravery but also reinforced the spirit of national unity and appreciation during this significant festival.

On 15th August 2025, Amity University Patna celebrated the 78th Independence Day on the campus. Hon'ble Vice Chancellor Prof. (Dr.) Vivekanand Pandey hoisted the national flag, joined by Heads of Institutions (HOIs), faculty, and staff members. This day was celebrated

with zeal, and cultural activities were streamed online, which was joined by Head of the Institutions, faculty, and staff members, and students of the university.

The Amity School of Communication, Amity University Patna, under the auspices of the Students' Club AmiCare and in alignment with the IQAC initiative, proudly organized an outreach event titled 'Spreading Smiles.' This vibrant gathering featured a Pot Painting Competition for children from NGOs based in Patna, Ranchi, Varanasi, and Gurugram, held at the picturesque Eco Park, Patna.

The primary objective of this initiative was to foster joy and creativity among underprivileged children, allowing them to express themselves through art. First-semester B.A. (Journalism & Mass Communication) students actively engaged with the children, assisting them in their artistic endeavours and contributing to a joyful atmosphere.

This event served as a remarkable opportunity for students to connect with the community while utilizing their skills for a meaningful cause. It truly exemplified the spirit of social responsibility and artistic expression.

In recognition of these efforts, the NGO honoured the Department for Community Outreach and Social Responsibility with an award.

Amity School of Civil Services organized an outreach activity on 27 Sep. 2024 at Veer Chand Patel Marg, Patna. The event aimed to raise awareness on key social issues while engaging both students and the community. A 'Nukad Natak' was performed by the students, focusing on the importance of girl child education and spreading awareness about the Sukanya Samriddhi Yojana, a government scheme promoting financial security for girls.

The event successfully raised awareness about important social and environmental issues, and students gained valuable experience in community engagement. Both the participants and the local community benefited from this initiative, which highlighted the importance of inclusive development.

Amity Institute of English Studies and Research and Amity Law School conducted this program on 25th October, 2024 at St. Dominic Savio's High School. This program is designed to honour the sacrifice of our martyrs while educating students about the importance of our defense forces and the rights we hold as responsible members of society.

Through a series of talks, exhibitions, and interactive sessions, "**Ek Saam Sahidon Ke Naam**" aims to raise awareness about the structure, functioning, and dedication of our defense system. Additionally, it emphasizes the rights and responsibilities of citizens, empowering them with knowledge about how they can contribute to national security and civic duty. This initiative is a tribute to our fallen heroes, inspiring a sense of patriotism and responsibility among participants.

On 29th November 2024, Amity Business School, Amity University Patna organized a heartwarming visit to Shree Madhyanand Anathalay, an orphanage in Danapur, Patna. The event was organized to promote the importance of education and literacy in empowering individuals and communities. The visit enhanced their understanding of mental health treatments, counselling approaches, and the role of psychology in clinical settings, fostering greater awareness of real-world psychological challenges.

On 15th July 2025, Amity Institute of Information Technology, Amity University Patna in association with the Being Helper NGO, successfully organized the "Warm Heart Drive Outreach Program" for slum children, bringing warmth, joy, and happiness to their lives. In line with the spirit of the event, warm clothes collected from Amity University Patna team members were distributed to the children. Additionally, lunch packets were handed out, ensuring that every child not only felt warm but also well-cared-for.

The Fire safety mock drill session was organized by the Administration department of Amity university Patna in collaboration with Ceasefire Pvt. Ltd on October 5th , 2024, we conducted a mock drill session focusing on the usage and types of fire extinguishers. The event aimed to educate and train staff on effective fire safety practices. Our Housekeeping, office boy, drivers and security staff were present during the training.

Republic Day Celebration

On 26th January 2025, Amity University Patna celebrated 76th Republic Day at the campus. Hon'ble Vice Chancellor Prof. (Dr.) Vivekanand Pandey hoisted the national flag in the presence of Faculty and staff members of the university.

We commemorate the adoption of the Constitution of the Republic of India and the country's transition to a republic every year. Students from different departments participated in the celebration and made this event very special. The performances featured a dynamic mix of dancing, group songs, live painting, speeches, and poem recitations.

This day reminds us of the invincible power that our constitution holds and gives to the people of this country. Amity University Patna is committed to instilling the values of patriotism, fraternity, and integrity among our students, who are leaders of tomorrow.

On 31st January, 2025, Amisahyogi, the social responsibility club of Amity College of Commerce & Finance, AUP, organized a community outreach program, Empowering through Education: Spreading Happiness at Agape Foundation, an organization supporting underprivileged children.

As part of the initiative, the ACCF Department distributed stationery items and food packets at the centre. To further inspire them, students from ACCF shared personal experiences on how education empowers individuals to achieve their dreams. The girls showcased their talent through a variety of activities.

On 4th February, 2025 special occasion of World Autism Day, the Amity Institute of Clinical Psychology (AICP) at Amity University, Patna organized an outreach program in collaboration with Utkarsh Seva Sansthan, a well-known NGO in Kankerbagh, Patna, that works for children with autism and related disabilities.

As part of the event, a street play (Nukkad Natak) was performed by AICP trainees to educate the public about the causes of autism and how children with autism can be supported through proper care and rehabilitation. A special skit was also presented for the parents of children with autism, highlighting the importance of early intervention, acceptance, and family support. Additionally, painting and poster-making activities were held, where individuals with autism showcased their creativity, encouraging self-expression and raising awareness about autism.

On 5th February, 2025 Amity School of Communication and Amity Institute of Information Technology, Amity University Patna, collaborated with Being Helper Foundation in organising Ganga Swachhata Mahakumbh at Digha Ghat.

This intensive cleanliness drive witnessed enthusiastic participation from students, faculty members, and volunteers, united by a shared commitment to restoring the sacred Ganga to its pristine glory.

Armed with eco-friendly cleaning tools that included disposable gloves and recyclable garbage bags, participants collected waste, segregated recyclables, and spread awareness about sustainable waste management. The event wasn't just about cleaning—it was about igniting a movement.

On February 7, 2025, MBA students of Amity Business School, Amity University Patna, organized an extension activity, "Clear Vision, Warm Hearts: A Drive for Health and Hope," to promote social responsibility.

Coordinated by 4th-semester MBA students, the initiative included a free **Eye Checkup Camp** in collaboration with ASG Eye Hospital, providing eye care services and awareness sessions to underprivileged communities. Additionally, warm clothing was distributed to support families during the winter season.

This effort not only brought joy to the beneficiaries but also instilled a sense of purpose and social commitment among the students, reinforcing the value of giving back to society.

On February 6, 2025, Amity School of Business hosted a guest lecture titled "Mitigating Mental Illness: A Journey Towards a Happier You," delivered by Dr. Shubham Shree, a psychiatric social worker and faculty counsellor at IGIMS, Patna.

Dr. Shree provided valuable insights into mental health, emphasizing the significance of managing emotions, impulses, thinking, and memory for a fulfilling life. The session underscored the importance of mental well-being and emotional management in achieving personal and professional success.

The lecture was attended by students of the BBA department and faculty members, offering them a comprehensive understanding of mental health dynamics.
