INTRODUCTION

VISION - Amity University Haryana:

To be a world class centre of creativity and innovation and to contribute to the progress of humanity through excellence in education, industry and society relevant research and extension services"

Student Orientation Programme at Amity University plays an important role in a student's transition to a university life. Every year we welcome freshers from all our undergraduate and post graduate programmes to align them with the Amity philosophy and ethos and give them a glimpse into their next few years with us. The core philosophy of Amity University Haryana is to achieve academic excellence through innovation, industry integration and internationalization. This is the driving force behind rigorous academic pursuits and high-quality research and teaching which instill a spirit of learning amongst students.

The Orientation programme is aimed at familiarizing the students to our state of the art Amity campus, the rich intellectual capital and infrastructure. It initiates them to the culture of academic excellence and research which is an inherent part of the Amity University fabric. The six day Orientation programme facilitates the settling of new students and prepares them for the University life. The new students get a platform to get introduced to their senior leaders and share the vision of the University of which they have chosen to be a part of. It is the beginning of a lifelong relationship between the new students and their faculty mentors. The students get introduced to their fellow colleagues and senior batches of students who play an important role in shaping them for their future lives.

The unprecedented pandemic Covid presented Amity University Haryana with a unique opportunity to think out of the box and organize an online Orientation Programme for the new batch of 2020. All the essential ingredients of our Orientation programme like exposure to academic philosophy rules and regulation, industry exposure, interaction with faculty, alumni, fellow students, introduction to senior leaders, a glimpse of campus life, and familiarization with the state of the art infrastructure at the campus were creatively incorporated in the Orientation 2020 which was conducted on an online platform.

Amity University Haryana, a research and innovation-driven University, takes pride in its academic processes and environment friendly practices. Through the Orientation Programme the students got a glimpse of some of the salient features of the University, which include

- Robust, innovative academic processes with choice and flexibility
- Industry Integration
- Internationalization
- Focus on research
- Student centric teaching learning processes with focus on student engagement
- Focus on inculcating values and sanskaars
- Focus on information technology to enhance the teaching learning experience
- State of the art infrastructure
- Sustainable environment (a Platinum LEED certified)

Note : 1. Talent hunt for fresher's is planned on 18 August 2023.

2. Industrial Visits for fresher's are planned during next two weeks in following industries: Yakult, Agilent, NBRC, Groz Tools, Radisson Blu Plaza, Theeta Electricals, Botil Oil Tools, Uno Minda, CK Birla, Suzuki Motorcycles, Napino, Richa Exports etc.

Aspects of SAGE of UGC Deeksharambh

- Socializing (S): Meeting other new students, senior students, student's union, lectures by Eminent People
- Associating (A): Visits to University/college, visits to Dept./Branch/ Programme of study and important places in campus, local area, city, and so on.
- Governing (G): Rules and regulations, student support etc.
- Experiencing (E): Subject lectures, study skills, small-group activities, physical activity, creative and performing arts, literary activities, universal human values, etc.

At a Glance- Orientation 2023

- The orientation program covers the various aspects for the holistic understanding of the student in the new environment. This includes Socialising, meeting fellow students, Associating with the university departments and nearby localities, Getting a clear picture of the governing rules and lastly Experiencing every possible activity in the university premises.
- The new students got an opportunity to hear the visionaries and senior leaders of Amity as they shared their thoughts on their vision and way forward for the University. In a very engaging and motivational inaugural session, the Vice Chancellor, Pro Vice Chancellor, Deans and Directors addressed the students giving them a clear direction and inspiring them. Students internalized the Amity way by absorbing values and aligning with the vision and mission of Amity University Haryana.
- Processes rules and regulations – The interactive student friendly structure of the programme familiarized and oriented them with the academic processes, examination regulations, and Amizone platform, thus preparing them for their academic journey.
- Self discovery and SWOC analysis – The participants went through goal setting and psychometric profiling making them more self aware and helping them set goals for their academic and career goal
- Relationship and collaborative spirit building- Ice breaking session, talent hunt, interaction with faculty members enabled students to know, collaborate, communicate and co-create with their peer, seniors, successful alumni and faculty members . This instilled in them a sense of comradeship thus forging the way for friendships and collaborations lasting a lifetime.
- Industry Integration- Through interaction with industry experts and alumni the students got sensitized toward the future of work and the competencies and capabilities required of them
- Information Communication and Technology- The entire programme was seamlessly conducted because of the well- integrated ICT platform/ LMS/ Amizone and sound technical competencies and expertise.

AMITY UNIVERSITY HARYANA

DEEKSHARAMBH: STUDENT INDUCTION PROGRAMME 2023

DAY 1
AUGUST 9, 2023

Amity University Haryana marked the initiation of its new academic session by commencing the Deeksharambh: Student Induction Programme (SIP) 2023. The Orientation Programme 2023 was graced by the presence of eager new students and their parents, signifying a significant moment in their educational journey. The Student Induction Programme commenced with a solemn havan, a ceremonial prayer ritual, attended by esteemed University dignitaries, the newly inducted students and their parents. This spiritual endeavour sought divine blessings for the incoming students, as they set forth on their intellectual odyssey.

Havan at AUH Campus

The inaugural session of this comprehensive four-day Orientation Programme began with a symbolic act—the lighting of the ceremonial 'knowledge' lamp. This carried profound significance, representing the illumination of the path of learning.

Ceremonial Lamp Lighting

The commencement of the academic year at Amity University Haryana was marked by a welcome address delivered by Prof. (Dr.) Vikas Madhukar, the esteemed Pro Vice Chancellor, Dean FMS & Director, Amity Business School, AUH. The dynamic Pro Vice Chancellor's welcome address marked the beginning of an enriching journey, guiding the students toward an inspiring academic experience.

In his insightful discourse, the honourable Pro Vice Chancellor delineated the distinct characteristics of AUH, highlighting the amalgamation of contemporary and traditional values that bestow a unique identity upon the institution.

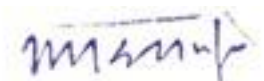

Articulately defining the essence of an "Amitian," the eminent speaker encapsulated the entirety of the University's ethos. He expounded upon the attributes that define an Amitian - an individual who thrives amidst challenges, establishes new benchmarks through unwavering dedication and diligence. He extended a warm welcome to the incoming students, promising them a transformative and remarkable journey. Beyond the pursuit of knowledge, he emphasized the significance of engaging in extracurricular activities and community service, thus contributing to innovative ideas and solutions.

With rapt attention, the audience, comprising students and parents absorbed the presentation of AUH's distinguished recognitions and accolades. These included being the first university in India to achieve the Platinum Rated LEED Green and Sustainable Campus Certification, an esteemed "A" grade ranking from NAAC, NIRF (#94th Rank in 2023), recognition from ASI among the top 10 private business schools in the country. The University's c

Registrar
Amity University Haryana
Manesar Gurgaon-122413

sustainability was underscored by its #32 ranking worldwide for its affordable, environmentally conscious campus, aligning with the Sustainable Development Goals. The distinguished Pro Vice Chancellor further highlighted the University's accomplishments in terms of patents, research grants, and high-impact factor publications, affirming its commitment to academic excellence.

Elaborating on the foundational philosophy of AUH, the dynamic Pro Vice Chancellor emphasized key pillars: research and innovation, internationalization, seamless industry integration, and the nurturing of enduring values. Drawing inspiration from Abraham Lincoln, he echoed the sentiment that crafting one's future is the most effective approach. He expounded on eight strategic principles for achieving personal and professional success, which encompassed aligning with one's mission and values, transforming long-term objectives into actionable goals, active participation in learning, fostering self-awareness and discipline, skill development, cultivating social equilibrium, efficient time management, and prioritizing physical and mental well-being.

Welcome Address by Pro Vice Chancellor Prof. (Dr.) Vikas Madhukar

The Pro Vice Chancellor assured the students of the institution's steadfast commitment to their holistic development. He emphasized that AUH is devoted to nurturing their growth, preparing them for a seamless transition into their careers. Encouraging them to actively partake in the opportunities offered at Amity University Haryana, Prof. (Dr.) Madhukar conveyed his aspirations for their achievements in both academia and their professional endeavours. Concluding on a motivating note, he left the audience invigorated to embark on their educational journey, armed with knowledge, values, and a sense of purpose.

The first day of the Student Induction Program was set in motion by an inspirational address from the Honourable Vice Chancellor, Prof. (Dr.) P.B. Sharma. The theme of his address was "Nurturing Young Minds for the New World." As the distinguished speaker shared excerpts from his journey, he prepared himself and the audience for the dawn of a new, innovative, and technologically advanced world—something vastly different from his own time. The day he graduated, humanity had taken its first step onto the moon, marking a monumental leap in history, the Honourable Vice Chancellor added.

While welcoming the new students and their parents to the campus with its clean, green, and sustainable environment adorned with lush greenery, the esteemed Vice Chancellor encouraged the young minds to imbibe a blend of modernity with age-old Vedic samskaras—a philosophy of "living and learning in harmony with nature." The Vice Chancellor also emphasized on the importance of engaging earnestly in studies, as this phase was dubbed the "Azadi ka Amrit Kal" (2023-2047). On this particular 9th of August, he commemorated August Kranti Day, underscoring the need to negate lies and greed, while embracing compassion and Aatmiyata—connect self and heeding the call of righteousness.

Address by the Vice Chancellor Prof. (Dr.) P.B. Sharma

The Honourable Vice Chancellor called for a focus on the "Panch Pran" principles, which included the resolve for a developed India, shedding the remnants of colonial mindset, taking pride in India's rich legacy, strengthening unity, and embracing responsible citizenship. These, he urged, should guide the young professionals of the new digital age. The Vice Chancellor stressed holistic development, envisioning India as a leading global economy. Education and research would be pivotal in achieving this goal, transforming them into powerful game-changers during the "Azadi ka Amrit Kaal."

The Honourable Vice Chancellor celebrated the ongoing creation of the new India, a responsibility shared by all. He highlighted the importance of empowerment through AI, ML, IoT, and VR—showcased through initiatives like Startup India, Delhi Metro, and infrastructure development. He drew attention to India's challenges, including being home to some of the world's most polluted cities and ranking low on the happiness index. He also mentioned the Chandrayaan 3 mission and emphasised the concept of "Aatmanirbhar Bharat" (Self-Reliant India).

With India holding the G-20 Presidency, the eminent Vice Chancellor saw an opportunity to showcase the nation's rapid growth and development across various sectors. He was particularly proud to announce that Amity University Haryana had been chosen as a G20 University Connect member, organising numerous programs to promote this theme.

The Honourable Vice Chancellor encouraged the creation of nurturing environments and self-discipline, highlighting the potential of Industry 4.0 and the smart factories of the future. Addressing the future of work, he stressed the need for reskilling, as well as access to good quality water and pure, nutritious food. He urged students to learn both inside and outside their time at the university to the fullest.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

The Vice Chancellor urged students to deeply engage in science and healthcare, fostering a sense of purpose beyond mere careers and striving for knowledge and excellence. He reminded them of the unending quest for intellectual growth and innovation. He closed his address with the timeless words, "***Vidya dadati vinayam, vinayam dadati patratam,***" wishing all students a fulfilling academic and professional journey at Amity University Haryana.

Dr Ravi Manuja, the Registrar, delivered the formal vote of thanks during the event. On behalf of all attendees, he expressed deep gratitude to the esteemed Founder President, Dr. Ashok K. Chauhan, for serving as an inspiring figure within the Amity Universe. Special appreciation was also extended to Dr. Aseem Chauhan for his invaluable guidance and contributions to the advancement of AUH. Dr. Manuja seized the opportunity to acknowledge Prof. Dr. P.B. Sharma for upholding remarkable educational standards and leading the University towards significant advancements in science and technology. He warmly thanked Pro Vice Chancellor Dr. Vikas Madhukar for his unwavering dedication to AUH and for fostering a sense of teamwork and unity among the AUH community. Expressions of gratitude were also extended for overseeing effective administration, hospitality, and the smooth execution of the event. He extended his heartfelt appreciation to the Deans, Directors, Heads of Institutes, Faculty members, IT team, and all staff members. Quoting Robert Frost " The woods are dark and deep, I have miles to go before I sleep", he motivated students to pursue their goals incessantly and to utilise the resources fully. Lastly, Dr. Manuja conveyed his thanks to the new students for selecting Amity University Haryana as their preferred institution for their educational journey and career growth.

