

World Food India 2025

World Food India 2025, organized by the **Ministry of Food Processing Industries (MoFPI), Government of India**, was held from **25–28 September 2025** at **Bharat Mandapam, New Delhi**. The event served as a major international platform bringing together food processing companies, technology providers, researchers, startups, investors and other stakeholders across the food value chain. **The Amity Institute of Food Technology (AIFT), Amity University Uttar Pradesh, actively participated in the event**, providing faculty and students with exposure to emerging food processing technologies, innovative food products, sustainable processing solutions, packaging technologies and industry developments. The participation facilitated interaction with industry and academic stakeholders, encouraged knowledge exchange and provided valuable insights into current trends and opportunities in the food processing sector. The event's key focus areas—**sustainable and net-zero food processing, nutrition and health, advanced food processing and packaging technologies, and positioning India as a global food processing hub**—were closely aligned with AIFT's teaching, research and innovation activities
