## Recruitment Opportunity – 2016 Passout Batch

(Before Appearing for the process read thoroughly about Company profile, Business operations, Growth Prospects, Services, Market Share, Management, Leadership team etc.)

About the Company	-	<a href="http://www.KPMG.COM">www.KPMG.COM</a>
Internship Period	-	6 Months from 15 <sup>th</sup> Feb. 2017
Stipend	-	10k
Dress Code	-	<b>Only Business Formals</b> (T Shirts / Jeans / Sports Shoes Not allowed)
Job Description	-	

- Experienced Visual Designer with great online portfolio (required), conceptual, layout, typography, Photoshop retouching, and brand interpretive skills. Portfolio should showcase the designer's own execution with annotations if needed to clarify. Background should include Web and Interactive Experience – Print Visual Designers often lack some of the core technique, process, and format knowledge for web, but core conceptual skills are very similar.
- Please do not send CVs for UI developers with a little Photoshop on the side. They don't seem to perform as well on the design tests, don't have dedicated visual portfolios, and would not be in a desirable growth position for their skills. Many developers don't have the advanced skills or appetite for this kind of work. The position would offer valued experience and opportunity for someone aspiring to art direction, animation, video, advertising, interaction design, or user experience design.
- Designer should be well versed in Adobe software, particularly Photoshop to use our templates. The Adobe Creative Suite will be provided to this resource to accomplish all visual design tasks.
- Candidate must take the design tests prepared to evaluate reading and following instructions, skillful banner design, and headshot retouching.
- Good English skills could help smooth communication and also minimize typographic errors.
