QUALITY INITIATIVE By Internal Quality Assurance Cell

THIRTEEN DAY ONLINE TEACHERS ENRICHMENT WORKSHOP ON ALGEBRA, NUMBER THEORY AND GRAPH THEORY"

World Environment Day is celebrated every year on the 5th of June and aims at raising awareness and celebrating environmental action. This year's campaign is celebrated under the theme #Beat Plastic Pollution. It highlights the need to take concrete action to achieve transformative change to tackle the climate crisis. World Environment Day is an annual global event celebrated on June 05.

OBJECTIVE OF THE WORKSHOP

Amity School of Fine Arts organized an Online Poster Competition 2023 on the occasion of International World Environment Day 2023 for the students. The number of students participated in Digital and manual poster category.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty members of AUH.

OUTCOME OF THE WORKSHOP

World Environment Day is the largest platform that advocates the practice of sustainable development around the world. With the current pace of the overutilization of natural resources, the future generation is likely to be deprived of these resources.

World Environment Day is the largest platform that advocates the practice of sustainable development around the world. With the current pace of the overutilization of natural resources, the future generation is likely to be deprived of these resources. Millions of people around the world participate in this program to protect and conserve the environment to fulfill the needs of the future generation.				

3. Event Report along with glimpses of the event (Photographs)

General Introduction of the Event: World Environment Day is celebrated every year on the 5th of June and aims at raising awareness and celebrating environmental action. This year's campaign is celebrated under the theme #Beat Plastic Pollution. It highlights the need to take concrete action to achieve transformative change to tackle the climate crisis. World Environment Day is an annual global event celebrated on June 05. It is observed to raise awareness on the protection and preservation of the environment. World Environment Day is the largest platform that advocates the practice of sustainable development around the world. With the current pace of the overutilization of natural resources, the future generation is likely to be deprived of these resources. Millions of people around the world participate in this program to protect and conserve the environment to fulfil the needs of the future generation. World Environment Day is a global platform that advocates for a greener and pollution-free environment. It also urges governments to prioritise the environment and enact laws to reduce the exploitation of the environment. The protection of the environment is a global need that can be achieved only through international cooperation. It brings various international organisations, bodies, and stakeholders to work in the direction of addressing the challenges that have posed a threat to the environment. The environment has suffered a lot due to industrialisation. World Environment Day encourages people to adopt eco-friendly practices to have a greener and clear environment.

3.1 Inspiration & Objectives of the Event: Amity School of Fine Arts organized Online Poster Competition 2023 on the occasion of International World Environment Day 2023 for the students. The number of students participated in Digital and manual poster category. Students submitted their creative art work to the ASFA department and the faculty's judged the all categories of contest. Some of poster was done excellently by the students. Jury member has selected three posters for digital and manual category. The poster competition has been done successfully done under supervising the concern faculties.

TEN DAYS ONLINE WORKSHOP CUM FDP ON “संस्कृत से संस्कृति की ओर KNOWING INDIAN CULTURE THROUGH SANSKRIT”

The workshop served as a platform for diverse discussions and insights into the profound influence of Sanskrit on various aspects of culture. Scholars from different backgrounds and expertise shared their wisdom, enriching the participants' understanding of this ancient language and its role in shaping cultural values and traditions.

OBJECTIVE OF THE WORKSHOP

Under the evening school project, a ten-day workshop was organized by the Amity Centre for Sanskrit and Indic Studies, Amity University, Haryana. Several eminent scholars shared their enlightening views on various sub-topics based on "Sanskrit to Culture" (संस्कृत से संस्कृति की ओर).

WHO SHALL ATTEND THE WORKSHOP

Faculty members of AUH.

OUTCOME OF THE WORKSHOP

This workshop was highly successful. Many scholars from across the country representing Sanskrit and culture joined us through this workshop. The scholars assured us of their support in fulfilling our commitment to reaching Sanskrit and culture to every household. This accomplishment will be a significant milestone for our department.

Under the evening school project, a ten-day workshop was organized by the Amity Centre for Sanskrit and Indic Studies, Amity University, Haryana. Several eminent scholars shared their enlightening views on various sub-topics based on "Sanskrit to Culture" (संस्कृत से संस्कृति की ओर)

The inaugural session of the workshop was graced by the presence of esteemed individuals such as Honourable Vice Chancellor of Amity University, Prof. PB Sharma, Prof. Shashi Tiwari, Dr. Baldevanand Sagar, Yoga Guru Ram Avtar, Dr. Pankaj Mishra, Dr. Ashutosh Angiras, and Prof. Sanjay Kumar Jha. During this session, every speaker emphasized the immense significance of Sanskrit and its inseparable connection with culture. They were unanimous in their opinion that a proper understanding of culture is incomplete without a deep knowledge of Sanskrit.

The workshop served as a platform for diverse discussions and insights into the profound influence of Sanskrit on various aspects of culture. Scholars from different backgrounds and expertise shared their wisdom, enriching the participants' understanding of this ancient language and its role in shaping cultural values and traditions.

Throughout the ten days, participants engaged in fruitful interactions, exploring how Sanskrit serves as a key to unlocking the treasures of our heritage and preserving our ancient wisdom. The workshop undoubtedly left a lasting impact on all those involved, fostering a deeper appreciation for Sanskrit and its irreplaceable role in preserving and promoting our cultural legacy.

On the first day of the workshop, Prof. Ashutosh Angiras from Sanatan Dharma College, Ambala, delivered a comprehensive discourse on the subject "Sanskrit - Subject, Challenges, and Solutions" in his session. He expressed concern about the present position of the Sanskrit subject and the challenges before us, emphasizing the need to bring changes in Sanskrit education and teaching methods so that Sanskrit can reach the masses effectively.

Mr. Narendra ji, prabhari of the North Zone of Sanskrit Bharti, joined the workshop on the second day and stated that the coming era is the golden age for Indians due to the presence of Sanskrit. However, he emphasized the need to embrace the ancient culture, as taught by our forefathers, through concepts like " सर्वेभवन्तुसुखिनः, " and " वसुदैवकुटुंबकम् " to realize this golden age.

Dr. Pankaj Kumar Mishra, Associate Professor St. Stephen's College Delhi University, delivered his discourse on the third day, focusing on the interconnection between Sanskrit literature and culture. He emphasized how literature shapes our culture and our thoughts, acting as a reflection of our emotions.

On the fourth day, Yoga Guru Dr. Ram Avtar Ji from Ekal Yoga Ayog, gave his address on the importance of Sanskaras. In 16 samskaras, he specially emphasized on the importance of marriage and pregnancy samskaras and told that these two samskaras are mainly necessary samskaras, therefore it is very important to have these two samskaras duly performed for the promotion of Indian culture.

Dr. Baldevanand Sagar National president of World Sanskrit Media Council was present among us as a speaker on the fifth day. He said in his address that Indian culture is the most ancient culture of the world and only by understanding this culture we can understand other cultures of the world. While brainstorming on this topic from Sanskrit to culture, Dr. Sagar discussed many topics related to Sanskrit and culture. During his discussion on Sanskrit and culture, he referred to Sanskrit literature as a science.

On the sixth day, as the main speaker, Dr. Prasoon Kumar Mishra from Delhi University presented his discourse on Vedic literature and spirituality. He shared profound insights on the subject.

On the seventh day, two speakers presented their addresses. Firstly, Dr. Ayush Gupta from Sagar University spoke on Indian knowledge tradition, drawing from Vedic literature and science. Secondly, Prof. Shashi Tiwari, President of Waves India, shared important facts reflecting Indian culture and elaborated on the central topic of Sanskrit to culture.

On the eighth day of the workshop, two speakers, Dr. Dilip and Dr. Rupesh, working as assistant professors in Delhi University, presented their addresses and they informed all the participants about very informative facts by making Sanskrit and culture the centrepiece.

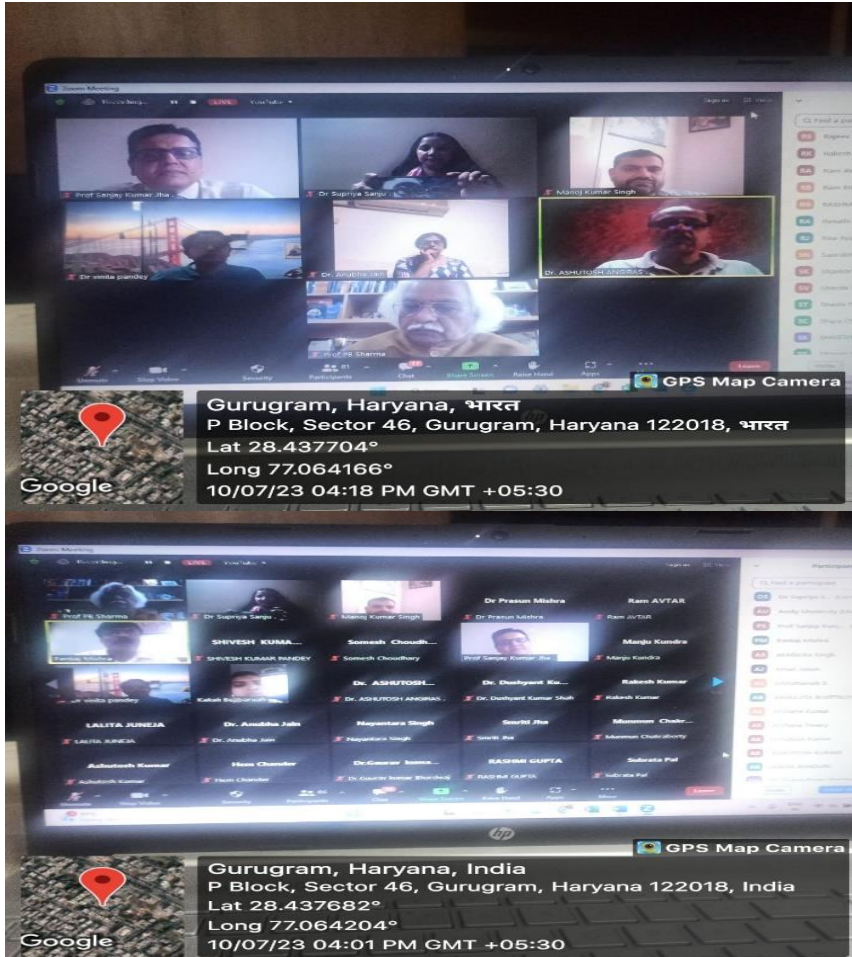

Throughout the workshop, Dr. Akhilesh Kumar Tripathi, Assistant Professor of Amity Centre for Sanskrit and Indic Studies, conducted Sanskrit conversation sessions to increase the participants' awareness and familiarity with the language.

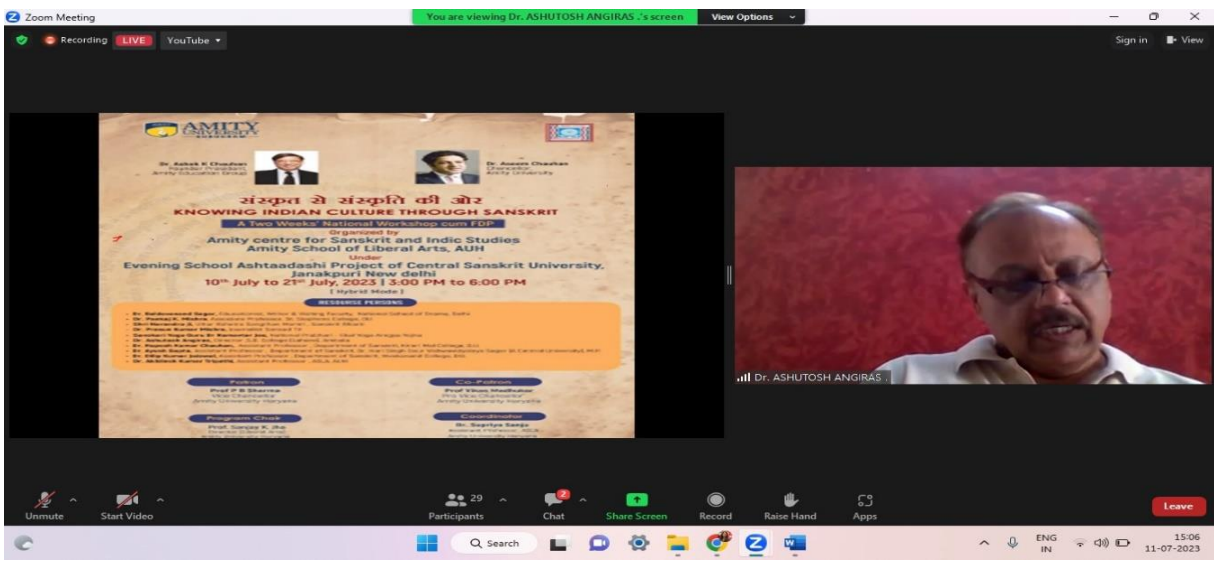

The valedictory session of the workshop witnessed the presence of many scholars. Chief guest Brigadier J S Rajpurohit, presented the vision of Chanakya in a video and PPT, which was incredibly enlightening. Guest of honour Prof. Anju Seth, Principal of Satyawati College, Delhi University, delivered a highly enlightening speech, encapsulating the essence of the main topic – Sanskrit and its representation of culture.

All the participants actively engaged in discussions and provided valuable suggestions for incorporating other topics related to Sanskrit and culture in future workshops. Dr. Hemant Kumar Jha, Head of the English department at Amity School of Liberal Arts, expressed gratitude to all the scholars and participants for making this ten-day knowledge-sharing event a remarkable success. He believed that their support will be a significant achievement for our department in the mission to propagate Sanskrit and culture to the masses.

Dr. Supriya Sanju, the coordinator of the Amity Centre for Sanskrit and Indic Studies, managed the stage proceedings during the workshop.

This workshop was highly successful. Many scholars from across the country representing Sanskrit and culture joined us through this workshop. The scholars assured us of their support in fulfilling our commitment to reaching Sanskrit and culture to every household. This accomplishment will be a significant milestone for our department.

QUALITY INITIATIVE

By Internal Quality Assurance Cell

FIVE DAYS FDP ON “RECENT ADVANCEMENTS, INNOVATIONS, FUTURE TRENDS IN EMERGING TECHNOLOGIES & THEIR IMPACT ON HIGHER EDUCATION”.

To offer to learn the basics of emerging trends & challenges in the eld of computing and security. To introduce computational methods in emerging technology and provide opportunities to widen knowledge further. To improve faculty's ability in carrying out research, testing & consultancy in computational techniques

OBJECTIVE OF THE WORKSHOP

To provide a forum for exchanging views, ideas on the latest innovations in next-generation computing. To impart theoretical and practical knowledge on the design and implementation of intelligent systems.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty of AUH.

OUTCOME OF THE WORKSHOP

Students learnt about developing solutions for networking and security problems, balancing business concerns, technical issues for improving small to medium and medium to large business. They were motivated to do research in the area of network technology

3.1 General Introduction of the Event:

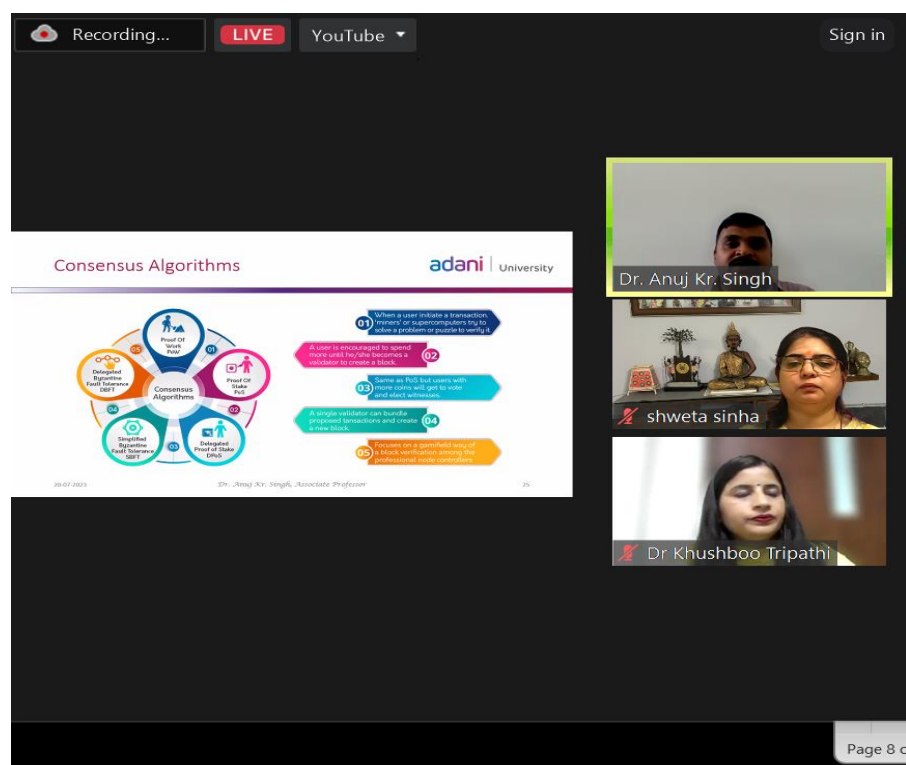

Objectives of the Event: 1. To offer to learn the basics of emerging trends & challenges in the field of computing and security. 2. To introduce computational methods in emerging technologies and provide opportunities to widen the knowledge further. 3. To improve faculty's ability in conducting research.

testing & consultancy in computational techniques. 4. To provide a forum for exchanging views, ideas on the latest innovations in next-generation computing. 5. To impart theoretical and practical knowledge on the design and implementation of intelligent systems.

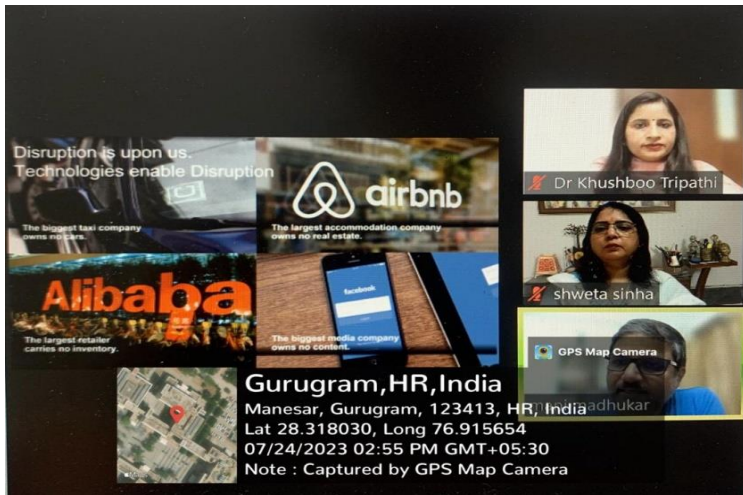

3.3 Brief about the address/talk of speakers:

The guest of Honor Prof Kushal Sen from IIT Delhi talked about the impact of technology on higher education & its growth. He emphasized the need for teachers to be abreast of technology. Dr Ravi Datta from Amity University highlighted the application and advantages of AI in healthcare. Dr Mani Madhukar from IBM India made the session engaging and demonstrated Auto AI for model building and deployment. On the same day, Dr Richa Singh from Birla Institute of Technology, Mesra deliberated on an information filtering approach. She discussed the general model of recommendation system and their evaluation metric. Dr Ranjana Arora from Amity university presented the application and importance of multi-objective optimization in Engineering and technology. Day 3 of the FDP witnessed vibrant exchange of ideas and insightful presentations on data science in digital era, Robotic Process automation and voice enabled communication by speakers Dr Alok Srivastava from L V Prasad Eye Institute, Hyderabad and Dr Sunil Sikka, Dr Shweta Sinha and Mr. Akshat Agrawal from Amity University Haryana. On day four TedX speaker Dr Amit Dua from BITS Pilani presented the aspects of stable coins and blockchain. Dr Anuj Kumar Singh From Adani University talked about Cyber Security and blockchain Integration. Then on the same day Dr Amit Tyagi from NIFT Delhi flawlessly talked about the current trends in Blockchain and the application areas where Blockchain find its place in present time. Today, the fifth day of the FDP focused on SECURITY and Prof Manju Khari from JNU discussed about security in Internet of things and in the last session Dr Khushboo Tripathi from Amity University and Dr Abhishek Jain from Wipro Technologies discusses cyber security and ways to handle frauds and cybercrimes prevalent in the societies.

