WHAT I DO AS A UX DESIGNER?

As a UX Designer I am responsible for turning applications into something that people enjoy using through design and problem solving.

My Responsibilities:

- Understand product specifications and user psychology
- Create personas through user research and data
- Define the right interaction model and evaluate its success
- Develop wireframes and prototypes around customer needs
- Find creative ways to solve UX problems (e.g. usability, findability)
- Work with UI designers to implement attractive designs
- Communicate design ideas and prototypes to developers
