

**Amity Institute of Aerospace Engineering**

**Alumni- Student : Interactive Session: 2016-2020 & 2017-2021 Batch**

Date : 27<sup>th</sup> Feb 2019 Time : 01:00PM

Venue : Block A-401

Agenda : Interactive Session on “Projects/Internships on Space Exploration & Related Realms”

Details of Topics of the Interactive Session are as follows:

1. The session was chaired by Md. Saquib Reza, Assistant Professor II- AIAE
2. Dr. Siddharth Pandey, (AUUP Alumnae-Batch 2006-10), presently the Head, Centre of Excellence in Astrobiology at Amity University and a researcher at the Blue Marble Space Institute of Science had an Interactive Session with students on Projects/ Internships on Space Exploration & Related Realms
3. Few students of AIAE 2016-20 & 2017-21 - attended the session, presenting / exhibiting immense spirit to be a part of this Interactive Session.
4. Dr. Pandey, interacted with students and guided them regarding Internships that could be taken at reputed Aerospace Industries such as Boeing, Airbus etc & NASA. He talked about selecting Summer Internship Projects related to Space Exploration, and how students can avail his assistance to finalize the topic, prepare the work plan and execution with his guidance throughout.
5. He suggested the students to make a Club/Committee dedicated to “Space Exploration” which provides a platform to exchange relevant ideas and encourage participation in projects / competitions in the said area.
6. He encouraged the students to set an aim post B.Tech and work towards achieving it with dedication and hard work.
7. He concluded the session by sharing his journey and experiences at AUUP till present which is an inspiration for all our students towards the betterment of their career and life ahead.