QUALITY INITIATIVE By Internal Quality Assurance Cell

SEVEN DAY FACULTY DEVELOPMENT PROGRAMME OF “ARTISTIC CREATION”

The FDP painting workshop is an exciting environment that encourages experimentation, learning, and personal growth. There is a strong sense of community among faculties within the studio as they progress through the workshop itinerary from skills acquisition to conceptual engagement and the development of a self-directed studio practice that expresses their own personal vision and ideas.

OBJECTIVE OF THE FDP

AUH, Haryana, Amity School of Fine Art conducted Faculties Development Programme this Semester and encouraged the faculties and staff to dive into the world of the painting techniques Process. Faculties developed and enhanced their awareness and understanding of the visual world, particularly the natural world and the world of the visual arts, through a thorough study of design principles and observational practices.

WHO SHALL ATTEND THE FDP

Faculty members of AUH.

OUTCOME OF THE FDP

By strengthening their observational drawing skills and recognition of the complexities and continual rearrangement of design elements (i.e., line, shape, rhythm, color, space, volume, etc.), faculties will be better able to critically understand the visual structure of objects and scenes, particularly in works of art.

3. Event Report along with glimpses of the event(Photographs)

3.1 General Introduction of the Event:

The FDP painting workshop is an exciting environment that encourages experimentation, learning, and personal growth. There is a strong sense of community among faculties within the studio as they progress through the workshop itinerary from skills acquisition to conceptual engagement and the development of a self-directed studio practice that expresses their own personal vision and ideas.

Introductory workshop focus on the development of observational and technical skills related to colour, light, form, and space through subject matter including still life. We acknowledge the broad and inclusive contemporary practices that constitute painting and endeavor to support faculties as they work to find the best way to realize their ideas in material form.

This FDP will give participants the opportunity to learn the painting method and technique. It is a method of printing that produces gallery quality results but is easy enough for elementary as well as special use and enjoy. More advanced students will enjoy the variety of creative possibilities this method allows.

3.2 Inspiration & Objectives of the Event:

AUH, Haryana, Amity School of Fine Art conducted Faculties Development Programme this Semester and encouraged the faculties and staff to dive into the world of the painting techniques Process. Faculties developed and enhanced their awareness and understanding of the visual world, particularly the natural world and the world of the visual arts, through a thorough study of design principles and observational practices. By strengthening their observational drawing skills and recognition of the complexities and continual rearrangement of design elements (i.e., line, shape, rhythm, color, space, volume, etc.), faculties will be better able to critically understand the visual structure of objects and scenes, particularly in works of art.

QUALITY INITIATIVE By Internal Quality Assurance Cell

FIVE DAY FACULTY DEVELOPMENT PROGRAMME OF “CHANGING DIMENSIONS OF THE INDUSTRY AND REVISITING ANDRAGOGICAL APPROACHES IN HIGHER EDUCATION: PRESENT NEEDS AND WAY FORWARD”.

Half a century ago, Higher Education was seen as an elite privilege, reserved for the wealthy, ambitious, and upwardly mobile. There were fewer than 30 million people enrolled in Higher Education in 1970. Since then, the size of the world's student body has, it is fair to say, grown significantly. By 2025, experts estimate that the number of students in Higher Education worldwide will have risen to 262 million.

OBJECTIVE OF THE FDP

The FDP provided a platform where the Faculty Members interacted with Industry Experts to gain better insights about the needs of the Industry.

WHO SHALL ATTEND THE FDP

Faculty members of AUH.

OUTCOME OF THE FDP

The focal objective of this FDP was to afford a forum where Industry and Academia discuss the changing dynamics of the Industry and how Academia can help in reducing the skill gaps that have emerged.

b) Collaborations for Research Papers	N			
c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments	Y	Proposed		ALS is in talks with the experts to collaborate for Internships.
d) Collaboration for Funded Projects	N			
3. Outcome related to Society Outreach				
a) Benefit to society in terms of Health & Hygiene	N			
b) Benefit to society in terms of Education	Y			The FDP provided a platform where the Faculty Members interacted with Industrv Exp abou

vis-à-vis the new graduates.

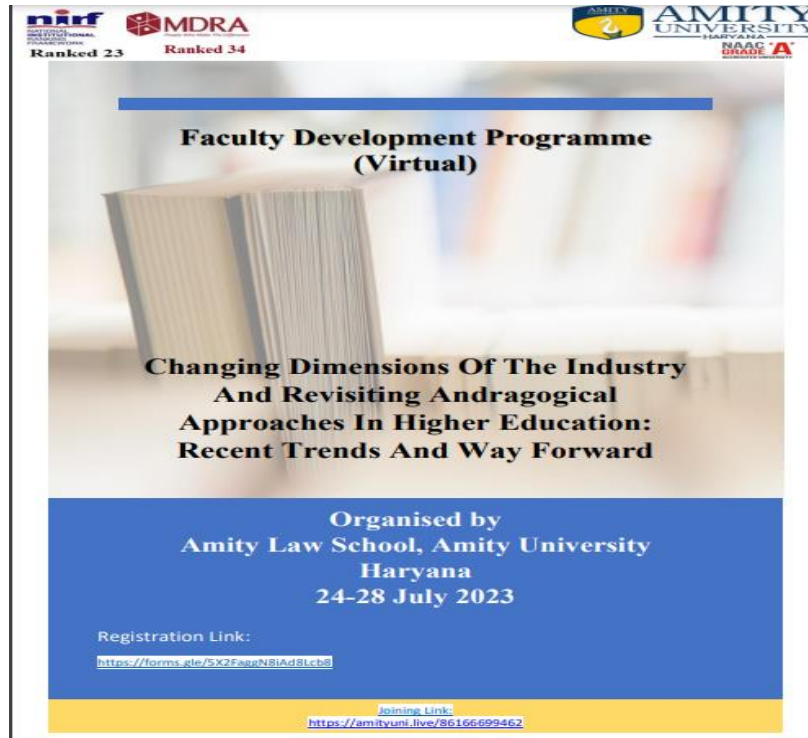

4. Outcome related to Students Learning & Grooming

5. Any other

The focal objective of this FDP was to afford a forum where Industry and Academia discuss the changing dynamics of the Industry and how Academia can help in reducing the skill gaps that have emerged.

3. Event Report along with glimpses of the event(Photographs)

Brief Overview:

ABOUT THE THEME

Half a century ago, Higher Education was seen as an elite privilege, reserved for the wealthy, ambitious, and upwardly mobile. There were fewer than 30 million people enrolled in Higher Education in 1970. Since then, the size of the world's student body has, it is fair to say, grown significantly. By 2025, experts estimate that the number of students in Higher Education worldwide will have risen to 262 million.

In the recent years, the question of collaboration and cooperation between Higher Education and Industry has become a highly topical issue, transcending expectations. The broadening of Higher Education has led to better access to tertiary learning and professional opportunities for a larger percentage of the population, however, the consequences of this growth are under-examined. The explosion of student demand for Higher Education means that the competition on all sides of the University-Student Ecosystem has increased many folds. What is more, students now have career options that are remarkably far from the potential pathways they might have followed 20 or even 10 years ago.

While it is easy to dismiss the career worries of students as typical of early-20s malaise, how these worries align with the Industry needs should be a concern for all. Skills demand is changing fast; a popular report by World Economic Forum estimated that 65% of children entering Primary School 10 years ago will end up employed in jobs that do not exist yet, which means that we currently only understand 35% of the future Industry needs. Further, students are being trained for careers that don't take into account the development of newer jobs and skill sets. According to various Reports, even now, 40% of Firms across the world cannot fully staff their businesses; the people with the right combination of skills and experience simply aren't there.

It thus needs to be considered that if students need to prepare to enter a workforce that we don't yet fully understand, how can universities get a better grasp on the future? Well, everyone involved in Higher Education should be devoting a significant amount of time to thinking, deliberating, and discussing about how industries are changing, from increasing reliance on freelancers, to developing technologies for better flexible working. Bringing an educational perspective to these changes will benefit not only Universities and students, but also positively affect the global economy, by reducing the skills gap and better meeting the needs of the Industry.

Keeping all this in view, Amity Law School, Amity University Haryana organised a 5-Day Faculty Development Program (FDP) on ***“Changing Dimensions of The Industry and Revisiting Andragogical Approaches in Higher Education: Present Needs and Way Forward,”*** from 24 to 28 July 2023, in Virtual Mode.

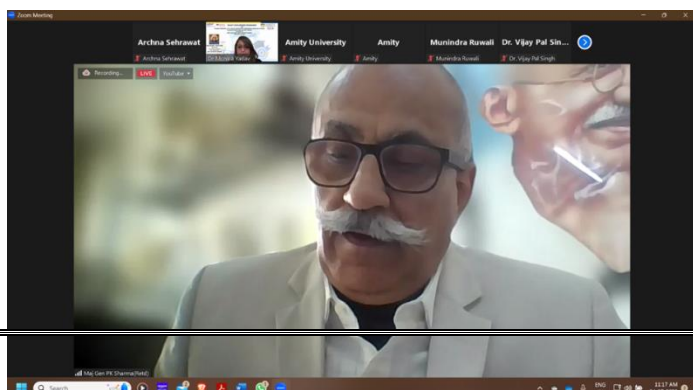

The focal objective of this FDP was to afford a forum where Industry and Academia discuss the changing dynamics of the Industry and how Academia can help in reducing the skill gaps that have emerged. The FDP had five Sub-Themes, one on each day, addressed by an eminent Resource Person which was followed by Question-Answer Session and conduct of a Quiz through Google Forms. The participants were also required to submit their Feedback on each Session.

INAUGURAL CEREMONY

The Inaugural Ceremony of the 5-Day FDP commenced with welcoming the ***Chief Guest Prof. (Dr.) P.B. Sharma, Vice Chancellor, Amity University, Haryana, and Maj. Gen. P.K. Sharma (Retd.), Prof. & Director, Dean Amity Law School, by Dr. Monica Yadav, Professor, Amity Law School.***

Prof. (Dr.) P.B. Sharma, Vice Chancellor, Amity University, Haryana, who was unwell could not attend the event and in his Opening Remarks Maj. Gen. P.K. Sharma (Retd.), conveyed the blessings and good wishes

of the Hon'ble Vice Chancellor. He said that the Hon'ble Vice Chancellor has expressed his appreciation for the theme of the FDP and feels that

Registrar
Dire Amity University Haryana
Manesar Gurgaon-122413

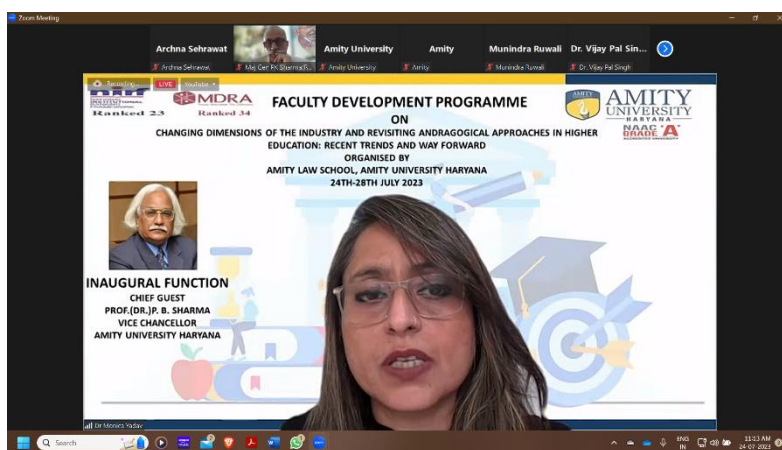

the FDP would be beneficial for all participants in the designing of their teaching methodologies.

Gen Sharma while welcoming the participants also appreciated the Theme and emphasized on the need of taking such initiatives for overall development of the Faculty Members and thus the Institute. He quoted Steve Jobs who once said that, “Learn continually-there’s always one more thing to learn,” and accentuated that the collaboration between Industry and Academia has become very pertinent in today’s environment. Gen. Sharma further said that keeping in mind the Theme of the FDP, the Resource Persons invited were from the Industry who understand the Industry needs vis-s vis the requisite skills required by students entering the Industry. He concluded by saying that, “it is you the Teachers who impart knowledge and hence, in addition to academic knowledge, you must be conversant with the practical needs of the Industry.”

The Inaugural Ceremony had 43 attendees. In the end, Vote of Thanks was proposed by **Dr. Monica Yadav, Professor, Amity Law School.**

SESSION 1

After the Inauguration, the 1st Session of the FDP, on the Sub-Theme “**Recasting Legal Education As A Collaborative Medium For Addressing Industry Needs,**” started with a Welcome Address by **Dr Archna Sehrawat, Assistant Professor, Amity Law School,** wherein she extended a warm welcome to the esteemed Guest of the day, **Prof Amar K**

Sundram, General Counsel - Sr. VP (Legal) and Chief Compliance Officer for NEC Corporation India and all the other Participants.

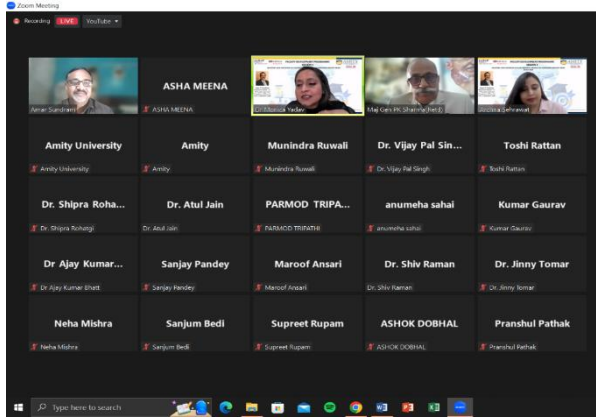

Prof. Sundram is an in-House Senior Corporate Legal Professional with more than 28 years of experience in Strategic Thinking and formulation of Industries. He started the Session by thanking **Maj Gen P K Sharma, Professor & Director, Amity Law School and Dean Faculty of Law,** for inviting him and appreciating Amity Law School for the effort to come up with the idea of organising the FDP on such an important topic. He elaborated upon how India is moving fast in the times of digital expansions, highlighting how various key reforms are shaping up India for better adaptability in the global forum and explained the link between technological and infrastructural development that India is witnessing.

Prof.

The
India,

past

Sundram mentioned how Law is adapting to these contemporary social, economic, and infrastructural changes and how this situation is forcing the Legal Profession to align with the evolving Industry needs. huge growth in the number of Law Colleges in from 500 total Law Colleges in 2000 to 1700 Law Colleges in 2022 is evident enough to show how the demand for Legal Professionals has grown over the few decades. This sudden surge in the Legal Field

has some repercussions as well, like pressure on the Faculty Members to train and educate more Industry-ready professionals; a disconnect in needs and curriculum development; higher competition faced by students in recent times and for recruiters it is the higher individual selection grounds.

Prof. Sundram explained that to manage all this, the first requirement is that Faculty Members must understand the needs of the Industry so as to align their Teaching Learning Process to produce Industry-ready professionals. He mentioned how Faculty Members and current curricula need to adapt to changes and discussed the need of revising the whole curriculum at the end of the academic Session and dedicating a separate Elective for new developments in Law, both nationally and internationally. He mentioned that Colleges need to add more value to practical training along with the traditional conceptual teaching approaches, and there should be more collaborative methods that should be introduced in Higher Education.

After his Session, Prof Amar Sundram addressed the queries posted in the chat box by participants. Thereafter, Maj Gen P K Sharma (Retd.), Professor & Director, Amity Law School and Dean Faculty of Law, discussed how Prof. Amar K. Sundram had come up with the idea of ‘Coffee with Expect’ in the past which has benefited the students at Amity Law School in understanding the expectation of the Industry and helped Faculty Members to prepare them better for the same.

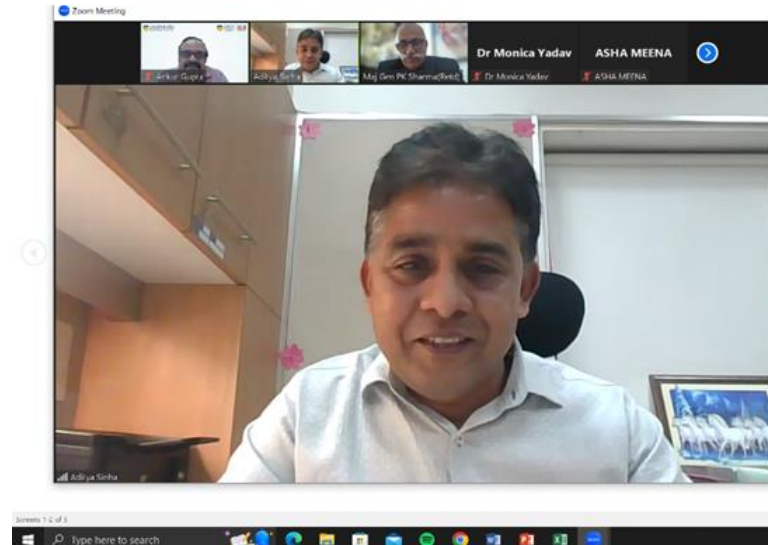

The Session concluded with a Vote of Thanks proposed by the Session Coordinator, Dr Archana Sehrawat, thanking Prof. Amar K. Sundram and all the Participants for making the Session successful. The Session was attended by 43 Participants followed by the Session Quiz and Feedback from the Participants. It was a very insightful, interesting and motivational Session.

SESSION2

The second Session of the FDP dealt with the area of Human Resources and the theme for the day was ***“Practical Approaches to Teaching- Learning in Human Resource Management.”*** Mr. Aditya Sinha, Head- HR -Corporate HR & ESG, Napino Auto & Electronics Pvt Ltd, was

Session. The Session started with a Welcome Address by the Session Coordinator, **Ms Asha Meena, Assistant Professor, Amity Law School.**

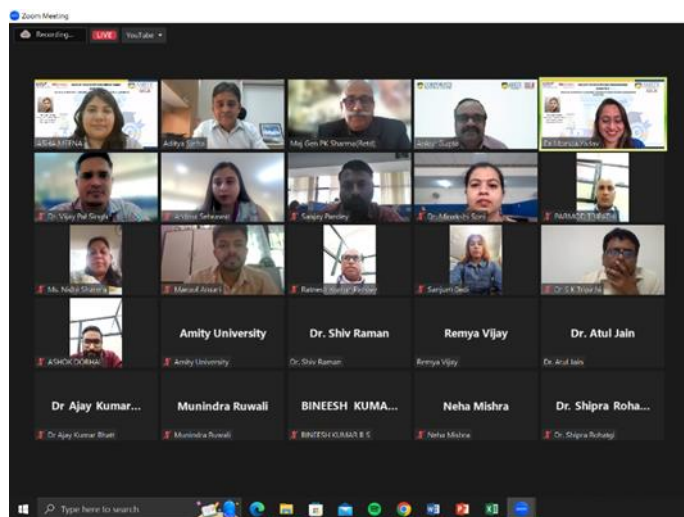

Mr. Aditya Sinha is a die-hard Optimist with 20 years of professional journey spanning Conceptualization, Practicing, Innovation & Breakthrough Strategy, while experimenting with People Behaviour to maximize Return on Investment on expertise in Corporate HR, Strategic HR, Development HR, Operation HR, Legal HR, Quality in HR and Social Accountability.

