presents
FIVE DAYS TRAINING PROGRAM
ON
“MANAGEMENT STRATEGIES FOR ENVIRONMENTAL
HEALTH AND SAFETY:
A STEP TOWARDS ACHIEVING SDGs”

16th-20th JANUARY 2023

Logos for LAKSHYA (Empowering Lives) and Ecocare (Reduction analysis and abatement services) are visible at the bottom of the slide.

The Zoom interface includes a top bar with 'zoom.us Meeting View Edit Window Help', a status bar indicating 'You are viewing Ambrina Khan's screen', and a 'Participants (72)' sidebar on the right. The sidebar shows a 'Waiting Room (1)' with 'Pranav Tushir' and a 'Joined (71)' list including 'Anamika Shrivasta... (Co-host, me)'. The 'Meeting Chat' window shows messages from 'Amarjeet Singh to Everyone' (10:00 AM), 'Ambrina Khan to Everyone' (10:00 AM), and 'ASHISH GUPTA to Everyone' (10:23 AM). The bottom toolbar contains controls for Unmute, Stop Video, Security, Participants, Chat, Share Screen, Pause/Stop Recording, Reactions, Apps, More, and Leave.

FIVE DAYS TRAINING PROGRAMME ON

"Management Strategies for Environmental Health and Safety: A step towards achieving SDGs"

Introduction to theme by Dr. Renu Dhupper, Joint Coordinator,
Amity Institute of Environmental Sciences

The screenshot shows a Zoom meeting window. The main content is a presentation slide with the following text: "AMITY UNIVERSITY UTTAR PRADESH AMITY INSTITUTE OF ENVIRONMENTAL SCIENCES IN ASSOCIATION WITH INDIAN INSTITUTE OF TOXICOLOGY RESEARCH FIVE DAYS TRAINING PROGRAMME ON 'Management Strategies for Environmental Health and Safety: A step towards achieving SDGs'". Below the text is a circular graphic of the Sustainable Development Goals (SDGs). The slide also features logos for "LAKSHYA" and "Ecocare". On the right side of the Zoom window, there is a "Participants (75)" list with the following entries: AS Anamika Shrivasta... (Co-host, me), AU Amity University (Host), AS Amarjeet Singh (Co-host), and AK Ambrina Khan (Co-host). Below the participants list is a "Meeting Chat" section with messages: "Amarjeet Singh to Everyone: Good morning everyone" (10:00 AM), "Ambrina Khan to Everyone: Good morning everyone" (10:00 AM), and "ASHISH GUPTA to Everyone: Joined" (10:23 AM). The bottom of the window shows the macOS dock with various application icons.

This screenshot is identical to the one on the left, showing the same Zoom meeting window with the presentation slide, participant list, and meeting chat. The slide content, participant list, and chat messages are the same as described in the previous block.

A TRYST with EMOTIONS
Ten Short Stories
Syed Ibrahim Rizvi

This book is a compilation of ten short stories. Each short story has a different theme. The reader will find a beautiful amalgamation of human emotions in the stories. Romance, teenage crush, tragedy, drama, patriotism, destiny and mystery are some of the themes which have been explored in the compilation of short stories by the author.

Syed Ibrahim Rizvi is a Professor of Biochemistry at University of Allahabad, India. He is well known for his research work on mechanism(s) of aging and anti-aging interventions. Prof Rizvi is widely travelled and has lectured across the globe at numerous international conferences and seminars. He has been a visiting scientist to many prestigious international Universities.

Prof Rizvi is a regular columnist with major newspapers. His first book, *'A Kaleidoscope of Thoughts'* published in 2020, has been a huge success.

"The ten short stories in Syed Ibrahim Rizvi's new book chronicle the changing emotions of his engaging characters. Great reading!"
—Vikas Swarup, Author and Diplomat

Dr Kausar Mahmood Ansari

Principal Scientist, Food Drug and Chemical Toxicology, CSIR-Indian Institute of Toxicology Research, Lucknow

The image shows a Zoom meeting interface. On the left, a video feed of Dr. Kausar Mahmood Ansari is visible. On the right, a presentation slide is displayed. The slide contains the following text:

Food adulteration : Challenge for food safety

Kausar Mahmood Ansari
Food Toxicology Laboratory
CSIR-Indian Institute of Toxicology Research
Lucknow-226001, UP India

The Zoom interface includes a top bar with participant names (Mr. Naresh Kum..., Dr V. P. Sharma, Anamika Shri..., Renu Dhupper) and a bottom bar with various controls like Unmute, Start Video, Security, Participants, Chat, Share Screen, and Leave.