Panel Discussion on Campus to Corporate: Key to Success in College and Beyond

Panel Discussion on Campus to Corporate: Key to success in college and beyond
 Session Moderator: Prof (Dr) Sumit Narula, Director ASCO

The inaugural session of the event was illuminated by an engrossing panel discussion that shed light on several pertinent issues concerning both freshers and their parents. The interesting discussion was moderated by Prof. (Dr.) Sumit Narula, Director, Amity School of Communication. Dr. Narula's insightful questions revolved around the challenges of transitioning from campus life to the corporate world. He directed the experts' attention towards strategies that students could employ to develop and refine their skills.

Mr. Ashish Kulkarni, Partner at the Centre for Sustainable Earth, Climate and Sustainability, Boston Consulting Group (BCG), emphasised the crucial role of networking, both during college and in the professional realm. He explored the symbiotic relationship between personal development and effective networking. Mr. Kulkarni underscored the principle of giving, explaining that the more one contributes to others, the more they receive in return. Encouraging students to pursue their passions and skills, he highlighted how these pursuits often lead to interactions with inspiring mentors. He also stressed the importance of self-awareness, which thrives through new friendships and embracing diverse environments. Sharing his own journey in self-taught music mastery, Mr. Kulkarni exemplified the value of pursuing one's passions, learning from experiences, and embracing failures.

Following this, Ms. Priyanka Gulati, Partner at Grant Thornton Consultancy, elegantly articulated two strategies for success in life. She emphasised on the significance of dreaming about one's aspirations, which naturally translates into seeking resources and upskilling to fulfil those dreams. Additionally, she encouraged students to explore interests beyond their core subjects, pro

 Registrar
 Amity University Haryana
 Manesar Gurgaon-122413

across the four quadrants of self, family, friends, and community. Ms. Gulati discussed adaptability in the workplace, stressing that competition doesn't necessitate compromise but rather that there's space for all to coexist. She highlighted the importance of focus for creativity and innovation, suggesting meditation as a means to achieve it. The discussion on upgrading and upskilling brought forth her belief that a strong foundation laid during college years is crucial, even in rapidly evolving fields such as AI and ML.

Highlighting the importance of technical skills, Col. Inderjeet Singh, Chief Cyber Officer at Vara Technologies, provided insights on adapting to the corporate world. He stressed the importance of awareness and upskilling in a technologically driven era, highlighting the conversion of knowledge into skills in the corporate sphere. Col. Singh candidly addressed the time constraints for learning and the industry's expectations for immediate reliability and credibility. He advocated for mentors to bridge the gap between industry requirements and academic learning, urging students to continually upskill. Networking's significance was showcased through the camaraderie among IIT alumni, encouraging Amity students to cultivate similar networks. Regarding concerns that AI and Blockchain might lead to negative impacts, Col. Singh refuted the notion, asserting that technology's integration into jobs is inevitable and that upskilling is the key to remain relevant.

Succinctly summarising the key principles for industry-level upgrading as Mr. Sharad Gupta, Vice President & Head - Corporate Communications & Brand Strategy at Escorts Kubota Limited, gave three important terms, "Passion. Skill. Dream." He emphasised the value of networking, suggesting that not networking is synonymous with not working. He recommended resourceful reading beyond the curriculum, mentioned essential databases, and urged students to establish clubs that foster not only camaraderie but also learning. Mr. Gupta introduced the concept of simulated learning clubs and the benefits of collaboration between colleges. He underscored the importance of a balanced life and offered insights on AI's positive impact, stressing the value of knowledge and awareness.

Mr. Hitesh Kumar, CFO, Business Partner, Business & Commercial Leader at Fluence India, emphasised the importance of strategies to stay updated and combat overwhelming thoughts among students. He echoed the significance of diverse learning methods, fostering connections, participating in various activities, and prioritising collaboration. Acknowledging the harmful nature of comparisons, Mr. Kumar emphasised building personal skills and concentrating on individual journeys rather than external benchmarks. He also highlighted the importance of maintaining work-life balance through cultivating hobbies and effectively managing stress. Mr. Manoj Sahani, Director of the CRC, concluded the panel discussion with a vote of thanks, encapsulating the enriching insights shared by the esteemed panellists.

During the afternoon session of the inaugural day of Orientation 2023, Dr. Ravi Manuja, Registrar of Amity University Haryana, took the stage. The focus of the session was on "Student Registration and Scholarships," welcoming the students to Amity University Haryana, Dr. Manuja guided them through the intricacies of the registration process.

Emphasising the pivotal role of consistent attendance, Dr. Manuja underscored that a minimum of 75% attendance is mandatory for all students in order to take the examinations. Addressing the students, he shed light on the University's robust mechanism for grievance redressal. The Grievance Redressal Committee (SGRC), aligning with UGC norms, stands as a university's commitment to fostering a supportive environment.

Session on Student Registration and Scholarships by Dr Ravi Manuja, Registrar, AUH

Turning the spotlight to the opportunities that await, Dr. Manuja unveiled an array of scholarships that await the ambitious minds at Amity University Haryana. In tandem, he assured the students that the campus stands as a bastion against any form of ragging, with comprehensive measures in place to ensure an inclusive and respectful community.

The Registrar urged the importance of timely fee submission, both academic and hostel-related, to avoid any undue penalties. Enthusiastically, he elaborated on the treasure trove of facilities available on campus — from well-equipped medical services to dynamic sports facilities, a state-of-the-art gymnasium, and a tapestry of recreational Clubs.

The room was abuzz with appreciation as the audience absorbed the insights into the International Programs, tailored to offer a kaleidoscope of cross-cultural experiences, academic credits, and certificates. The standout feature, the Global Study Program, was unveiled, capturing the audience's attention with its innovative approach to degree offerings and the Three Continental Degree Program.

*Presentation on Internationalisation & Study Abroad Programme by Dr. Vanita Verma,
Asst. Director, International Affairs*

Drawing from real-world experiences, Dr. Verma's account of students' extracurricular adventures during the Study Abroad Program painted a vivid picture of growth and exploration.

The session concluded with a compelling personal narrative. Aisha, a bright student enrolled in the Study Abroad Program, shared her journey with the eager newcomers. She eloquently conveyed how the program had been a transformative force, opening doors to international exposure and a profound understanding of the global business landscape.

The Amity plaza pulsed with an electrifying atmosphere as the newest additions to the Amity family took part in a series of captivating events orchestrated with meticulous care by the Market Promotions Department. The underlying goal behind orchestrating these events, which encompassed the art of tattoo making and an interactive tag-and-share activity, was twofold: to extend a heartfelt welcome to the fresh faces and to create an indelible, enjoyable experience that would foster connections and ignite a vibrant spirit within the close-knit Amity community.

Enthusiastic students swarmed the Selfie Point, a dedicated area bedecked with an eye-catching Amity backdrop embellished with imaginative props. Here, amidst laughter and camaraderie, students seized the chance to immortalise moments with their families and newfound friends.

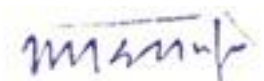

In another dynamic endeavour, an incredibly talented and enthusiastic team of ASFA (Amity School of Fine Arts) students took the reins, crafting temporary tattoos bearing designs that encapsulated the essence of Amity's pride and ethos. Students eagerly embraced this opportunity, displaying expressions like "Proud Amitian," "I Love Amity," and the iconic Amity logo. The tattoo crafting spectacle aimed to infuse students with a profound sense of identity, u

embarked on their educational odyssey within the halls of Amity University Haryana.

The engaging "Tag & Share" campaign resonated through the digital realm, inviting students to share their orientation experiences through hashtags such as #proudamitian and #AUH. This innovative endeavour provided a virtual platform for students to bridge the geographical gaps and showcase their shared anticipation and fervour for the upcoming academic journey.

The "Tag and Share" initiative not only allowed the newly arrived students to vocalise their pride in becoming part of the Amity University community, but also instilled a profound sense of kinship and belonging among these burgeoning scholars.

DEEKSHARMBH: STUDENT INDUCTION PROGRAMME 2023

DAY 2

AUGUST 10, 2023

Amity University Haryana commenced the second day of its orientation programme, Deeksharambh: Student Induction Programme (SIP) 2023, with a talk by distinguished guest, Swami Mukundananda. A globally recognized figure, Swami Mukundananda, adorned with a rich background as a Global Spiritual Leader, Vedic Scholar, and an alumnus of prestigious institutions like IIT and IIM, shared some very important life lessons with the newly inducted students through a pre-recorded video message.

Swami Mukundananda inculcating the seeds of the pivotal values and ethics in the new entrants

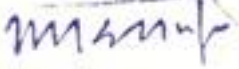

The essence of his discourse during the session was centred around the pivotal values and ethics that serve as the foundation for personal growth, elevating oneself to higher, nobler, and sublime levels of existence. Swami Mukundananda, in his profound address to the new entrants, expounded upon the significance of cultivating values that enable individuals to positively shape their journey through life.

In his address, Swami Mukundananda seamlessly weaved in insightful moral stories, providing real-world contexts to his teachings. His discourse primarily revolved around urging the young minds to embrace a path of diligent, persistent, and tireless effort in order to actualize their ambitions. He cautioned against the allure of shortcuts, the lottery mentality, and crash courses, emphasizing that true success is a product of unwavering dedication and thorough groundwork.

With great emphasis, Swamiji remarked, "The multitude of choices you encounter in life underscores the importance of your values." He highlighted that the foundation of goal setting and subsequent achievement rests upon the bedrock of willpower and discipline, virtues that can be nurtured by cultivating good habits over time. Swami Mukundananda's address offered profound insights into the holistic development of individuals, encouraging them to prioritise enduring values, ethical conduct, and diligent effort in their pursuit of excellence.

The segment on 'Corporate Expectations from Future Leaders commenced with an insightful discourse by Mr. Subhash Jagota, CEO of Global Business Solution. He extended his congratulations to the new students for becoming a part of the vibrant Amity Universe.

Mr. Jagota's engagement with the students began with the powerful assertion that "Success starts the day when you make a decision to succeed with a clear goal and continuous action plan." This succinct wisdom set the tone for his address, urging the students to embrace unwavering dedication and resolute determination.

Corporate Expectations from Future Leaders by Mr. Subhash Jagota, CEO, Global Business Solution

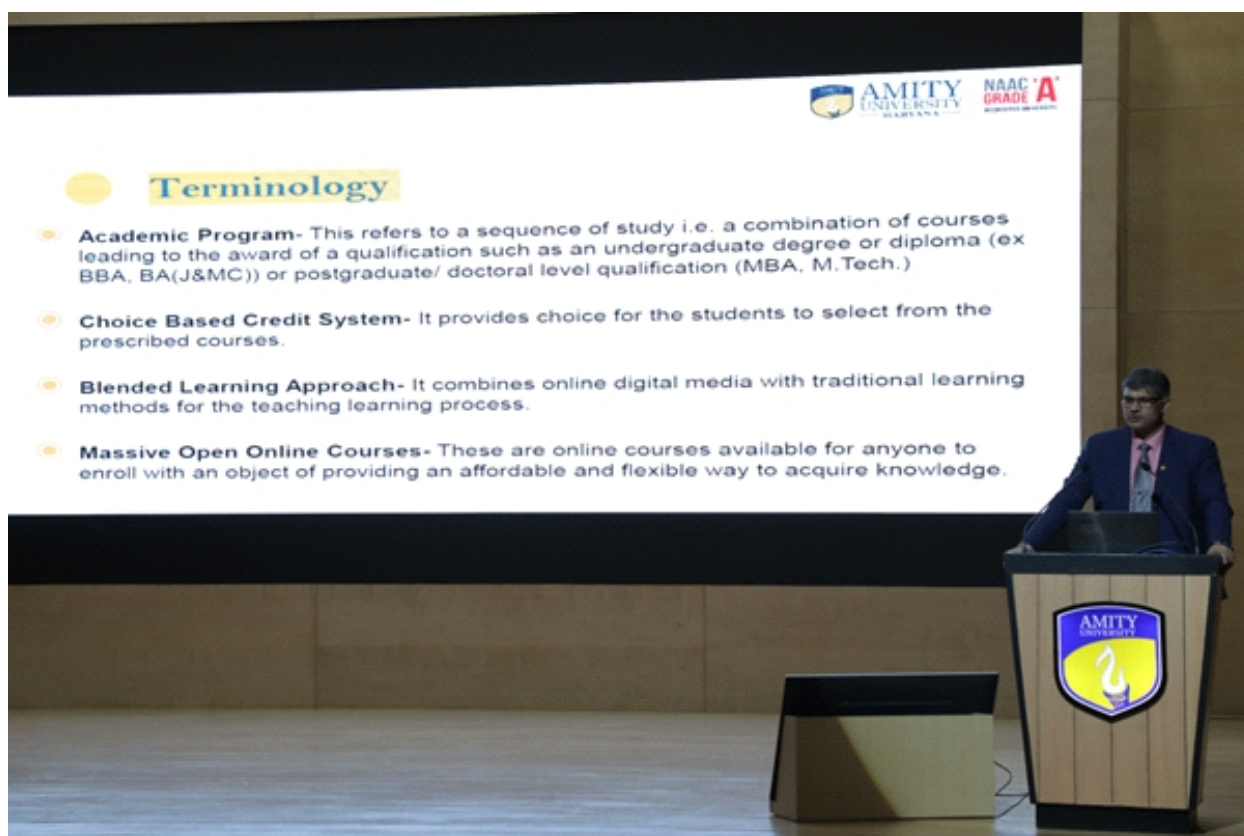

The session proved to be an interactive exchange between the students and the distinguished speaker. Mr. Jagota's narratives, analogies, and anecdotes drawn from his extensive corporate experience were met with enthusiastic engagement from the students. His address transcended the conventional lecture format, providing a dynamic platform for the students to absorb the insights he shared.