Mr. Sinha focused on the fact that practical teaching is very important for improving the quality of professional training of Human Resource Management. He further pointed out that Human Resource Management has undergone tremendous development throughout the 20th Century, which has expanded the outlook of Management, with the dynamics of Industry needs.

Mr. Sinha emphasized that the need has emerged for a more practical approach towards Teaching and Learning Human Resource Management and changing the approach from pedagogy to andragogy, which will determine the short- and long-term goals to build a holistic, aligned organization which would further stretch to industrial and economic development.

The address was followed by an interactive Question-Answer round wherein Mr. Aditya Sinha took up the queries from the Participants.

The Session was concluded by the Session Coordinator, Ms. Asha Meena proposing a Vote of Thanks to Mr. Aditya Sinha and all the Participants for making the Session successful. The Session was attended by 43 Participants. The Session ended by sharing Feedback Link and Session Quiz Form with

the Participants. It was a very insightful, interesting and motivational Session.

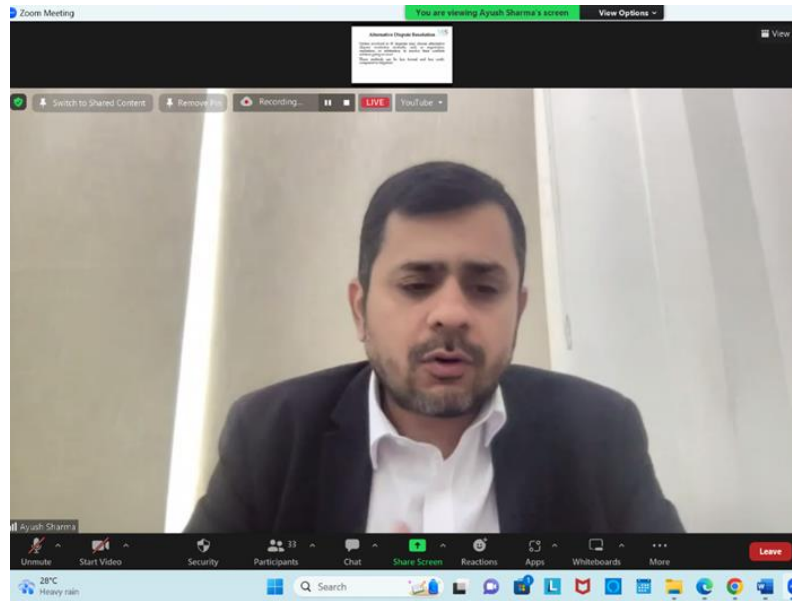

SESSION3

The third Session of the FDP commenced with a Welcome Address by the Session Coordinator, **Ms. Toshi Rattan**, Assistant Professor, Amity Law School, wherein she extended a warm

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Guest of the day, **Mr. Ayush Sharma, Advocate on Record (Supreme Court) and Managing Partner at MS Law Partners.**

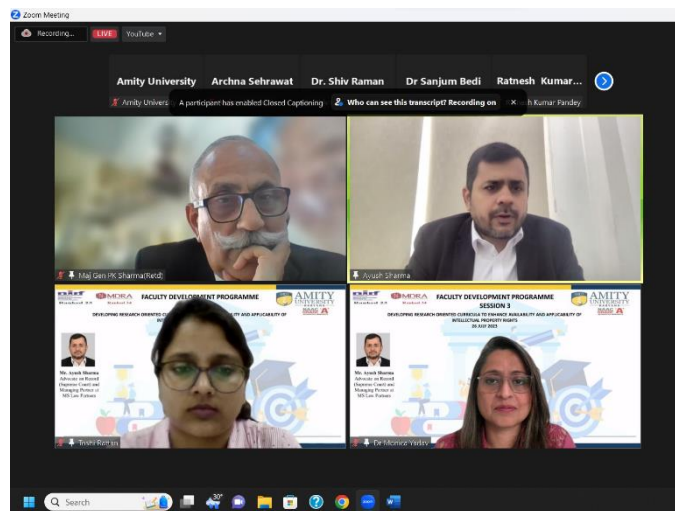

Mr. Sharma is a registered Trademark Attorney with 17 years of experience in litigation and services and an active having appeared before Court of India, High Courts, Tribunals such as NCLAT, CESTAT, NCDRC. Mr. also represented clients investigating agencies such as EOW in investigations under Prevention of Corruption Act

Patent and years of ancillary Litigator Supreme and various NCLT, Sharma has before CBI, ED & the and the

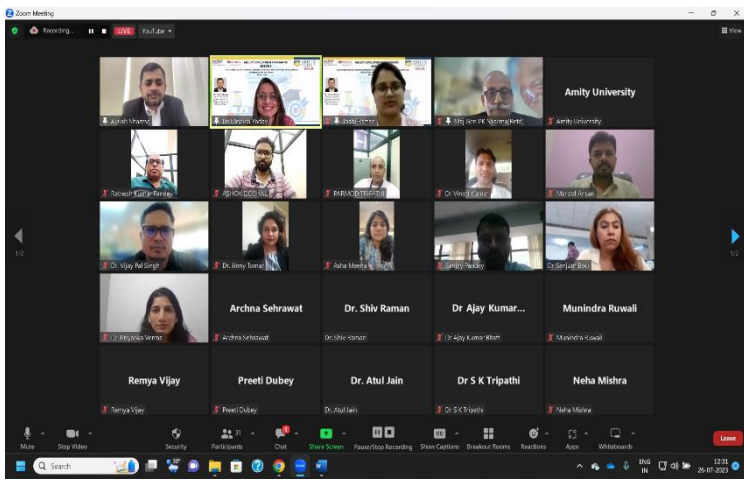

Prevention of Money Laundering Act. Mr. Sharma conducts due diligence of Intellectual Property Portfolios of organizations in various sectors such as Medical Equipment, Renewable Energy, Automobiles, Pharmaceuticals etc. He also provides freedom to operate / infringement and invalidity opinions apart from advising clients on Licensing and Intellectual Property Management.

Mr. Sharma started his Session by explaining that developing a research-oriented curricula requires a thoughtful and comprehensive approach involves designing educational programs only equip students with a solid understanding of IPR concepts but also them to engage in Research and practical of these Rights. He elaborated on the approach that may be adopted towards this goal, like identifying and understanding the target audience, clear and specific learning outcomes, designing the curriculum to cover both

and that not encourages application probable achieving defining and theoretical

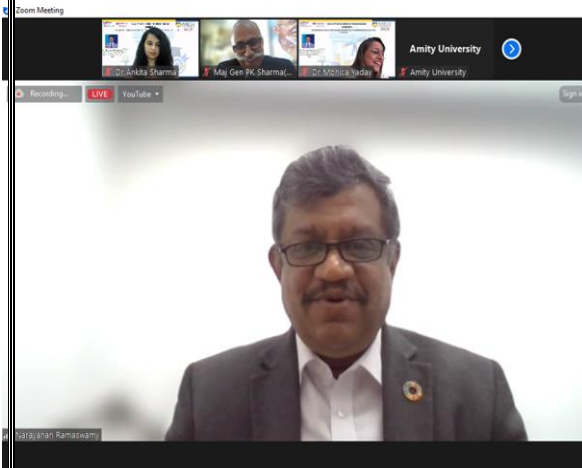

and practical aspects. Mr. Sharma also pointed out that it is very important to foster an interdisciplinary approach to IPR by encouraging collaboration among students from different fields.

After his Session, Mr. Sharma addressed the queries posted in the chat box by the Participants. The Session concluded with Ms. Toshi Rattan proposing a Vote of Thanks to Mr. Ayush Sharma and all the Participants for making the Session successful. 43 Participants attended the Session. The Session ended by sharing Feedback Link and Session Quiz Form with the Participants.

SESSION 4

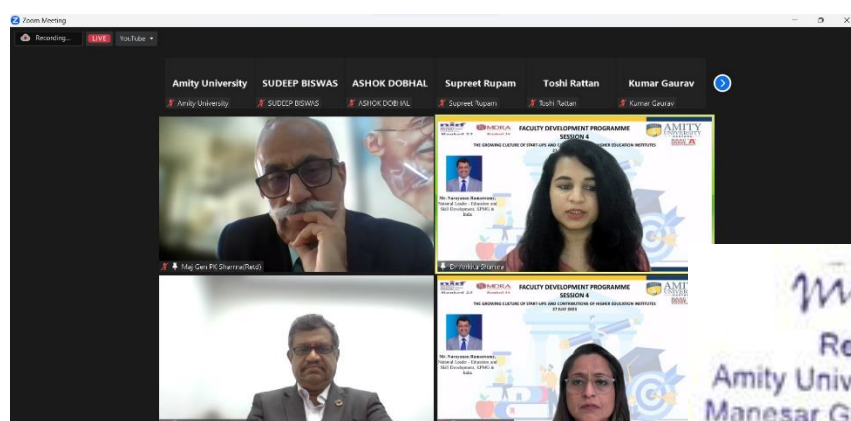

The 4th Session of the FDP organised by Amity Law School, Amity University Haryana started with a Welcome Address by **Dr Ankita Sharma**, Assistant Professor, Amity Law School, wherein she extended a warm welcome to the esteemed Guest of the day, **Mr. Narayanan Ramaswamy, National Leader-Education and Skill Development, KPMG in India**, Maj. Gen. P K Sharma, Professor & Director, Amity Law School and Dean, Faculty of Law and all the Participants.

An alumnus of Indian Institute of Management, Bangalore, Mr. Narayanan Ramaswamy is currently National Leader of Education and Skill Development, KPMG in India, with over 23 years of experience in management consulting, and Industry. His current focus is on Education, Skill Development, and Social Sector Advisory. He has experience across Financial Services and Infrastructure sectors, spanning multiple solution offerings – business strategy, process and performance improvement, organization and change management systems and IT strategy.

He leads a team of over 60+ professionals exclusively focused on Education and Skilling – working across India, SAARC, Middle East, and African regions. He is an acknowledged thought leader and represents KPMG in multiple forums. He was invited to be a part of the Expert Committee to review the New Education Policy by the Govt. of India. He was also a part of the Pawar Committee for Technology in Education - constituted by MHRD besides being a part of various committees for Education and Skill

Development in leading forums such as CII and Mr. Ramaswamy was appreciative of the taken by Amity Law organising a Session on

important topic of Start-ups and Entrepreneurships and thanked Maj. Gen. P K Sharma (Retd.), Prof. & Director, Amity Law School and Dean, Faculty of Law, for inviting him. He explained how Higher Education Institutes are evolving and changing their Courses and pedagogies to encourage students in combining innovative ideas with technology and start their own enterprises and emphasized that it is time that we move towards **heutagogy** where the learning is self-determined. He discussed India's National Education Policy (NEP) 2020, that has a range of goals to expand digital teaching and learning, which, along with the rise of 'EdTech' companies making students 'Edupreneurs', aims to make technology a central part of Schools, Universities and other Institutions. He elaborated upon the fact that multi-disciplinary approach towards Higher Education is playing a crucial role in creating more Start-ups and more employable workforce for future.

Mr Ramaswamy mentioned that with advent of Technology and Start-ups culture, the rural and urban divide can also be bridged thereby creating a platform for a lifetime of learning for all. With equity and access provided to all the students by means of technology in Higher Education Institutes, he elaborated that exciting possibilities can be achieved for more personalized learning, based upon individual needs. He then concluded the Session by saying that Information Technology will produce holistic individuals with better critical thinking skills, problem solving skills, emotional quotient and real-world approach towards work along with their field expertise.

After his Session, Mr. Ramaswamy addressed the queries posted by the Participants. The Session, attended by 43 Participants, concluded with a Vote of Thanks proposed by the Session Coordinator, Dr Ankita Sharma extending gratitude to Mr Ramaswamy and all the

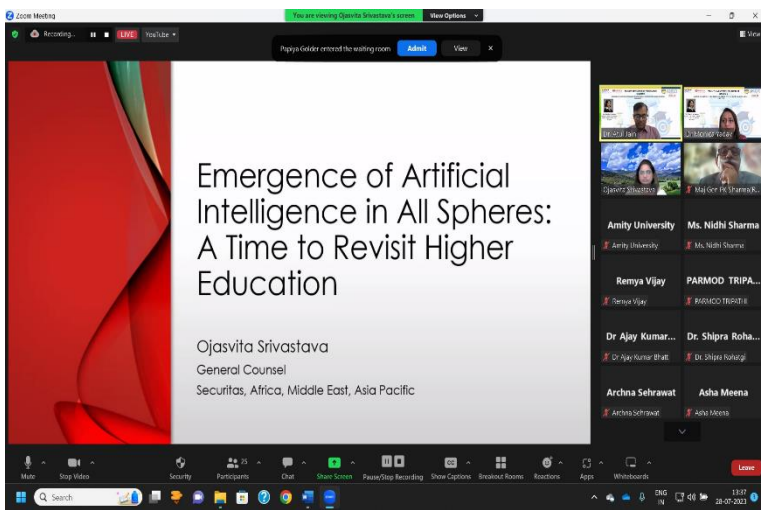

Narayanan queries The Participants, Thanks Sharma Narayanan Participants

for making the Session successful. The Session ended by sharing Feedback Link and Session Quiz Form with the Participants.

SESSION-5

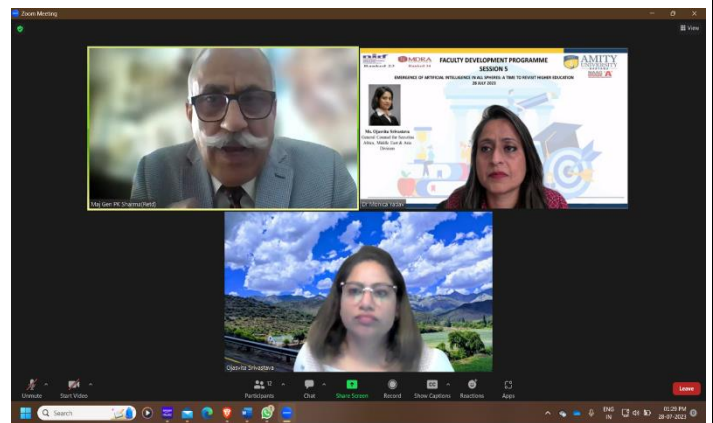

Ms. Ojasvita Srivastava, General Counsel, Securitas Africa, Middle East and APAC, addressed the concluding Session on the fifth day, on the Sub-Theme **“Emergence of Artificial Intelligence in all Spheres: A Time to Revisit Higher Education.”** *Dr Atul Jain*, Associate Professor, Amity Law School began the Session by welcoming Ms. Ojasvita and elaborating on the theme for the day.

Ms. Ojasvita Srivastava is a graduate of V. M. Salgaocar College of Law, Goa, and LLM in Commercial and Corporate Law from Queen Mary, University of London. She is currently the General Counsel for Securitas Africa, Middle East & Asia Division, and founder of Project Abhimanyu. Prior to this Ms. Ojasvita, worked at a multinational French Pharma Company in Mumbai and later practiced at the Supreme Court, Delhi High Court and three

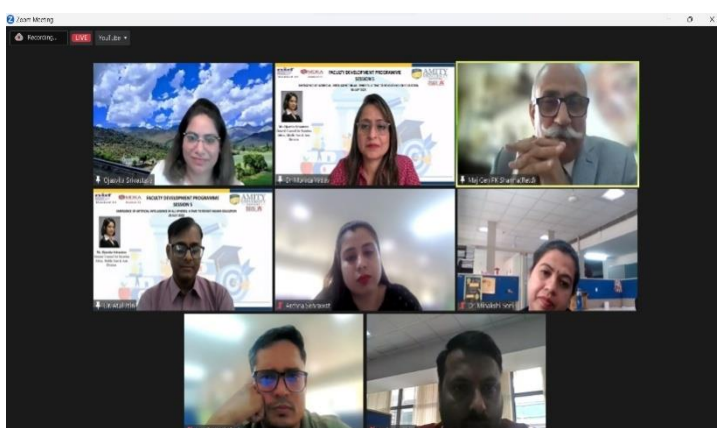

District Courts at Delhi. As the General Counsel, Ms. Ojasvita overlooks Legal Management, Contracts, Compliance, Corporate Governance and Values and Ethics aspects for the region Africa, Middle East and the Asia Pacific.

Ms. Ojasvita began her Session by explaining what Artificial Intelligence (AI) is, its application in the field of Law and its impact on Higher Education. She posed a couple of questions to the Participants like did they believe AI would take away their jobs or replace them as teachers? She apprised the Participants as to how AI was being used globally and how E-discovery has become mandatory in the United States of America. She gave examples of various applications that have been developed in India and are very useful, like ChatGPT, Wepik, Yippity, Gradespace, Capitol Education, Teachmate.ai and Supace (used by Supreme Court of India).

Ms. Ojasvita further explained that AI has certainly increased efficiency but there is a risk of over-dependence. Further, there are certain Legal and ethical challenges still to overcome. She emphasized that privacy and protection of personal data remains at risk. She discussed the need of co-opting AI in Higher Education and how it has the potential to personalize education and create more efficient learning environments. She elaborated that while AI would not replace teachers, classroom revolution was inevitable.

Ms. Ojasvita concluded by saying that we need to be future ready- have the right attitude, upskill and adopt the use of AI for our students. As Teachers we must design our lesson plans thinking, critical and creative. Further as Teachers we must discuss the

 Registrar
 DII Amity University Haryana
 Manesar Gurgaon-122413

positive and negative impacts AI is having in the society.

The Session was quite interactive and after her Session, Ms. Ojasvita addressed the queries posted by the Participants. The Session, attended by 43 Participants, concluded with a Vote of Thanks proposed by the Session Coordinator, Dr Atul Jain extending his appreciation to Ms. Ojasvita and all the Participants for making the Session successful. The Session ended by sharing Feedback Link and Session Quiz Form with the Participants.

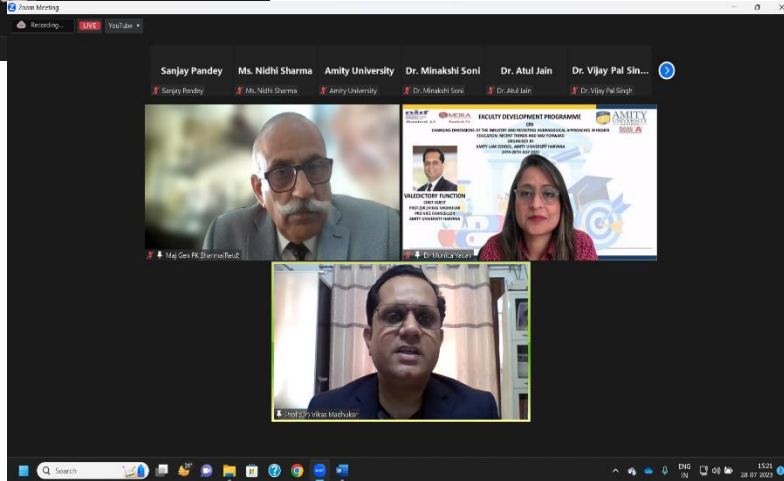

Valedictory Session

The Event commenced with welcoming the Chief Guest, **Prof. (Dr) Vikas Madhukar**, Pro Vice Chancellor, Amity University Haryana and **Maj. Gen. P. K. Sharma (Retd)**, Dean Faculty of Law and Director, Amity Law School by **Prof. (Dr) Monica Yadav**.

