

AMITY UNIVERSITY

MADHYAPRADESH

1.3.1 Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

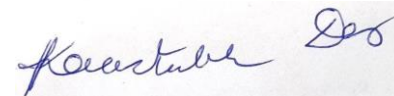

S.N.	Programme Name	Semester	Course Code	Course Name	Sustainability and Professional Ethics	Description of the Course in brief (20-30 words)
	ASAP (Bachelor of Interior Design)	II	BID207	WORKSHOP-I (SERIGRAPHY AND COLOR)	Sustainability and Professional Ethics	An understanding about the Color theory / color psychology in interior design, fundamentals of interior design and their use in different spaces. An understanding to build the color palette from any item, and to choose the perfect shade of paint for your space. Use of color schemes, textures and patterns to the surfaces and use of serigraphy in interior spaces and furniture.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Interior Design)	III	BID301	Interior Design Studio -III		The design elements and principles to be followed while designing an institutional building using different standards, materials and technologies.
	ASAP (Bachelor of Interior Design)	III	BID303	Building interior Services – I (Plumbing & Sanitation)		Students will learn the Water Supply, Sanitation and waste water disposal system in a building as part of the building services.
	ASAP (Bachelor of Interior Design)	IV	BID401	INTERIOR DESIGN STUDIO - IV		The different types of exhibition and presentation spaces and the interior design requirements related to them.
	ASAP (Bachelor of Interior Design)	IV	BID403	BUILDING INTERIOR		The students should be able to: Apply practice of electrical systems and fixtures. Distribution of main supply, fittings and accessories.

Director
 Amity School of Architecture & Planning
 Amity University Madhya Pradesh, Gwalior

	ASAP (Bachelor of Interior Design)	IV	BID406	PRODUCT DESIGN		The students should be able to:
	ASAP (Bachelor of Interior Design)	V	BID501	Interior Design Studio- V		The students should be able to:
	ASAP (Bachelor of Interior Design)	V	BID503	Building Interior Services - III (HVAC & Acoustics, Lift & Escalators)		Student should be able to working out quantities schedule of rates and Bill of Quantities.
	ASAP (Bachelor of Interior Design)	V	BID506	Furniture Detailing - I		The students aware of the furniture designing which is a important part of interior design.
	ASAP (Bachelor of Interior Design)	VI	BID601	INTERIOR DESIGN STUDIO – VI		Able to do spatial design of Hotels/ Resorts.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Interior Design)	VI	BID603	ADAPTIVE REUSE AND REFURBISHMENT		The course provides an understanding of the role of using existing resources and proposing a new solution.
	ASAP (Bachelor of Interior Design)	VI	BID604	FURNITURE DETAILING -II		The course is to provide knowledge about analysis of existing piece of furniture in its functional aspect, technical aspects and skill required materials and properties, biomechanical factors and ergonomically consideration, aesthetic consideration and back acing and economic factors consideration.
	ASAP (Bachelor of Interior Design)	VI	BID606	INTELLIGENT INTERIORS		The course provides an understanding of the latest technologies taken into consideration to build an intelligent building

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Interior Design)	VI	BID607	EXHIBITION DESIGN	Students with an understanding for planning of built or open spaces to provide an appropriate environment for communication, and to create a contextual / experience that supports communication / interpretation of ideas to audiences by creating a multimodal and multisensory experience.
	ASAP (Bachelor of Interior Design)	VIII	BID 801	Interior Design (Thesis Project)	Student will be able to find an independent approach to develop an exercise and professional ability to handle professional projects with complete analysis of based data/ information so as to achieve aesthetically planned interior environment for functional efficiency.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Interior Design)	VIII	BID 803	Lighting in Interiors		Illustrate the qualities of natural light and identify the roles of lighting system in artificial lighting also prepare lighting layouts, specify light, different type of applications.
	ASAP (Bachelor of Architecture)	I	BAR 101	Architectural Design – I		Orientation of students to the profession of Architecture
	ASAP (Bachelor of Architecture)	I	BAR 102	Building Materials & Construction Technology – I		To familiarize the students with various properties, effects of climate and environmental conditions on, and uses of building materials.
	ASAP (Bachelor of Architecture)	I	BAR 105	Basic Design & Visual Arts - I		Introduction to Art and appreciation of art and its philosophies