Integral to his discourse were fundamental principles for forging a prosperous corporate career, meticulously elucidated by Mr. Jagota. Among these principles, he underscored the significance of crafting a favourable first impression, harnessing the collective intelligence of colleagues, recognizing personal talents and strengths to excel, adopting versatility and specialisation in varied domains, demonstrating respect and appreciation for diverse cultures, transitioning from isolation to integration, and ultimately, evolving from blind obedience to self-governance.

Mr. Jagota's session culminated with a poignant pledge that resonated deeply with the students. He urged them to commit themselves to a life of accomplishment, emphasizing the importance of outpacing competitors, enhancing their professional profiles, fulfilling corporate expectations, taking ownership of their career trajectories, and perpetually elevating the standards of excellence.

The session left an indelible mark on the students, equipping them not only with theoretical knowledge but also with invaluable insights drawn from real-world experiences. The event stood as a testament to Amity University's commitment to providing a holistic education that goes beyond textbooks and nurtures the skills and attributes required for success in the corporate realm. In the next segment, Prof. (Dr.) Anil Kumar, Deputy Dean Academics and Professor at ASET provided an illuminating experience for the incoming students. He spearheaded this enlightening session, offering a lucid overview of the university's academic framework, teaching-learning methodologies, and the introduction of Centres of Excellence.

Overview on Academic Delivery, Teaching-Learning and Introduction of Centers of Excellence by Prof. (Dr.) Anil Kumar, Dy. Dean Academics & Professor, ASET

The initial segment of the presentation delivered by Professor (Dr) Anil Kumar delved into the intricacies of academics and the dynamic teaching-learning processes at the university. The introduction to Centres of Excellence provided students with an insight into specialised hubs of knowledge and innovation. Following this, a more detailed elucidation of essential platforms such as Amizone, Learning Management System (LMS), and MS Teams was provided, emphasising their pivotal roles in academic management.

Attentively absorbing the information, students were enlightened about a spectrum of critical facets including Faculties of Studies, the innovative Blended Learning Choice-Based Credit System, and Massive Open Online Courses (MOOCs). The session navigated through the spectrum of learning opportunities, ranging from Flexi courses to Major & Minor Degree Courses, effectively demonstrating the university's commitment to fostering a career-oriented curriculum for its students. The session further delved into the realm of Non-Credit Courses and Self-Study Courses, adding to the richness of knowledge imparted.

The presentation concluded on a note of multidisciplinary learning, with a discussion on the implementation of the National Education Policy (NEP) from 2023. Prof. (Dr.) Anil Kumar clarified that while the NEP would bring transformative changes, it wouldn't apply uniformly across all disciplines.

Subsequently, Dr. Yadav took the stage, focusing on the vital portals of Amizone and the Learning

Management System (LMS). His emphasis on timely and accurate action through Amizone, catering not only to students but also their parents, underscored the platform's efficiency. The session provided guidance on various essential administrative processes and their timelines. Dr. Yadav also delved into the mechanics of the Learning Management System (LMS), elucidating how faculty members consistently upload course content, assignments, quizzes, and other academic resources for students' benefit.

The academic orientation at Amity University Haryana serves as a pivotal stepping stone, equipping students with the knowledge, tools, and resources necessary for their academic journey and future success.

In the next session, Prof. (Dr.) Vikas Madhukar highlighted the profound significance of the esteemed speakers present, emphasizing that each academic discourse would be invaluable to the students' academic and personal growth. The event proceeded to showcase an illuminating introductory presentation, shedding light on the leaders who orchestrate the multifaceted operations at Amity University, Manesar. The audience was provided a glimpse into the visionary minds and dedicated individuals who steer the institution's educational journey.

Following this engaging introduction, the stage came alive with the presence of Deans, Directors, Heads of Institutes, Heads of Departments and Programme Coordinators, who graced the event to personally connect with the incoming students. Each of these academic leaders stepped forward to offer heartfelt and motivating messages, encouraging the freshers to embark on their academic voyage with determination and enthusiasm.

Interaction with Hols/HoDs/Programme Coordinators & Faculty Members by Prof. (Dr.) Vikas Madhukar

The segment concluded as Professor (Dr) Vikas Madhukar, delivered a poignant vote of thanks. In his distinctive manner, he encapsulated the essence of the day with the adage "Seeing is Believing."

Following the session on interaction with Deans, Heads of Institutes, and Heads of Departments, an imperative juncture emerged for the students—one that dealt with the pivotal Rules and Regulations of Examination. This significant segment was expertly navigated by Dr. Vijay Bhardwaj, the Controller of Examination at Amity University, Haryana.

Examination Rules & Regulations by Prof. (Dr.) Vijay Bhardwaj, Controller of Examination

Dr. Vijay Bhardwaj commenced his presentation emphasising that students must actively participate in both internal and external examinations, a fundamental aspect of the university's academic structure conducted on a semester basis. His emphasis on the significance of Amizone, an integral academic portal, underscored its role as a repository of critical information. Specifically, he pointed out that date sheets and examination-related instructions would be seamlessly accessible through this online portal.

Dr. Bhardwaj covered various dimensions associated with examinations. He eloquently elucidated the implications of unfair means and practices during examinations, ensuring that students grasped the gravity of upholding academic integrity. The evaluation system, intricately woven into the university's fabric, was demystified, shedding light on the meticulous process of assessing students' progress.

The session took an insightful turn as Dr. Bhardwaj highlighted key facets related to examination outcomes. These encompassed the passing criteria in end term examinations, criteria for promotion to the next academic year, the minimum academic requisites for the conferral of degrees, and the protocols governing the declaration of examination results.

As the session concluded, students were empowered with a comprehensive understanding of the university's examination norms and principles. Dr. Bhardwaj's presentation not only instilled clarity but also fortified a sense of responsibility among the students, reaffirming the university's commitment to academic excellence and integrity.

The second day of Deeksharambh: Student Induction Programme 2023 c invaluable guidance and inspiration to the fresh cohort of students, equippir academic knowledge, but also with the tools for holistic growth and ethical livir

Institutional Reports

Amity School of Business

Amity School of Business conducted an Ice Breaking Session as part of the Orientation 2023 events. Dr. Supriti and Dr. Bushra coordinated the events on 10th August. There were two components in the session. All newcomers took part in both segments. The informal segment took place first featuring 'Never Have I Ever' activity. The new entrants were keen to take part in this fun-filled segment. They got to know their fellow students in shared moments of hearty laughter and warmth.

This was followed by the next segment featuring a formal group activity, in which new entrants performed the acts related to their creative skills. The session was conceived to demonstrate the value of collaboration. A total of 7 groups took part in this collective activity. The participants had 10 minutes of time to prepare their respective acts. The jury adjudging this segment consisted of Dr. Ranjana Kothari and Prof. A.M. Jose. The respected jury announced their decision, in which 'Team Resilience' was declared the winners and 'Team Work' finished as runner-ups. This segment not only fostered a spirit of healthy competition but also ignited a sense of joyous learning among the students.

Amity College of Commerce

Amity College of Commerce organised a faculty introduction and an ice-breaking session for its new entrants as part of Orientation 2023 events. The main objective of the ice-breaking session was to encourage students to get familiar with each other and the department. It also helped students communicate with each other, engage actively in the class and facilitate conversations. Mr. Shiv Swaroop Jha, Coordinator of the department, led the session with the support of other faculty members. Senior students of the department executed the session with the guidance of Prof. Dr. Savita Ruhlan. Mr. Jha briefed the students about the vibrancy of Amity University's culture and atmosphere. Dr. Vidhi Bhargava followed it up with a presentation about their curriculum. Furthermore, all the faculty members introduced themselves and interacted with the students.

The Ice- breaking session began with a warm introduction by the student anchors. Next, an introduction session took place during which each student introduced themselves. Then, a number of games were organised to foster a spirit of healthy competition and collaboration. A group quiz took centre stage. It was designed to test students' understanding on various interesting topics. Students enthusiastically took part in the quiz. In addition, other games were conducted with the aim of nurturing teamwork, interpersonal communication. The event was then timely concluded. It was a fruitful and entertaining session for the students.

Amity School of Hospitality

Amity School of Hospitality organised an entertaining Ice Breaking Session on day 2 of the Orientation 2023 events. The session was designed to break the inhibitions and encourage interactions between new entrants and senior batches. An introduction session was conducted under the supervision of Dr. Kumari Shiwani, in which the newcomers were asked to get to know their fellow students through musical means. Those who were not able to introduce themselves were assigned 'Dare' activities like singing, dancing, recitation, ramp walk among others. Participants enthusiastically contributed to this segment. It brought the students together through shared moments of joy.

This was followed by students together conducting brainstorming and discussion among themselves. The objective of the Ice breaking session at Amity School of Hospitality was to break the shyness and to get students to come forward for their new chapter in their life. Given the enthusiasm and lively participation, this purpose was effectively achieved.

Amity School of Applied Sciences

The inauguration of the new academic session marked a promising commencement for students and faculty alike. On August 10th, 2023, ASAS orchestrated a meaningful "Ice-Breaking Session," fostering an inclusive atmosphere that allowed students to explore their identities. The theme of the session was to bridge the communication gap between the existing students and the old students.

The event began with the introduction by fresher students followed by games like musical chairs, Freeze dance and chit-games. The curtain raiser of the session was a group dance performance, followed by a singing performance by one of the students. All the students participated with enthusiasm. Following that, the session concluded with a dance performance by one of the ASAS students. The event was coordinated by Dr. Ayana Bhaduri and Dr. Leena Bhardwaj.

Ice Breaking session conducted by Amity School of Applied Sciences for the new entrants.

Amity School of Engineering And Technology

The event initiated with an invigorating icebreaker, where students introduced themselves using intriguing adjectives, setting an energetic tone for the interactive gathering. Subsequently, the dynamic "Rapid Connections" game injected the atmosphere with excitement, allowing students to hone their social skills, establish new friendships, and engage in friendly competition to build connections. These activities, rich in both camaraderie and interaction, formed the cornerstone of the event.

The tempo of the event escalated as spontaneous sessions of singing, dancing, and spirited sports activities took centre stage, showcasing the students' diverse talents and fostering an environment of self-expression. These elements collectively contributed to the event's vibrant ambiance, further promoting unity and holistic well-being among participants. The event's crescendo was marked by a rewarding prize ceremony, celebrating student achievements, and fuelling their enthusiasm for future endeavours. Dr. Dhul's enlightening lecture provided a concluding intellectual flourish, leaving attendees with insightful perspectives to ponder. This multifaceted event seamlessly blended enjoyment, camaraderie, creativity, and knowledge, offering an unforgettable experience for all involved.

Amity School of Earth & Environment Sciences

The inauguration of the new academic session marked a promising commencement for students and faculty alike. On August 10th, 2023, ASEES orchestrated a meaningful "Ice-Breaking Session," fostering an inclusive atmosphere that allowed students to explore their identities. Active student engagement characterised the event, as they discussed their origins, languages, interests, and aspirations. The faculty-led introduction took place at 2:30 PM in the Earth Science Lab, where Prof. Dr. I.S Thakur, ASEES Director, warmly welcomed students, fostering a conducive learning environment.

Dr. Kushagra Rajendra, Head of ASEES, provided an encompassing view of the department's vision and objectives, emphasising its commitment to nurturing capable professionals adept at addressing environmental challenges. This was complemented by faculty members from both ASEES and ACOAST who shared their experiences and encouraged students toward diverse career paths. The session culminated in interactive ice-breaking activities that promoted student-faculty and peer interaction, establishing a positive and cohesive academic milieu.

Amity School of Communication

Amity School of Communication orchestrated a series of captivating and interactive activities that engaged the students in a vibrant setting:

Introduce Yourself: The event commenced with a personal touch as students introduced themselves, offering a glimpse into their diverse backgrounds and personalities.

