- Best AI-based start-up award
- Technical sessions
- 100 + research papers
- Networking opportunities
- Exclusive session on AI Start ups
- Poster presentation by students on AI
- Research paper presentation by students on AI

## PREAMBLE

The Artificial Intelligence (AI) revolution is transforming industries, economies, and societies at an unprecedented pace. With the AI market projected to reach a staggering \$190 billion by 2025, AI has become an indispensable force driving innovation and progress across diverse sectors, including Education, Healthcare, Climate Action, Sustainable Development, and societal and business management.

This International Conference on "AI Revolution: Opportunities, Challenges and Path Forward" recognizes the critical need to:

- **Understand the transformative potential of AI:** Explore the full spectrum of AI technologies, including machine learning, deep learning, natural language processing, computer vision, and robotics, and their applications across various domains.
- **Address the ethical and societal implications of AI:** Discuss crucial issues such as AI bias, fairness, transparency, accountability, and the responsible development and deployment of AI systems.
- **Develop a skilled AI workforce:** Foster a robust ecosystem for AI research, education, and innovation in India, equipping the next generation with the necessary skills and knowledge to thrive in the AI-powered future.
- **Drive innovation:** Encourage collaboration and networking among academia, industry, and government, fostering the development of AI-driven solutions for societal and economic challenges.
- **Empower the next generation:** Provide a platform for budding AI entrepreneurs to showcase their innovative ideas and connect with industry leaders.
- **Shape the future of AI:** Engage in critical discussions on AI policy, governance, and regulation to ensure that AI is developed and utilized for the benefit of humanity.

This conference will bring together a diverse community of researchers, practitioners, policymakers, and industry leaders to share insights, foster collaboration, and collectively address the opportunities and challenges presented by the AI revolution.

With the invaluable support of our esteemed industry partner Google, this platform will serve as a catalyst for driving AI-powered innovation, fostering responsible AI development, and ensuring that India emerges as a global leader in this transformative field.

## CALL FOR PAPERS

The participants are required to submit empirical/conceptual research papers and Case studies in 5000 words on acceptance of abstract. The abstract of 150 words should be submitted first detailing on purpose, methodology, findings, research limitations/implications, practical implications, and originality/value, impacting the dynamics of global markets on the following themes:

- **Dr. Sanchita Ghosh**, Asst. Professor, ABS (Co-Convener)
- **Dr. A.M. Jose**, Professor, ABS
- **Dr. Paras Chawla**, Professor and Director, ASET
- **Dr. Sunil Sikka**, Professor, ASET
- **Dr. Monica Kapuria**, Associate Professor, ABS
- **Dr. Komal Tomar**, General Manager, Marketing

## ADVISORY BOARD

---

### Dr. Alp Sungu

Faculty of Artificial Intelligence,  
Operations, Information and Decisions  
Wharton Business School,  
University of Pennsylvania

### Prof. G. Anand Anandalingam

Ralph J. Tyser Professor of Management  
Science Robert H. Smith School of  
Business, University of Maryland, USA

### Dr. Amit Dua

Associate Professor,  
Deptt. of Computer science, BITS Pilani

### Dr. Rohan Mukherjee

Associate Professor, MIS and Analytics,  
IMI Kolkata

### Dr. Jishnu Bhattacharya

Asst. Professor, School of Management  
Swansea University, UK

### Dr. Mainak Adhikari

School of Data Science, Indian Institute  
of Science Education and Research  
Thiruvananthapuram

### Mr. Apurva Chamaria

Global Head, Startup and Venture Capital  
Google India

### Mr. Rajesh Ranjan

Head of Govt. Affairs and Public Policy  
Google India

### Mr. Ojasvi Babbar

CEO, Amity Innovation Incubator

### Mr. Vijay Singh Rathore

Co-Founder,  
Soonicorn Ventures, India

### Mr. Amit Kataria

COO and Co-Founder, Saras AI, India

### Dr. Vivek Singh

Data Scientist and Generative AI Engineer,  
Cognizant Technology

### Mr. Neeraj Gupta

Country Sales Director-Elastic

### Prof. (Dr.) Mayank Dave

Professor, Computer Engineering  
Department, NIT Kurukshetra

## ABOUT AMITY BUSINESS SCHOOL

Amity Business School (ABS), under the Faculty of Management Studies and Behavioural Sciences, is a part of Amity University Haryana, Gurugram which was established in 2010. The school is offering UG, PG and Doctoral degree programs in Management. It has been ranked #81 in the country by NIRF 2023, Ministry of Education, Government of India and also ranked consistently among the Top 10 Private Business Schools in the Country by the Times of India since 2022. The academic programs at Amity Business School enable students to find the route to success by putting theory into practice, discover and implement innovative solutions to real-world problems. The business school provides a multicultural environment with the presence of students from India and abroad who share diversity of regions, ethnicities, flavours and cuisines giving the students a global outlook.