In his Closing Remarks, **Maj. Gen. P. K. Sharma (Retd.)**, briefly brought out what each Resource Person had highlighted during the Five Sessions of the FDP and thanked all the Resource Persons, Participants and the Organizing Team for putting up an Academically successful Event.

Address, **Prof. (Dr) Vikas** appreciated the Theme of the congratulated the organising successful conduct of the Madhukar said that the Indian Education ecosystem is huge and one of the key challenges

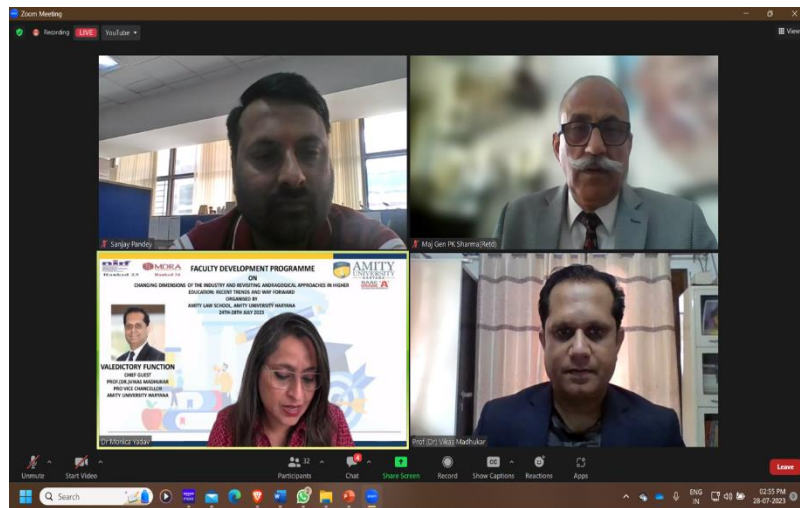

In his Valedictory **Madhukar**, FDP and team for the event. Dr Higher and growing faced is

imbibing employability amongst the young graduates. He further said that for Higher Education Institutions it is equally important to understand the aspirations of the students and design a roadmap that addresses both above. Dr. Madhukar further said that it is, therefore, necessary to focus on capacity building amongst the Faculty Members. He also spoke about NEP 2020 and said that the aim is to align the curriculum with the Industry requirements and thus focus should on interdisciplinary and multidisciplinary aspects of the curriculum.

Dr Madhukar concluded his address by emphasising that the curriculum must be outcome based focusing on the expected outcomes like domain knowledge and generic skills which incl

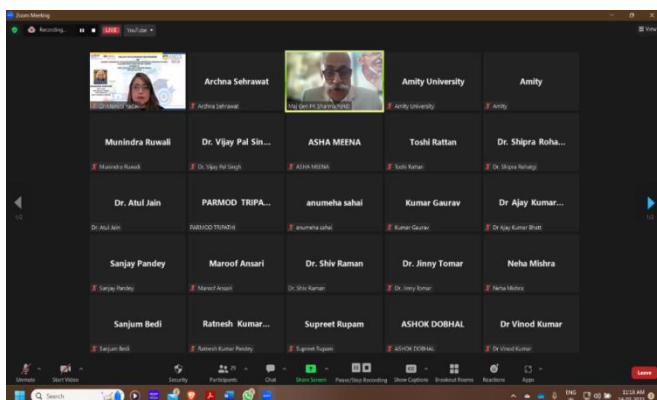

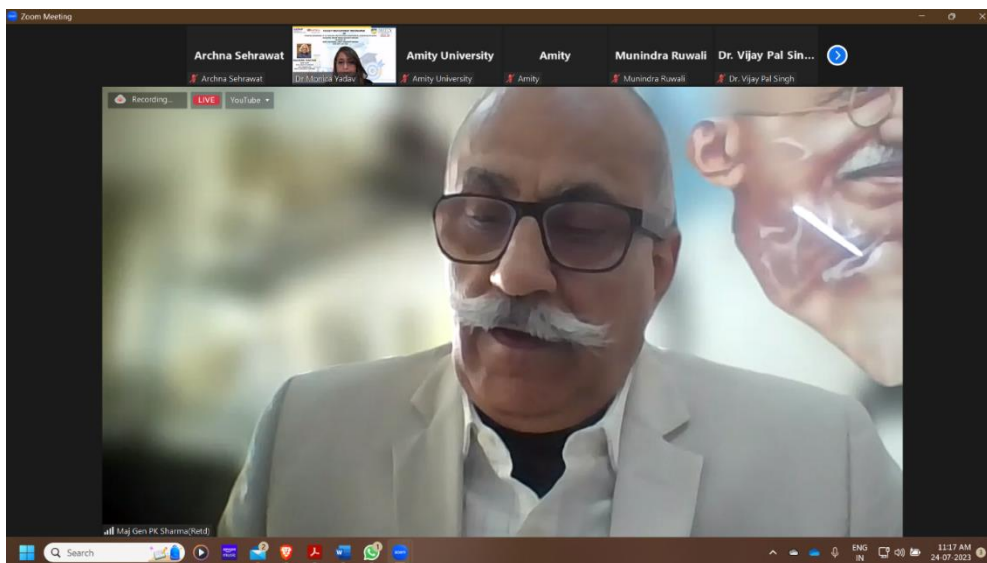

thinking, life, and learning skills. He once again congratulated the organising team for bringing Industry and Academia on the same platform and deliberating on these issues and finding solutions for bridging the gaps.

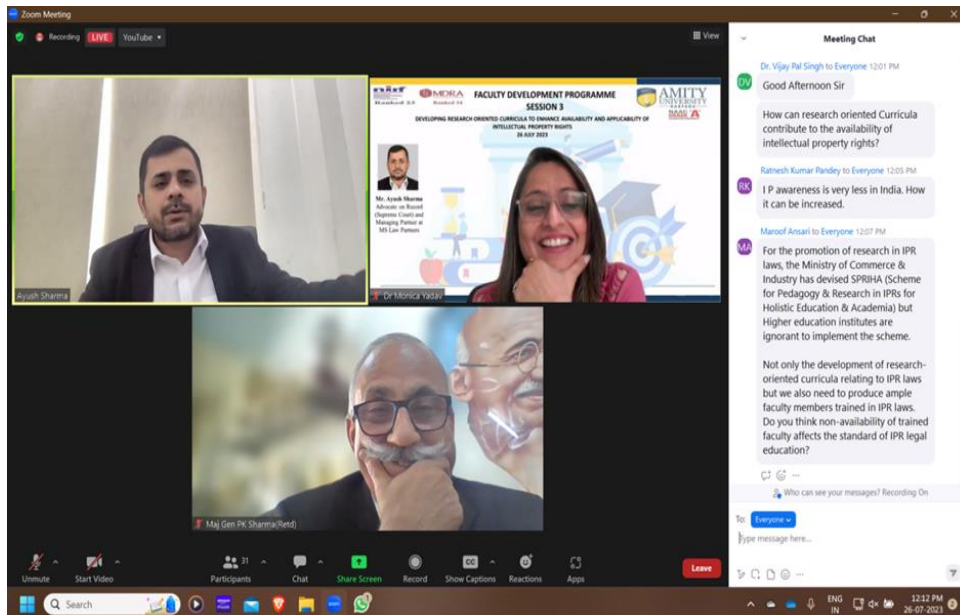

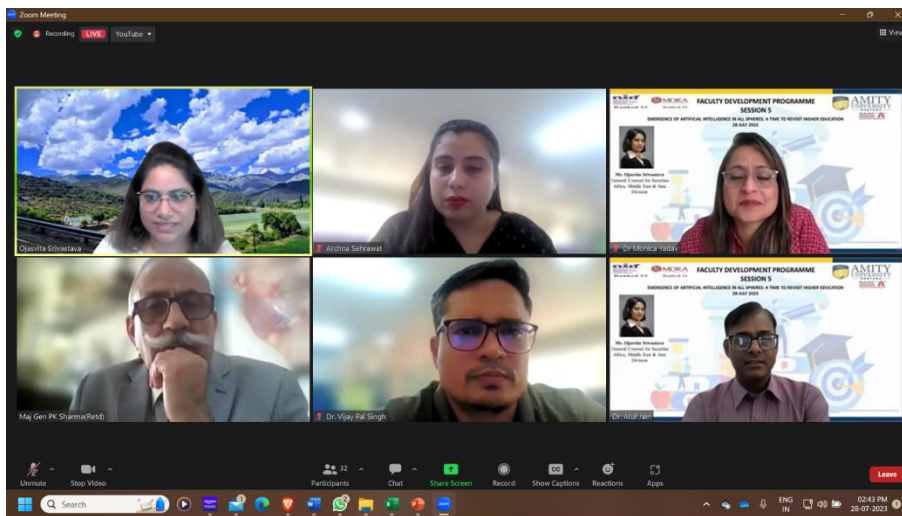

The Valedictory Session came to an end with the Vote of Thanks proposed by **Prof. (Dr) Monica Yadav**, who thanked the Chief Guest for sparing his valuable time. She placed on record her thanks to the Hon'ble Vice Chancellor for his encouragement and the Resource Persons for sparing their valuable time. She also appreciated the participants for having shown such keen interest in the Themes of the FDP and the

efforts put in by the Organizing Team. The valedictory Function was attended by all the participants.

QUALITY INITIATIVE By Internal Quality Assurance Cell

FIVE DAY FACULTY DEVELOPMENT PROGRAMME OF “TECHNOLOGY ENABLED TEACHING AND LEARNING IN FOOD SCIENCE & NUTRITION”.

The widespread adoption of technology has transformed the educational landscape, and teachers need to keep up with the latest digital skills and competencies to stay effective in their roles. Information and communication technologies (ICT'S) have been a rapidly growing trend in higher education over the past decade, with millions of students around the world taking courses from top universities and institutions.

OBJECTIVE OF THE FDP

The FDP Was organized with following objectives:

- * To provide an understanding of various ICT'S and how they work and integrate them into their teaching practices for fostering conceptual learning in the field of food science and nutrition.
- * To promote adaptability, enabling teachers to quickly learn new technologies and apply their digital skills and competencies in a variety of learning situations and contexts.

WHO SHALL ATTEND THE FDP

Students & Faculty members of AUH.

OUTCOME OF THE FDP

Use of these applications and technical advancements in teaching process will ensure the practical approached learning and will enable the students to face the challenges generated in real life situations.

Criteria of Inviting Resource Person/Judge/Speaker/Judge (Write a paragraph):

Most of the invited speakers are either the professional in field of food science & clinical nutrition or esteemed academician with technical expertise in teaching and learning process.

Were the guest known in advance and if yes, from what previous interaction (Write a paragraph)?

Most of the speakers were known from various collaborative events like webinars, conferences and seminars.

2. Outcome of the Event with Time Lines (Proposed/Achieved)

Envisaged Outcome	Tangible/Intangible	Achieved/Proposed	Target date & responsibilities (if proposed)	Details of outcome
1. Outcome related to Academia Connect				
a) Collaborations for Research Papers/Conference Papers/ Book Chapter etc.				NA
b) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments etc.				NA
c) Collaboration for Funded Projects				NA
2. Outcome related to Industry Connect				
a) Placement				NA
b) Collaborations for Research Papers				NA
c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments				NA
d) Collaboration for Funded Projects				NA
3. Outcome related to Society Outreach				
a) Benefit to society in terms of Health & Hygiene				The FDP on "Technology enabled teaching and learning in food science & Nutrition" provided new aspects of learning process to the participants. This FDP approaches the new technological advancements in the field of nutrition and based on the practical application of digitalization in the abovesaid field
b) Benefit to society in terms of Education				The FDP was organized to provide practical aspects of tools field

				science. Use of these applications and technical advancements could be used to face the challenges generated by ever increasing disease prevalence
4. Outcome related to Students Learning &Grooming				
				Use of these applications and technical advancements in teaching process will ensure the practical approached learning and will enable the students to face the challenges generated in real life situation.
5. <u>Any other</u>				

3. Event Report along with glimpses of the event(Photographs)

3.1 General Introduction of the Event: The widespread adoption of technology has transformed the educational landscape, and teachers need to keep up with the latest digital skills and competencies to stay effective in their roles. Information and communication technologies (ICT'S) have been a rapidly growing trend in higher education over the past decade, with millions of students around the world taking courses from top universities and institutions. Technology-enabled teaching has the potential to revolutionize the way education is delivered and facilitate a new set of digital skills required to keep pace with the fast-changing technical world. This FDP aims to equip teachers and learners with 21st-century technological advancement which would greatly assist them in understanding various indispensable aspects of food science and nutrition in the best possible way

3.2 Inspiration & Objectives of the Event: The FDP Was organized with following objectives:

- To provide an understanding of various ICT'S and how they work and integrate them into their teaching practices for fostering conceptual learning in the field of food science and nutrition.
- To promote adaptability, enabling teachers to quickly learn new technologies and apply their digital skills and competencies in a variety of learning situations and contexts.
- To improve communication skills, including the ability to communicate effectively with students and colleagues using digital tools such as Artificial intelligence, the use of latest software related to the concerned subject, virtual and augmented reality, and other emerging trends that could have an impact on teaching and learning in the future.
- To develop digital skills pertaining to online safety and privacy issues, and how to teach students to navigate online environments responsibly.
- Overall, the course will equip teachers with the necessary skills to navigate the digital age of education and enable them to effectively integrate digital tools and technologies in various domains of Nutrition science

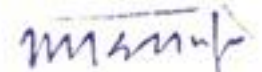

3.3 Brief about the address/talk of speakers

24th July 2023: Day 1 of FDP

Association of Indian Universities (AIU) & Amity University Haryana, Gurugram, Academic and Administrative Development Centre (AIU-AUH-AADC) and Department of Dietetics and Applied Nutrition, AMS in association with Amity Academic Staff College is Organizing 5-Days Faculty Development Programme On "Technology Enabled Teaching and Learning in Food Science & Nutrition" from 24th to 28th July 2023.

4.

1st day of the event was started with the name of Almighty God to enlighten the path of knowledge. The opening address was given by **Prof. Sanjana Vij**, Program Director, Amity Academic Staff College Head, Centre of Excellence for Innovation in Education, Amity University Haryana. Prof. Vij has given a brief introduction of the topic and summarize the need of the technology-based teaching and learning in field of food science and nutrition briefly. **Dr. Luxita Sharma**, Director, AMS & HOD, Department of Dietetics & Applied nutrition, welcome all the dignitaries and participants. She also brief shared some of her life experiences in the field of clinical nutrition and acad

Registrar

Amity University Haryana
Manesar Gurgaon-122413

throw light in the benefits of digitalization in nutrition field. She also welcomed **Dr. AmaredraPani**, Joint Director & Director (In -Charge), Research Division, AIU. Dr. Pani congratulated organizers of FDP and motivated them to continue with such informative and unprecedented topics for the FDP in the future. The session was continued with the insightful words of **Dr. Gaurav Bhardwaj**, HOD, Department of Optometry, AMS, who applauded FDP organizing team with wholeheartedness. The whole session was enlightened with the presence of **Guest of Honor-Ms. Sandhya Pandey**, Chief Dietician, Medanta-The Medicity Hospital, Gurugram. In her session on “Use of Digital Technology in Clinical Nutrition and its Application in Hospitals”, Ms. Sandhya emphasized on the benefits like Personalised nutrition, improved patient monitoring, Improved communication and collaboration. She gave in depth knowledge about the use of software-assisted delivery of nutrition, nutritional risk screening, food service delivery through digital menu planning like EMR. The digital form of NRS 2002 can be used for research purposes by the faculty and our research scholars. After this informative lecture, session was paused for the lunch break. The session was resumed with the introduction of **Dr. Vijay Kumar**, Associate Professor, Dept of ASLF, AMS, AUH. Dr. Vijay gave an insightful lecture on “Application of Technology in the Teaching and Learning Process. Dr Vijay introduced the topic and provide practical aspects of digitalization in teaching learning process. From the types of learning modalities to TLP goal setting, Dr. Vijay had elaborated every topic in very interesting way. After every session, speakers helped the participants to clear their doubts. At the end of the session, Feedback form and assignments have been provided to participants. The 1st day of Faculty Development Programme was successfully held with approximately **95 active participants**.

25th July 2023: Day 2 of FDP

The first session of the 7th day was taken by Dr Geeta Bisla, Associate Professor in Department of Food Science and Nutrition from Banasthali Vidyapith, Rajasthan. She has more than 24 years of experience in teaching.

The topic of the session was “Role of ICT in the enhancement of nutrition-based skills among learners”. The total number of participants was 72 from different expertise. The session started with some brainstorming activities for participants, she asked about what is ICT? She has explained about the importance of ICT in the field of Teaching for the student as well as faculty based on the nutrition skills. She also discussed about the search engine for the scientific research. She nicely explained the different online courses available since covid such as swayam, coursera and MOOCs. Participants had the opportunity to learn how to use ICT in an effective manner in teaching process.. At the end of the session, she took a Q&A session where participants got the opportunity to clear their doubts by writing up questions which were answered during the session Participants left positive feedback for her sessions.

The 2nd session of the 2nd day was taken by Dr Deepti Verma. She is currently working as Nutrition Head in VLCC. Dr Verma is the recipient of the Women of Substance Award from India Leadership Summit for Excellence in Education for the year 2023. Her enormous vast experience was reflected in her session also. Her topic was “New Approaches for Teaching in Food Science and Nutrition”. This session was attended by 79 participants from different fields of teaching.

It was indeed an informative session for participants. She has discussed online tools regarding diet planning. Participants learned many key points of digitalization and also gave practical knowledge about for being health and stay fit. She also emphasizes how eating apple a day keeps doctor away as She explained the apple contents more than 900 phytochemicals, also explain the effective use of magnesium and calcium in the fat loss. She also discussed about her life moto is “30 minutes walk is better than 30 min talk” over phone. After her lecture, there was an interactive discussion session, where participants got the opportunity to clear their doubts and they discussed their queries. Participants left positive feedback for her session. This session was enriching practical knowledge on new approaches of teaching in the field of Food Science and Nutrition.

26th July 2023: Day 3 of FDP

The theme for the 3rd Day of FDP was Innovation in Technological Learning- Food Science and Nutrition. In morning session, first speaker was Dr. Mehak Sharma. The session started at 11.00AM in Virtual mode using ZOOM Platform. Dr. Mehak delivered her speech on the Topic: Insight on current advances in food science and nutrition. Dr. Mehak Sharma is currently working as an Associate Professor in the Department of Nutrition and Dietetics at Manav Rachna International Institute of Research and Studies. She thoroughly discussed about the utility of various advanced statistical tools and techniques like “SPSS” and “R”- Software in conducting various statistically significant research. She also talked about the significance of various qualitative analysis of the research data. She also gave a demonstration of Excel sheet for participants on using statistical software. The overall session was very interactive.

each of the participant in their respective research areas. The Question answer session was being taken up after enlightening and detailed lecture of Dr. Mehak Sharma ma'am and thereby the participants were requested to give their respective feedbacks for the event.

Thereafter in afternoon, session was being undertaken by Dr. Puneeta Ajmera at 2.00 P.M on virtual mode. She was welcomed by Dr. Luxita Sharma, HOI, Dietetics and applied Nutrition, Amity Medical School, Haryana. Dr. Puneeta delivered her speech on the topic "National program for technology enhanced learning for the students of Food Science and Nutrition". Dr. Puneeta Ajmera is an Associate Professor and currently heading the school of allied sciences in Delhi Pharmaceutical Sciences & Research University, Govt. of NCT, New Delhi. She delivered a very detailed speech on various government and private programmes running currently in the Nation for enhancing the technological learning of the people. The overall session was very informative, and participants had immensely appreciated the speech and the content delivered by her. Finally, the session was closed with the thanks speech given by Dr Luxita Sharma and participants were thereby requested to submit their feedback forms.