Ambition@Amity: The session delved into the motivations behind the students' choice of Amity University in AUH. Through open discussions, attendees shared their aspirations, outlining career goals and skills they aimed to cultivate during their time on campus.

Pictionary Challenge: Infusing a sense of camaraderie, students were grouped into teams for a spirited game of Pictionary. This creative challenge tasked participants with conveying words through imaginative visuals, fostering teamwork and unleashing their artistic flair.

Guess The Movie: A dose of cinematic delight unfolded as iconic movie shots adorned the screen. The students' cinematic knowledge was put to the test as they identified films and engaged in lively conversations, sharing intriguing trivia about the showcased movies.

In essence, Amity School of Communication orchestrated a dynamic array of activities that not only facilitated introductions but also kindled discussions about aspirations, showcased creative talents, and celebrated shared pop culture experiences.

Ice Breaking session conducted by Amity School of Communication for the new entrants.

Amity School of Liberal Arts & Foreign Languages

The Ice-Breaking session commenced resonating with enthusiasm and camaraderie. Prof (Dr) S.K. Jha, Director of Amity School of Liberal Arts, extended a warm welcome to both the incoming freshers and faculty members, marking the beginning of a new semester's journey. In his address, he underscored the significance of punctuality across all facets of life and delved into the profound essence of education – the fusion of intellect and emotion, knowledge and wisdom.

The personalised welcome continued as each faculty member addressed the attendees, fostering a sense of belonging and community. The dedicated Ice-Breaking team, led by Prof. (Dr.) Parul Yadav, Dr. Vinod, Dr. Abhilasha, and Dr. Ajay, in collaboration with student volunteers Ankshu, Pooja, Lakshmi, Saanvi, and Priyanshu, orchestrated a memorable session, ensuring an engaging and interactive first day at AUH.

The event's activities ranged from creative chit-passing games and tongue twisters to animated rounds of guessing cartoon shows and testing current affairs knowledge. The lively session also encompassed intriguing challenges like "match the steps in freeze dance" and spirited rounds of dumb charades. The atmosphere was filled with enjoyment, as all participants enthusiastically embraced the diverse activities.

The event culminated on a high note with the distribution of prizes to deserving winners, encapsulating the spirit of camaraderie, learning, and memorable interactions that defined the ASLA Ice-Breaking session.

Amity School of Fine Arts

Amity School of Fine Arts organised an engaging Ice Breaking Session as part of the Orientation 2023 event. The session was designed to infuse fun with knowledge, offering an innovative approach to getting acquainted. A creative quiz took centre stage, serving as an interactive platform to test students' understanding of the fundamentals of art and art theory. Participants enthusiastically delved into the quiz, showcasing their artistic insights and vying for the victory. The title of the quiz champion was awarded to Mr. Aman, a decision unanimously made by the jury. This segment not only fostered a spirit of healthy competition but also ignited a sense of joyous learning among the students, merging entertainment with education seamlessly.

Adding a melodic twist to the session, a musical chair game unfolded, sparking enthusiasm and laughter as students merrily engaged in the game. The captivating rhythm of music set the stage for a joyful and spirited participation, creating an atmosphere of camaraderie and enjoyment. The game not only added a light-hearted touch to the event but also served as a means of bringing students together through shared laughter and shared moments. The Ice Breaking Session at Amity School of Fine Art AUH effectively blended creative engagement with entertainment, demonstrating the school's commitment to fostering both knowledge and a sense of community among the students.

Amity Law School

Amity Law School successfully organised the second day of the Orientation Program 2023 for the new entrants of Law.

The session began with the current briefing by Mr. Pranshul Pathak, Co-ordinator, Amity Law School. Mr. Pathak showed a glimpse of all the opportunities of applied academics and many more vistas that are available in the University.

Welcoming the new students, Maj. Gen. P.K. Sharma (Retd.), Professor & Director, Amity Law School and Dean Faculty of Law, touched upon different aspects like importance of teamwork and discipline in his speech. Major Gen. Sharma also spoke about how compassion is defined in formal law, including in case law and legislation across a range of common law and civil law countries, and in international human rights and humanitarian law—revealing various judicial and legislative approaches to the place, meaning and application of compassion. Thus, Director, Law School welcomed the new entrants to the ALS family.

The second phase of the programme was the Ice- Breaking event. This included many exercises like Socio-Legal Quiz with a twist. The students who were unable to answer the quiz questions were given to either tell the truth or complete a dare. There were fun games like tongue twisters, enacting dialogues etc. These fun activities were helpful in achieving the objectives of reducing the anxiety of the new students and gave them an opportunity to showcase their talents.

DEEKSHARAMBH: STUDENT INDUCTION PROGRAMME 2023

DAY 3

AUGUST 11, 2023

The third day of Orientation at Amity University Haryana commenced with an informative session on Intellectual Resources for Quality Education led by Rear Admiral K.K. Pandey, Director of Human Resources at AUH.

Rear Admiral K.K. Pandey, in his role as the HR Director, conducted an engaging session that effectively introduced students to the diverse intellectual resources available to enhance the quality of education at the University. His enlightening discourse traced the evolution of a student-centric institution and elaborated on the pivotal elements contributing to the development of well-rounded professionals. These elements include a balanced blend of theoretical and practical learning, enriching extracurricular activities, foreign language proficiency, and a multidisciplinary approach.

In alignment with the United Nations' essential Sustainable Development Goals, Admiral Pandey emphasised the paramount significance of delivering quality education. He highlighted notable achievements, such as AUH's 32nd global ranking for clean water and sanitation, along with its recognition as one of the top 200 universities for climate action. These achievements served as tangible examples of AUH's substantial contributions towards realising these vital SDGs.

*Session on Intellectual Resources for Quality Education by
Rear Admiral K. K. Pandey, HR Director, AUH*

Admiral Pandey offered valuable insights into AUH's meticulous three-tier recruitment and selection process, designed to align individuals precisely with appropriate roles. He meticulously outlined the institution's robust talent management practices, which involve the recruitment of erudite faculty members driven by intrinsic motivation to nurture talent and strive for excellence.

While concluding his address, Admiral Pandey emphasised the pivotal message that holistic development relies on the simultaneous enhancement of the quality of educators, educational offerings, and the broader society and nation. This insightful session left an indelible mark on the attendees, fostering a deeper understanding of the University's unwavering commitment to academic excellence and holistic growth.

The subsequent segment unfolded with a palpable sense of enthusiasm welcoming Padma Shri awardee Dr. Randeep Guleria, Ex Director AIIMS, New Delhi. Dr Guleria, has made remarkable contributions to the field of medicine. He conveyed his profound admiration and gratitude to the esteemed guest for instilling hope and courage across the nation during the challenging period of the COVID-19 pandemic.

Commending the new entrants for becoming a part of this world-class university, Dr. Guleria launched into his segment by highlighting the profound significance of Science and Technology in the realm of health and medicine, particularly in the rapidly evolving contemporary landscape. Through his enlightening discourse, Dr. Guleria delved into subjects such as the Industrial Revolution, Artificial Intelligence, the Internet of Things, and encapsulated the emerging advanced techniques including Augmented Reality, genome editing, robotics, 3D printing, and big data analytics, which have reshaped the practice of medicine in our country.

As the distinguished speaker encouraged students to prioritise their well-being and underscored the importance of health, he eloquently elucidated the multifaceted impacts of pandemics on various aspects of human life. While shedding light on the causes behind outbreaks like SARS, H1N1, and COVID-19, he elucidated those factors such as travel, trade, and global connectivity, along with the challenges stemming from urbanisation and global warming, constitute the n human well-being.

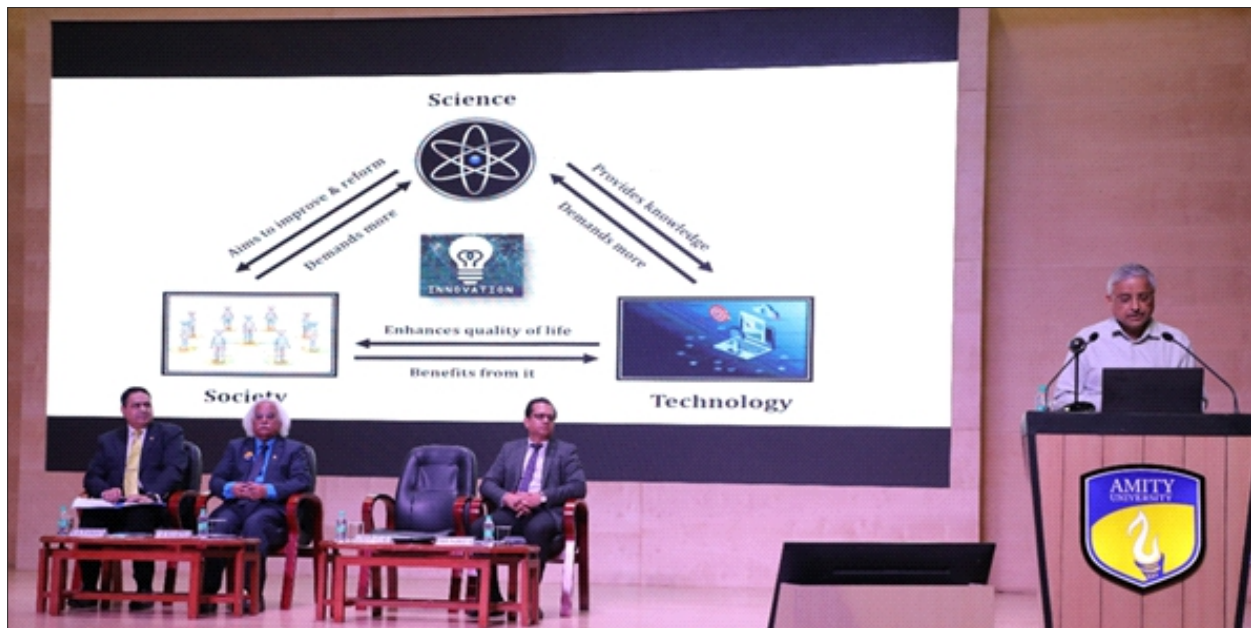

Felicitation of Dr. Randeep Guleria, Ex Director, AIIMS, New Delhi

Dr. Guleria emphasised the intricate interconnectedness of human health, animal health, and the ecosystem, underscoring the imperative to embrace the 'One Health Concept' as a means to advance healthcare within our country. Concluding on a motivational note, he urged students not only to harness the tremendous benefits offered by science and technology but also to ready themselves for unprecedented challenges that may arise due to disruptive technologies.

Rear Admiral KK Pandey extended his heartfelt gratitude by delivering a gracious and warm vote of thanks to Dr. Guleria on behalf of the entire Amity Universe. With genuine appreciation, he highlighted the profound significance of Dr. Guleria's presence and expertise, which had served as a guiding light during uncertain times. He emphasised Dr. Guleria's laudable efforts in raising awareness about crucial preventive measures during the challenging phases of the pandemic, which were acknowledged and hailed as a pivotal contribution to public health.

The event continued with an invigorating address by Dr. Sitharam, Hon'ble Chairman of AICTE. Dr. Sitharam extended heartfelt congratulations to the new students for their wise decision to choose AUH as their primary hub of learning. He praised the university's administration for orchestrating insightful sessions for the fresh entrants and empathetically acknowledged the brave step taken by these young minds to venture away from the comfort of their homes for a journey of new experiences, wisdom, and knowledge.

Distinguished Inspiring Address by Dr. T. G. Sitharam, Hon'ble Chairman, AICTE

Dr. Sitharam delivered a series of invaluable mantras to extract the utmost from their AUH experience. His guidance encompassed embracing passions, recognizing the greater purpose, fostering authentic connections, honing goal-setting skills, and nurturing an attitude of gratitude. He emphasised the indomitable presence of the Digital Era, advocating swift adaptation to its dynamics for unlocking boundless opportunities. Urging students to harness advancements like Generative AI technology for innovation and hands-on experimentation, he laid down the characteristic feature of integrating Artificial Intelligence across diverse domains. Dr. Sitharam passionately called for embracing rapid automation courageously, inviting all to be participants rather than spectators in this revolution. He resonated with the audience through his call for educators to continuously upgrade pedagogical strategies and for students to enrich themselves via AICTE-offered internships and courses. His address concluded with a passionate plea for interdisciplinary collaboration, nurturing entrepreneurial potential, and fostering a competitive spirit among students.