FIVE DAYS TRAINING PROGRAMME ON “Management Strategies for Environmental Health and Safety: A step towards achieving SDGs”

Dr. Sheelendra P Singh
Principle Scientist, Regulatory Toxicology Group, CSIR-Indian Institute of Toxicology Research

The screenshot shows a Zoom meeting interface. The main content is a presentation slide titled "Protein Precipitation" from the CSIR-Indian Institute of Toxicology Research. The slide lists the following points:

- Protein precipitation also called as protein "crashing"
- Denature the proteins in the sample causing them to precipitate
- High throughput and little method development is required
- Result in sample dilution
- Salts, lipids and phospholipids may still remain in the supernatant

Examples of reagents mentioned: Acetonitrile, methanol, ethanol, trichloroacetic acid, perchloric acid, Zinc hydroxide.

The slide includes a diagram of the process:

- Sample (containing Protein Interferences and analyte) + Add organic solvent and mix → Precipitated Protein
- Centrifuge → Supernatant
1. Remove supernatant
2. Analyse supernatant often after dry down and resuspension

Two chromatograms are shown on the right side of the slide. The top one is labeled "Fenpropatrin" and the bottom one is labeled "Fenpropatrin". The x-axis is labeled "Time, min" and the y-axis is labeled "Abundance".

The Zoom meeting interface shows several participants: Mr. Naresh Kumar, Jayati Arora, Ambrina Khan, DrSN Mishra, Himanshi Malik, and Dr V. P. Sharma. The meeting is recorded and is currently live.

FIVE DAYS TRAINING PROGRAMME ON

“Management Strategies for Environmental Health and Safety: A step towards achieving SDGs”

Dr S N Mishra,
Climate and Sustainability Consultants
Former Director, Climate and Weather Services, IAF, Ministry of Defence.

The screenshot shows a Zoom meeting interface. The main content is a presentation slide titled "Structure" with the following bullet points:

- Emerging Global Risks Landscape
- Climate Change (Action Failure)
- Air Pollution (Can these be separated?)
- Role of Climate Change and Weather
- Consequences of Warming
- Is Air Pollution a Catastrophe
- Impact of Climate Change on Climate Change Risks
- Impacts on Economy and Health
- Main Interventions to Mitigate Air Pollution Risks
- Main Drivers for Decarbonization
- A Joint Response is the Need of the Hour

The slide footer includes "Dr. SN Mishra" and "1/18/2023". The Zoom meeting controls at the top show participants: Mr. Naresh Kumar, Jayati Arora, Ambrina Khan, Gagandeep Singh, Harshika Dhiman, and Dr V. P. Sharma. The Windows taskbar at the bottom shows the time as 16:45 on 18-01-2023.

FIVE DAYS TRAINING PROGRAMME ON "Management Strategies for Environmental Health and Safety: A step towards achieving SDGs"

Dr Vinay Kumar Khanna,
Chief Scientist, CSIR-IITR Lucknow

The screenshot shows a Zoom meeting interface. At the top, there are several participant thumbnails including Mr. Naresh Kumar, Charu Singh, Dr Vinay Kumar Khanna, Manoj Garg, Pratibha Gautam, and Renu Dhupper. The main content area is split into two parts:

- Left Panel (PowerPoint):** Displays a slide titled "Magic of Quercetin as a Neuroprotectant – Promises and Challenges" by Vinay K. Khanna. The slide lists his credentials: Ph.D., FNASc, FIANS, FST, FAEB, Chief Scientist & Professor - AcSIR, Developmental Toxicology Laboratory, Systems Toxicology and Health Risk Assessment Group, CSIR - Indian Institute of Toxicology Research, Mahatma Gandhi Marg, Lucknow - 226 001, India. The slide footer includes the text "Management Strategies for Environmental Health and Safety: A step towards achieving SDGs" and the date "Thursday, January 19, 2023".
- Right Panel (Video Feed):** Shows a video of Dr. Vinay Kumar Khanna. To the right of the video, his name and title are displayed: "Dr Vinay Kumar Khanna, Chief Scientist, CSIR-IITR Lucknow".

The Zoom meeting title bar at the top reads: "Zoom Meeting | You are viewing Mr. Naresh Kumar's screen | View Options". The Windows taskbar at the bottom shows the time as 16:18 on 19-01-2023.

“Management Strategies for Environmental Health and Safety: A step towards achieving SDGs”

Dr. R D Tripathi,
NASI Sr. Scientist, CSIR- National Botanical Research Institute, Lucknow

Zoom Meeting interface showing a video call in progress. The main window displays Dr. Rudra Tripathi. The top bar shows recording status and controls. The top row of the participant grid includes Mr. Naresh Kumar, Dr. Richa Nagar, Ambrina Khan, Mr. Naresh Kumar, and Umamah Mufti. The bottom bar shows system tray icons and the Windows taskbar with the time 17:39 on 19-01-2023.