27th July 2023: Day 4 of FDP

The theme for the 4th Day of FDP was "Different Domains of ICT Enabled Effective Nutrition Learning". In the morning session, the first speaker was Dr. Renu Shrestha. The session started at 10.00AM on Virtual mode using the ZOOM Platform. **Dr. Renu Shrestha** delivered her speech on the Topic: Innovative Technologies in Food Product Development. She is currently working as an Assistant Professor in the Department of Nutrition and Dietetics at Amity University, Haryana. She thoroughly discussed several current innovations taking place in the respective domain of food science and Nutrition across the globe. She gave a very detailed and well-explained lecture, clearing the doubts of participants with real life examples and by citing relevant research studies. The overall session was very interactive and would certainly be useful for each of the participant belonging to food and nutrition background. The Question answer session was being taken up after enlightening and detailed lecture of Dr. Renu Shrestha ma'am and thereby the participants were requested to give their respective feedbacks for the event.

Thereafter, the session was continued with the lecture of our next esteemed speaker Dr. Soumya Gupta at 11.30 A.M on virtual mode. She delivered her speech on the topic "National program for technology enhanced learning for the students of Food Science and Nutrition". **Dr. Soumya Gupta** is an Assistant Professor- Senior Scale at School of Health Sciences & Technology, UPES, Dehradun. She delivered a very detailed speech on various e-learning platforms such as SWYAM, and NPTEL to uplift the learning process in today's era. She thoroughly talked about various courses offered by these e-platforms which can be of great significance for participants belonging to multiple disciplines. The vast and detailed knowledge of mam regarding various e-courses running currently in the Nation for enhancing the technological learning of the people was truly commendable. The overall session was very informative, and participants immensely appreciated the speech and the content delivered by her. Finally, the session was closed with a thanks speech given by Dr Luxita Sharma, HOI, Dietetics and Applied Nutrition, Amity Medical School, Haryana and participants were thereby requested to submit their feedback forms.

Dr Shilpa Thakur is the senior consultant Dietitian at Asian Hospital, and she holds the position of General Secretary at IDA & IAPEN, Delhi Chapter and is also co-convener at Netprofan.

She delivered the lecture on the role of AI in clinical Nutrition and the session was indeed informative as she discussed the different AI tools used in the field of Clinical Nutrition. She also talked about the different mobile applications available for the management of different disease conditions like weight loss, diabetes and Gastrointestinal. She also insights into the features of current popular smartwatches relevant to clinical nutrition care. After her lecture, there was an interactive discussion session, where participants got the opportunity to clear their doubts and they discussed their queries. Participants left positive feedback for his session. This session was enriching knowledge of recent mobile applications and wearable technologies used for the management of various diseased conditions.

28th July 2023: Day 5 of FDP

5th day of the event was started with the introduction of Dr. Gaurav Kumar Bhardwaj, Associate Professor & Head of the Department of Optometry and Vision Sciences, Amity Medical School, Amity University Haryana. Dr. Bhardwaj provide his valuable thoughts on the topic Techno Learning Process: Opportunities and Obstacles. He elaborates the topic with applications used currently by the professionals. He showed demo videos

understanding of the participants. He not only briefed about the benefits of technological advancements, but also showed the negative points of technology application. Dr. Luxita Sharma, HOI, AMS & HOD, Department of Dietetics & Applied Nutrition applauded Dr. Bhardwaj for such insightful lecture and thanked for the sparing his time and effort for the lecture.

After resuming the session after lunch break, the event was started with welcome and brief introduction of last speaker of the session, Dr. Alka Joshi, who is eminent Scientist (Senior Scale)-Food Technology Division of Food Science & Postharvest Technology ICAR-Indian Agricultural Research Institute (ICAR-IARI). She gave an insightful lecture on “Food Technology: Innovative value-addition technologies for horticultural produce”. She elaborates all the technological advancements in the field of nutrition and horticultural produce to eliminate hidden hunger prevalent in the country. She showcased technically sophisticated machineries and processing methodology by using which nutritionally superior food products have been formulated in the laboratories. The whole session was witnessed by approximately 67 participants who got benefitted at most. Dr. Luxita Sharma congratulate Dr. Alka Joshi for delivering such an amazing lecture and thanked her for accepting the invitation as a speaker. Prof Sanjana Vij, Program Director, Amity Academic Staff College Head, Centre of Excellence for Innovation in Education, Amity University Haryana also thanked eminent speaker Dr. Alka Joshi for delivering such an insightful lecture. She also congratulated Dr. Luxita Sharma and the whole team for organizing systematic and well-arranged 5-day FDP programme. Dr Vij also thanked participants for attending the session patiently and for giving amazing feedback. At last, Dr. Luxita Sharma gave vote of thanks to each and every member associated with the FDP programme and congratulated whole team for successful completion of the event. The session was concluded by capturing the moment in presence of FDP participants.

What are your take away from the session?
69 responses

- It was a great session
- Knowledge about different technologies and emerging areas
- Merits of Technology in Healthcare and Teaching
- Well developed content and context
- We can use computerized software for food and diet purposes also by making a website, a software to calculate food related data
- More concepts about technology
- Very good session
- Lot of learnings

QUALITY INITIATIVE By Internal Quality Assurance Cell

TEN DAY WORKSHOP ON “INNOVATIVE KID’S COLLECTION”.

"Innovation in fashion design results from a rigorous process of developing and editing ideas that address specific design challenges. AMITY SCHOOL OF FASHION DESIGN & TECHNOLOGY organised a workshop on Innovative Kid's collection from 18th-28th September 2023 as a part of the Innovation week 2023

OBJECTIVE OF THE WORKSHOP

- To attempt to design Kid's clothes that are functional as well as aesthetically pleasing during the Amity Innovation week.
- To achieve technical accomplishment that requires the knowledge and skills of basic sewing techniques— application of stitches, seams, darts, gathers, pleats, and edge finishing, etc. Its appropriate application in garment construction is necessary for a good quality product.

WHO SHALL ATTEND THE EXPERT TALK

Students & Faculty members of AUH.

OUTCOME OF THE EXPERT TALK

- Adapt their artistic abilities to support their future design careers.
- Assess, propose, and apply various techniques related to drafting, draping, and constructing of garments.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Dr Suniti Sood, HOD & Associate professor-ASFDT

3. Event Report along with glimpses of the event(Photographs)

3.1 General Introduction of the Event

"The ACC has organised The Startup Saga - An Entrepreneur's Tale" on 18th September 2023. It was an inspiring event that showcased the remarkable journeys of new-age Indian entrepreneurs. The event aimed to shed light on the challenges they encountered while building their successful companies. The participants were tasked with narrating these entrepreneurial stories and demonstrating their creativity by enacting advertisements for these companies, either live on stage or through recorded videos.

The event commenced with an enthusiastic welcome by the hosts, setting the stage for a day filled with inspiration and insights into the world of startups. The event was judged by our beloved faculty members, Dr. Vidhi Bhargava (Professor (ACC), IQAC co-ordinator) and Dr. Renuka Sharma (Assistant Professor, ACC) who excel in the field of commerce and entrepreneurship.

Throughout the event, participants took turns sharing the entrepreneurial stories of companies that have become household names in the Indian business landscape. These narratives provided valuable lessons about persistence, innovation, and adaptability in the face of adversity. The teams presented the stories of various startups like Infosys (by Arsh and Kartik), Nat Habit (by Aashita, Shreya, Khushbu and Tamanna), Oyo (by Kartik Jangra) and OYO (by Ramachokkalingam SA).

The highlight of the event was the enactment of advertisements. Some participants chose to perform live, captivating the audience with their creativity and presentation skills, while others showcased pre-recorded videos, displaying their storytelling prowess through visual media.

The event concluded with declaration of results by our esteemed judges and a g judges and participants to capture the wholesome moment.

3.2 Inspiration & Objectives of the Event

- a) Resilience and Perseverance: The stories of the entrepreneurs emphasized the importance of resilience in overcoming challenges and setbacks.
- b) Innovation and Creativity: The advertisement enactments showcased the participants' creativity in marketing and promotion, highlighting the significance of innovative approaches in business.
- c) Inspiration for Aspiring Entrepreneurs: The event motivated and inspired us to embark on our own entrepreneurial journeys.

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event

Innovation in fashion design results from a rigorous process of developing and editing design challenges. AMITY SCHOOL OF FASHION DESIGN & TECHNOLOGY Innovative Kid's collection from **18th-28th September 2023** as a part of the Innovate

the experience, students produced original designs and developed garments inspired by their respective themes. Overall, 2023 is shaping up to be an exciting year for children's fashion, with bold colours, playful ruffles, versatile denim, classic blue, and vibrant floral prints leading the way. From Forecasting developing the original designs through illustration & then constructing into finished dresses. In addition to the trends, sustainability and ethical fashion in construction was continued to be important considerations in children's fashion in 2023. Nowadays, parents are looking to update child's wardrobe or a designer looking to create the next big trend, these fashion trends offer something for everyone. It's important to balance style with comfort and practicality to ensure that children feel confident and comfortable in their clothing. Keeping such things in mind Students of ASFDT have created innovative dresses for kids for the age group of 6-12 years with help of faculties in the Fashion Labs of Amity University Haryana.

FIVE DAYS WORKSHOP ON "CREATIVE & SUSTAINABLE SCULPTURE USING WASTE MATERIALS".

Amity University Haryana (AUH) celebrating the Innovation Week 2023 from 18th -25th September 2023. In the occasion of Innovation week celebration, Amity School of Fine Arts, AUH organized a sculpture workshop on "Creative & Sustainable Sculpture Using Waste Materials" for students. Students made many interesting creative sculptures with different kinds of waste materials like- corrugated cardboard sheets, foil paper, Paper roll, Paper Mache etc, wooden stick, wood panel, wooden branch, plastic used bottle, plastic sheets etc

OBJECTIVE OF THE WORKSHOP

Amity School of Fine Arts organized a workshop on creative sculpture by using waste materials for the students. The aim and objective of the workshop is to encourage skill development and enhance creative understanding of students to bring out creative output. This workshop has explored a variety of mediums and techniques, while developing critical thinking and problem-solving skills.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty of AUH.

OUTCOME OF THE WORKSHOP

Students created stunning sculptures from discarded and recycled materials. It not only highlights their artistic abilities but also emphasizes the importance of sustainability and environmental consciousness. Through their innovative works of art, our students aim to inspire others to rethink waste materials and their potential for creative reuse.

It not only highlights their artistic abilities but also emphasizes the importance of sustainability and environmental consciousness. Through their innovative works of art, our students aim to inspire others to rethink waste materials and their potential for creative reuse.

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event: Amity University Haryana (AUH) celebrating the Innovation Week 2023 from 18th -25th September 2023. In the occasion of Innovation week celebration, Amity School of Fine Arts, AUH organized a sculpture workshop on "Creative & Sustainable Sculpture Using Waste Materials" for students. Students made many interesting creative sculptures with different kinds of waste materials like- corrugated cardboard sheets, foil paper, Paper roll, Paper Mache etc, wooden stick, wood panel, wooden branch, plastic used bottle, plastic sheets etc. They not just enjoyed it, but also experimented with different types of waste materials to make sculptures. They used their knowledge and sense of art to create their own sculptural forms. The workshop started with a wonderful PPT presentation by Mr. Animesh Mahata, faculty of ASFA, AUH where he introduced waste materials and how the students can create artworks out of the waste materials. He has shown some interesting artwork which is done by using waste materials. He suggested to participated students to collect whatever waste materials are available to them and then think what kind of artwork possibly they can make out of that. He also suggested that they can make some layout for their sculptures. Participants came up with some interesting ideas; Mr. Animesh guided them how they can build up their sculpture using those materials.

3.2 Inspiration & Objectives of the Event: Amity School of Fine Arts organized a workshop on creative sculpture by using waste materials for the students. The aim and objective of the workshop is to encourage skill development and enhance creative understanding of students to bring out creative output. This workshop has explored a variety of mediums and techniques, while developing critical thinking and problem-solving skills. The goal of this workshop was separated into two major components. First, how to transfer waste materials into a creative object. Second, nurture student's creative skills and aesthetical understanding about artwork. Students have developed versatile quality of handling different mediums and build their own unique style.

FIVE DAYS FDP ON “RECENT TECHNOLOGICAL TRENDS AND ADVANCEMENTS IN PHARMACEUTICAL SCIENCES”.

Amity Institute of Pharmacy organizes online Five-Day Faculty Development Program on topic “Recent Technological Trends and Advancements in Pharmaceutical Sciences” from 09-13th October 2023. There were 96 participants across the country who have registered themselves for the event and there was a galaxy of 12 speakers ranging from industry to academia that were invited to deliver the talk.

OBJECTIVE OF THE FDP

As AUH is a research and innovation driven university therefore, we at AIP has organized a Five-Day Faculty Development Program entitled as “Recent Technological Trends and Advancements in Pharmaceutical Sciences” to further this philosophy.

WHO SHALL ATTEND THE FDP

Students & Faculty of AUH.

OUTCOME OF THE FDP

AUH can contact some of the speakers of the FDP for research guidance of it's Ph.D. & master's students. AUH can also contact them for the summer training and internship of its students.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Dr Asim Kumar, Assistant Professor-AIP

Outcome Report(Event/Activity Organized @ AUH)

1. General Information

Date: 09-13 October 2023
Event Type: FDP(Faculty Development Program)
Event Title: Recent Technological Trends and Advancements in Pharmaceutical Sciences.
Event Theme: Innovation
Venue: Virtual Zoom
Web/Video Link of the Event:[https://amity.edu.zoom.us/j/88315998877?tk=v47DtsoPGZ0c9_nFKIRxD8dAV8v6BeggTNowTTF17u8.DQOAAAAUkAsvnrZYUGVHdTRSNVlzYW9MRmlfazNUdE9BAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA](https://amity.edu.zoom.us/j/88315998877?tk=v47DtsoPGZ0c9_nFKIRxD8dAV8v6BeggTNowTTF17u8.DQOAAAAUkAsvnrZYUGVHdTRSNVlzYW9MRmlfazNUdE9BAA)
Organized by: Amity Institute of Pharmacy (AIP)
In collaboration with: Association of Indian Universities (AIU) and Amity Academic Staff College
Event Level: International
Student Participation: No. of Students from AUH (Course wise):- NIL
Faculty Participation: No. of Faculty Members from AUH (Deptt. wise):- 15
Participation from outside AUH: Faculty Members- 99
(Enclose attendance sheets in given format)
Event Coordinator(s) with designation:Dr. Asim Kumar, A.P. AIP; Dr. Atin Kalra, Associate professor, AIP, Dr. Shrestha Sharma, A.P. AIP; Dr. Kiran Sharma, Associate Professor, AIP

Details of Expert/Speaker/Resource Person/Judge:

S N	Country Name	Expert Name	Organization Name	Designation	Specialization	Contact No.	E-mail Id	CV of Expert (Yes/No)	Major Areas where Amity can Collaborate with expert	Recommended by

Criteria of Inviting Resource Person/Judge/Speaker/Judge (Write a paragraph):

The invited speakers are from different domains of pharmaceutical sciences pursuing excellence in the science and practice of pharmaceuticals and health care sector. It was envisioned to organize a FDP where these could deliver lecture and share their experiences. The speakers by virtue of their expertise could share their contributions with the participants and make them aware about the contemporary trends and advancements in this field.

Were the guest known in advance and if yes, from what previous interaction (Write a paragraph)?

2. Outcome of the Event with Time Lines (Proposed/Achieved)

Envisaged Outcome	Tangible/ Intangible	Achieved/ Proposed	Target date & responsibilities (if proposed)	Details of outcome
1. Outcome related to Academia Connect				
a) Collaborations for Research Papers/Conference Papers/ Book Chapter etc.				AUH Can collaborate for Research Papers/Conference Papers/ Book Chapter with some of the speakers as they are pioneer in their field as mentioned in details of expert column.
b) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments etc.				AUH can contact some of the speakers of the FDP for research guidance of it's Ph.D. & master's students. AUH can also contact them for the summer training and internship of its students.
c) Collaboration for Funded Projects				
2. Outcome related to Industry Connect				
a) Placement				
b) Collaborations for Research Papers				
c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments				
d) Collaboration for Funded Projects				
3. Outcome related to Society Outreach				
a) Benefit to society in terms of Health & Hygiene				
b) Benefit to society in terms of Education				
4. Outcome related to Students Learning & Grooming				

5. Any other

The speakers that were invited for the FDP were all pioneers of their field and areas. AUH can impanel some of them in its BOS member or can have collaboration with them for projects/patents and research guidance.

3. Event Report along with glimpses of the event(Photographs)

3.1 General Introduction of the Event: Amity Institute of Pharmacy organizes an online Five-Day Faculty Development Program on topic **“Recent Technological Trends and Advancements in Pharmaceutical Sciences”** from **09-13th October 2023**. There were 96 participants across the country who have registered themselves for the event and there was a galaxy of 12 speakers ranging from industry to academia that were invited to deliver the talk. There were 12 lectures divided across the 5 days, with each day having one theme. The event was started on 9th October with the inaugural speech of our hon’ble Vice Chancellor respected Prof. P. B. Sharma sir along with the address of our guest of honor respected Alok Mishra sir, Adjunct Professor, DUKE National University of Singapore (NUS), Singapore. The inaugural session also witnessed the address of Prof. Amrinder Pani, Joint director, Association of Indian university (AIU), Director AIP respected Prof. Satish Sardana and of Prof. Sanjna Vij, program director, Amity academic staff college. Further the first session started at 11.30 am. The first session was chaired by Deputy director, AIP respected Prof. C.K. Ashok.

3.2 Inspiration & Objectives of the Event:

As AUH is a research and innovation driven university therefore, we at AIP has organized a Five-Day Faculty Development Program entitled as **“Recent Technological Trends and Advancements in Pharmaceutical Sciences”** to further this philosophy. The real inspiration behind the event was to cater the vision and mandate given by our **Hon’ble and beloved founder president respected Ashok Chauhan sir** and **hon’ble chancellor respected Aseem Chauhan sir**. The objective of organizing the FDP was to make the participants aware of some of the most seminal contemporary trends and advancements happening in the field of pharmaceutical sciences. The speakers were chosen in such a manner so as to sensitize the participants about some of the novel and innovative developments accruing across the domains of pharmaceutical sciences. Therefore, each session was divided into separate themes of the day. Each day the lectures were also designed in such a manner to suit the theme of the day.