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	II	BAR 201	Architectural Design – II	<p>To enhance the students' understanding regarding inter- relation of various simple functions and circulation and movement of vehicles with clear concepts of connectivity.</p> <p>To acquaint the students to building materials such as Timber, Reinforced Concrete and Reinforced Brick work, Steel and the effects of climate and environmental conditions on these.</p> <p>Introduction to Art and appreciation of art and its philosophies</p> <p>To work on multi utility, multiple user based, multi level public/ semi public building of specific scale covering an area of 1500-2000 sqm on site.</p>
	ASAP (Bachelor of Architecture)	II	BAR 202	Building Materials & Construction Technology – II	
	ASAP (Bachelor of Architecture)	II	BAR 205	Basic Design and Visual Arts – II	
	ASAP (Bachelor of Architecture)	III	BAR 301	Architectural Design – III	

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	III	BAR 302	Building Materials & Construction Technology – III		To acquaint students with currently used wood alternatives for interior works and their applicability. Used construction details for conventional staircases and steel windows.
	ASAP (Bachelor of Architecture)	IV	BAR 401	Architectural Design – IV		To work on context based design problem also considering cost effective building technology and earthquake resistant structure.
	ASAP (Bachelor of Architecture)	IV	BAR 402	Building Materials & Construction Technology – IV		To understand and detail staircases in alternative materials
	ASAP (Bachelor of Architecture)	V	BAR 501	Architectural Design –V		To work on context based design problem considering Energy Efficient buildings.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	V	BAR 502	Building Materials & Construction Technology – V		Course aims to provide knowledge about Ferrous and non ferrous metals, Manufacturing, properties, quality and its use as a building construction material. Construction in Steel and how various structural elements of a building like foundation, staircase etc. are detailed out and constructed.
	ASAP (Bachelor of Architecture)	VI	BAR 601	Architectural Design – VI		Understanding design as a function of specific agenda such as site condition, orientation, climate, circulation and essential services with design
	ASAP (Bachelor of Architecture)	VI	BAR 602	Building Materials & Construction Technology – VI		Introduction to advanced structural systems in buildings.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	VII	BAR 701	Architectural Design – VII (Housing)		To acquaint the students with large scale housing design along with other land use development in an urban context, phasing and development.
	ASAP (Bachelor of Architecture)	IX	BAR 901	Architectural Design – VIII		Students will interpret and assess urban envelopes and spaces in context of city design. Further, students will relate human activities with built fabric
S.N.	Programme Name	Semester	Course Code	Course Name	Sustainability, Human Values and Professional Ethics	Description of the Course in brief (20-30 words)
	ASAP (Bachelor of Interior Design)	I	BID107	Model Making Workshop	Sustainability, Human Values and Professional Ethics	Students will get hands on tools and techniques used for making models out of paper, boards, wood, bamboo, thermo coal, fabrics, clothes, glass, plastic sheets, wire, P.O.P., Clay etc.

Director
 Amity School of Architecture & Planning
 Amity University Madhya Pradesh, Gwalior

	ASAP (Bachelor of Interior Design)	V	BID504	Working Drawings		The students should be able to:
	ASAP (Bachelor of Architecture)	I	BAR 107	Visual Art & Appreciation		The course will enable the students to develop an understanding of the elements of art, a basic vocabulary for describing visual art, a general understanding of the role art has played throughout Western history, and contemporary trends.
	ASAP (Bachelor of Architecture)	IX	BAR 905	Low cost Architecture		Students will learn the methods and techniques of cost effective Architecture

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (M. Plannig (Urban & Regional))	I	MURP 101	Planning History and Theory		The outcome of this course is to learn the historic growth and development of settlements across civilizations and the evolution of civic planning as a discipline through theories and concepts of modern planning thought.
	ASAP (M. Plannig (Urban & Regional))	II	MURP 203	Local Governance, Management and Finance		The outcome of this course is to apprise the students of the local governance framework at sub provincial level and resource mapping of local governments with special emphasis on municipal governments in our country. The course intends to acquaint the students with the governance structure and fiscal and financial background of the local governments and tools and techniques to strengthen them.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