Zoom Meeting interface showing a presentation slide. The slide title is "Novel Strategies for reducing arsenic level in rice crop for sustainable environment and agriculture". The presenter is identified as R.D. Tripathi, FNASc, FISEB, NASI Senior Scientist and Emeritus Professor, Plant Ecology & Environmental Science Division, CSIR-National Botanical Research Institute, Lucknow. The top bar shows "You are viewing Dr. Richa Nagar's screen". The bottom bar shows system tray icons and the Windows taskbar with the time 17:02 on 19-01-2023.

CASE STUDY: A successful biological treatment approach for the treatment of azo dyes

- Textile industry, a major trade in most developing countries, generates huge quantities of dye laden wastewater.
- This study explored the potential application of an indigenous alkaliphilic bacterium *Nesterenkonia lacusekhoensis* EMLA3 for decolorizing eleven different types of azo dyes (Methyl red, Tartrazine, Ponceau S, Reactive red 35, Evans blue, Acid red 3R, Acid red, Violet C BL, Reactive violet, Red AG and Methyl orange) at high pH of wastewater.
- The strain showed remarkable ability to decolorize more than 90% of these azo dyes (100 mg/L each) within 72 to 192 h through biodegradation in nutrient medium.

Visual observations for dye decolorization

(a) Control (b) Experimental

Phytotoxicity test results showing control setup irrigated with untreated wastewater (spiked with dye mixture) and experimental set up irrigated with microbe-treated wastewater

Study reference: Prabhakar, Y., Gupta, A. & Kaushik, A. Using indigenous bacterial isolate *Nesterenkonia lacusekhoensis* for removal of azo dyes: A low-cost, ecofriendly

Nanotechnology

Nanomaterials have played a great role in the form of sensors in water sanitation works by detecting pesticides and heavy metals in water. Nanoparticles attract heavy metals and this helps to remove impurities from the water. Nanoparticle water filtration system, helped to remove chemical components such as lead and arsenic in the water, due to a chemical filter that blocked contaminants.

ABSORBENTS	Contaminated Water	ABSORBENTS
Adsorbent	Pollutant	Adsorbent
MEMBRANES	CNCs CNFs	FLOCCULANTS
Feed Solvent Membrane Permeate	Flocculant Pollutant	Floc Formation and settling
CATALYSTS	Purified Water	DISINFECTANTS
Radical		Photocatalyst (TiO ₂)

FIVE DAYS TRAINING PROGRAMME ON

“Management Strategies for Environmental Health and Safety: A step towards achieving SDGs”

Dr Akshita Puri Bajaj,
Senior Toxicologist at Global Product Compliance (GPC) Group-
India, Nagpur,
Maharashtra, India

The screenshot shows a Zoom meeting interface. The main content is a slide titled "Good Lab Practices (GLP)" with the GPC logo. It features a flowchart with boxes for "Statistical procedures", "Quality Assurance", "Certification of analysts", "Reagent/materials certification", "Instrumentation validation", "Accountability", "Certification of laboratory facilities", "Documentation & its record", and "Specimen/sample-tracking". To the right, under "OECD guidelines", a list of titles is shown: "OECD Guidelines for the Testing of Chemicals, Section 5 OECD Others", "OECD Guidelines for the Testing of Chemicals, Section 4 OECD Health toxicity", "OECD Guidelines for the Testing of Chemicals, Section 3 OECD Environmental fate", "OECD Guidelines for the Testing of Chemicals, Section 2 OECD Aquatic toxicity", and "OECD Guidelines for the Testing of Chemicals, Section 1 OECD Physicochemical". The Zoom interface shows participants: Anamika Shrivastava (Co-host), Amity University (Host), Dr. Akshita Puri Bajaj, Ambrina Khan (Co-host), Dr. Richa Nagar (Co-host), Abhishek Kumar, Akansha Sharma, Aparna Naithani, Ashutosh Tripathi, AWIESIE KAJIRI, Chahat Shrivastav, DR MOHAMMED OSAMA, and Dr Shwet Nisha.

The screenshot shows a Zoom meeting interface with a participant in the foreground. The Zoom title bar indicates "Zoom Meeting" and "Fri 20 Jan 11:13 AM". The participant list on the right shows: "Waiting Room (1)" with Rwitabrata Mallick, and "Joined (57)" with Anamika Shrivastava (Co-host), Amity University (Host), and others. The meeting chat on the right contains a question: "what are the certifying agencies for GLP that you can provide with?" and a response: "Ma'am can you give some insight on this if no animal testing is done how can we assure how does a particular chemical behave on humans?". The Zoom interface shows participants: Anamika Shrivastava (Co-host), Amity University (Host), Dr. Akshita Puri Bajaj, Ambrina Khan (Co-host), Dr. Richa Nagar (Co-host), Abhishek Kumar, Akansha Sharma, Aparna Naithani, Ashutosh Tripathi, AWIESIE KAJIRI, Chahat Shrivastav, DR MOHAMMED OSAMA, and Dr Shwet Nisha.
