# Annual day celebrations

## AIS Lucknow

Amity International School, Lucknow celebrated its first annual day on 12th March, 2011. The day was devoted to the creator—Lord Brahma, his creation and five elements of life—Jal, Vayu, Agni, Akash and Prithvi that are essential for “Shrishti Ka Shrijan”. The evening started with accordance of traditional welcome to the Chief Guest Mrs. Leena Johri, Sectary, Home, Government of Uttar Pradesh; Dr. (Mrs.) Amita Chauhan, Chairperson, Amity Group of Schools; Mr. Aseem Chauhan, Chancellor, Amity University, Rajasthan and Chairman, Amity University, Luc-

know along with other dignitaries. Mrs. Johri, was highly touched by the special attention rendered to each and every child by the Honourable Chairperson. She appreciated the institution of awards under good values and varied personality category, apart from academics, which reflected the right kind of development imparted at Amity. Speaking on the occasion, Dr. (Mrs.) Amita Chauhan said, “Believe in yourself and God will lead you to success. It’s not only the marks but the values instilled during childhood that enable them to become good human beings and responsible citizens.” The evening ended with a Peace Appeal March by the students.  

## Chairperson, a Mother to ALL

Debosmita Mukherjee  
AIS Vasundhara Sec-1

Amity International School Vasundhara Sec-1 conducted a special assembly on May 3, 2011 to celebrate Mother's Day. The celebrations coincided with Chairperson Dr. (Mrs) Amita Chauhan's birthday. The assembly which began with a prayer saw Vritika Chandwani (VII-B) reciting a self composed poem on Mother's Day, followed by a dance per-

formance by Divyanshi of class III-A. However, the highlight of the assembly was a PPT presentation by Shreya Trivedi (VII-B) dedicated to Dr (Mrs) Amita Chauhan, the guiding light and a mother figure to all Amitians. The presentation also praised the initiative undertaken by her under AMITASHA. The assembly concluded with the address by school Principal Mrs. V Balachandran on the importance of MOTHERS in our lives and how children can do their best for their mothers.  

## AICE Awarded for Excellence in Coaching

Amity Institute for Competitive Examinations (AICE), the educational wing of Amity Group of Schools which prepares students for competitive exams was awarded for Excellence in Coaching by Competition Success Review. The award was received by Ms Meenakshi Rawal, Deputy Director AICE on behalf of Dr. Amita Chauhan, Chairperson AICE, at a special function held on May 3, 2011. Established in the year 2001, AICE has achieved commendable success in Engineering, Medical and Management entrance exams and is known for its pioneer Synchro Study & Amity Five

Ms. Meenakshi Rawal, Deputy Director AICE receiving the award from Mr. Sachdeva, CEO CSR.

Years Integrated Program (AFYIP) system wherein the CBSE curriculum and the course material for competitive exams are in complete synergy.  

## It's a Free Press

The Global Times participated in the “World Press Freedom Day” on May 3, 2011 by bringing out and distributing a special edition to mark the day. This was followed by a series of interesting workshops in schools. The GT team conducted a series of workshops titled Leader Inspires, Question the leader and Define Freedom at AIS Noida, Mayur Vihar, Gurgaon Sect 43, Sect 46, AIS Pushp Vihar and Saket on May 4. The objective of the workshop was to enlighten the students on the importance of Freedom of Press. Read more at: <http://www.worldyoungreadernet-work.org/profiles/blogs/3-may-youth-actions-a>  

# Taking YRoNS a step ahead

Alka Saxena, AIS Saket

Five students from Amity International Schools - Aayush Das ( AIS Gur-43), Sahil Gandhi (AIS Saket), Juned Qureshi (AIS Saket), Shashank (AIS Noida) and Pritish Tayal (AIS Vas 6) along with their teacher Dr. Alka Saxena, participated in YRoNS 2010 held at Institute de Genech, France from 10th April 2011 to 15th April 2011.

The conference facilitated by Amity Education Resource Centre saw participation from seven different schools including France namely Gimnazija Jurija Vege Idrija, Slovenia; Eotvos Jozsef G., Hungary; Eichendorff-G., Germany; Nikolaus-von-Kues-G., Germany; The Grammer School, Cyprus; Institut de Genech, France; and Amity International School, India.

The students presented five different research papers related to the title of the conference – “Planet of Fire and Water: Alterations and Equilibrium in Chemistry and in our Everyday Life keeping in mind the theme of the year- “International Year of Chemistry”. The wide variety of topics presented on the occasion were appreciated by everyone. The students also impressed everyone by giving satisfactory replies to the questions posed during the Q&A session. The students were privileged to have the company of Chairperson Dr (Mrs) Amita Chauhan and Mrs. Renu Singh, Principal, AIS Noida during their presentations on April 14.

Five students who brought glory to Amity at YRoNS held at Institute de Genech, France.

YRoNS- Young Reaserchers of Natural Science – An International Science Conference, organized by Eotvos Jozsef G., Hungary, was initiated in the year 2007 with the view to encourage and motivate students to take keen interest in the field of science and provide them with a platform to meet, interact and learn from their international counterparts. The conference has seen keen participation from countries in Europe and it was in the year 2010 that for the first time Amity International School (the only school from Asia) participated in this conference at Cyprus. It's a matter of great pride that the

conference would be hosted by Amity International School for the first time in India. YRoNS also provided the participants an opportunity to experience a new culture during their stay with host families. The host institute also organised visit to Lille & Paris in France, Brussels & Bruges in Belgium, the Eiffel Tower and the famous MONA LISA. Shares Pritish Tayal, “It instilled in me a sense of pride and achievement to represent my country and school at YRoNS 2011. Participating in Science Symposium not only enriched me but also enhanced my appetite to learn more in chemistry.”