Following Dr. Sitharam's insightful discourse, the honourable Founder President, Dr. Ashok K Chauhan, graced the gathering via video conferencing, adding grandeur to the occasion. Dr. Chauhan lauded the Chairman of AICTE for his remarkable address, resonating deeply with the attendees. He extended warm regards and heartfelt appreciation for the valuable insights shared. In a momentous announcement, Dr. Chauhan revealed the inauguration of the Amity Bangalore Campus, a significant milestone on this auspicious day. He urged students to internalize each nugget of wisdom imparted by Dr. Sitharam, recognizing it as a guiding light for their career trajectories. With unwavering enthusiasm, Dr. Chauhan's words instilled a sense of purpose and direction, setting the stage for a promising journey ahead.

Radiating enthusiasm, Dr. Dipan Sahu, Assistant Innovation Director at the Ministry of Education's Innovation Cell, took the stage, igniting the audience with inspiration to become 'scholarpreneurs' in the 21st Century. With fervor, the distinguished speaker embarked on his presentation by affirming that students are presented with a myriad of opportunities to build their own startups and shape themselves into future entrepreneurs. Commending the University for offering courses that nurture skills and entrepreneurship, he passionately encouraged the new innovation, entrepreneurship, and aspire to be 'job creators' rather than mere job

*Expert Talk on Entrepreneurship – Ideation to Innovation by Dr. Dipan Sahu,
Assistant Innovation Director, Ministry of Education Innovation Cell, AICTE*

Dr. Sahu delved into the dynamic evolution of India's entrepreneurial ecosystem, emphasizing the significance of spreading the support structure for entrepreneurship across geographical boundaries. Engaging the audience with energy, he led an interactive segment that captivated the attendees' attention and urged them to wholeheartedly explore the array of opportunities the University provides. In his enlightening discourse, Dr. Dipan Sahu elaborated on the pivotal role of experiential learning, interactive classes, holistic education, multidisciplinary approaches, and robust industry-academia collaborations in fostering innovation, drawing insights from the National Education Policy's focus on innovation and entrepreneurship.

Drawing from his own experiences, Dr. Sahu illuminated the path ahead, emphasizing that skill development, mentorship, and knowledge dissemination are the pillars upon which student entrepreneurs are forged, enabling them to confidently face future challenges. Celebrating 'Amritkaal' and 'Amritmahotsav', he implored students to recognize the role of science, technology, innovation, and entrepreneurship as the ultimate growth engines for humanity's future development.

As the session reached its conclusion, Dr. Ranjana Kothari delivered a gracious vote of thanks on behalf of the entire Amity Universe, expressing deep gratitude and marking a fitting end to the eventful and insightful session.

Amity School of Liberal Arts and Foreign Languages

The event began with Prof. (Dr.) Hemant Kumar Jha addressing the students about National Education Policy and how this new education policy would help students in realising their dreams for a better future. His invigorating talk was interspersed with anecdotes from his student life in order to motivate students. This was followed by a Goal Setting session conducted by Dr Pooja Malik. She interacted with students about their perception on goal setting. Interaction went forward regarding goal identification and work plan in order to achieve the set goal. Mentor-Mentee session was taken up by Dr. Alka Dutt.

In the alumni interaction section, Lakshmi Nair, Khushboo Wadhwan and Neha Singhal interacted with the freshers. They shared their sweet and sour experiences as experienced during their student days. They motivated newcomers to be proactive and attend their classes with due diligence. Stress was upon enjoying college life without disturbing their academic goals. They inspired students to participate in as many activities as they could during their hours spent with Amity.

The goal setting started with a brief introduction about the session by the programme coordinator foreign language and Spanish Language, Dr. Sumit Gupta, followed by the German language coordinator, Mr. Aniket Vaibhav and Ms. Nisha Tiwari on goal setting and its importance in students' life at every point of time. Goals help students focus and create a set of achievements during a specific time. Through goal-setting, students learn to focus on time and resources more efficiently. In addition, by referring to the goals, they gain motivation when students may lack motivation or simply want to give up. From an educational perspective, academic goals for the university aim to improve performance by ensuring students remain accountable for their own decisions, habits, and success.

Prof. (Dr.) Hemant Kumar Jha addressing the new entrants of Amity School of Liberal Arts and Foreign Languages about National Education Policy.

Amity School of Fine Arts

Amity School of Fine Arts organized a Goal Setting session as a part of the Orientation 2023. In the goal setting, Dr. Rakesh Kumar Chaudhary enlightened on the vision of futuristic art and creativity with a contemporary context on design and art. Dr. Chaudhary also enlightened all students about the future scope and opportunities in the field of fine arts. Along with him, all faculty members motivated the young entrants and shared information regarding different creative dimensions of fine arts

The School of Fine Arts also invited artist and ASFA alumna Ms. Mahasweeta Biswas to interact with the new students. Ms. Mahasweeta introduced her art journey and professionalism of art through her paintings. She also enlightened on how to connect with the art industry and art galleries and artists. "The position of the artist in the current scenario world is very important", she said. An artist must have been going out to connect with society per se.

Amity School of Fashion Design & Technology

ASFD&T organised a workshop scheduled for goal setting through which some guest employees in USHA International Ltd. were invited to interact with the students. The workshop included some very interesting demonstrations and presentations. The room was abuzz with excitement as the students watched how the embroidery sewing machine works. The resource persons also discussed the scope of studying fashion designing.

The session ended with an Alumni Talk. Ms. Garima Rauniyar took an online session to interact with the freshers of the department. She shared her experience throughout her graduation time spent in Amity. She also spoke about the various opportunities that Amity provides in terms of industry experience and training.

Amity School of Communication

Amity School of Communication organised a 'Goal Setting Session' under the aegis of Deeksharambh (Student Orientation) 2023. The session was addressed by Dr. Amit Chawla, professor, ASCO. Dr. Chawla emphasised upon honing skills which are compatible with ever-changing technology today and asked students to prepare themselves for skill-based jobs. For the same, he stressed about formulating an action plan with timeline for every individual student. He also demonstrated with examples how should one craft a SMART (Specific, Measurable, Achievable, Relevant, and Time-Bound) Goal. He emphasised on the importance of OPDCA cycle (Observe, Plan, Do, Check and Act) for improvement keeping the goals under self-check.

This was followed by an interactive interaction of the new students with alumni. The talk started with Ms. Titiksha Verma, Design Associate, Protiviti India who joined online. She started by sharing her experiences at Amity then shared her classroom experiences and the experiences at different events she was part of and then she shared how all this helped her in growing in industry as well. Ms. Alyosha Bhambhri also joined the discussion online and she shared her experience at Amity followed by her experiences in the industry and how Amity helped her achieve her goals. Mr. Aditya Pratap Singh, Journalist and Producer Zee News shared his experiences at Amity and spoke about how Amity helped him achieve his goal in life. Also, he shared his recent experience reporting during NUH violence. Ms. Sherry Joy (MAJMC Batch 2021-23), started sharing her experiences which was quite an enriching experience for all the students. They asked many questions about the industry experiences. Overall session was very enriching and full of knowledge for all the new students. Dr. Esha Jainiti, Additional Director ASCO, summed up the session while propo thanks.

Amity College of Commerce

On Celebrating Deekshrambh 2023, Amity College of Commerce hosted a goal-setting workshop featuring Mr. J.K. Mehta as the speaker. The workshop began with the speech of Mr. Mehta emphasising the significance of respecting elders, including parents and teachers. He urged students to maintain clarity regarding their goals and to stay undeterred by negative influences. The session progressed with a discussion on the Soviet era and the Russia-Ukraine war, highlighting the historical context. Furthermore, Mr. Mehta explored the role of teachers in the AI era, delving into both the advantages and disadvantages of AI technology. The workshop offered valuable insights into goal setting, historical events, and the evolving impact of AI. Subsequent to the enlightening workshop, a purposeful mentor-mentee session ensued. Further, the session went through a formal introduction, students were introduced to the college's mentor-mentee system, with a focus on elucidating its significance. This engagement served as a bridge between theoretical insights and practical implementation.

The workshop was succeeded by a mentor-mentee interaction session. The session commenced by emphasising the role of mentors in providing guidance, support, and a holistic perspective on academic and personal development. Students were apprised of the system's structure, which pairs experienced mentors with enthusiastic freshers, creating a nurturing environment for mutual learning. Freshers were introduced to their respective mentors which allowed mentees to share their aspirations, concerns, and queries with them.

The Alumni Interaction was another addition in this auspicious occasion held by Amity College of Commerce on August 11, 2023, provided a valuable platform for former students to connect with and inspire current freshers. The event witnessed engaging discussions where alumni shared their post-college experiences, career journeys, and insights with the incoming students. The event commenced with a warm welcome by the college authorities, followed by a series of interactive sessions. Diverse topics such as career choices, industry trends, and personal growth were covered. Alumni from various sectors, including finance, marketing, and entrepreneurship, shared their success stories, challenges faced, and strategies to excel in today's competitive world. The freshers eagerly participated, asking questions and seeking advice on academic excellence, skill development, and networking. The event fostered a sense of camaraderie and motivation, as the alumni's achievements resonated with the aspirations of the current students. Overall, the Alumni Interaction Event proved to be an enriching experience, bridging the gap between past and present while nurturing a sense of community and inspiration.

Amity School of Business

Alumni Interaction session with the new admission students saw three alumni of ABS from different batches who are at key leadership positions were invited for this one hour session.

The invited alumni included Ms. Ridhi Budhiraja, Entrepreneur, Founder at Coachwale.com; Ms. Ira Chopra, Research Associate, Alea Consulting and. Ms. Nikita Jain, Higher Education, Founder of Puraskaar.

The topic of discussion was Corporate and Entrepreneurial Skill Sets in Today's Competitive Environment. The corporate and entrepreneurial worlds are converging, creating a new paradigm where established organisations must adopt entrepreneurial mindsets to stay relevant, while startups require the discipline and structure of established corporations to scale effectively. Ms. Ira Chopra highlighted the importance of taking part in extracurricular activities as it will help them to make connections. Ms. Ridhi Budhiraja asked the students to build connections with seniors, faculties and mentors as it will benefit them with their communication skills. Lastly, Ms. Nikita Jain told the students that they should be clear about what they want to do after they should utilise their time for future goals.

Amity Institute of Behavioural & Allied Sciences

Goal setting session was organised for the new students at Auditorium in Block A of AUH campus. The Goal Setting session started with a short insightful motivational video with an underlying strong message on not living life full of regrets and on constantly working towards our dreams and passion. The speaker provided students information about the importance of setting S.M.A.R.T goals in their life using genuine and realistic examples related to the lives of collegegoers. The session also engaged the students in a small reflective exercise on identifying and setting short term & long term goals.

For the session Mr. Hardik Singh Ahuja, of the B.Sc. CP batch 2017-2020 who has recently got full PhD scholarship in the University of Strathclyde, U.K, was invited as the AIBAS alumni resource person to address the freshers of AIBAS. Mr. Ahuja's speech was an insightful and educational one as he not only shared the broad spectrum of opportunities which AIBAS and AUH provided to him during his college days but also shared with students important and valuable tips which would make student life a happy, healthy and growth enriching one. He highlighted how AIBAS faculty members provide excellent mentorship to all their students by way of providing concrete support and encouragement to unique and out of the box subject related ideas expressed by students in and out of the classrooms. He advised the new students of AIBAS about the important role of healthy friendships in the campus and staying connected with family and loved ones during their academic journey for a balanced, grounded and self-enriching growth. Hardik conveyed how by consistent work, striving to learn and improve by participation in different student-led clubs, societies, departmental and interdepartmental activities, research and training opportunities provide transform into a successful and effective individual.

Amity Law School

Goal setting is the first step in turning the invisible into the visible. To shed light on goal setting and to stress upon its significance, ALS organised a session on Goal Setting for the Freshers. There was a total of 75 participants. Mr. Arun Shokeen, Advocate, District Court, Gurugram started off the session by having an informal chat with the students in order to know their preferences and interest areas. He shared his experience and asked the students to have a broader vision. There are various legal professions like Advocacy, Para-legal etc, and these were discussed in detail. Lastly, Mr. Shokeen urged the students to follow their passion as it will ultimately lead to their success.

Maj. Gen. P.K. Sharma (Retd.) Professor and Director, Amity Law School and Dean, Faculty of law, presented a memento to Mr Arun Shokeen. He went on to speak about hard work that goes into setting up an event like goal setting. He further spoke about the positive effects of goal setting, and the importance of setting smart, specific, attainable, relatable, measurable, and realistic goals. Dr Archana Sehrawat, Assistant Professor, Amity Law School, was coordinator for this session.