3.3 Brief about the address/talk of speakers:

The inaugural address was given by **Hon’ble Vice Chancellor, AUH Respected Prof. P. B. Sharma** wherein he highlights the seminal role that pharmaceutical sciences could play in the healthcare sector. Further he highlights the role of newer technologies and innovation in the growth and development of pharmaceutical sciences. He encouraged the pharma academician to adopt the habit of skill upgradation and innovation in their day-to-day life. The first day session started with the talk of Dr. Aashish Sharma, associate professor, G.D. Goenka University, Haryana on topic **“innovations in pharmaceutical sciences: a source of inspiration for biomedical applications”**. The theme of the first day was **“Tec**

in topical drug delivery system. The talk was very informative as he discussed about the nitty gritty details of various polymers used in the topical drug delivery system. The second lecture of Day 1 was delivered by Dr. Rakesh Singh, HOD, department of pharmacology and toxicology, Niper Raebareli on topic **“Protective effects of natural compounds in models of neuroinflammation”**. Indeed, the talk was very meticulously designed. Subsequently the talk 3 of Day 1 was delivered by Prof. Sanju Nanda, Dean, DOPS, MDU Rohtak, on topic **“Technological advancements in beauty product: a caveat vendors instead of caveat emporers.** The talk was informative and interactive. The day 2 theme was **“Advancements in remote Pedagogy in Pharmaceutical Sciences”**. Wherein two lectures were scheduled. The first lecture of Day 2 was on topic **“How remote skill assessment is revolutionising pharmacy education”** given by Dr Suresh Shanmugam, HOD, Pharmacy Practice, School of Pharmacy, International Medical University, Malaysia. In his talk he discussed about how remote pedagogy is being carried out in Malaysia and how it could be extrapolated in Indian context. The second talk of the day was delivered by Dr. Alok Mishra, Adjunct Associate Professor, Office of Innovation and Entrepreneurship Duke NUS, Singapore on topic **“Recent advancements in MedTech Industry”**. The talk was very informative in the sense that he gave a fair idea about the global MedTech industry vis a vis it’s Indian prospects. Further the day 3 lectures were organized on theme **Recent trends in Drug Regulatory affairs and Drug Discovery.** Two lectures were scheduled on day 3 on the aforementioned theme. The talk 1 of the day 3 was delivered by Mr Amit Bansal, Global IPR, Mankind on topic **“Excipients used in ophthalmic drug delivery system”** wherein he touched upon all the safer excipients that could be utilized in developing ophthalmic drug delivery system. The second talk of the day was delivered by Dr Pritesh Bhatt, Principal application scientist, Schrodinger India on topic **Discovering drug molecules using the Schrodinger Platform- Overview and Case studies.** The talk was very interesting as Dr. Pritesh has discussed several case studies of small bioactive compounds in his talk. The Day 4 theme of FDP was **“Digital Pharmaceutical interventions for optimal therapeutic outcomes in Patients”**. The first talk of the day 4 was delivered by Prof. Harish Dureja, HOD, Department of Pharmaceutical Sciences, MDU, Rohtak on topic **“Digital therapeutics and pharmaceutical regulatory environment”**. His talk sums up the role of digital infrastructure in the healthcare sector of the country and how it would shape the regulatory framework in coming decades. Further the second talk of the day 4 was delivered by Dr Shrikant Bhagat, Scientist, Department of Medicinal Chemistry, NIPER Mohali on topic **“General safety in Chemistry Lab and our routine health care and wellbeing”**. The talk was outstanding as he discussed about the do’s and don’ts of the general lab practices and what are the precautions a research scholar should take while working in lab. The last lecture i.e. the talk 3 of day 4 was delivered by Dr Tarun Wadhwa, Associate Professor Department of Clinical Pharmacy and Pharmacology, RAK Medical and Health Science University, UAE on topic **“Pharmaceutical care intervention”** wherein he highlights the role of community pharmacy specially in the intervention of diabetes. The theme of last day i.e. day 5 of FDP was **“Research Ethics and funding opportunities”**. The very first lecture of day

Bhoop, Emeritus Professor, Chitkara University Innovation and Network (CURI

topic “**On being an Adept pharmaceutical researcher: Maladies and remedies in Ethical publishing of scientific findings**”. The talk was very useful particularly for the budding academician and research scholar as he point out the importance of ethical scientific writing and points out the biggest menace of plagiarism in the scientific writings. He gave numerous examples via various case studies and emphasized upon being a honest researches even when your findings are not very appealing. The last talk of day 5 was delivered by a young researchers Dr. Gaurav Joshi, Assistant Professor and Convenor, IIC, Department of Pharmaceutical Sciences, HNMG Central University, Utrakhandon topic Navigating research in Pharmaceutical Sciences: A hands on session on literature search reference management and funding opportunities. The talk was very impressive as he showed various database that a researcher can utilize in his research and how he could write for extramural funding.

At the end valedictory session was scheduled where the **hon’ble pro vice chancellor respected prof. Vikas Madhukar** shared his words of wisdom and pointed out some of the most exciting domains of pharmaceutical sciences. He outlined six breakthroughs that is taking place in pharmaceutical sciences such as Machine learning and growing role of A.I., Augmented reality, Bigdata analytics, Digital therapeutics, 3D-Printing based drug discovery & Nanotechnology. He rightly highlights the necessary goals that are of utmost importance for the stakeholders of healthcare sectors.

Afterwards the HOD, Department of Pharmaceutical sciences, MDU Rohtak Prof. Harish Dureja has also delivered a brief valedictory address wherein he emphasized upon skill training and skill upgradation that is required for a academician so as to well fit in the everchanging scenario of teaching

and research. Subsequently respected **Prof. Sanjna Vij, program director amity academic staff college** also shared her views on the growing need of innovation and technology in the field of education and she emphasized that an academician should learn new skills and should get acquaint with the newer technology. At the end Prof. Satish Sardana delivered vote of thanks.

3.4 ‘Take Homes’ for the Guest and Attendees: The take homes of different talks were as follows:

Talk 1: The take home message of the first lecture was that how nature derived materials could act as a drug delivery system.

Talk 2: The talk 2 take home message was how a beta monomer could be utilized in the treatment of Alzheimer’s disease.

Talk 3: The talk 3 take home message was that the ingredients that are used in cosmetics and beauty product should be benign and harmless.

Talk 4: The talk 4 take home message was that how digital platform could accelerate the remote pedagogy and its evaluation.

Talk 5: The talk 5 take home message was what is the current scenario and future prospects of medical device industry.

Talk 6: The talk 6 take home message was what are the advanced ophthalmic drug delivery system and how does it act.

Talk 7: The talk 7 take home message was how does a AI based tool can expediate the drug discovery process.

Talk 8: The talk 8 take home message was how does Digital therapeutics impacting the pharmaceutical regulatory framework now a days.

Talk 9: The talk 9 rightly gave message about how the General safety aspects in a Chemistry Lab impacts our routine health care and well being.

Talk 10: The talk 10 take home message was how does a pharmacist can play a role Intervention in diabetic patients.

Talk 11: The talk 11 take home message was a research scholar should adopt ethical practices in scientific writing and research.

Talk 12: The talk 12 take home message was how does a academician should carry scientific writing

3.5 Future plan for utilizing the contacts developed with the Invited Guests:

To organize more such events in future

3.6 Budget of the Event(Budget Sanctioned, Total Expenditure&Revenue Generated): 24,000

AMITY UNIVERSITY HARYANA

Amity University Haryana with a legacy of world class academic infrastructure is a part of Amity Education Group, a pioneer of global culture in education in India. AUH - a research and innovation driven university, is built on a foundation, which embodies the qualities that have made Amity institutes world class. Spread over a 110acre green campus in the proximity of Gurugram, Amity has instituted global standards in education training & research state-of-the- arts infrastructure & latest teaching methodologies

QUALITY INITIATIVE By Internal Quality Assurance Cell

SIX DAYS WORKSHOP ON "RECENT TECHNOLOGICAL TRENDS AND ADVANCEMENTS IN PHARMACEUTICAL SCIENCES".

The textile testing workshop was organized from 31st Oct'23-6th Nov'23 in D427, 4th Floor, D block, AUH for the students of ASFDT. Mr. Vikas Bhargava was invited as a guest. Students were made aware of the Safety measures required to be taken in the Industry during Textile testing.

OBJECTIVE OF THE WORKSHOP

As AUH is a research and innovation driven university therefore, we at AIP has organized a Five-Day Faculty Development Program entitled as "Recent Technological Trends and Advancements in Pharmaceutical Sciences" to further this philosophy.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty of AUH.

OUTCOME OF THE WORKSHOP

AUH can contact some of the speakers of the FDP for research guidance of it's Ph.D. & master's students. AUH can also contact them for the summer training and internship of its students.

3. Event Report along with glimpses of the event(Photographs)

3.1 General Introduction of the Event

The textile testing workshop was organized from 31st Oct’23-6th Nov’23 in D427, 4th Floor, D block, AUH for the students of ASFDT. Mr. Vikas Bhargava was invited as a guest. Students were made aware of the Safety measures required to be taken in the Industry during Textile testing.They were given a demonstration of the usage of the different equipment like:GSM Cutter, weighing balance, Beasley Balance, snap pull tester, tensile strength testing machine, colour matching cabinet, pilling tester, and crock meter and learnt about the testing methods and its requirement.Later, they tested different fabrics.Those who learn textile testing can better understand about fabric quality and use in the design process. This knowledge can help them in any field where quality &creativity is valued. Thus,it’s very important for the students pursuing fashion design to know the techniques of Textile testing.

3.2 Inspiration & Objectives of the Event

- To learn about the basic textile testing of fabric like calculation of GSM and EPI, PPI.
- To learn about the snap pull testing procedure.
- To know how to match the colour of two different lot of fabrics.
- To learn about the pilling tester as well as tensile strength testing methodology.

3.3 Brief about the address/talk of speakers

Mr Vikas Bhargava, Founder Partner of Brandwidth Apparel LLP, is an international textile professional and has over 29 years of experience in the industry with exposure to all departments of the textile & apparel industry. Ms. Kavita is B.Tech, M.Tech, 2 years industrial experience and 9 years teaching experience.

3.4 ‘Take Homes’ for the Guest and Attendees:

Students gained knowledge of the different techniques of Textile testing required for Quality checks of fabric in the industry.
 They learnt how to measure GSM, yarn Count, pilling resistance and tensile strength of fabric and also learnt how to check colorfastness, color variation and snap pull strength etc.
 They performed some basic textile testing using instruments like the GSM cutter, EPI, PPI, Rubbing fastness, Color matching, Snap pull tester, Tensile strength tester and Beasley balance.
 Students learnt the importance of the Safety measures required to be taken in the Industry during Textile testing.

3.5 Future plan for utilizing the contacts developed with the Invited Guests:

Mr Vikas Bhargava, Founder Partner of Brandwidth Apparel LLP, Gurgaon with whom we have an MOU, has been closely associated with the Department.He has organised workshops/ industrial visits & helped in Internship & placement of students previously and has assured us of his support in future also.

QUALITY INITIATIVE By Internal Quality Assurance Cell

SEVEN DAYS AWARENESS PROGRAMME ON: AWARENESS WEEK ON FOOD ADULTERATION S”.

To make people aware of the ground reality it is important to show them the reality visually. Hence targeting for this purpose Amity Chem Club had decided to present a documentary based on food adulteration

OBJECTIVE OF THE WORKSHOP

This survey is done to aware families, societies, friends and Neighbours. Knowledge and awareness about adulterated foods, laws and its rights related to adulterated food is crucial in a society where technology heightens opportunities for predators of fraud deception and misrepresentation. Survey is conducted Online.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty of AUH.

OUTCOME OF THE WORKSHOP

Society found out the real importance of the food adulteration and the need to check the food before buying.

Questions Responses **114** SettTotal points: 100

The food adulteration in concentrated whole milk Khoya/Mawa) is?

74 / 114 correct responses

What is food adulteration?

98 / 114 correct responses

Question -

1. Have you heard about food adulteration before taking this survey?

- a. Yes
- b. No

2. Are you a student/Faculty of Amity University Haryana?
a. Yes
b. No
3. How would you rate your level of knowledge about food adulteration?
a. Knowledgeable
b. Very knowledgeable
4. How often do you buy packaged or processed food?
a. Daily
b. Weekly
c. Monthly
d. Rarely
5. What type of food do you commonly purchase?
a. Fruits and vegetables
b. Dairy products
c. Meat and poultry
d. Cereals and grains
e. Spices and condiments
f. Beverages (e.g., juice, soda)
6. Have you ever suspected that the food you purchased or consumed was adulterated?
a. Yes
b. No
7. Have you ever reported suspected food adulteration to the relevant authorities or organizations?
a. Yes
b. No
8. The food adulteration in concentrated whole milk (Khoya/Mawa) is?
a. Flour, starch
b. Detergent
c. Hydrogenated vegetable oil
d. None
9. What is food adulteration?
a. Mixing two different types of food
b. Adding unwanted substances to food
c. Cooking food in an unhygienic environment
d. None of the above
10. Which of the following food items is commonly adulterated with artificial colors and dyes?
a. Honey
b. Olive oil
c. Saffron
d. Turmeric
11. How can you test the purity of milk at home?
a. By smelling it
b. By tasting it

- c. By adding a few drops of iodine to a sample
- d. None of the above

12. What are some health risks associated with consuming adulterated food?

- a. Food poisoning
- b. Allergic reactions
- c. Long-term health problems
- d. All of the above

13. When did the food adulteration act pass?

- a. 1999
- b. 1954
- c. 1965
- d. 2001
- e. Other

14. Which spice is often adulterated with lead chromate, a harmful substance?

- a. Cumin
- b. Turmeric
- c. Coriander
- d. Red chilli powder

15. What can consumers do to protect themselves from food adulteration?

- a. Purchase packaged and branded products from trusted sources
- b. Always buy the cheapest available option
- c. Ignore food labels and expiration dates
- d. Share food products with friends and family

16. Which fruit is often adulterated with calcium carbide to ripen it artificially?

- a. Apples
- b. Bananas
- c. Oranges
- d. Grapes

17. What is the role of food testing laboratories in preventing food adulteration?

- a. They monitor and test food samples for adulteration.
- b. They sell adulteration detection kits to consumers.
- c. They provide cooking classes to educate people on food safety.
- d. They promote the consumption of processed foods.

QUIZ REPORT

There is nothing like a little competition to make for perfection. Keeping this in mind the Chem Club of Amity University Haryana organized quiz competition based on topic food adulteration on 6th November 2023. The event was organized in B block auditorium. The purpose of Food Adulteration quiz is to test and assess the knowledge of individuals on the topic of adulterated food. By taking a quiz on this topic, individuals can learn about the different types of adulterated food, the importance of proper testing of food before consuming, and the various methods to test the adulterant. The quiz also helps to raise awareness about the impact of the adulterants on the environment and public health.

There was total 4 teams having 3 students each. The quiz consisted of 4 rounds with one question each for each team per round. The quiz was prepared by Divy [B.Sc.(H) Chemistry-1st Sem] and Yashika Verma [B.Sc.(H) Chemistry

Registrar
Amity University Haryana
Manesar Gurgaon-122413

guidance of Dr Anirban Das and Dr Neeru Dabas. The competition was tough, and the children held their nerves and contested keenly. Their question passed by the teams was given to audience. Ultimately, the goal of a food adulteration quiz is to make people aware about the adulterated food they are consuming in their daily life.

PARTICIPANTS LIST

Team A- Drishti, Sandeep, Priyanka

Team B- Aarti, Roshan, Komal

Team C- Bharti, Vishnu, Purushottam

Team D- Khushi, Uday, Anjali

Results

Team D- 1st position.

Team A- 2nd position.

Team B- 3rd position.

Team C- 4th position.

Results

Overall, the participants had a good understanding of adulterated food.

Team D won

Conclusion

Overall, the participants demonstrated a good understanding on food adulteration, but there is still room for improvement in certain areas. By educating the public on the importance of proper waste management practices, we can work together to protect our environment and conserve resources.

DOCUMENTARY SCREENING REPORT

To make people aware of the ground reality it is important to show them the reality visually. Hence targeting for this purpose Amity Chem Club had decided to present a documentary based on food adulteration. It was presented on 6th November 2023 in B Block auditorium. There were two documentaries presented on screen. One of the documentaries was “How to check if Food Items in Your Kitchen are adulterated by Crux YouTube channel”. The documentary provides a comprehensive insight into the alarming issue of food adulteration and equips viewers with the knowledge to identify and combat this pervasive problem. Through engaging visuals and expert interviews, the film sheds light on the methods employed by unscrupulous individuals who compromise the quality of our food supply.

The topic of second documentary was “FSSAI-Celebrating 15 years of commitment to Food Safety and Nutrition in India. The documentary takes viewers on a compelling journey through the transformative role of the Food Safety and Standards Authority of India (FSSAI) in ensuring the safety of the nation's food supply. Over the past 15 years, FSSAI has emerged as a pivotal force in combating food adulteration and safeguarding the health of millions across India.

NEED OF EVENT:

This event was organised to spread the awareness regarding adulteration in food. It was to uncover the hidden truths behind what we eat and empowering everyone with knowledge to make informed choices as food adulteration is something that we cannot afford to ignore.

DEMONSTRATIONS:

1. Detection of urea in milk with help of p- dimethyl amino benzaldehyde
2. Detection of starch in milk with help of iodine
3. Detection of chalk powder in turmeric with help of HCl
4. Detection of sucrose (added sugar) in honey by molish reagent and H_2SO_4
5. Detection of lead chromate in turmeric with help of water
6. Detection of papaya seeds in black pepper with help of water
7. Detection of brick powder in red chilli powder with help of water

Expert Lecture

On 6th November, had the privilege of hosting an enlightening and informative expert lecture on the critical issue of food adulteration. The distinguished speaker for the event was none other than [Prof. (Dr.) S R Pathak], the esteemed Head of [Department of Chemistry, Biochemistry and Forensic Science.] at our university. The lecture aimed to educate students and faculty on the nuances of food adulteration and its far-reaching implications.

Key Highlights:

1. In-depth Understanding of Food Adulteration:

She commenced the lecture by providing a comprehensive overview of food adulteration, outlining its various forms, including mixing, substitution, and contamination. The audience gained a deeper understanding of the deceptive practices employed by unscrupulous elements in the food industry.

2. Historical Context and Evolution of Adulteration:

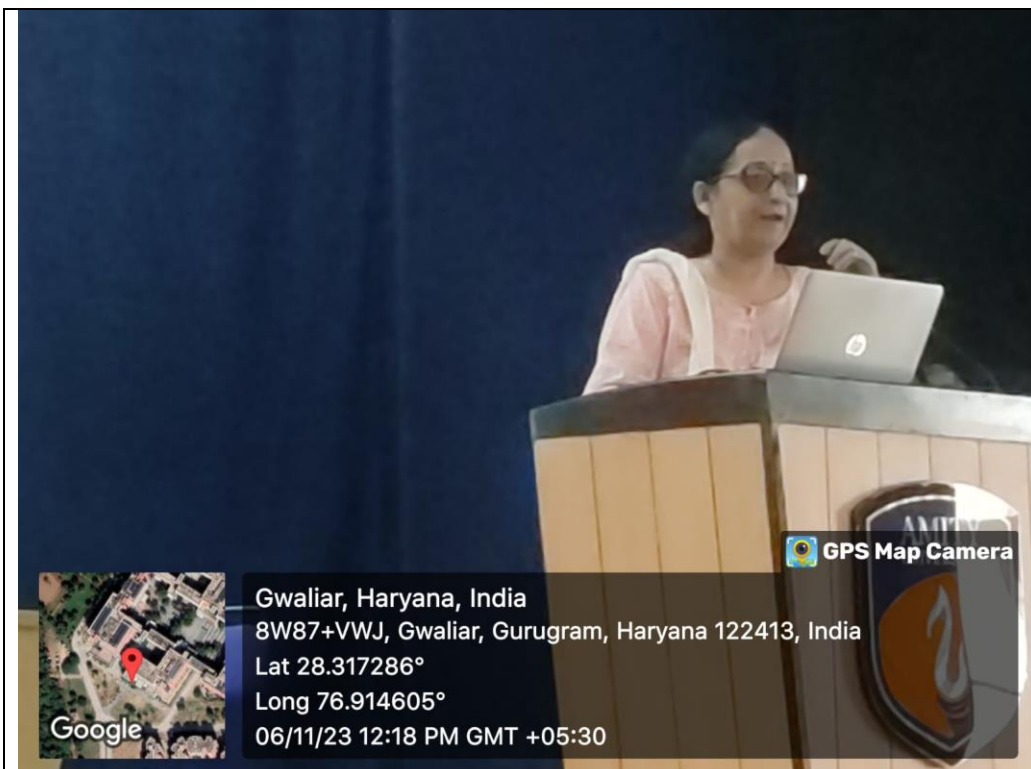

The lecture delved into the historical context of food adulteration, tracing its evolution and the changing nature of adulterants over the years. She highlighted the socio-economic factors contributing to the persistence of this issue and emphasized the need for a multifaceted approach to address it effectively.