S.N.	Programme Name	Semester	Course Code	Course Name	Description of the Course in brief (20-30 words)
2	ASAP (Bachelor of Interior Design)	I	BID102	Materials (Furnishing & Finishes)	Students will understand of all the available materials, which are used in designing the various different interior spaces.
	ASAP (Bachelor of Interior Design)	I	BID103	Basic Design & Visual Arts-I	Students will be introduced to art and its appreciation and philosophy. Familiarizing with the principles and theories of graphic composition used in interior design. students will learn designing of interiors spaces with graphic tools i.e. sketching, shading, coloring etc.
	ASAP (Bachelor of Interior Design)	I	BID104	Drawing Techniques – I	Students will get familiarized with the drawing tools and accessories used in drafting and lettering techniques to produce any geometrical composition and form.

Director
 Amity School of Architecture & Planning
 Amity University Madhya Pradesh, Gwalior

	ASAP (Bachelor of Interior Design)	I	BID105	Architecture & Interior Design		Students will apprise about the role and complexity in interior design within the larger context of the built environments with special reference to their interiors.
	ASAP (Bachelor of Interior Design)	II	BID202	MATERIALS & CONSTRUCTION TECHNIQUES-I		The students should be able to learn: construction properties and cases of traditional building materials used in construction.
	ASAP (Bachelor of Interior Design)	II	BID203	BASIC DESIGN AND VISUAL ART-II		The possible graphic skills used in interior design and provide a wider knowledge to the students about the various levels of graphic drawings. Familiarize with the principles and theories of graphics.
	ASAP (Bachelor of Interior Design)	III	BID302	Materials & Construction Techniques - II		Familiarize the students with different building materials and construction techniques.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Interior Design)	III	BID307	Psychology of Environment		Role of interior designer in the in the interaction of environment and psychology and acquaint the
	ASAP (Bachelor of Interior Design)	IV	BID402	MATERIALS & CONSTRUCTION TECHNIQUES - III		Familiarize the students with advanced and speedy building techniques.
	ASAP (Bachelor of Interior Design)	IV	BID407	INTERIOR LANDSCAPE DESIGN		The knowledge of landscaping design parameters, landscape elements, plant materials etc. Use in the interiors effectively for aesthetic enhancement and visual comfort.
	ASAP (Bachelor of Interior Design)	V	BID502	Material & Construction Techniques - IV		The students should be able to:
S.N.	Programme Name	Semester	Course Code	Course Name	Professional Ethics	Description of the Course in brief (20-30 words)

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Interior Design)	III	BID304	Photography	Professional Ethics	Development of fundamental and technical capabilities necessary for photography.
	ASAP (Bachelor of Interior Design)	VI	BID602	DISSERTATION		Having successfully completed this module you will be able to:
	ASAP (Bachelor of Interior Design)	VII	BID701	INDUSTRY INTERNSHIP		The student will understand the various aspects of interior design practice and will learn about the office management other professional dealings through the practical exposure of the interior design, construction and execution.
	ASAP (Bachelor of Interior Design)	VIII	BID 802	Professional Practice		Role of an interior designer in society,
S.N.	Programme Name	Semester	Course Code	Course Name		Human Values and Professional Ethics

Director
 Amity School of Architecture & Planning
 Amity University Madhya Pradesh, Gwalior

	ASAP (Bachelor of Interior Design)	II	BID205	COMPUTER APPLICATIONS-I	Human Values and Professional Ethics	Students should be able to make drawings by using various computer hardware and software used in interior designing.
	ASAP (Bachelor of Interior Design)	III	BID305	Computer Applications – II		Learning software i.e. Auto Cad, Coral Draw and Adobe and Photoshop.
	ASAP (Bachelor of Interior Design)	IV	BID404	INTERIOR ESTIMATION, SPECIFICATION & COSTING		Student should be able to working out quantities schedule of rates and Bill of Quantities.
	ASAP (Bachelor of Interior Design)	IV	BID405	WORKSHOP – III (Ceramics in Interior)		They are familiar with technology that is used to design ceramics metal and wall art work in construction market to design high-end products.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Interior Design)	VIII	BID 804	Film & Television Set Design		The assignments will present varied design challenges, allowing students to explore theatrical space and to practice developing skills that students can keep in their 'tool kit'. By the end of the class, students will be able to communicate their stage designs via storyboards, sketches, orthographic drawings, models, and text. Course Notes Class will begin as an online course using zoom for class sessions. Learning and teaching with the help of videos during class.
	ASAP (Bachelor of Architecture)	I	BAR 103	Structural Design & Systems – I		To introduce the structural system in a building with all the basic components to understand the functions of various elements and building technologies used in various types of buildings