Today, a Virtual Alumni Interaction Session was conducted for new entrants of all three streams, viz, B.A LL.B./BBA LL.B./B.Com. LL.B. and LL.M (60) and Faculty Members (15). The aims and objectives of the session were-

1. To give opportunity to alumni to express their views about their academic life at Amity Law School.
2. To provide a forum to establish link between the alumni, faculty, staff and students of the institute and to promote interaction between past and present students of this institute.
3. To bring awareness among students about the career opportunities available in the legal field.
4. To create awareness regarding hurdles posed in the current legal field.
5. To create awareness regarding the development of the Institution a suggestions from Alumni for the academic progress of students and institute

Amity School of Architecture and Planning

The Faculty of Architecture and Planning organised a goal setting exercise for the freshers with an objective of guiding the students towards specialisation in a particular domain of Architecture, Interior Design and Planning. Alumni Mr. Abin Sam, a national award-winning architect & principal architect of Abin Sam Architects, defined architecture as the art and science that ensures that designs brought out are compatible with lifestyle in today's date. Mr. Sam welcomed the new students and shared with them his work experiences and achievements. He motivated students to strive for excellence in each sphere of life. He emphasised that goal setting is essential for success. The participants enthusiastically interacted and participated during the event.

Alumni have a strong understanding of the mission of their respected institute and can support the freshers in different ways to achieve their missions and goals. Keeping this in view, another alumni interaction was organised. A total of four alumni were invited for the Alumni Speaks session. The session began with a brief interaction between freshers with their Alumni. Mr. Harikishan Sharma and Ms. Pragya Nagar joined the session online to share their learning experiences. Mr. Harikishan is a Principal Architect at WOODTECH. He shared his memories associated with an educational tour held during his student days at ASAP. He motivated freshers to work hard towards their desired goals. Ms. Pragya Nagar, Capacity Building Assistant at INTACH, shared her field and office experiences with the students. Alumnus Mr. Tanveer Alam Ansar, founder and CEO of EL INTERIO Firm, was the next presenter. He encouraged the students to perform group studies, get more knowledge about different software and projects that will increase the weightage of their CVs. The next alumnus Ms. Simran Manchanda highlighted some of the important criteria which current industry normally seeks from any candidate and motivated the students to understand the fundamentals of every subject so that after completion of their course it becomes easy for them to c

Amity Institute of Pharmacy

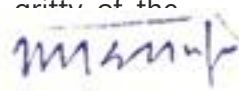

The objective of Day 3 session at AIP was to further sensitise the students towards the pharmacy profession. The main objective behind the goal setting session, industrial talk & Alumni lecture was to give students a holistic picture of the profession and to make them aware about the contemporary trends in the pharmaceutical sciences.

The goal setting session was conducted by Prof. (Dr.) Sardana. During his talk he emphasised upon setting various goals be it academic or professional. He also encouraged students to learn how to manage time. According to Dr Sardana, goal setting not only helps in achieving targets but also helps students in the overall development of their perspective for their career.

Subsequently, Mr. Pritpal Singh (Pharma consultant) showed some informative and motivating slides to students addressing some of the relevant aspects of the corporate sector. He discussed his own life as a case study to motivate students as to how to face challenges in life. He talked about keys to have a successful professional life and the skills set which are required to achieve it. He elaborated various career domains of the pharmaceutical sector such as drug regulatory affairs, clinical data management, Formulation and development and drug R&D. He further took up questions from students and answered their questions.

Afterwards, there was an alumni connect session in which Mr. Pratyush (B. Pharm, 2018-22 batch) currently working as Therapy Manager, Mr. Anuj Bhatt (B. Pharm, 2018-22 batch) currently pursuing Pharma. M.B.A from Jamia Hamdard and Mr. Anubhav Anand (B. Pharm, 2018-22 batch) currently working as Operational Assistant Manager in Apollo pharmaceuticals were present. They spoke to newly admitted students and encouraged them to nurture their soft skills and to participate in all the academic and extracurricular activities. Mr. Pratyush specially emphasized upon developing communication skills and to develop the skills of public speaking. Mr. Anubhav said students should appear in as many placement drives as possible to develop confidence and varsity. He shared his own experience of various interviews in which he participated. Mr. Anuj motivated students to go for higher studies and to crack examinations like CAT, GATE & MAT. He talked about various academic institutions offering pharmaceutical management.

The entire session was very informative, and the speakers covered all the nitty gritty of the contemporary aspects of the pharmaceutical industry. Students were satisfied the session. They interacted with the students and cleared their doubts.

AMITY UNIVERSITY HARYANA DEEKSHARMBH: STUDENT INDUCTION PROGRAMME 2023

DAY 4

AUGUST 12, 2023

On the last day's Orientation Programme, Squadron Leader S. K. Singh, Director of Administration, set the stage for an enlightening experience. With a commanding presence, he embarked on a captivating discourse that unravelled the intricate layers of campus infrastructure and the multifaceted dimensions of campus administration, leaving the audience utterly impressed.

With a wealth of insight, the Director of Administration offered a panoramic view of Amity Gurugram's layout, highlighting its architectural intricacies and purposeful design. He artfully guided the audience through the various blocks that house distinct academic schools, an interwoven network of cutting-edge laboratories, administrative nerve centers, and the dignified abode of the Vice Chancellor. The canvas he painted also featured the cosy sojourns of both students and faculty within the campus, ensuring a holistic experience.

Adding colour to the canvas, he spotlighted the guest rooms that open their doors to visiting scholars, the diverse dining options that cater to culinary cravings, and the hallowed halls of learning where ideas take flight. His brush strokes extended to the vibrant research and animation laboratories, each a cradle of innovation, and the grand tapestry of the Centre for seekers of knowledge.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

A fervent advocate for sustainability, the Director emphasized AUH's identity as a plastic-free haven, a beacon of eco-consciousness. With the finesse of a maestro, he orchestrated the harmony of various departments, ensuring the university's symphony of operations plays seamlessly. The director's notes resonated with the newcomers, as he divulged the redressal and monitoring mechanisms, underpinned by a valuable feedback loop designed to fortify safety and convenience on campus.

The Director's address also illuminated AUH's unwavering commitment to renewable energy, an embodiment of the university's dedication to the environment. Addressing a minor concern, he dispelled the shadows of worry regarding occasional reptilian guests, fostering a reassuring sense of security within the campus's embrace. In a poignant crescendo, the Director extended a heartfelt plea to the incoming students, urging them to be custodians of the university's resources, treating them with the same care they were endowed with. With this final stroke, he infused the audience with an unshakable sense of pride and confidence in their institution, a harmonious prelude to the vibrant journey that awaits each student.

The session by Squadron Leader S K Singh was followed by an extremely captivating panel discussion titled 'Fireside Chat on 21st Century Skills and Future of Work'. The session was moderated by Prof (Dr) Sanjna Vij, Deputy Director, Amity Academic Staff College.

Mr Girish Balasubramanyam, Manager, Strategy and Operations, Skill Council for Green Jobs was the first speaker in the session. With an air of authority and a wealth of knowledge, Mr. Girish Balasubramanyam, the adept Manager of Strategy and Operations at the Skill Council for Green Jobs, unveiled a paramount revelation. In the spotlight of the contemporary digital epoch, he placed the spotlight on the indispensable fusion of self-directed learning, entwined seamlessly with the marvels of information technology and artificial intelligence. Particularly, he cast a focused beam on the students, for whom this combination is the lodestar guiding their educational odyssey.

Fireside Chat on 21st Century Skills and Future of Work

With a tapestry woven from real-world examples, Mr. Balasubramanyam painted a vivid picture of the landscape where self-guided learning flourishes. He led the audience through lush meadows of renewable energy, unveiling the vibrant blooms of green hydrogen, electric vehicles, and the intricate architecture of green construction. Each example stood as a beacon, illuminating the profound touch of technological evolution on the industries they grace.

Yet, this was more than a mere gallery of achievements; it was a journey through the annals of transformation. Mr. Balasubramanyam, like a master storyteller, traced the footprints of technology's inexorable march across the job terrain. With surgical precision, he dissected the intricate anatomy of the job market, revealing its fluidity and dynamism in the face of automation's relentless tide. It was a tapestry where job roles, like constellations, shifted in the cosmic dance of change.

Through these vignettes and dialogues, Mr. Balasubramanyam etched an indelible truth: the clarion call for self-directed learning. He beckoned individuals, especially the youth stepping onto the threshold of careers, to embrace this quest for knowledge with open arms. It wasn't just a recommendation; it was an urgent plea to harness the rudder of self-guided learning to navigate the tempestuous seas of change and emerge not only unscathed but triumphant.

In this symphony of insight, Mr. Balasubramanyam conducted a transformative movement. He gifted the audience with not just knowledge, but with a compass to navigate the future. As the applause faded, his words lingered, a potent reminder that in the age of technological metamorphosis, the flame of curiosity must burn brighter than ever, illuminating the path to growth and resilience.

In a captivating engagement with the students, the second speaker Dr. Savita Sharma, Skill Associate Professor & Chairperson - Department of Tourism & Hospitality, Associate Dean - Department of Student Welfare, Shri Vishwakarma Skill University, Haryana, carved an indelible mark by chiselling the importance of skill-based education into the consciousness of all present. Her words resonated like a symphony of wisdom, where the melody of practical skills harmonised seamlessly with the digital rhythms of remote work.

Drawing from her own voyage through the realm of online teaching, Dr. Sharma unfurled a canvas that portrayed the vivid landscapes of skill acquisition. With a master's brushstroke, she painted the image of consistent practice as the cornerstone of mastering these skills. Her words echoed like an anthem, reminding all that the journey of acquiring skills isn't a mere sprint, but a steadfast marathon of dedicated growth.

A luminary at the podium, Dr. Sharma's voice carried the torch of transformation. She called for an educational paradigm that danced in perfect sync with industry needs. Her vision painted curricula woven with threads spun from real-world looms, ensuring that students were not just equipped with knowledge but also armed with the practical prowess to tackle the challenges of the professional arena.

As her words flowed like a river of wisdom, they carved a channel of enlightenment. Dr. Sharma envisioned students not as mere seekers of education but as apprentices in the grand workshop of the real world. With industry-aligned curricula, she handed them the keys to unlock doors leading to relevant, rewarding vocations that echoed their passions.

Her insights, like luminous beacons, cast light on the crossroads of skill and success. Dr. Sharma's narrative wasn't just about today; it was about the promise of tomorrow. A promise where the fortitude to adapt, the zeal to learn, and the prowess to perform were the coins of currency in the evolving landscape of professions.

As the echoes of her session faded, they left behind an awakened spirit. An awareness that education is more than theories on paper; it's a forge where skills are honed, and futures are sculpted. Dr. Savita Sharma's discourse etched in every mind a fervent conviction that in the mosaic of modern education, skill-based learning is the brush that paints the most vibrant strokes of success.

In a mesmerizing session that seamlessly blended interaction and wisdom, Mr. Rajesh Rathnam, Chief Executive Officer, Leather Sector Skill Council, illuminated the navigational stars of success in the 21st century. His words wove a tapestry where essential skills gleamed like jewels, and the very perspective we hold towards challenges became the magic key to transformation.

Discussion on Skill and Future of Work in 21st Century

With the grace of an orator and the wisdom of a sage, he unveiled the acronym VUCA—a symphony of Volatility, Uncertainty, Complexity, and Ambiguity. These elements, he unveiled, weren't adversaries but the very essence of the era we inhabit. His words echoed like a clarion call, reminding all that the only constant in this world is change itself.

In his dynamic dialogues with the audience, Mr. Rajesh wasn't just a speaker; he was a catalyst of inspiration. He kindled a fire of readiness within the hearts of the younger generation, igniting a spark that emboldened them for the impending new world. His voice echoed with the vigour of a coach and the empathy of a mentor, urging them to embrace the shifting sands of change with open arms.

With conviction that resonated, Mr. Rajesh shared a secret—that the trap of comparison steals away more than it provides. He urged everyone to transcend the allure of societal benchmarks and instead set their gaze on surpassing their own personal pinnacles. In his words, he carved a roadmap to authenticity and fulfilment. As the echoes of his session reverberated, they etched indelible marks on every mind. A roadmap to not just survive but to thrive in the ever-evolving landscape. Mr. Rajesh's words weren't just spoken; they were embraced like cherished mantras. His optimism was infectious, his empowerment, intoxicating, and his enthusiasm for the future, contagious. His words infused the air with possibility, and as the audience departed, they carried with them not just insights but a fervent belief in their own power to flourish in the ever-changing embrace of time.

Session by Maj. Gen. G.S. Bal, Dean Students Welfare and Director Hostel & Security

In a riveting and uplifting address, Major General Bal, the Dean of Students Welfare and Director of Hostel & Security, cast a luminous

spotlight on two pivotal virtues that students were encouraged to wholeheartedly embrace: resilience and soft skills. His address commenced with a reassuring embrace, where he enveloped the audience in the warmth of a nurturing and secure campus environment. With clarity and compassion, he laid out a clear path for students to reach out to him and his dedicated team, assuring them of unwavering support in matters of discipline and well-being.