3. Regulatory Framework and Responsibilities

she elucidated the role of regulatory bodies, both national and international, in combating food adulteration. The speaker emphasized the responsibilities of these bodies in setting and enforcing standards, as well as the importance of collaboration between regulatory agencies and the food industry.

4. Technological Advances in Detection Methods

significant portion of the lecture was dedicated to discussing the technological advancements in food testing methods. She shed light on how cutting-edge technologies are being employed to detect and prevent adulteration, ensuring the safety and integrity of the food supply chain.

QUALITY INITIATIVE By Internal Quality Assurance Cell

THREE DAYS ARTS EXHIBITION ON "EXPLORICA 0.2".

Amity School of Fine Arts (AUH) organized "Explorica 0.2" – an annual art exhibition at B- Block Art Gallery, AUH from 07/11/2023 to 10/11/2023. All students and faculties of ASFA spontaneously participated in this annual art exhibition. All art works of this exhibition were very attractive and expressive. So many viewers visited this exhibition, and they are all excited to see this kind of unique creative artwork.

OBJECTIVE OF THE WORKSHOP

Art exhibitions help bring the essence and emotions of art to the people who will admire and understand it. Curators, art historians, artists, and contemporary critics, have always found art exhibitions to be an excellent forum to discuss a particular art form and learn more about it. Art is a way of expressing emotions uniquely.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty of AUH.

OUTCOME OF THE WORKSHOP

Art exhibitions are valuable for the viewers and artists because Exhibitions are a way for artists to communicate with the world. Often, artists display their most complex emotions in their best works.

4. Outcome related to Students Learning & Grooming

Students learnt how to exhibit artworks in art galleries for display and understood the importance of the art exhibition and its processor.

5. Any other

The exhibition where professionals create visual content to communicate messages to society. By applying visual hierarchy form and space distribution techniques and focusing on the logic of displaying elements in interactive designs, to optimize the user experience. This exhibition that helps viewers experience different art activities, build confidence and awareness of their individual strengths, and learn about widely influential artists.

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event: Amity School of Fine Arts (AUH) organised “Explorica 0.2” – an annual art exhibition at B- Block Art Gallery, AUH on 07/11/2023 to 10/11/2023. All students and faculties of ASFA was spontaneously participated in this annual art exhibition. All art works of this exhibition was very attractive and expressive. So many viewers were visited in this exhibition, and they are all excited to see this kind of unique creative artworks.

3.2 Inspiration & Objectives of the Event: Art exhibitions help bring the essence and emotions of art to the people who will admire and understand it. Curators, art historians, artists, and contemporary critics, have always found art exhibitions to be an excellent forum to discuss a particular art form and learn more about it. Art is a way of expressing emotions uniquely. Techniques are only effective if admirers can see and understand them. Exhibitions help bring the essence and emotions of art to the people who will admire and understand it. Art exhibitions are valuable for the viewers and artists because Exhibitions are a way for artists to communicate with the world. Often, artists display their most complex emotions in their best works. They can now share with the world these feelings through an exhibition. There are times when these artworks provide a powerful platform to highlight injustices in our world. Either way, exhibitions are an effective way of communicating with interested audiences. Your choice of exhibition form helps distinguish how different forms of artistic expression are displayed.

QUALITY INITIATIVE By Internal Quality Assurance Cell

THREE DAYS WORKSHOP ON "SEAMLESS TACKING".

Amity School of Fashion Design & Technology in collaboration with the Internal Quality Assurance Cell (IQAC) department, organised an Innovative workshop tailored for the students of 6th & 4th Semester, where they showcased the artistry of draping using fabric & paper.

OBJECTIVE OF THE WORKSHOP

The primary objective of the Seamless Tacking workshop for university students is to facilitate skill development in a sustainable way. Participants learnt the intricate art of draping sustainable fabric using button techniques, honing their abilities in the realm of textile manipulation. Sustainability also substitutes of fabric into paper.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty of AUH.

OUTCOME OF THE WORKSHOP

Understand The primary outcome could be the capability to conceptualize and create original garment designs, showcasing a fusion of paper draping and button masala techniques

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event:

Amity School of Fashion Design & Technology in collaboration with the Internal Quality Assurance Cell (IQAC) department, organised an Innovative workshop tailored for the students of 6th & 4th Semester, where they showcased the artistry of draping using fabric & paper.

This hands-on session promised to be a gateway into the world of dynamic textile manipulation. Participants joined us as we unravelled the secrets behind Button Masala, a unique method that seamlessly blended creativity and sustainability.

Button Masala is a distinctive textile technique that revolutionizes fabric manipulation. Originating from India, this method involves securing fabric with buttons, creating dynamic patterns and shapes on a dress form. By strategically placing buttons at intervals, the fabric gathers and forms intriguing textures. Beyond its aesthetic appeal, Button Masala emphasizes sustainability, offering a versatile and reusable approach to garment construction. This innovative technique has gained popularity for its simplicity, allowing designers and enthusiasts to explore endless possibilities in fabric draping and creativity.

This workshop using Paper draping on dress form into the realm where creativity meets craftsmanship, offered a unique exploration of fashion design. Through the tactile art of manipulating paper on a three-dimensional dress form, participants embarked on a journey of conceptualization, innovation, and expression. Fashion draping with paper can be considered sustainable for several reasons. Paper is a renewable resource, and when used mindfully, it can reduce the environmental impact associated with traditional fabric production. Additionally, paper draping allows student to experiment and create prototypes without using large quantities of fabric, minimizing waste. The recyclability of paper further contributes to sustainability by promoting a circular economy. Overall, incorporating paper into fashion draping practices aligns with eco-friendly principles and encourages responsible resource use in the design process.

The colour story of Paper & fabric draping was Tri colours of Indian Flag celebrating the Republic Day of India. They embarked on a journey of design exploration, discovering the transformative power of fabrics under the guidance of skilled Faculty. The workshop was not just an exploration of techniques but a celebration of ingenuity, fostering a collaborative spirit among students eager to push the boundaries of conventional design.

3.2 Inspiration & Objectives of the Event:

- The primary objective of the Seamless Tacking workshop for university students is to facilitate skill development in a sustainable way. Participants learnt the intricate art of draping sustainable fabric using button techniques, honing their abilities in the realm of textile manipulation. Sustainability also substitutes of fabric into paper.
- The workshop aims to encourage creative expression among university students by providing them with a unique and innovative approach to the fashion design. Workshop offered a platform for students to explore their artistic inclinations and experiment with unconventional materials.
- Another crucial objective is to raise awareness about sustainable fashion. By teaching students, the principles of Button Masala, the workshop promotes the concept of upcycling and reusing materials, (Fabric & Paper) contributing to a more sustainable and eco-friendly approach to clothing design.
- The workshop is designed to offer a hands-on learning experience. Through practical exercises, students will gain a deeper understanding of the draping techniques, enhancing their ability to apply theoretical knowledge in a practical setting.
- Fostering a collaborative environment is a key objective. The workshop provides a platform for students to work together, share ideas, and engage in a collective creative process. This collaborative approach encourages teamwork and a sense of community among participants.
- The workshop may incorporate elements of professional development by introducing students to potential career paths in the fashion industry. By learning a unique skill like Button Masala draping, students may broaden their scope of opportunities within the creative sector.
- Depending on the context, the workshop might aim to incorporate elements of cultural appreciation. Button Masala has roots in Indian fashion, and the workshop can provide insights into the cultural aspects of this art form, fostering a greater understanding and appreciation among participants.
- The culmination of the workshop could involve a showcase or exhibition where students can display their Button Masala draped creations. This provides a platform for them to exhibit their talents and receive constructive feedback, enhancing their confidence and presentation skills.
- Finally, the workshop seeks to contribute to the personal growth of participants. By challenging them to think creatively, problem-solve, and collaborate, it aims to instill a sense of confidence and adaptability that can be valuable in various aspects of their academic and professional lives.

3.3 Brief about the address/talk of speakers: NA

3.4 'Take Homes' for the Guest and Attendees:

- Participants will proudly carry home the results of their creative endeavours – garments uniquely draped using the innovative Button Masala technique. These pieces serve as tangible reminders and personal touch infused into their creations.

- Participants take with them a mastery of the Button Masala draping technique. This hands-on knowledge empowers them to transform fabrics into stylish designs independently, opening doors to a world of personalized fashion exploration.
- Through the workshop, participants gain valuable design insights into the creative possibilities offered by the Button Masala technique. These insights inspire ongoing exploration and innovation in garment draping, fostering a sense of continuous learning.

Report:

Amity Academic Staff College, in collaboration with the Institute of Innovation Council, organized a successful workshop titled "Nurturing Entrepreneurial Skills, Mindset, and Behavioral Excellence" on February 12, 2024. The program commenced with a Lamp Lighting Ceremony, followed by opening remarks by Prof Dr. Sanjna Vij, Dy Director Amity Academic Staff College, AUH. Prof Sanjna Vij emphasized that Nurturing entrepreneurial skills, mindset, and behavioral excellence is not just a professional development strategy; it's a journey toward creating a culture of innovation, resilience, and success.

The workshop session started by Dr. Savita Sharma from Shri Vishkarma Skill University, Gurugram aimed to provide valuable insights into the key components of entrepreneurial success. Dr. Savita Sharma initiated the session by delving into the concept of mindset. Participants actively engaged in a comprehensive discussion exploring the essence of mindset and its profound influence on one's perspective and approach to various situations. The workshop meticulously examined different sets of mindsets, underscoring their impact on decision-making, problem-solving, and overall personal and professional growth. Dr. Savita Sharma introduced the notion of an entrepreneurial mindset, highlighting its significance in fostering creativity, resilience, and adaptability. Participants gained insights into how an entrepreneurial mindset differs from traditional perspectives. The session emphasized the crucial role an entrepreneurial mindset plays in navigating the challenges of the business world. Discussions revolved around how this mindset fosters innovation, risk-taking, and a proactive approach. Practical strategies for developing and nurturing an entrepreneurial mindset were explored. Dr. Savita Sharma shared actionable steps and exercises to cultivate this mindset among participants.

The workshop transitioned into identifying and nurturing entrepreneurial skills. Discussions included personalized strategies for recognizing and honing these skills in individuals.

Participants actively engaged in exercises to identify and refine their specific entrepreneurial skills. The focus was on promoting self-awareness and leveraging individual strengths.

Overall the workshop proved to be an insightful and enriching experience for around 150 participants. Dr. Savita Sharma's expertise and interactive approach ensured that the objectives of nurturing entrepreneurial skills, mindset, and behavioral excellence were met.

AMITY INTRA MOOT COURT COMPETITION, 2024

(for 1st year students)

Brief

Mooting is a specialized application of the art of persuasive advocacy and provides law students a valuable opportunity to hone both their written and oral advocacy skills in the competitive field of litigation. Keeping in view of the immense impact of Moot Court in the curriculum of law, Amity Law School, Amity University Haryana organizes Moot Court Competitions at various levels.

Moot Court Society of Amity Law School organized Amity Intra Moot Court Competition, 2024 for the first semester students. The proposition of the current competition was based on Hindu Law, it's application in everyday life and the nuances in the concept of cruelty and varying grounds of divorce under the law. Students analysed the problem at hand while taking into the account the applicability of law. This Competition turned out to be yet another milestone in the stride towards Academic and Professional Excellence of Amity Law School. 20 teams, each comprising two students participated in the Competition.

DRAW OF LOTS:

Draw of Lots was conducted by the Members of the Organizing Committee on 31st January 2024 to decide which team will compete as a "Petitioner" and "Respondent" respectively.

MEMORIAL SUBMISSION

Memorials were submitted to the Members of the Organizing Committee on 15th February 2024. Each team, comprising of 2 students, was required to prepare memorials for only one side of the argument. Later, in the day memorials were exchanged between the teams who were presenting opposing to one another in a courtroom.

MEMORIAL EXCHANGE

The "Memorial Exchange" process was meticulously overseen by the Moot Organizing Committee, ensuring a systematic and organized exchange of written advocacy. Under the committee's supervision, teams engaged in a structured and methodical sharing of memorials, enhancing the fairness and efficiency of the competition.

PRELIMINARY ROUND

The competition conducted was for the first-year students so, there was only one round. The preliminary round featured 24 teams, each presenting their arguments before the judge/s. The lecture halls were converted into 5 Courtrooms for the proceedings to take place. Each team had 20 minutes to put forward their arguments and the rebuttal was for 2 minutes which was inclusive of the main time. The Competition was judged by Dr. Monica Yadav, Dr Atul Jain, Dr. Archana Sehrawat, Dr. Toshi Rattan, Dr. Sanjay Pandey and Dr. Vidushi Puri. The students of the First Semester participated with zeal and performed exceptionally well in the competition.

Student Coordinators: Mr. Vinayak Haritesh and Mr. Om Shrivastava, 8th Semester, ALS

THREE DAYS POSTER-MAKING ON "ONLINE SUBMISSION OF POSTERS, ONLINE TALK BY DR. SWATI KAUSHIK, SENIOR SCIENTIST NPD".

Fruitful interaction session that can help in exchanging ideas and fostering collaboration opportunities and it was a comprehensive presentation on Commercializing Science: From Idea to Market.

OBJECTIVE OF THE WORKSHOP

The discussion revolved around key aspects, including the role in challenges in commercialization, strategies for success, Funding opportunities and intellectual property protection. The objective was to aware people about building strong partnerships, market analysis and the impact of commercialization.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty of AUH.

OUTCOME OF THE WORKSHOP

The talk delved into the captivating realm of commercializing science, weaving a narrative that celebrated the transformative journey from laboratory discoveries to impactful market solutions. Titled "Bridging the Gap: From Lab to Market," the presentation unfolded a narrative of innovation, illustrating the dynamic landscape where scientific breakthroughs meet entrepreneurial spirit.

3. Event Report along with glimpses of the event (Photographs attached)

3.1 General Introduction of the Event

Fruitful interaction session that can help in exchanging ideas and fostering collaboration opportunities and it was a comprehensive presentation on Commercializing Science: From Idea to Market.

3.2 Inspiration & Objectives of the Event

The discussion revolved around key aspects, including the role in challenges in commercialization, strategies for success, Funding opportunities and intellectual property protection. The objective was to aware people about building strong partnerships, market analysis and the impact of commercialization.

3.3 Brief about the event

The talk delved into the captivating realm of commercializing science, weaving a narrative that celebrated the transformative journey from laboratory discoveries to impactful market solutions. Titled "Bridging the Gap: From Lab to Market," the presentation unfolded a narrative of innovation, illustrating the dynamic landscape where scientific breakthroughs meet entrepreneurial spirit. We explored inspiring case studies, shedding light on the success stories of turning abstract ideas into tangible products with profound societal benefits. As the talk unfolded, we candidly addressed the challenges inherent in this process, emphasizing the need for strategic solutions and resilient mindsets. The audience was guided through funding opportunities, intellectual property protection, and the power of forging strong partnerships across academia and industry. The overarching theme championed an entrepreneurial mindset within the scientific community, encouraging researchers to envision not only the scientific impact but also the broader societal and economic implications of their work. The presentation concluded by envisioning future trends and embracing the collaborative spirit needed to usher in a new era of science-driven innovation. Throughout, the event served as a source of inspiration, motivating scientists to embark on the entrepreneurial journey and bridge the gap between laboratories and the global marketplace.

Email: amity@amity.edu

ABSTRACT

The effect of novel carbonaceous nanomaterials (CNMs) equipped with graphitic carbon on biomass growth for the maximum production of lipids as well as high value added compounds. Hence, they for the first time, present a holistic approach for sustainable biomass and lipid production from *Chlorella pyrenoidosa*, a brown, C-Mix, naturally N-doped carbon nanomaterials (CN) and N-doped graphene nanosheets (NGN) were used as one of the algal growth supporting factors. Doping carbon nanomaterials with nitrogen can efficiently lower its electronic structure and enhance its growth properties for efficient photosynthesis. The utilization of CN and NGN in this process led to rapid, environment friendly, and facile assimilation of biomass and lipids for the development of nutraceuticals, pharmaceuticals, and other biorefinery associated applications. Employing a suite of characterization methods, the histology of structural and morphological properties of CNMs were revealed. Compared with control the lipid content obtained in the presence of undoped carbonaceous materials (CM), CN, and NGN were found to be around 1.5, 2 and 8 folds higher respectively, at similar growth conditions. We, therefore, envisage that graphitic nitrogen rich NGN plays a pivotal role in enhancing the lipid production from algae. This finding, therefore, exhibits a promising potential to bring about a paradigm shift in the field of biorefinery frameworks.

Objective

This study is the first report of the plausible role of surface area, hierarchical nano-structure organization, and graphitic nitrogen as additive in NGN for obtaining higher lipid as well as biomass production, consequently opening up the field of graphitic nitrogen catalysis for sustainable biotechnological and biomedical applications.

Results and Discussion

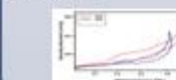

Fig. 101: SEM image of CNM with nitrogen (CN) and image of CNM image of CNM with nitrogen (CN) and image of CNM with nitrogen (CN).

Fig. 102: TEM image of CNM with nitrogen (CN) and image of CNM with nitrogen (CN).

Fig. 103: TEM image of CNM with nitrogen (CN) and image of CNM with nitrogen (CN).

Fig. 104: TEM image of CNM with nitrogen (CN) and image of CNM with nitrogen (CN).

Fig. 105: TEM image of CNM with nitrogen (CN) and image of CNM with nitrogen (CN).

Figure 1: Full scan XPS spectra of CNM, CN, and NGN. The highest relative to nitrogen (N).

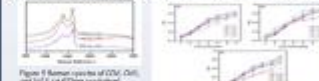

Figure 2: Zoomed-in XPS spectra of CNM, CN, and NGN. The highest relative to nitrogen (N).

Figure 3: Effect of CNM, CN, and NGN on biomass and lipid production. The highest relative to nitrogen (N).

