

Important Lectures / Visits / Webinars Organized (2025–2026)

S. No.	Title of the Talk / Visit	Name of Speaker	Designation	Date	Outcome
1	Industry Expert Session Topic: Evolution of Aerospace Industry, Airworthiness and Career Opportunities in Civil Aviation.	Mr. Shantanu Kandwal	Air Safety Officer, Directorate General of Civil Aviation (DGCA), Government of India.	14-07-2025	Students gained awareness of the aerospace industry, DGCA career opportunities, airworthiness regulations, and industry-required engineering skills and adaptability.
2	Industry Expert Session Topic: Global Career Opportunities in Aerospace Research, Startups and Higher Education.	Ms. Nikita Dhiman	Ph.D. Researcher, Delft University of Technology (TU Delft), Netherlands.	14-08-2025	Students learned about international research opportunities, networking, scholarships, higher studies, startups, and career diversification in aerospace engineering.
3	Alumni Interaction Session Topic: Career Transition from Aerospace Engineering to Consulting Industry.	Mr. Hardik Mahajan	Alumnus, Amity Institute of Aerospace Engineering; Consultant.	07-08-2025	Students understood transferable skills, career flexibility, networking, internships, and opportunities beyond traditional aerospace careers.
4	Industry Expert Session Topic: DGCA Regulations, Aviation Safety, Airworthiness and CAMO.	Mr. Manoj Paidasetty	Deputy Director, Directorate General of Civil Aviation (DGCA), Ministry of Civil Aviation, Government of India.	02-09-2025	Students gained knowledge of DGCA regulations, aviation safety oversight, aircraft maintenance, CAMO, aviation law, and civil aviation career opportunities.
5	Alumni Expert Session Topic: Entrepreneurship, UAV Technology and Defence Startups.	Mr. Yeshwanth Reddy	Co-founder & CEO, Unmannd; Alumnus, AIAE.	02-09-2025	Students gained insights into drone technology, defence entrepreneurship, startup ecosystems, innovation, higher studies, and aerospace career pathways.
6	International Academic Visit Topic: Visit of Dr. Maureen McFarland – Kent State University, USA.	Dr. Maureen McFarland	Associate Dean of Academic Affairs, College of Aeronautics and Engineering, Kent State University, Ohio, USA.	10-09-2025	Students explored international academic collaborations, higher education opportunities, advanced air mobility, research partnerships, startup opportunities, and global career pathways.
7	Alumni Expert Session Topic: Sustainable Aviation Fuels, Aerospace Propulsion and Global Research Opportunities.	Mr. Vamsi Krishna Undavalli	Ph.D. Candidate, The University of Alabama, USA.	17-09-2025	Students learned about sustainable aviation technologies, higher education abroad, professional societies, research publications, and global research careers in aerospace propulsion.
8	Alumni Mentor Session Topic: Higher Education Guidance, International Opportunities and Application Readiness.	Mr. Madhav Sehgal	M.S. (Aerospace Engineering), Michigan State University, USA; Alumnus, AIAE.	07-01-2026	Students received guidance on international university applications, scholarships, academic planning, research opportunities, competitions, and alumni mentorship.
9	Alumni Mentor Session Topic: Academic Excellence, Research and Higher Education Pathways.	Mr. Dekkala Vinay	Ph.D. Scholar, The University of Queensland, Brisbane, Australia; Alumnus, AIAE.	09-01-2026	Students gained motivation towards research, publications, patents, Ph.D. preparation, higher education planning, and alumni engagement for academic growth.