Major General Bal's eloquence unveiled the multifaceted responsibilities championed by the Department of Student Welfare. From safeguarding hostel premises to orchestrating military camps that foster discipline, from providing crucial counseling services to curating vibrant extracurricular activities like sports, he painted a vivid mosaic of their holistic role. Beyond these, he extolled the role of social welfare societies such as the Red Cross, propelling students to partake in initiatives for blood donation and women's empowerment, underscoring the university's commitment to societal betterment.

A beacon of inspiration, Major General Bal fervently encouraged students to seize the unique opportunity of 5-7 day military training camps. Through this experience, not only would they gain insights into the regimented life of the army, but they would also find the wellspring of motivation to achieve their life goals through the prism of self-discipline. Furthermore, his words ignited a spark of creativity, as he called for the creation of novel clubs and societies to infuse the campus with a youthful vibrancy and inventive energy.

Central to his address was the pulsating heartbeat of collective responsibility. Major General Bal emphasised that the security and upkeep of the campus rested on the shoulders of each individual. He echoed the symphony of soft skills – leadership, networking, and teamv

building blocks of personal growth and triumph. He paid homage to the ex-army personnel who stood as sentinels of security, embodying unwavering dedication. His discourse concluded with a powerful message, underscoring that embracing these virtues isn't just a choice, but a compass guiding students toward success and becoming stewards of a brighter world.

Session on Amity Innovation Incubator by Prof. (Dr.) Ranjana Kothari, Convener IIC-AUH

Session on Amity Innovation Incubator by Prof. Dr Ranjana Kothari, Convenor IIC-AUH and Faculty Mentor, Amity Innovation Incubator Gurugram- With a palpable sense of enthusiasm, Professor Dr. Ranjana Kothari, Convenor IIC-AUH and Faculty Mentor, Amity Innovation Incubator Gurugram, took centre stage to discuss the creation of the Amity Innovation Incubator (All). With an aura of vibrancy, she illuminated the mission of nurturing innovation and cultivating brilliant ideas within the hearts of students, fostering their transformation into aspiring student entrepreneurs. Her presentation was a vibrant tapestry that interwoven academia and industry, fuelling the birth of technology-driven ventures showcasing ingenious products and services.

At the heart of All's philosophy lies the potent bridge between academia and industry, and Dr. Kothari was the maestro guiding the symphony. The incubator's journey was a testament to this mission, having secured a substantial funding of Rs. 1.70 crore from the Ministry of Electronics and Information Technology over five years. This financial commitment not only drives innovation but also creates a pathway to employment opportunities for over 3500 individuals, a testimony to the power of innovation as a socioeconomic engine.

Dr. Kothari's presentation turned the spotlight

on All's role as a nurturing haven for aspiring entrepreneurs. Tailored workshops and seminars lay the foundation for honing skill sets and cultivating business acumen. With a dedicated workspace and crucial funding, the Incubator propels students' entrepreneurial aspirations, elevating their dreams into the realm of successful startups. In her closing crescendo, Dr. Kothari infused the room with inspiration, urging students to step into the heart of the E-cell and become the architects of future entrepreneurship. With her dynamic presentation, she sowed the seeds of innovation and entrepreneurship, nurturing each student's potential to burgeon into impactful leaders of tomorrow.

Session on Key Functions of CRC by Mr. Manoj Sahani, Director, Corporate Resource Centre.

The post-lunch session of the student induction program at Amity University Haryana began with a presentation led by Mr. Manoj Sahani, Director of the Corporate Resource Centre (CRC). He outlined the key functions of CRC, which include bringing in industry speakers, conducting interactive sessions, organizing industrial visits, and ensuring students gain firsthand experience of the industry. He emphasized the university's commitment to transforming students into corporate professionals by offering guidance, exposure to industry trends, and various skill-building opportunities

Mr. Sahani elaborated on the strategies CRC employs to enhance students' employability. He mentioned HR summits and panel discussions to identify industry trends, skill gaps, and communication training needs. The CRC aims to bridge the gap between students and recruiters by empowering them with relevant skills and suitable career opportunities. He introduced the CRC team and highlighted their role in students' training and c
includes activities like

discussions, CV writing, mock tests, presentation skills, aptitude tests, and personal interviews.

In his talk, Mr. Sahani highlighted that AUH's location in an industrial hub makes it an advantageous choice for students, with corporations like Google, Microsoft, Accenture, Amazon, and TCS visiting the campus for placements annually. He mentioned renowned industry speakers and successful placements of AUH students in Fortune 500 companies, showcasing the university's strong industry collaborations. He encouraged students to maintain a good CGPA and participate in extracurricular activities, underscoring the importance of not only academic knowledge but also industry insights and soft skills. The presentation concluded with an invitation for students to ask questions and seek further guidance from Mr. Sahani and his team, emphasizing their commitment to students' success.

Session on Foreign Languages by Dr. Sumit Gupta, Coordinator, Amity School of Languages

Dr. Sumit Gupta, coordinator, Amity School of Languages, presented a session on foreign languages which was a delightful feast for language enthusiasts. He expertly underscored the modern imperative of a multi-language approach in building global relationships, especially in an era where technology has seamlessly transformed the world into a global

village. The motto of ASL, "Go Global, Speak Local," reverberated as a guiding principle, encapsulating the essence of their mission. The meticulously crafted courses in Spanish, German, and French (Hons) adhere to international language standards, aligning seamlessly with guidelines set by global bodies.

In the tapestry of linguistic offerings, Dr. Sumit skilfully navigated through the landscape of opportunities, highlighting the holistic approach that ASL adopts. He unveiled the language curriculum and the impactful amendments introduced in 2023, shedding light on the transformation that awaits eager learners. The presentation resonated with glimpses of promising futures as he illuminated the pathways to exciting careers through language proficiency.

Amity School of Languages, led by its accomplished faculty, stands as an epitome of excellence. With a world-class infrastructure at its disposal, the school boasts a well-stocked library housing around 1700 books and reference materials. The three state-of-the-art audio-visual rooms further augment the learning experience. Beyond the academic realm, ASL thrives as a vibrant hub where world languages are gateways to world cultures, fostering goodwill among people from diverse backgrounds.

Session on Foreign Language by Dr Sumit Gupta, Coordinator, FL

The heartbeat of ASL is its dynamic clubs, pulsating with numerous events that serve as platforms for students to showcase their linguistic prowess. Dr. Sumit's narrative painted a vivid picture of students taking the reins, and organizing invigorating events that celebrate the beauty of languages and cultures. ASL not only imparts knowledge but ignites the spark of initiative in its students, fostering a holistic environment where linguistic skills flourish hand in hand with leadership and organizational abilities.

On the concluding day of the 4-day Orientation Programme, an enlightening session was led by Prof. Dr. Rajesh Nair, Director of the Amity Institute of Behavioral and Allied Sciences (AIBAS). The session focused on psychometric profiling, an insightful tool to understand oneself better. Prof. Nair initiated the discussion through interactive engagement with the new students, fostering a participative environment.

*Session on Psychometric Profiling by Prof. (Dr.) Rajesh Nair, Director, AIBAS
also, it is Prof. (Dr.) Rajesh Nair*

He delved into the benefits of psychometric profiling, highlighting its potential to predict future performance, success, and job compatibility. Prof. Nair and his team provided standardised test sheets to the fresh entrants, aiming to assess cognitive abilities, measure aptitude, and evaluate personalities. He encouraged students to take part in the testing process and invited them for one-on-one discussions to comprehend the outcomes and implications of the tests.

In an effort to support students' holistic well-being, Prof. Nair extended an invitation for those interested in the field or facing challenges such as stress and anxiety to connect with him and his team. This emphasised the university's commitment to nurturing not only academic growth but also the emotional and psychological welfare of its students. The session underscored the importance of self-awareness and seeking assistance when needed, ensuring a comprehensive and supportive learning environment.

Industry visits of various schools during the Orientation Program 2023 (facilitated by Corporate Relationship Centre, AUH on 17th-18th August)

Organizing industrial visits as a part of the orientation program constitutes an out-of-the-box strategy of Amity University, Haryana (AUH) to introduce students not only to the academic environment but also provide them with valuable insights into the real-world applications of their chosen fields. By including visits to corporate and industrial establishments and units in the Orientation, the university demonstrates a commitment to practical learning and facilitating exposure of students to the industry. This proactive approach is aimed to enhance students' motivation, engagement, and understanding right from the start of their educational journey and provide an insight into the real working environment, workstations, plants, assembly lines, machines, systems, and interact with highly trained and experienced personnel. The details of industrial visits, organised during 17th-18th August, 2023 by various departments of AUH are furnished below:

Amity Business School (ABS):

The Industry Visit is an integral component of the curriculum of ABS, with the primary objective to provide the students of Business Management and Economics streams with practical exposure to industry operations, bridging theoretical learning with real-world applications. In line with this objective, an industry visit to Napino Auto Electrical Ltd. (IMT, Manesar), took place successfully on August 17th. The visit enables students to view company's automated production processes, commitment to quality and environmental standards, and notable client relationships. The interaction with the senior officials also provided insights into the company's marketing strategies. Subsequently, an engaging session with the HR Manager and Training Specialist transpired, followed by a guided tour of the production unit. This tour highlighted the automated manufacturing procedures that ensure exceptional output quality. The visit culminated with a photo session and mutual expressions of gratitude between students, faculty, and HR representatives.

Industry Visit of ABS Students to Napino Auto Electrical Ltd. (IMT, Manesar)

Amity School of Behavioural & Allied Sciences (AIBAS):

A group of new postgraduate students from AIBAS visited the National Brain Research Centre (NBRC) in Manesar on August 17th to gain insights into neuroscience advancements. The visit, facilitated by the Corporate Relationship Cell of AUH included lectures on MRI, observing MRI scans, exploring virology techniques, and understanding the structure and operation of the human brain, including insights into crow and zebra finch research. The visit aimed to inspire students and enhance their understanding of neuroscience. Students gained exposure to complex concepts through live demonstrations and interactive sessions, contributing to their knowledge in the field.

Industry Visit of AIBAS Students to National Brain Research Centre (NBRC) in Manesar

Amity School of Hospitality (ASH):

For the students pursuing studies in the field of the Hospitality & Hotel Management, the Hotel Visit comprises an essential component of their course which offers students a better understanding & exposure to the industry. A group of 17 new students of ASH participated in a visit to Radisson Blu Plaza Hotel, Mahipalpur, New Delhi on 17th August, led by Dr. Shiwani and Mr. Soyav of ASH. The visit included presentations and tours of various departments & sections of the Hotel, highlighting functions and values like punctuality and proactivity. Students were also educated about potential careers within the hotel industry. The event's objectives involved exploring major hotel departments & sections, their respective operations, understanding industry requirements, and emphasizing grooming standards.

Industry Visit of ASH Students to Radisson Blu Plaza Hotel, Mahipalpur, New Delhi

Amity School of Engineering & Technology (ASET):

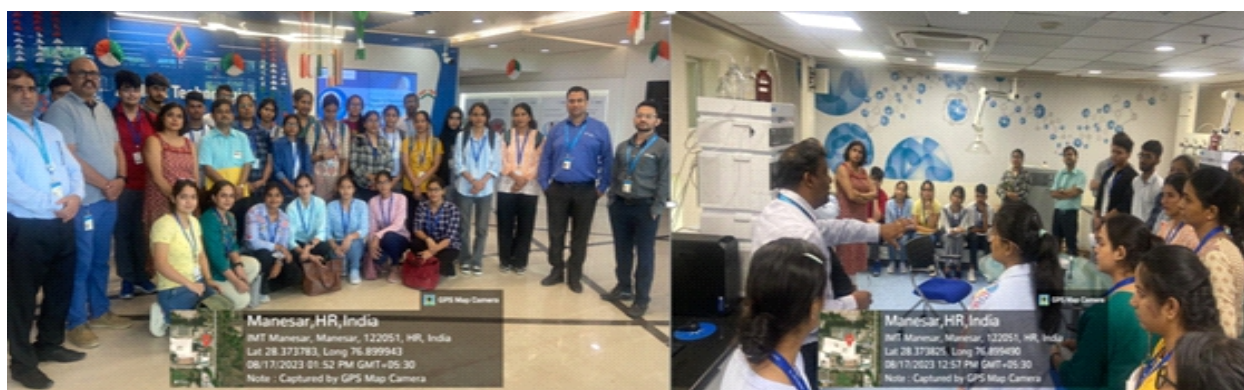

Groz Engineering Tools Pvt. Ltd. (Gurugram) hosted a successful industry visit for a group of engineering students of ASET on 17th August. With extensive experience and modern facilities, the company showcased its expertise in manufacturing quality tools. Students were guided through different sections by mentors who explained die casting, assembly processes, and quality control. Discussions on materials, processes, and quality management were enriched by interactive sessions. The students left with valuable insights into the company's operations and an overall positive experience.