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	I	BAR 104	Architectural Graphics Skills - Manual – I		To introduce the structural system in a building with all the basic components to understand the the functions of various elements and building technologies used in various types of buildings
	ASAP (Bachelor of Architecture)	I	BAR 120	Architectural Workshop – Model Making		To develop the skills in making models out of different materials
	ASAP (Bachelor of Architecture)	II	BAR 203	Structural Design and Systems – II		To understand the basic principles of structural system so that it forms the basis for study of structural design.
	ASAP (Bachelor of Architecture)	II	BAR 204	Architectural Graphics Skills - Manual – II		Understanding of the period in term of its location, climate as well as the socio-cultural historical, economical and political influences of the time

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	II	BAR 207	Computer Application	To introduce various software to the students helping them in compilation of then text reports etc.
	ASAP (Bachelor of Architecture)	II	BAR 220	Architectural workshop – II (Photography & Furniture Design)	To provide knowledge about analysis of existing piece of furniture in its functional & technical aspects. Materials used for furniture design and their properties. Design of simple furniture based on ergonomic, anthropometric, aesthetic and economical considerations.
	ASAP (Bachelor of Architecture)	III	BAR 303	Structural Design and Systems – II	To understand an informal choice regarding the most appropriate structural system for the building design due to different types of loading.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	III	BAR 304	Architectural Graphics Skills - Manual – III		To familiarize the students with theoretical, practical and pictorial aspects of architectural drawing.
	ASAP (Bachelor of Architecture)	III	BAR 305	Basic Design & Visual Arts - III		Introduction to Art and appreciation of art and its philosophies
	ASAP (Bachelor of Architecture)	III	BAR 360	Measure Drawing Tour		To expose the students to the buildings of historical Importance and to document it through physical measurements and transforming these measurements into Architectural drawings
	ASAP (Bachelor of Architecture)	IV	BAR 403	Structural Design & Systems – IV		To understand rational basis of the design of reinforced concrete members and structures through advanced materials and structural behavior.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	IV	BAR 404	Architectural Graphics Skills – IV (Computer Aided)		To introduce principles of computer operations pertaining to architectural drawings i.e 2D drafting and explore image editing through a visual composition i.e 3D modeling.
	ASAP (Bachelor of Architecture)	IV	BAR 407	Surveying and Leveling		Course is aimed to impart basic surveying principles and skills commonly needed in the planning of projects.
	ASAP (Bachelor of Architecture)	V	BAR 503	Structural Design & Systems – V		To understand the analysis of in-determinant structures and their use in field in greater depth.
	ASAP (Bachelor of Architecture)	V	BAR 504	Architectural Graphics Skills – V – (Computer Aided)		To introduce various software to the students helping them in compilation of then text reports etc. To train students in drafting and presentation techniques using computers.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	V	BAR 506	Working Drawing Studio		Learn to make and understand Architectural Construction and execution drawings along with the their detailing.
	ASAP (Bachelor of Architecture)	V	BAR 507	Interior & landscape Design Studio		Understanding the theoretical and practical aspects of designing the interiors of a building. To acquaint the student with the various natural elements used to design transitional and outside spaces and establish a linkage between nature and the built environment.
	ASAP (Bachelor of Architecture)	VI	BAR 603	Structural Design & Systems – VI		To understand the analysis of intermediate structures and their use in field in greater depth.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	VI	BAR 604	Architectural Graphics Skills – VI – (Computer Aided)		To introduce various software to the students helping them in compilation of then text reports etc.
	ASAP (Bachelor of Architecture)	VI	BAR 606	Estimation, Costing and Specification		To familiarize the students with the theory and practice of estimation and quantity surveying.
	ASAP (Bachelor of Architecture)	VI	BAR 607	Construction and Site Management		Introduction of networking techniques and construction planning practices.
	ASAP (Bachelor of Architecture)	VII	BAR 702	Advance Construction Technology – VII		Course aims to provide knowledge about latest technologies adopted for high rise and on reclaimed lands. Most modern techniques for fast pace construction and for large span structures.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	VII	BAR 703	Professional Practice & Management		To acquaint the students with the responsibility, scale of charges and Architect's conduct in Architectural practice.
	ASAP (Bachelor of Architecture)	VII	BAR 720	Professional Practice -I		To acquaint the students with the responsibility, scale of charges and Architect's conduct in Architectural practice.
	ASAP (Bachelor of Architecture)	VIII	BAR 050	Practical Training		To expose the students to the practical environment and works by working under an Architect.
	ASAP (Bachelor of Architecture)	IX	BAR 902	Dissertation		Student will learn the methodology to undergo a deep research in the field of architecture