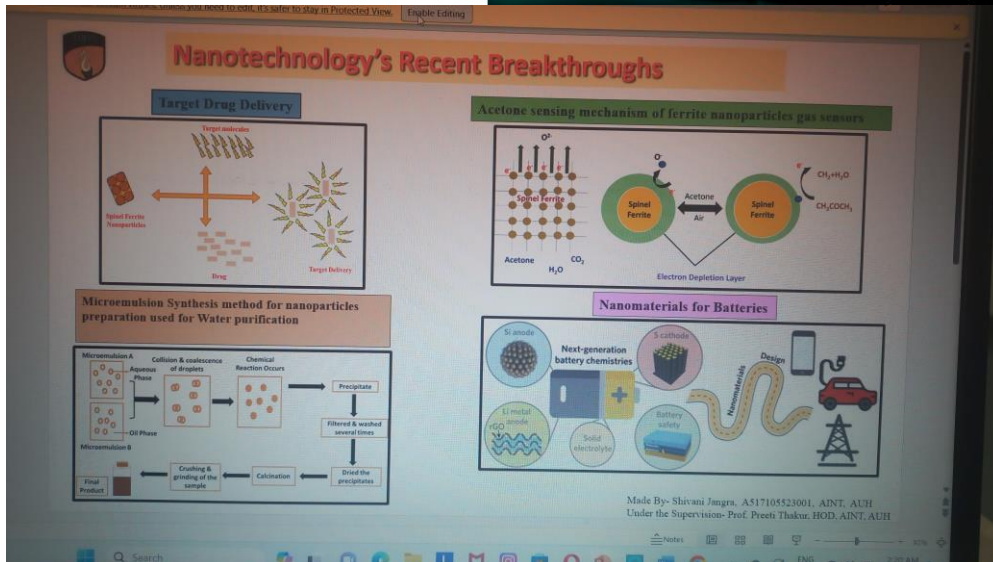

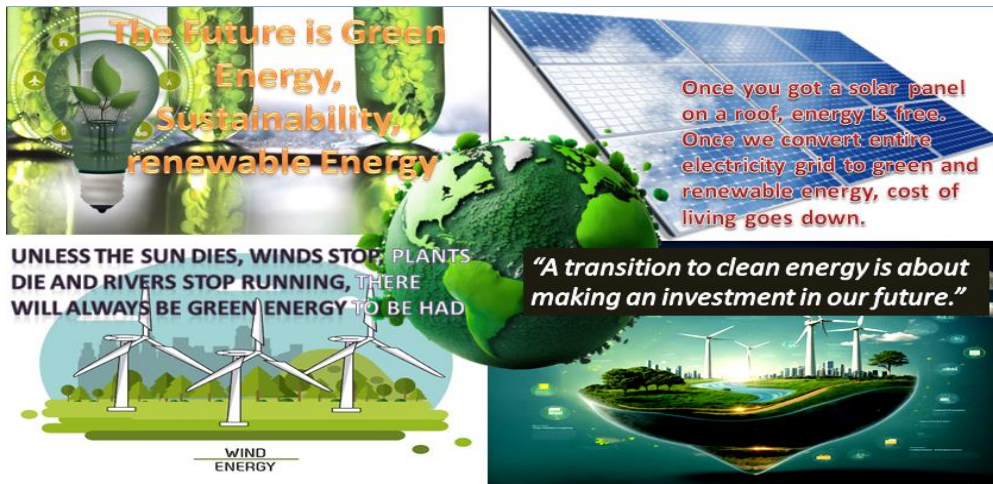

Conclusion

Biomass, with high lipid content was produced using CNM platforms featuring nanoscale C-pyreneolene which offers a high degree of lipid yield with NGN in contrast to control C-pyreneolene's low lipid production yield. This study successfully demonstrated the role of CN, NGN, and C-MX nanomaterials for lipid synthesis. This synergistic approach for lipid production could offer a sustainable alternative for biomass and lipid for the production of nutraceuticals, pharmaceuticals, and replacement of petrochemical based products and development of bio-based economy in the near future. The significant role of graphitic nitrogen has been emphasized for enhancing higher lipid as well as biomass production. The obtained results, thereby, validate that N-doped CNs could be considered as an engineering strategy for enhancing photosynthesis activity. These N-doped carbon nanomaterials could serve as a viable alternative in the field of sustainable light responsive photo catalysis for solar energy conversion that leads to the enhancement of biotechnological products.

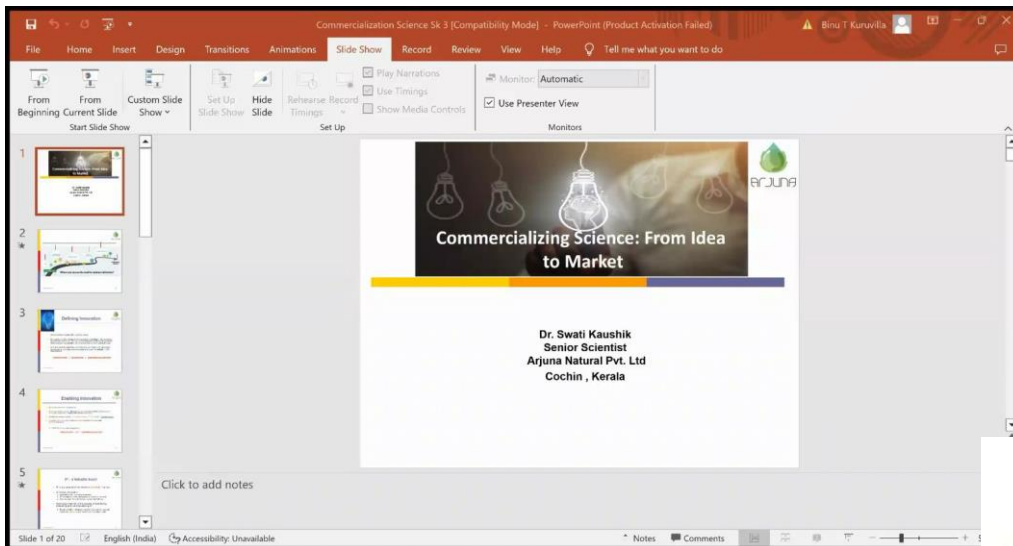

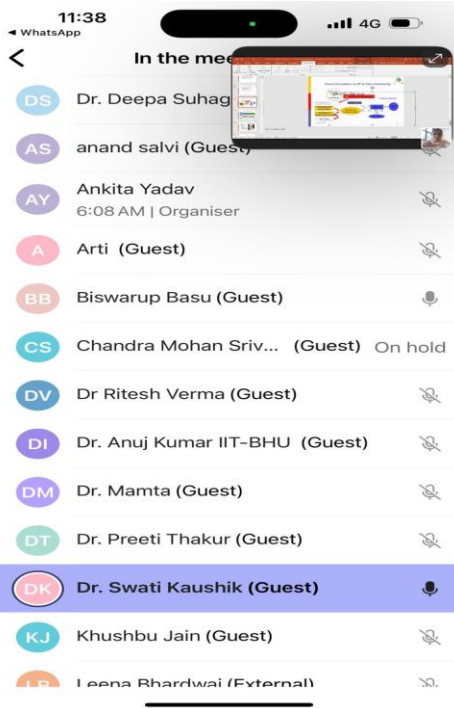

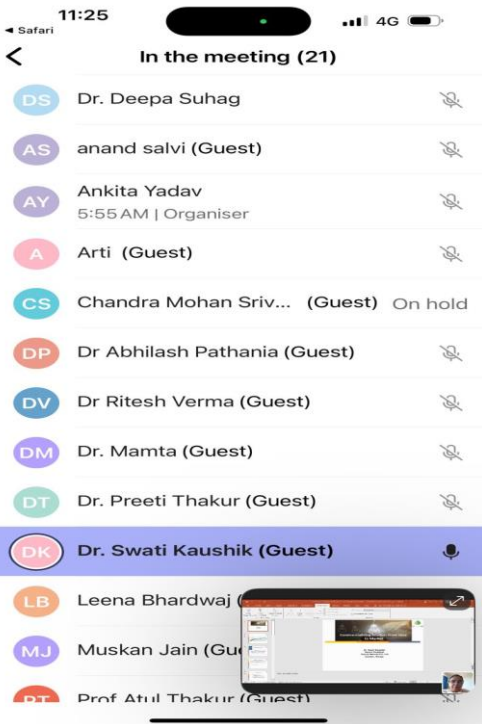

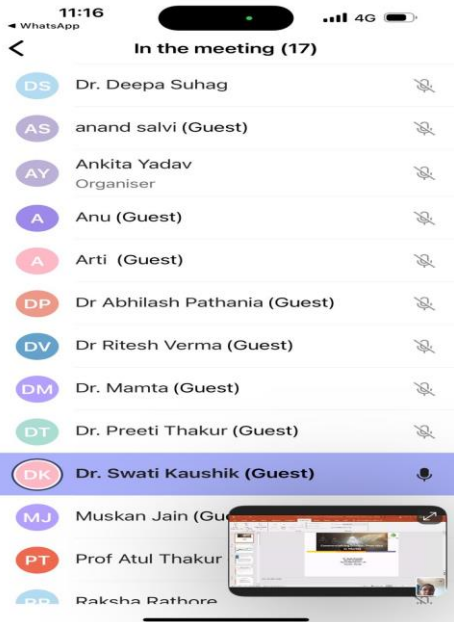

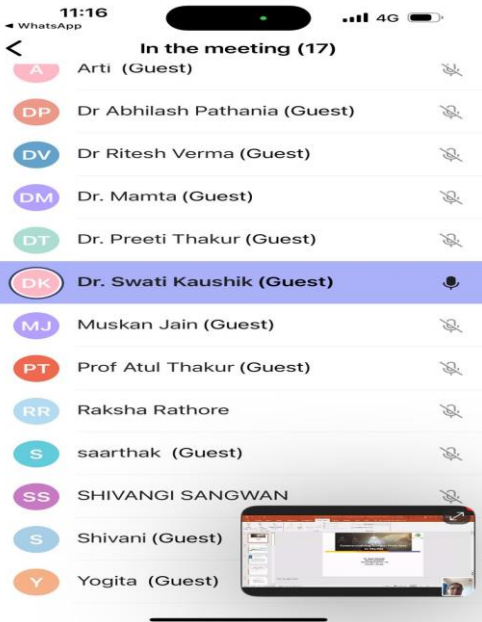

Our results suggest that NGN is one of the suitable carbon nanomaterials for lipid production without any lethal effect on algal growth. The CNM platform is a novel and sustainable approach for lipid production with their intrinsic properties and eco-friendly nature make these nanomaterials particularly suitable for the current and future biotechnology.

TWO DAYS WORKSHOP ON “FOCUSED ON THE INNOVATION IN DESIGN IN GAMING AND ANIMATION”.

The workshop aimed to provide participants with a comprehensive understanding of cutting-edge concepts and creative methodologies within the gaming and animation industries.

OBJECTIVE OF THE WORKSHOP

Exploring the latest technologies influencing game design and animation, such as virtual reality (VR), augmented reality (AR), and artificial intelligence (AI).

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty of AUH.

OUTCOME OF THE WORKSHOP

Comprehensive understanding of cutting-edge concepts and creative methodologies within the gaming and animation industries

3.1 General Introduction of the Event

The workshop aimed to provide participants with a comprehensive understanding of cutting-edge concepts and creative methodologies within the gaming and animation industries.

3.2 Inspiration & Objectives of the Event

The workshop covered topics such as:

Emerging Technologies: Exploring the latest technologies influencing game design and animation, such as virtual reality (VR), augmented reality (AR), and artificial intelligence (AI).

Design Thinking in Animation: Introducing participants to design thinking principles and methodologies to foster a creative and user-centric approach in animation projects.

Game Mechanics and Storytelling: Discussing innovative game mechanics and storytelling techniques to enhance the user experience and engagement in gaming.

Visual Effects Innovation: Highlighting advancements and innovations in visual effects, with practical demonstrations or examples showcasing the impact on animation and film production.

QUALITY INITIATIVE By Internal Quality Assurance Cell

TWO DAYS WORKSHOP ON “WORKATO AUTOMATION FOR BUDDING ENTREPRENEURS”.

Workato is a software automation company. In November 2023 AUH had an MoU with Workato, A Software Automation Company. Under this MoU, AIIT organized a Workshop on “Workato Automation for budding Entrepreneurs”

OBJECTIVE OF THE WORKSHOP

- To introduce the participants about the Workato tools for software automation.
- To certify the participant with Workato Automation Pro 1 Certification
- To generate various ideas about entrepreneurship in software automation.
- To aware about the internship process in Workato.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty of AUH.

OUTCOME OF THE WORKSHOP

The participants learnt the Software Automation basics and Workato tools for automation. The participants also came to know about various use cases of software automation and generated many ideas for budding entrepreneurs. All the participants also appeared in Workato Pro-1 certification exam. The participants understood the summer internship opportunity

QUALITY INITIATIVE By Internal Quality Assurance Cell

ONE DAYS GUEST LECTURER ON “ CONTRACT DRAFTING: BEST PRACTICES ”.

In order to highlight and elaborate more on the importance of contract drafting and to provide valuable insights on how to improve the contract drafting skills of law students, Amity Law School, Amity University Haryana had organised a Hybrid guest lecture titled “CONTRACT DRAFTING: BEST PRACTICES”

OBJECTIVE OF THE WORKSHOP

In business, contracts are extremely important and often play a central role in its success. When it comes to contract design, there are a lot of things to consider, such as making sure contracts serve everyone`s best interests and figuring out how to help prevent future contractual litigation. .

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty of AUH.

OUTCOME OF THE WORKSHOP

The Guest Lecture aimed at enhancing and honing the contract drafting skills of students which are crucial in the field of Law.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH

4. Outcome related to Students Learning & Grooming				
The Guest Lecture aimed at enhancing and honing the contract drafting skills of students which are crucial in the field of Law.				

5. Any other

3. Event Report along with glimpses of the event (Photographs)

Overview:

In business, contracts are extremely important and often play a central role in its success. When it comes to contract design, there are a lot of things to consider, such as making sure contracts serve everyone's best interests and figuring out how to help prevent future contractual litigation. Whether it is a contract for builders, construction management contracts, a real estate contracts, or any other contract, its essential for them to draft effective commercial contracts.

In order to highlight and elaborate more on the importance of contract drafting and to provide valuable insights on how to improve the contract drafting skills of law students, Amity Law School, Amity University Haryana had organised a Hybrid guest lecture titled "CONTRACT DRAFTING: BEST PRACTICES" on Friday 15th March 2024. There were 69 attendees physically present in the Moot Court and about 87 attendees joined through Microsoft Teams. Ms. Noor Chabra, a student of BALLB[H] 4th semester, welcomed the guest lecturer, Dr. Astha Mehta, Head of Department, School of Law, Sushant University, Gurugram.

The lecture commenced with Dr. Astha talking about how drafting a contract is a very personal and human thing to do and hence Artificial Intelligence like ChatGPT will not be able to replace a real human drafting a contract as AI will not give the human touch to it. Dr. Astha continued by talking about the importance of legal research for the drafting of contracts and further highlighted the importance of the use of appropriate legal terminology while drafting the contracts.

Further, Dr. Astha elaborated on having a better understating of commercial laws and how it helps to draft a better contract that results in minimal chances of arising of disputes. Dr. Astha, through her presentation, explained all the important clauses of a contract to bear in mind while drafting the contract so as to avoid any possible contractual litigations.

Dr. Astha, moving further, provided valuable insights about the necessary legal knowledge required to draft an effective contract. She also explained about the client demands and solving the problems through analysis of the contract. Later, she elaborated on the importance of interpreting the laws and having an eye for details. She also provided the students with templates and formats to draft an effective contract that avoids any major legal hurdles and obstacles.

Concluding the lecture, Dr. Astha opened the lecture for questions and clarifications from the students. Ms. Shayla Goel of BALLB[H] 4th semester asked a question about how artificial intelligent consulting can reshape legal processes. She answered by saying that optimal use of Artificial Intelligence can definitely yield productive results. However, solely relying on Artificial Intelligence is not advised as it still lacks the finesse that comes when a person drafts a contract. Another question was asked by Ms. K
4th semester. She asked about the importance of dispute resolution in a contract. Dr

dispute resolution in a contract can be done through various methods like compensation. However, it is ideal if the contract has minimal chances of arising of disputes.

Vote of thanks:

The vote of thanks was proposed by Dr. Pranshul Pathak, Coordinator, Amity Law School, Amity University Haryana. He gave his thoughts and ideas on the same topic to all the attendees present physically and online. Finally, Dr. Pranshul appreciated the faculty coordinator Dr Vidushi Puri and the student coordinator for organising the lecture and the lecture was concluded.

AMITY UNIVERSITY HARYANA

Amity University Haryana with a legacy of world class academic infrastructure is a part of Amity Education Group, a pioneer of global culture in education in India. AUH - a research and innovation driven university, is built on a foundation, which embodies the qualities that have made Amity institutes world class. Spread over a 110acre green campus in the proximity of Gurugram, Amity has instituted global standards in education training & research state-of-the- arts infrastructure & latest teaching methodologies

QUALITY INITIATIVE

By Internal Quality Assurance Cell

TWO DAYS WORKSHOP ON “PROTOTYPE/PROCESS DESIGN AND DEVELOPMENT”.

To facilitate networking opportunities for faculty members, fostering potential collaborations for project funding and mentorship with researchers in the field

OBJECTIVE OF THE WORKSHOP

To provide students with a comprehensive understanding of AI techniques applied to signature and handwriting matching, encompassing the underlying algorithms and methodologies.

To engage students in practical problem-solving activities pertaining to real-world applications of AI in signature and handwriting analysis, thereby enhancing their problem-solving skills.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty of AUH.

OUTCOME OF THE WORKSHOP

Students were taught about OCR and Image recognition and the major role of data collection and pre-processing of the data. They were taught about how to develop a prototype model with reference to forensic and biometric studies.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH

Outcome Report(Event/Activity Organized @ AUH)

1. General Information

Date : 18/04/2024, 19/04/2024, 22/04/2024
Event Type : Workshop
Event Title : Workshop on prototype/process design and development
Event Theme : Innovation
Sub-Venue : Theme: AI based Signature and Handwriting Matching
Venue : C-Block 214, Laboratories
Web/Video Link of the Event: NA
Organized by : Amity School of Engineering & Technology and Institute Innovation Council, AUH
In collaboration with: Govt. Agency (Central): CDAC-Center for development of advanced computing, NOIDA
Event Level: Institutional
Student Participation: 200 students From B.Tech and BCA courses and 45 Students from MCA and MTech Courses
Faculty Participation: No. of Faculty Members from AUH : 05 Faculty Members ASET
Participation from outside AUH: No. of Students & Faculty Members- NIL
(Enclose attendance sheets in given format)
Event Coordinator(s) with designation: Dr Shweta Sinha, Associate Professor, Dr Shalini Bajaj, Professor and Dr Sunil Sikka, Professor
Details of Expert/Speaker/Resource Person/Judge:

S N	Country Name	Expert Name	Organization Name	Designation	Specialization	Contact No.	E-mail Id	CV of Expert (Yes/No)	Major Areas where Amity can Collaborate with expert	Recommended by
1	India	Mr. Bhupendra Kumar	CDAC Noida	Joint Director, SNLP	NLP	9650 1803 91	Bhupk@cdac.in	linkedin.com/in/bhupendra-kumar-3b5a693b	Research Funding and Internship	Dr Shweta Sinha
2	India	Mr. Rishabh	CDAC Noida	Technical Lead	NLP	7905 7865 37	Pandit_r123@gmail.com	NA	Research Funding and Internship	Dr Shweta Sinha

Criteria of Inviting Resource Person/Judge/Speaker/Judge (Write a paragraph): The resource person is an expert in development of algorithms and software for image processing with considerable experience in managing and design and development of working products.

Were the guests known in advance and if yes, from what previous interaction (Write a paragraph)? Yes, the guests were known in advance to the coordinator of the event. CDAC has already provided internship for 6 months to BTech students from CSE.

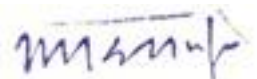

2. Outcome of the Event with Time Lines (Proposed/Achieved)

Envisaged Outcome	Tangible / Intangible	Achieved / Proposed	Target date & responsibilities (if proposed)	Details of outcome
1. Outcome related to Academia Connect				
a) Collaborations for Research Papers/Conference Papers/ Book Chapter etc.	-	-	-	-
b) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments etc.	-	-	-	-
c) Collaboration for Funded Projects	-	proposed	By end of 2024	In Process
2. Outcome related to Industry Connect				
a) Placement				
b) Collaborations for Research Papers				
c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments		Internship to students	Already in place	Two students of ASET are doing internship in CDAC Noida in SNLP department
d) Collaboration for Funded Projects	-	-	-	-
3. Outcome related to Society Outreach				
a) Benefit to society in terms of Health & Hygiene				NA
b) Benefit to society in terms of Education				NA
4. Outcome related to Students Learning & Grooming				
				Students were taught about OCR and Image recognition and the major role of data collection and pre-processing of the data. They were taught about how to develop a prototype model with reference to forensic and biometric studies.
