Glimpses of Republic Day - 2024 Celebration

From the Editor's Desk

Dear Readers,

Inspired by the words of a famous philosopher, we believe that education is not just preparation for life but life itself. Amity steps into the new year of 2024 with the same enthusiasm and positive energy that we carried last year. We are excited to witness a new chapter filled with growth opportunities, resilience and collective success for our students.

The journey of this year commenced with a harmonious blend of impactful initiatives executed across departments. From engaging interactive sessions to enriching workshops, each undertaking emerged as a guiding light, steering students towards collective growth and excellence.

This month, various events were witnessed across departments, as reported in this magazine. Amity Business School inspired students with Swami Vivekananda's wisdom, fostering motivation for purposeful lives on the auspicious occasion of National Youth Day. Additionally, the Republic Day celebration was a noteworthy event that took place. The entire university community gracefully embraced the vibrant colors of the Indian flag, and the air was filled with the sounds of patriotic songs and speeches. It was heartening to see everyone come together to honor and cherish the essence of our democratic nation. Amidst the joy, togetherness, and shared pride, we crafted a memorable chapter in our collective voyage.

With these accomplishments in mind, we anticipate unveiling further milestones and moments of excellence within our academic community in the forthcoming months. Stay tuned and witness the journey through the lens of this newsletter.