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (Bachelor of Architecture)	IX	BAR 903	Practical Training Presentation		140 days of professional practice which he/she will be submitting in the form of report. Report shall be detailed work done on weekly . critical appraisal of built projects, field documentation of Architectural details and site supervision of built projects.
	ASAP (Bachelor of Architecture)	X	BAR 1001	Architectural Thesis		The students will produce the complete design solution for a projects comprising of all the required drawings, service details and structural techniques with a support of 3-D or static model
	ASAP (M. Plannig (Urban & Regional))	III	MURP 306	Quantitative Methods and Systems Analysis		The outcome of this course is to teach the students about a wide variety of applications and problems that can be addressed using quantitative methods and techniques. Analytic techniques and computer packages will be used to solve problems.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (M. Plannig (Urban & Regional))	III	MURP 307	Seminar-III		The outcome of this course is to provide a platform for students of planning to get interactive and put forward their point of views by involving themselves into Group Discussions and Presentation related to Physical planning, Planning issues, Planning policies, Planning interventions and Case Studies etc.
	ASAP (M. Plannig (Urban & Regional))	IV	MURP 401	Financing Development		The outcome of this course is to provide knowledge and implementation of resource mobilisation and intergovernmental fiscal relations, state grants and shared taxes of local bodies, municipal finance, property tax, institutional approaches, capital Investments and other new initiatives for financing development.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (M. Plannig (Urban & Regional))	IV	MURP 402	Legal Issues in Planning		The outcome of this course is to understand the complexity of legal issue in urban planning with gaining knowledge of various acts, policies, programmes and government resolution practice by national and state government, international affairs; professional practice in planning.
S.N.	Programme Name	Semester	Course Code	Course Name	Environment and Sustainability,	Description of the Course in brief (20-30 words)
	ASAP (Bachelor of Interior Design)	VI	BID605	DISASTER MANAGEMENT	Environment and Sustainability,	The course is intended to provide a general concept in the dimensions of disasters caused by nature beyond the human control as well as the disasters and environmental

