INVITATION

Message from Head - CRC

Greetings for Amity Institute of Pharmacy!

We are excited to extend an invitation to your esteemed organisation to participate in campus placement drive for Passing out Batch 2025.

At Amity University we take immense pride in nurturing young talent and provide them with knowledge and skills to make them industry ready.

Our students display high level of competence and dedication which make them an asset for the organisation they join.

Our students are equipped with a strong foundation in pharmaceutical sciences and practical exposure through internships.

We promote a culture of research and innovation, ensuring that our students stay abreast with the latest developments in the industry.

We also impart soft skill training ensuring that our graduates are technically sound and excellent team players.

We look forward to a positive response and your participation at our campus placement drives. If you have any queries or require additional information, feel free to contact us.

Thank you for considering our invitation, and we hope a valuable and long-lasting relationship.

Best Regards.

Dr. Rajiv Malhotra
(Head CRC - Health and Allied Sciences)

About Pharmacy

Pharmacy is a versatile, dynamic, growing, and increasingly diverse profession, one which creates an excitement because there are so many opportunities. It is an age old profession which has transformed into a hub for “Global Healthcare” and evolved as a multidisciplinary and multifaceted field in recent times. With the phenomenal rate of advances in the pharmaceutical industry, the health sector has thrown open a sea of opportunities for pharmacy professionals.

Pharmacists work in a wide variety of health care settings: in the pharmaceutical industry (carrying out a wide range of activities – like, R & D ,Manufacturing, Quality Control, Packaging, Quality Assurance, etc.), in practice settings- (hospital & community i.e. retail pharmacy), in academics, regulatory affairs & clinical research (CROs).

Pharmacists are health care professionals whose professional responsibilities include seeking to ensure that people derive maximum therapeutic benefit from their treatments with medicines. This requires them to keep abreast of developments and advances in knowledge & technology related to manufacture & use of medicines, professional standard requirements, laws governing pharmacy, etc.

NIRF Ranking/NAAC Rating

Amity University Uttar Pradesh has been accredited by National Assessment and Accreditation Council (NAAC) with "A+" Grade.

Amity Institute of pharmacy is currently ranked 22nd, in NIRF ranking.

Pharmacy Institutes

Name of the Institute	State/City	NIRF Ranking 2024 (Pharmacy Colleges)
BITS Pilani	Rajasthan	03
Chitkara University	Punjab	19
LPU	Punjab	16

Amity Noida QS Ranking -

Amity University Noida has consistently achieved impressive rankings in various global and national assessments. Notably, it has been positioned within the top 1001-1200 in the QS World University Rankings, showcasing its international recognition. Additionally, Amity has secured top rankings in specific fields like engineering, computer science, Pharmaceutical Science and management, reflecting its strong academic programs and research capabilities. These rankings highlight Amity's dedication to providing quality education and fostering a conducive learning environment for its students

University Name	QS Ranking 2023	QS Ranking 2024
Amity Noida	1001 - 1200	1001 - 1200
SRM University	1201 - 1400	1201 - 1400
Manipal University	751 - 800	951 - 1000
BITS Pilani	1001 - 1200	951 - 1000

Global and National Ranking

Amity University Noida is ranked #1413 in Best Global Universities. Schools are ranked according to their performance across a set of widely accepted indicators of excellence.

Amity Noida Ranking 2024: NIRF, QS, THE, Outlook, India Today

Amity Noida is a top-ranked university in India. Amity University ranking 2023 is given by top-ranking bodies such as NIRF, IIRF, India Today, and others. Globally, Amity University has found its place among the most prestigious universities. QS mentions Amity as one of the top leading universities and hence has ranked it 1001-1200 in QS World University Rankings for 2024. Ranking bodies such as NIRF, Outlook, and others recognises this university for its top courses such as BTech, MTech, MBA, and BBA. Amity University rankings 2023 are based on various indicators such as academic reputation, no. of students enrolled in a particular course, financial resources available, and others.

Amity Noida Rankings Highlights 2024

Amity Noida has received national and international rankings based on various parameters such as the total no. of students available in the university, placements offered to students, financial resources available, and various other criteria. The below mentioned is the ranking highlights table of Amity University rankings:

Amity Noida International Ranking 2024		
Ranking body	Category	Rank
QS World Ranking	Top Global Universities	1001-1200
Times Higher Education	Global	801-1000
Amity Noida National Ranking 2024		
Ranking body	Category	Rank
<u>NIRF</u>	<u>Overall</u>	<u>29</u>
India Today	Top Private Universities in India	1
IIRF	Overall	4
The Week (2023)	Overall	12

MAJOR RECRUITERS

BACHELORS OF PHARMACY

B.Pharm is a 4-year undergraduate degree that teaches students about drugs and medicines. Graduates learn how to develop, produce, and dispense medications, making them valuable assets for pharmaceutical companies and healthcare settings due to their expertise in drug knowledge, regulatory affairs, and patient care.

BACHELOR OF PHARMACY

M.PHARM PHARMACEUTICS

An M.Pharm in Pharmaceuticals graduate would be a valuable asset to your company due to their expertise in drug formulation, development, and research skills. They are equipped to innovate, solve complex pharmaceutical challenges, and optimize product formulation and ensure compliance with global standards. Their ability to collaborate across multidisciplinary teams and adapt to new technologies makes them ideal for driving innovation and maintaining a competitive edge in the pharmaceutical industry.
