Details of the Information and Communication Technology facilities available for conduct of examination

Technology enabled for Proctored Examination:

- The examination at Amity University is directly controlled under the responsibility of the Controller of Examination.
- The Username and Login ID's are generated for every learner so that learner can see all relevant information as their studies progress.
- Internal and External assessment are directly handled by Controller of Examination. • The question papers are completely inbound.
- For setting of Question Papers, impaneled faculty members are assigned directly by the Controller of Examination for different domains.
- The Controller of Examination has an exclusive panel to accept the question papers whereby he can access the status of question papers. Each faculty prepares 2 sets of question papers for each subject.
- Once the question papers are received by Controller of Examination it goes for moderation of question papers under the supervision of Moderation Committee of the University.
- The concept of question papers are based on Two Factors Authorization System. All question papers are encrypted and cannot be de-encrypt by any unauthorized person other than Controller of Examination.
- The Mock Test is available on the admit card panel. The Candidate can use the same and practice as many times as he/she wants.
- Question Papers can be visible to students at the time of examination. It is authenticated by the access Key provided to the student before 5 minutes to start the examination.
- Examinations are strictly gets over within the stipulated time frame and cannot be extended under any circumstance. • Technology enabled system ensures the fully secure and authenticated examination environment. • To authenticate the candidate, the proctored systems ask the candidate to show the Government ID proof and face recognition proof.
- After approval by the proctor, the student can start the examination.
