CASE STUDY COMPETITION

DURING
**6th INTERNATIONAL
CONFERENCE ON
ENTREPRENEURSHIP,
INNOVATION & LEADERSHIP
(ICEIL-2024)**

9th-11th October 2024

case study

Supported by:

Amity University Uttar Pradesh is pleased to announce its 6th International Conference on Entrepreneurship, Innovation and Leadership (ICEIL - 2024) on the theme **“Leveraging Emerging Technologies for a Self-Reliant Nation” from 09th-11th October 2024** at Amity University Noida Campus, Uttar Pradesh, India.

The case study competition is being organised around the conference theme to encourage and promote the development of high-quality teaching case material that facilitate a broader horizon into the application drawn in from various industry and academia scholars, experts, and thinkers. The Case Writing Competition and Conference aims to capture the changing industry trends, leveraging emerging technologies, sustainability, survival, and several other market requirements for a self-reliant nation building in the form of teaching cases.

ABOUT THE CASE STUDY COMPETITION

As India embarks on an ambitious journey to become self-reliant and emerge as the Global Startup Capital, the role of sustainable and socially conscious entrepreneurship has gained paramount importance. The case study competition at this conference aligns with the nation's vision by showcasing organizations that have not only stood the test of time but also contributed to the greater good of society.

Aligned with the overarching theme of **“Leveraging Emerging Technologies for a Self-Reliant Nation,”** the competition invites participants to delve into the narratives of organizations that have seamlessly integrated emerging technologies into their operations. These resilient organizations have demonstrated the ability to adapt, innovate, and thrive in an ever-evolving technological landscape, paving the way for self-reliance and long-term sustainability.

Furthermore, the case studies will highlight startups that have transcended mere profit motives and dedicated their efforts towards addressing national or social challenges exemplifying the power of entrepreneurship to drive positive change and contribute to the nation's progress.

The case study competition would be organized around the conference theme where three **“Best Entrepreneurial stories”** would be awarded.

This case study competition aims to provide a platform to:

- Identify, deliberate, and share a comprehensive analysis of organizations that have demonstrated remarkable resilience and adaptability.
- Identify the critical factors that facilitate survival and growth and highlight the strategic decisions that enabled them to longevity.
- Draw out best practices that contemporary start-ups can apply in embracing emerging technologies, prioritizing sustainability, and aligning their ventures with the nation's aspirations for self-reliance and social progress.
- Share real-world business solutions or examples that illustrate a particular problem or principle in detail and
- Showcase the impact of innovative approaches to sustainability at the intersection of corporate profitability, society, and environment.