Industry Visit of ASET Students to Groz Engineering Tools Pvt. Ltd. (Gurugram)

Amity Institute of Biotechnology (AIB)

On 17th August, A group of students from AIB visited Agilent Technologies Pvt. Ltd. (located in IMT, Manesar), a multi-national company that spun off from HP, started with test equipment and scientific instruments, later expanding its offerings. During a visit to the Agilent Research and Training cell, company mentors introduced the company's significance in research fields. Sessions on Gas Chromatography, Atomic Spectrometry (ICP-MS and ICP-OES), and High-Pressure Liquid Chromatography (HPLC) were led by experts, explaining techniques, instruments, and applications. These interactive sessions provided valuable insights and engaging discussions for the students of biotechnology.

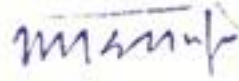

Industry Visit of AIB Students to Agilent Technologies Pvt. Ltd.

Amity College of Commerce (ACC)

A group of 16 students, accompanied by faculty including Mr. Shiv Swaroop Jha on 17th August, visited Botil Oil Tools India Pvt Ltd., a leading manufacturer of downhole drilling & production oil tools. The objective was to expose students to industrial operations, linking theory with practice. Students were given an overview of the company and its safety commitment, toured the factory, and learned about products. Faculty highlighted how Indian exports contribute to the economy. The visit aimed to bridge the gap between theoretical and practical knowledge, offering students networking and mentorship opportunities.

Amity School of Information Technology (ASIT):

ASIT organized an industrial visit to Theeta Electricals (located in Industrial Model Township in Manesar) on August 18, 2023. The event aimed to provide BCA students with practical insights into industrial operations, manufacturing, and testing of electrical appliances. The objectives included introducing students to manufacturing stages, fostering skills for the industrial sector, promoting integration of computer software in manufacturing, and understanding company administration and execution. Mr. Avishkar Parkash, General Manager of Theeta Electricals discussed the company's history, industry overview, production management, technicalities in electrical heating appliances, recent innovations, industry challenges, and the potential of computer software in the sector. The visit effectively bridged theoretical knowledge with real-world industrial practices, enhancing students' understanding and prospects in the field.

Virtual Industrial Visit to Yakult Danone:

Besides the above-mentioned industry visits involving physical visits to industrial establishments, the students from diverse departments including Science, Technology, and Humanities of AUH collectively participated, on 17th August, in a virtual industrial tour of the production unit of Yakult Danone, India, efficiently organized by the Corporate Relationship Centre (CRC), led by Mr. Manoj Sahni and aimed to provide students with a firsthand experience of its operations. The event included an introduction to Yakult, its probiotic products, and its history dating back to 1935. The virtual tour covered the manufacturing process, packaging, and benefits of Yakult. Students engaged with Yakult executives, asking questions about immunity, differences from curd, and labour welfare. The students appreciated the collaboration, gaining knowledge about probiotics and manufacturing.

Virtual Visit to Yakult Danone

Talent Hunt 2023

Talent Hunt 2023 was an amalgamation of the Student Clubs' display of prowess and the freshmen's unveiling of boundless talent. This year's Talent Hunt witnessed registration of 114 talented freshers wanting to showcase their talents in the following categories: dance, singing and instrumental, extempore, monologue, poetry and Shayari and modelling. A committee of student experts, who have proven their skill in concerned categories took charge of the screening process. Various parameters such as appropriateness, preparedness, confidence, skill etc., were taken into consideration to provide the audience with the best possible experience while upholding the integrity and values of our institution. Post-screening, a total of 40 participants were shortlisted for performing on August 18, 2023.

The event began with the many University Clubs taking centre stage. They played videos delineating their work and accomplishments in front of the freshers hoping to generate interest and to boast our university's vibrant cultural tapestry. Representatives from each club took to the podium, post the display of their introductory video to invite the new Amityans to join their teams and become part of their proud legacy.

Upon the successful completion of the Student Clubs' Presentations to thunderous applause, the event moved on to the much-awaited talent hunt segment. Each participant left the crowd either mesmerised or jittery with excitement as they took the stage with confidence and unmatched flair. Every participant adhered to the stipulated 2-minute time limit as they performed for the audience and expert jury of judges, as formed by our faculty members. The freshmen's performances were interspersed with those by the seasoned members of the various student clubs, who put

up a live display of their mastery for the crowd to revel in and aspire to.

The much-celebrated event drew to a rousing finale with the result declaration.

- Total Number of Registrations(across multiple categories): 114
- Category-Wise Registrations:
 - Singing: 32
 - Poetry/ Shayari: 22
 - Modelling: 20
 - Dance: 48
 - Acting/ Monologue: 19
 - Extempore: 7
- Category-Wise Selections (post-screening):
 - Singing: 7
 - Poetry/ Shayari: 6
 - Modelling: 5
 - Dance: 10
 - Acting/ Monologue: 3
 - Extempore: 7
- Winners:
 - Ms. Talented- Neena (Dance)
 - Mr Talented- Melvin (Singing & Instrumental, Rap)
- Consolation Prizes:
 - Mohit (Poetry/ Shayari)
 - Udita Singh (Singing & Instrumental)
 - Niharika (Extempore, Modelling)
 - Ishika Vats (Modelling)
 - Aditya Rohilla (Singing & Instrumental)
 - Ashika Pillai (Modelling)

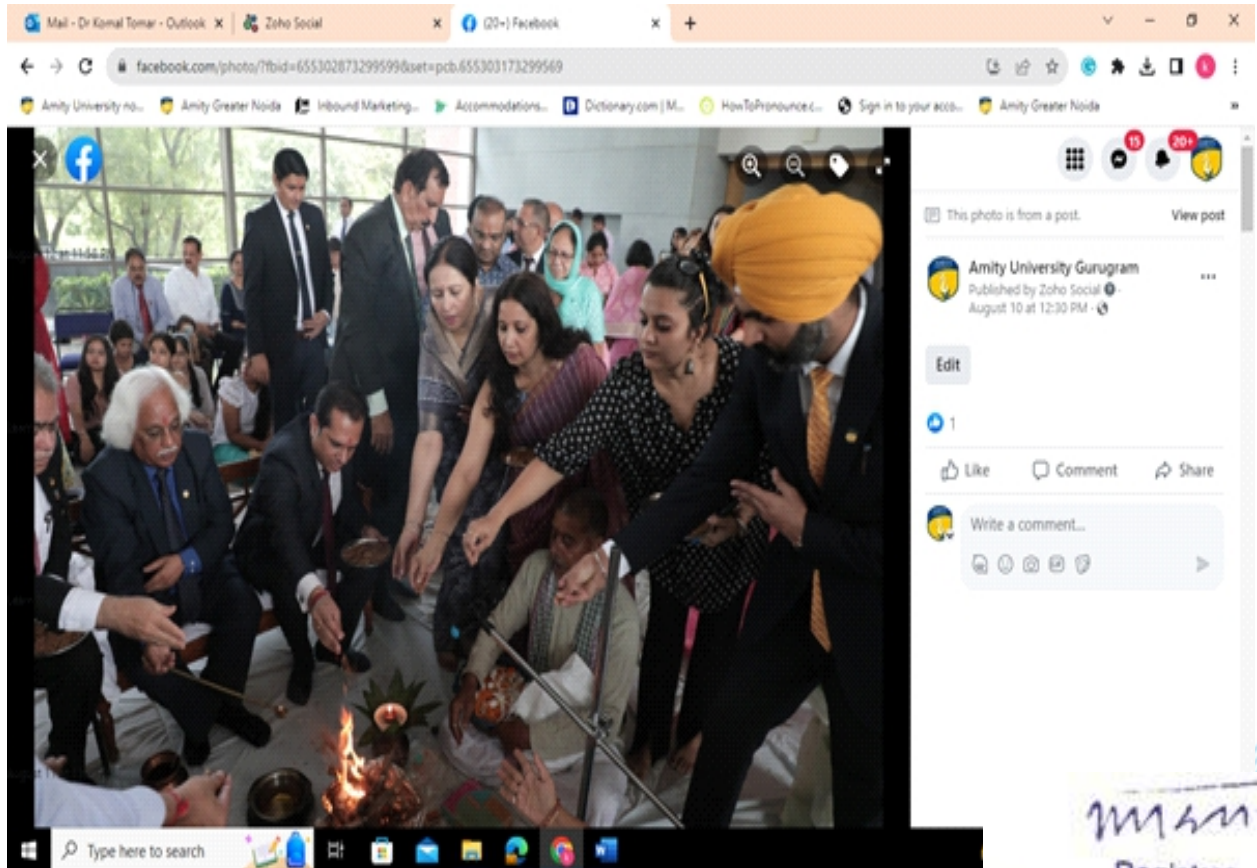

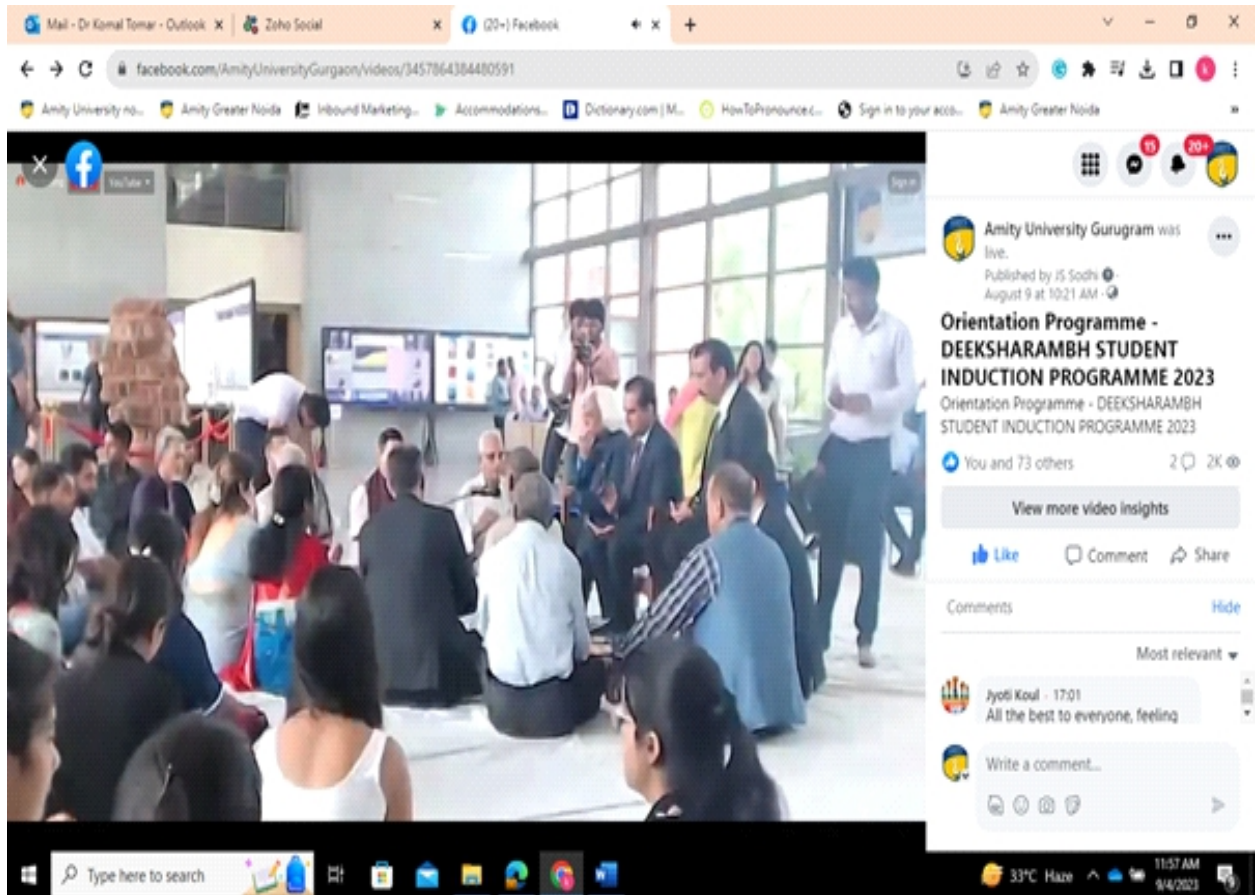

Talent Hunt was a resounding success, leaving an indelible mark on all who participated. The collective energy and enthusiasm in the air were palpable, fostering an atmosphere of inspiration and connection that will undoubtedly resonate long after the event's conclusion.
