

## **Report on Guest Lecture by Dr RS Tarnacha for MRIIS Faridabad**

The institute organized guest lecture by Dr RS Tarnacha on the subject Computational Fluid Dynamics for 8<sup>th</sup> Semester and M.Tech (AE) students on 15 February, 2018 and 22 February, 2018. This subject is very important from point of practical application in the industry and benefit to our aerospace students.

The lecture was also attended by our faculty members. The lecture generated keen interest among the students and appreciated by faculty members. Students interacted with Dr RS Tarnacha and asked many searching questions.

It is therefore felt that the lecture has added value to the academic knowledge of our students and faculty alike is the area of subject most in demand in the industry.

It is also noted that the Dr RS Tarnacha will also help us as guide to our PhD students and act as technical paper reviewer for our 2<sup>nd</sup> International Conference being organized by AIAE as well as act as a member of DRC committee.

The lecture was attended by 56 students of 8<sup>th</sup> semester, 7 students of M.Tech (AE) and 4 faculty members.

The total expenditure involved in organizing the guest lecture is Rs 5000/- (Rs five thousand only).

Relevant photographs of the guest lecture are enclosed.