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (M. Plannig (Urban & Regional))	III	MURP 302	Disaster Mitigation and Management		The outcome of this course is to initiate students with the issues of various types of natural and man-made Disasters and impart techniques of mitigation and management.
S.N.	Programme Name	Semester	Course Code	Course Name	Gender, Environment and Sustainability and Professional Ethics	Description of the Course in brief (20-30 words)
	ASAP (M. Plannig (Urban & Regional))	I	MURP 102	Socio-economic basis for Planning	Gender, Environment and Sustainability and Professional Ethics	The outcome of this course is study and implement to make the various planning proposals based on the Economics and Urban sociology, as essential inputs to the Planning profession.
	ASAP (M. Plannig (Urban & Regional))	I	MURP 103	Planning Techniques		The outcome of this course to make student able to use the techniques in respective studio works. Appropriate Software applications in CAD and GIS.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (M. Plannig (Urban & Regional))	I	MURP 104	Infrastructure and Transport Planning	The course will teach the students a part on the design principles of transport planning and another on services and utility networks and facilities.
	ASAP (M. Plannig (Urban & Regional))	I	MURP 105	Housing and Environmental Planning	The course would have two sections on housing and environment and introduce the basics of both in relation to each other.
	ASAP (M. Plannig (Urban & Regional))	I	MURP 106	GIS	Outcome is to learning of basic techniques such as GIS applications, remote sensing and statistical applications. The advance system of GIS contains a number of plan preparation assignments.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (M. Plannig (Urban & Regional))	I	MURP 107	Studio		The outcome is to bring students of diverse backgrounds to a common platform and develop the essential skills of planning amongst the students opting for different specializations of planning.
	ASAP (M. Plannig (Urban & Regional))	I	MURP 111	Seminar- I		The outcome of this course is to provide a platform for students of planning to get interactive and put forward their point of views by involving themselves into Group Discussions and Presentation related to Physical planning, Planning issues, Planning policies, Planning interventions and Case Studies etc.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (M. Plannig (Urban & Regional))	II	MURP 201	Regional Planning and Development	The objective of the course is to understand the theoretical basis for various concepts and analytical tools of Regional Planning and learn the practice of regional planning in the Indian context. Elements of settlement system in the regional context are also incorporated in this course.
	ASAP (M. Plannig (Urban & Regional))	II	MURP 202	Planning Legislation	The outcome of this course is to teach students with the various legislations in existence in India which had an impact on urban and regional planning and development.
	ASAP (M. Plannig (Urban & Regional))	II	MURP 204	Land Economics and Real Estate	This course outcome is to introduce students about the concept of land markets and development of cities with private developers with the interests of profit, as key players in the development process.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (M. Plannig (Urban & Regional))	II	MURP 205	Transportation Planning and Management		The outcome of this course is to introduce to the students of planning with the integration of transportation planning and its interface of land use planning.
	ASAP (M. Plannig (Urban & Regional))	II	MURP 206	Studio-I		The outcome of this studio is the preparation of a urban development plan (master plan) for a city.
	ASAP (M. Plannig (Urban & Regional))	II	MURP 207	Geoinformatics Lab		The outcome of this course is to equip students with advanced concepts of Geoinformatics with special emphasis on applications in Urban and Regional Planning.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (M. Plannig (Urban & Regional))	II	MURP 211	Seminar- II		The outcome of this course is to provide a platform for students of planning to get interactive and put forward their point of views by involving themselves into Group Discussions and Presentation related to Physical planning, Planning issues, Planning policies, Planning interventions and Case Studies etc.
	ASAP (M. Plannig (Urban & Regional))	III	MURP 301	Project Appraisal and Management		The outcome of this course is to train the students in managing a project right from its conception to evaluation and its application on all aspects of project management Besides imparting the application techniques relevant for the concerned topic.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (M. Plannig (Urban & Regional))	III	MURP 303	Urban Design and Landscape		The outcome of this course is to acquaint student with the role of urban design and landscape planning in Urban and Regional Planning and equip them with appropriate methods and techniques.
	ASAP (M. Plannig (Urban & Regional))	III	MURP 304	Urban Redevelopment		This course outcome is to introduce students about basic concepts in urban renewal and the process or urban renewal, and its application to specific practice settings and questions.
	ASAP (M. Plannig (Urban & Regional))	III	MURP 305	Planning for Tourism		The outcome of this course is the application of the principles of planning for tourism in various tourism contexts and developing appropriate planning strategies and tools.
	ASAP (M. Plannig (Urban & Regional))	III	MURP 308	Studio -3 Planning Studio- II (Regional Planning)		The outcome of this studio is the preparation of a regional development plan for a selected area.

Director
Amity School of Architecture & Planning
Amity University Madhya Pradesh, Gwalior

Kaestubh Des

	ASAP (M. Plannig (Urban & Regional))	III	MURP 309	Planning for Special Areas		The outcome of this course is to introduce the students to various Special Areas with their specific planning needs and priorities and the implication on development in these areas.
	ASAP (M. Plannig (Urban & Regional))	III	MURP 310	Sustainable Planning Practices		The outcome of this course is to familiarize students with the concept of sustainable development and develop skills to understand emerging aspects of sustainable planning practices.
	ASAP (M. Plannig (Urban & Regional))	III	MURP 311	Summer Internship (Evaluation)		The outcome of this course is to expose the students to the practical environment and works by working under a planning firm/organization. To gain a practical knowledge and involved in all aspects of office works.

Director
